There's something I've wanted to ask you

Kr→Eng by: Random Canadian

What happened to the birdhouse?

Eh, really?

You'll be happy when you see it

Want to go see it now? The sun's about to set so now...

Ah...

Ehh!?
You were?

Doing
this and
that...

That...
when I first
saw you

I've been
reflecting

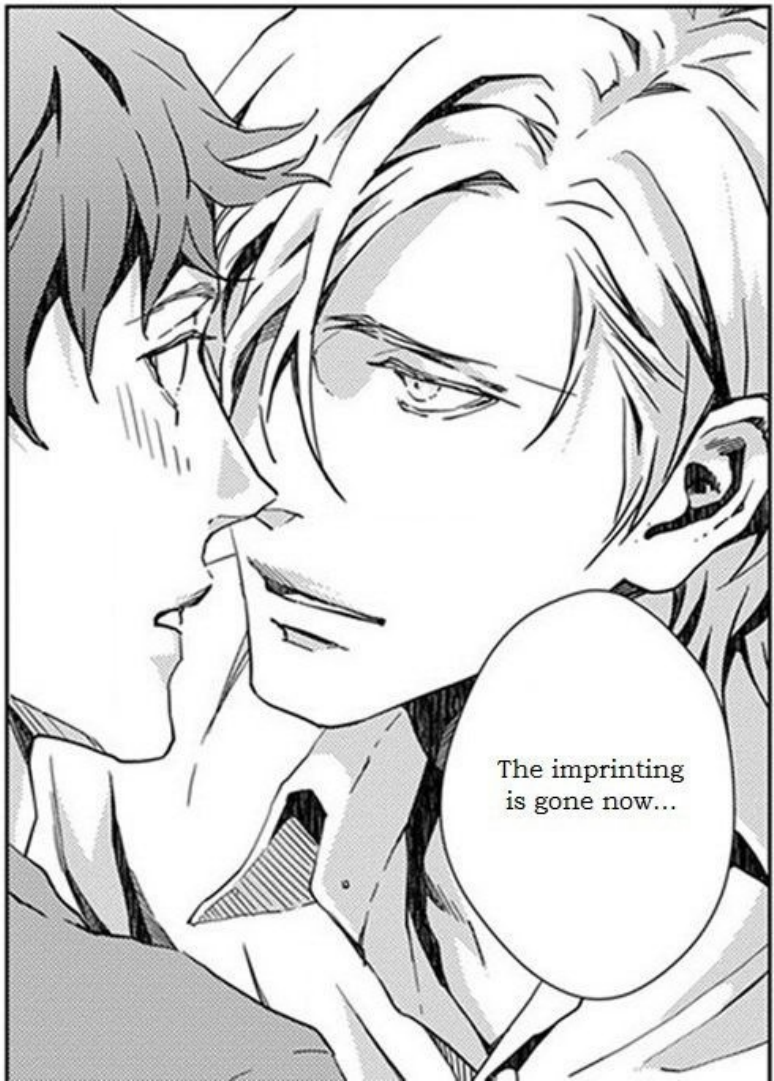

I know even
if you don't
tell me

I knew you
were a
scaredy-cat!

I've been
careful since
I don't want
you to hate
me...

But...

The imprinting
is gone now...

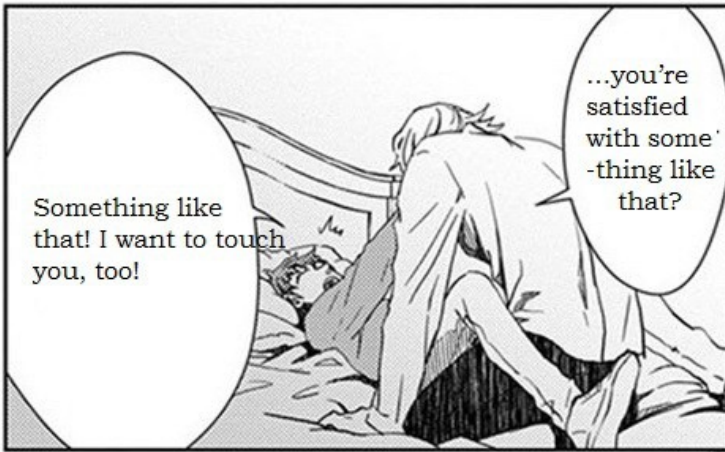

Yes. What do you want?

Uhm... Do you remember that promise? That you'll do me any favour

Something like that! I want to touch you, too!

...you're satisfied with some-thing like that?

You've always kept your clothes on

Can you take your clothes off too...?

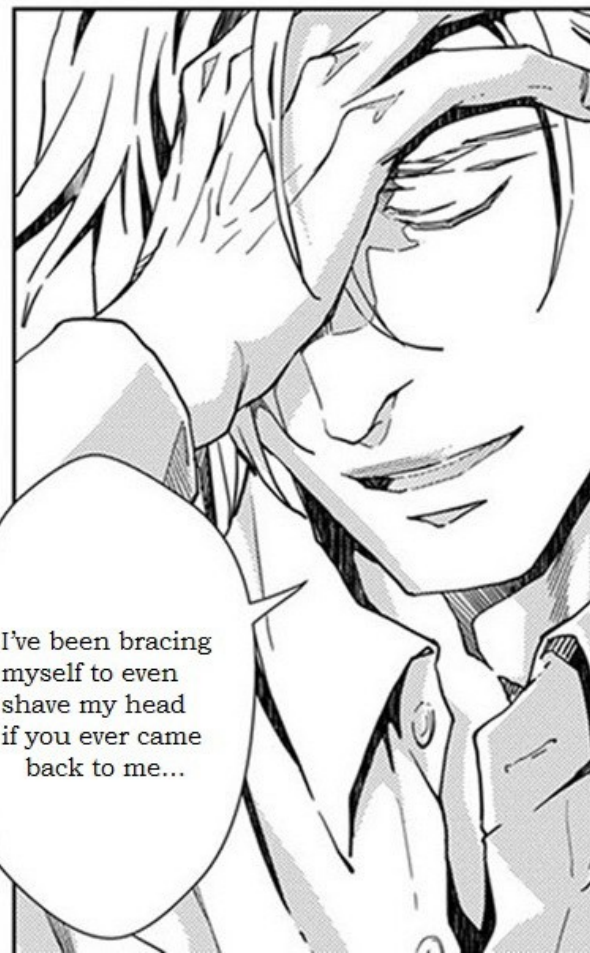

No, that's...

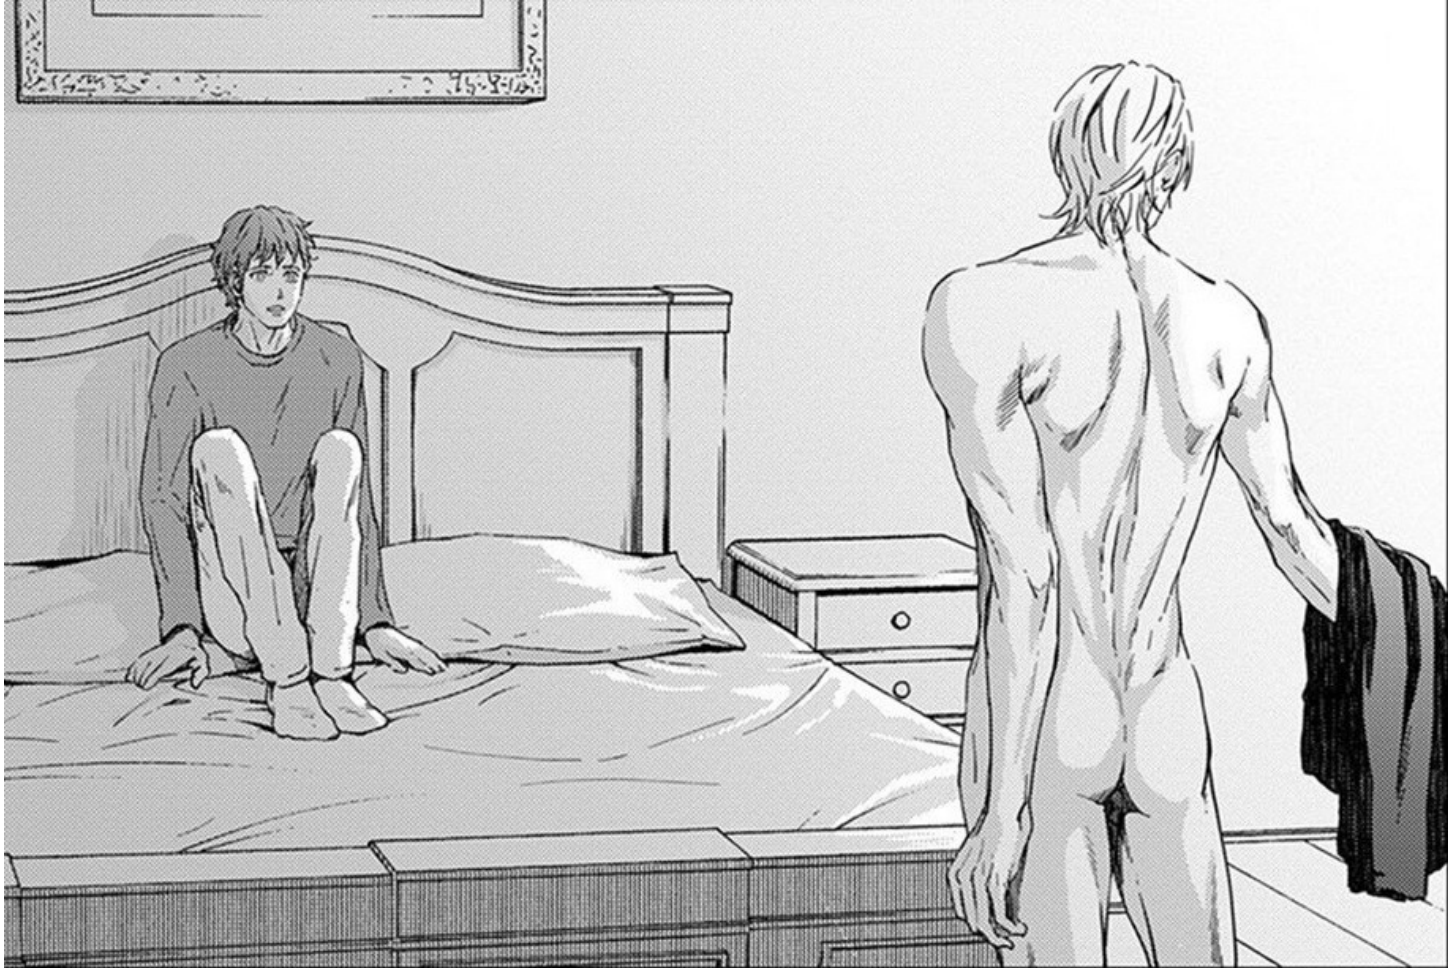

Why are you laughing?

Fine

I've been bracing myself to even shave my head if you ever came back to me...

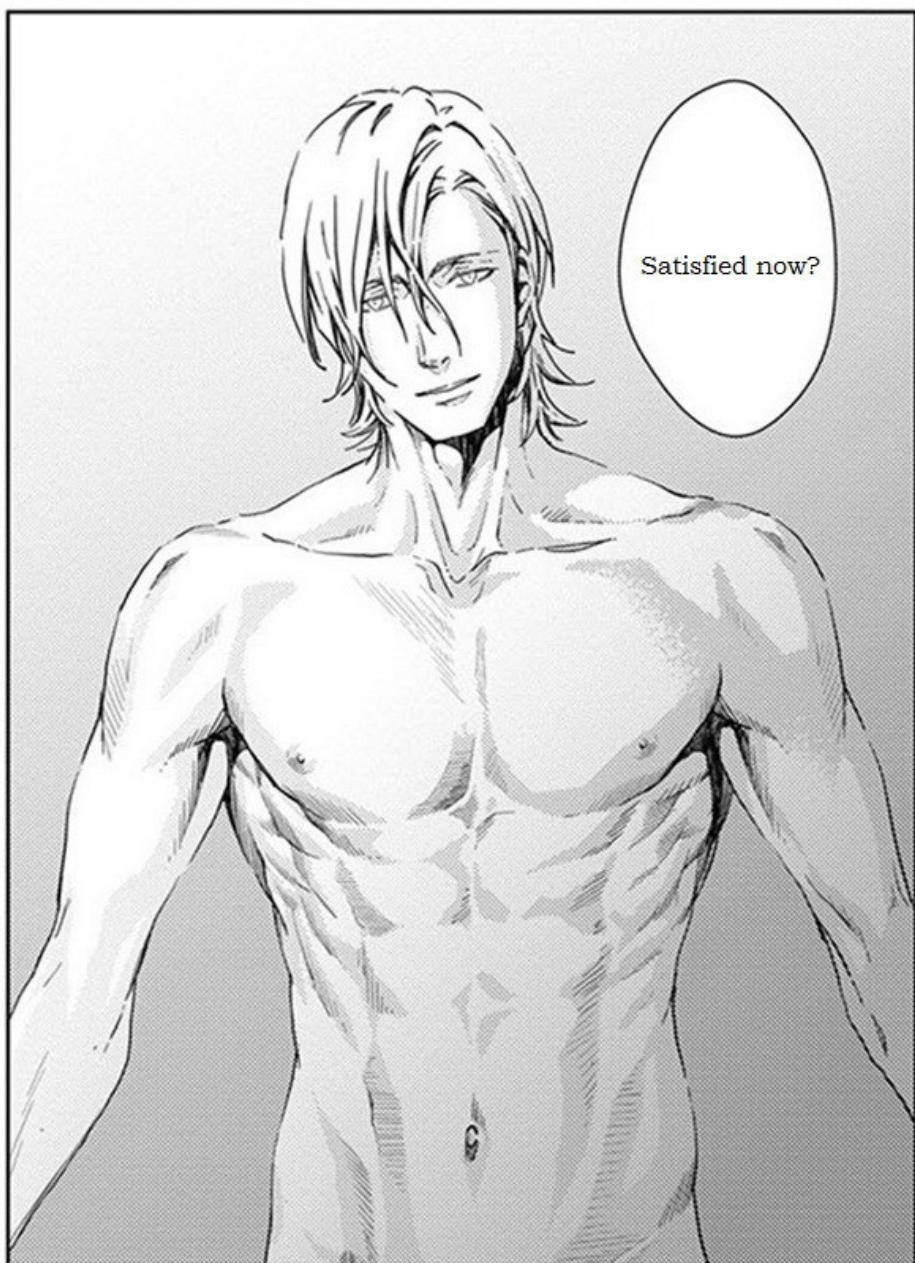

Whoa...

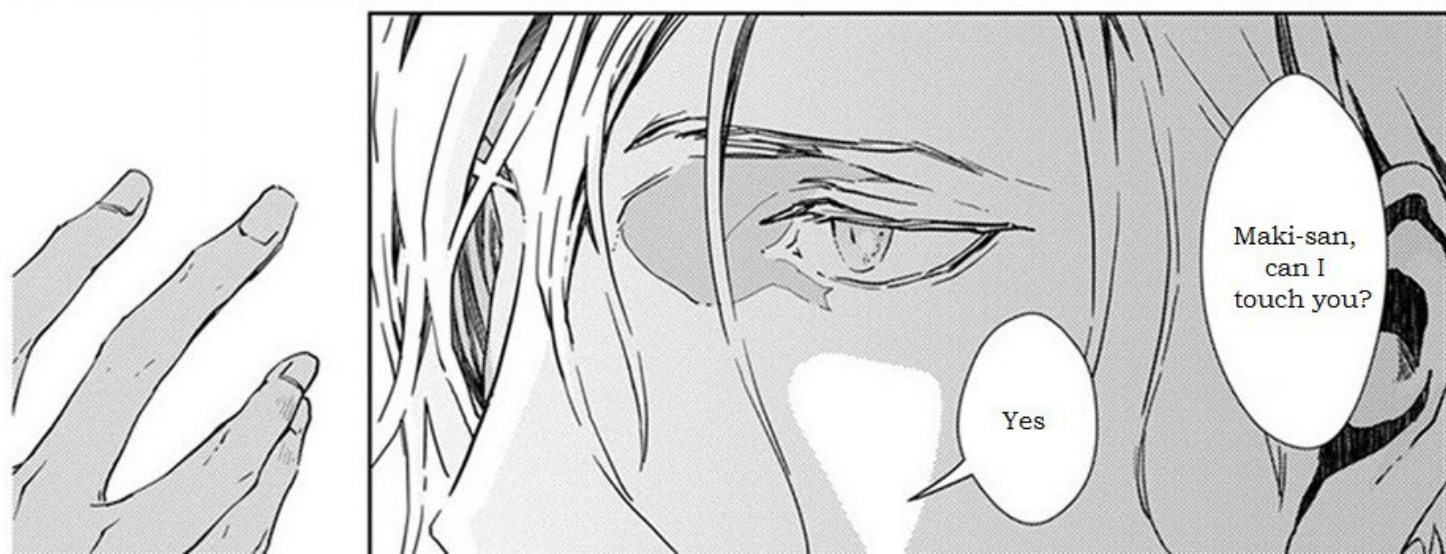

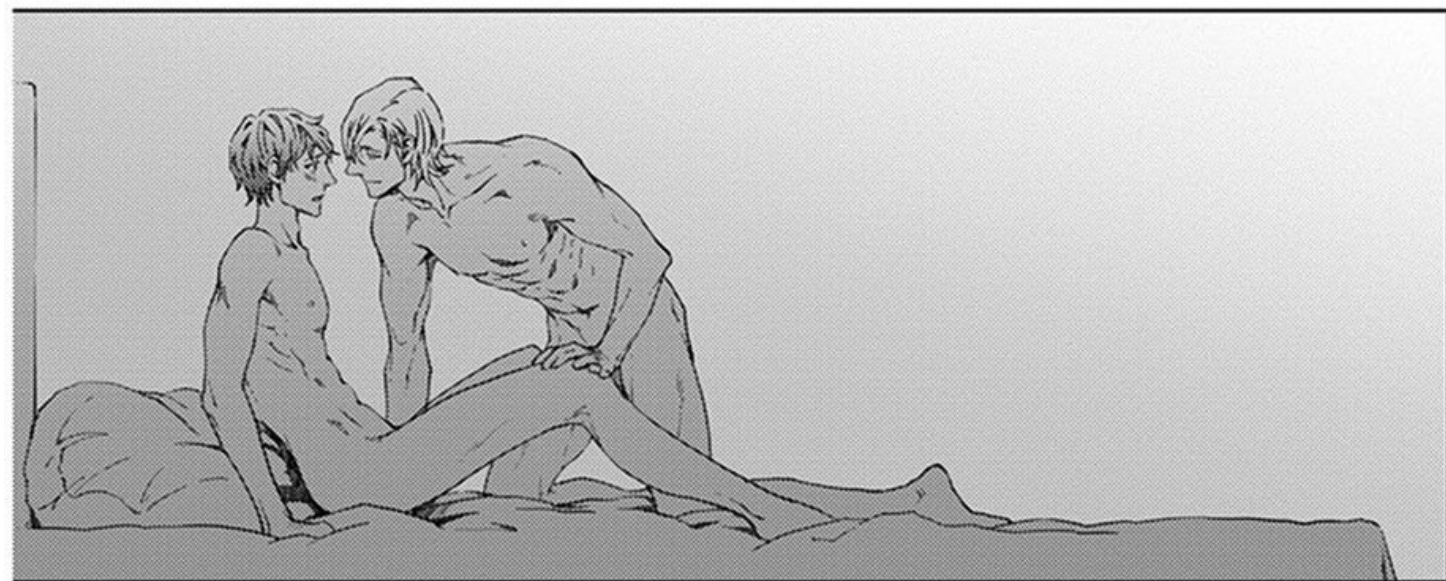

Don't stare holes into me

heh

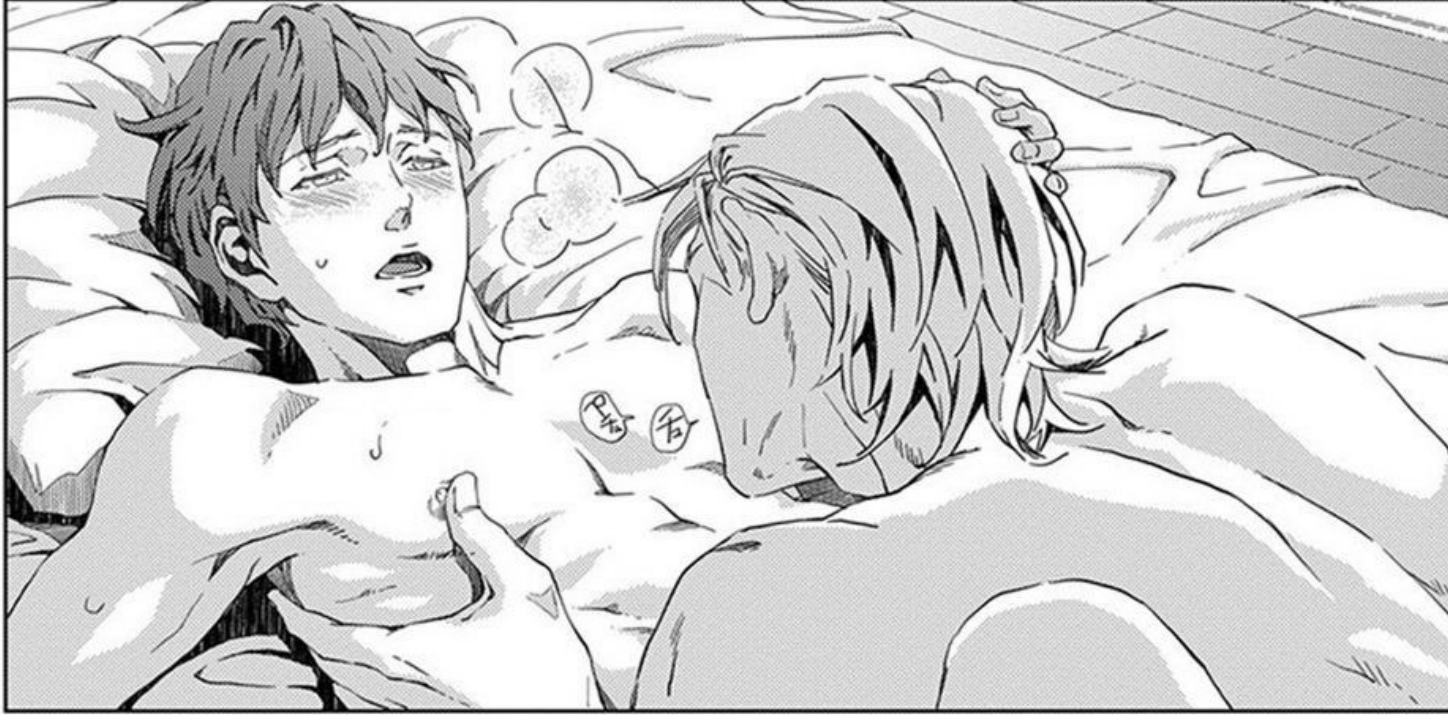

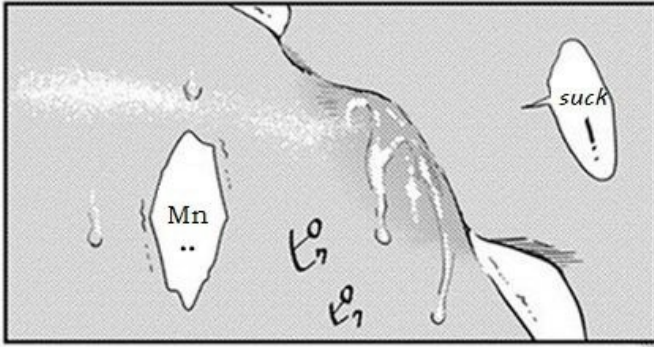

Satisfied now?

kiss

Maki-san...

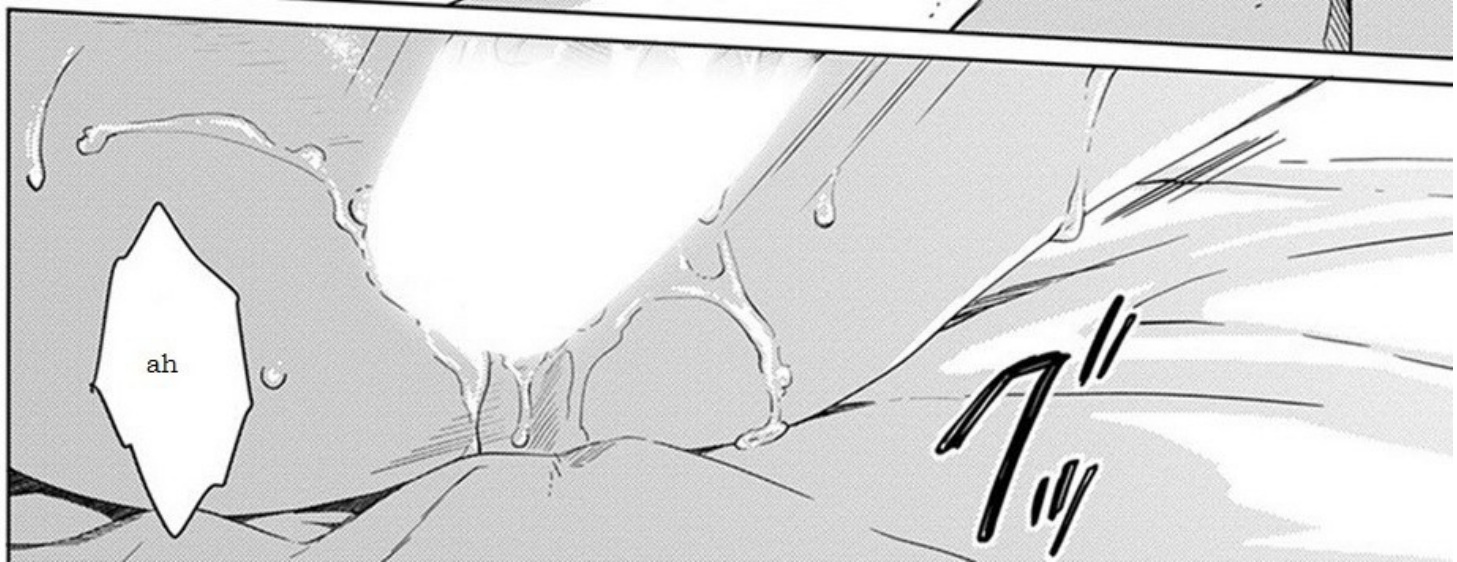

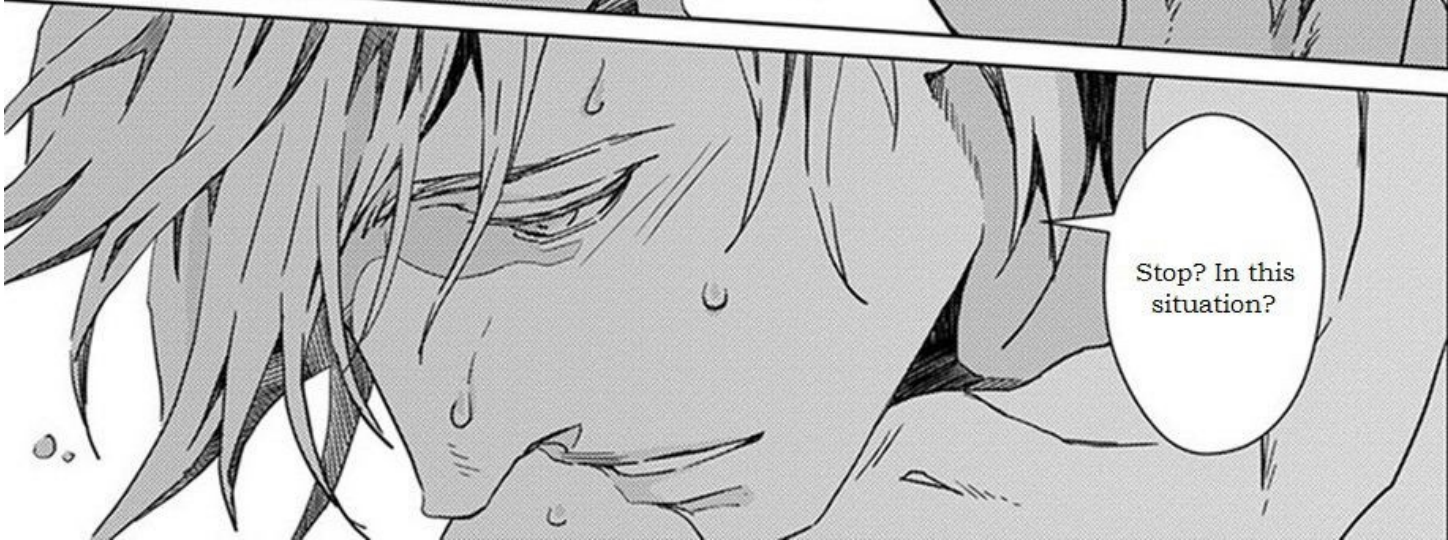

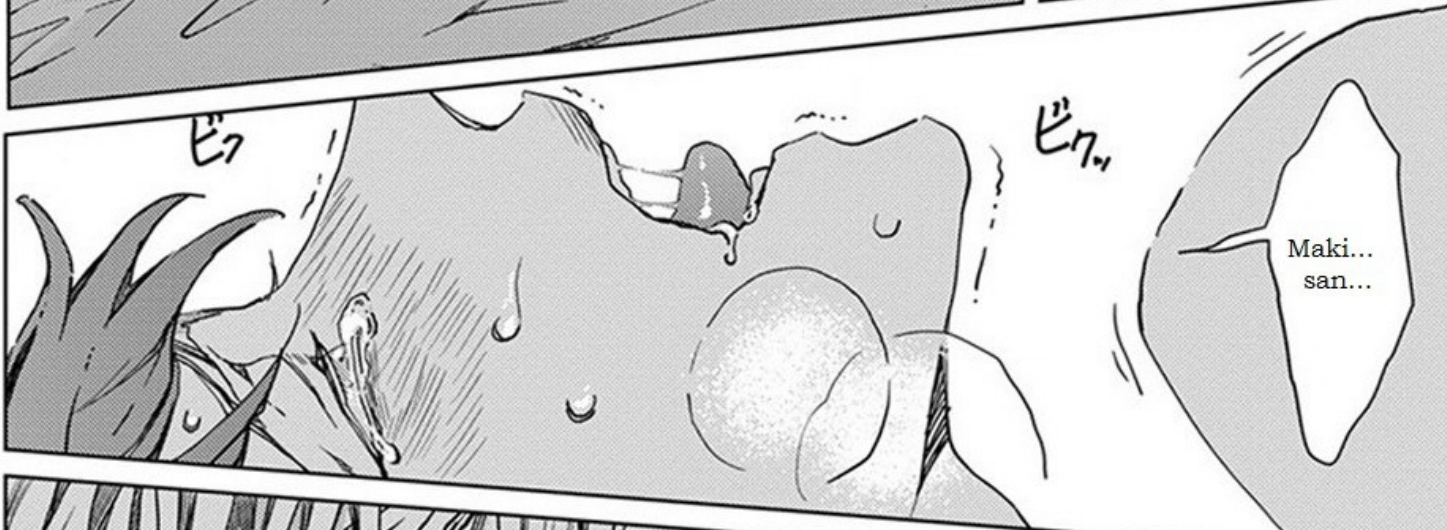

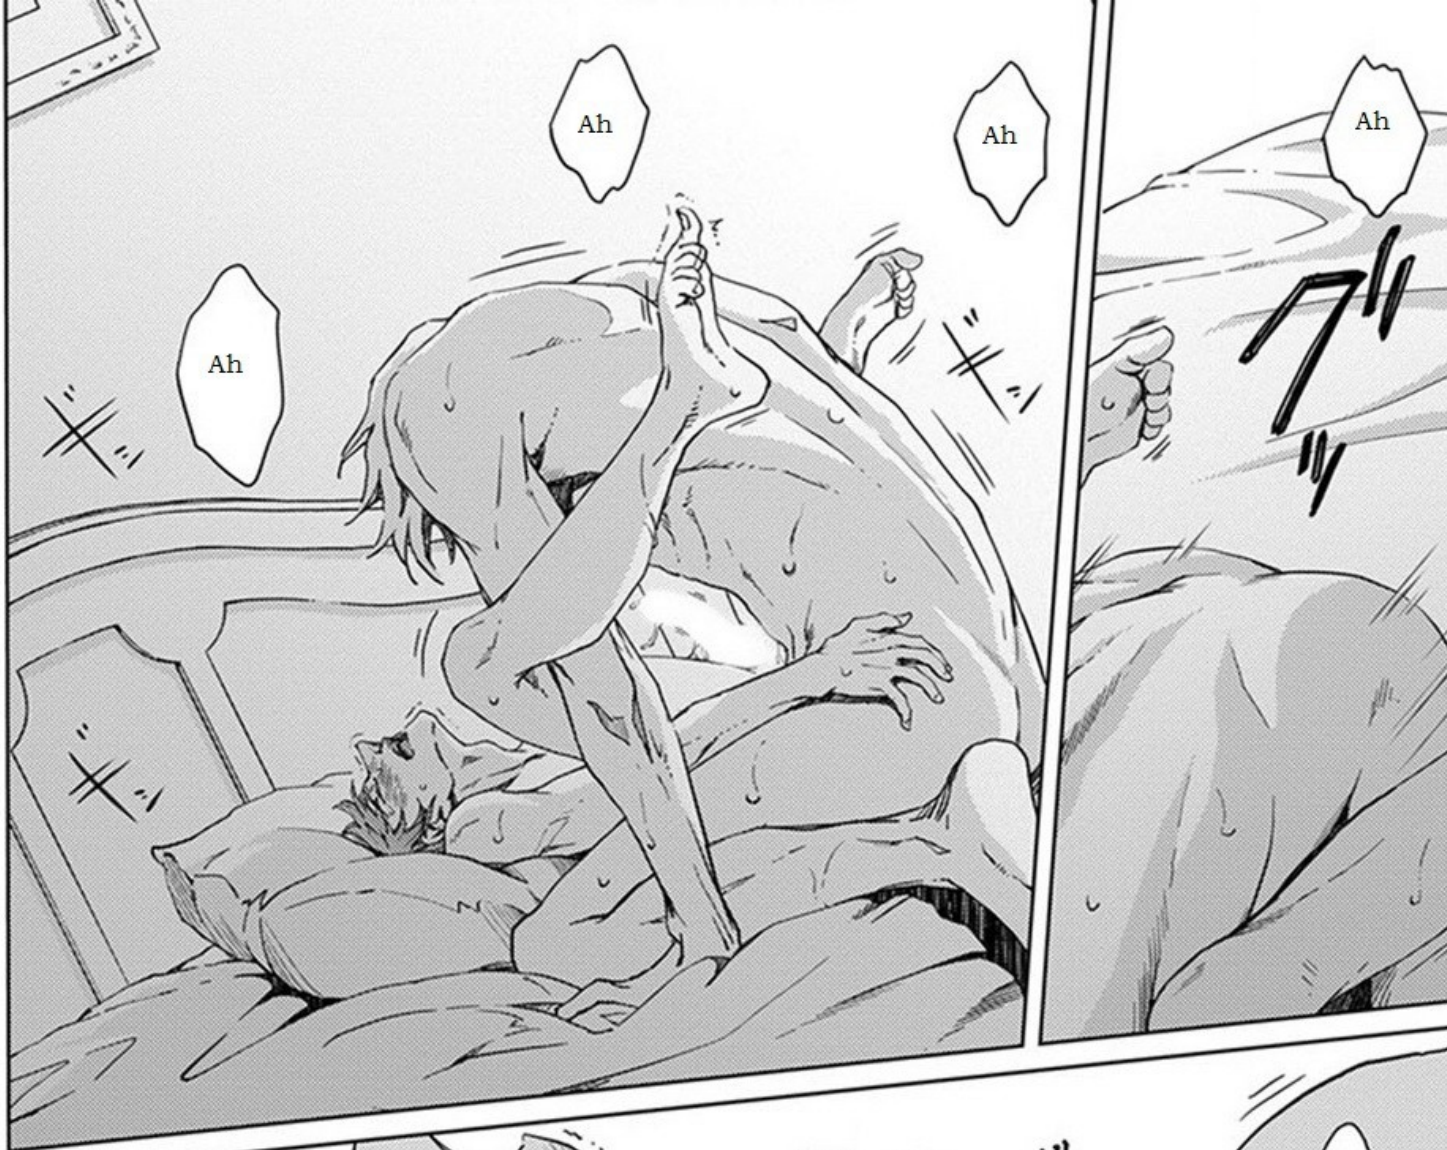

I'll let you do it the next time

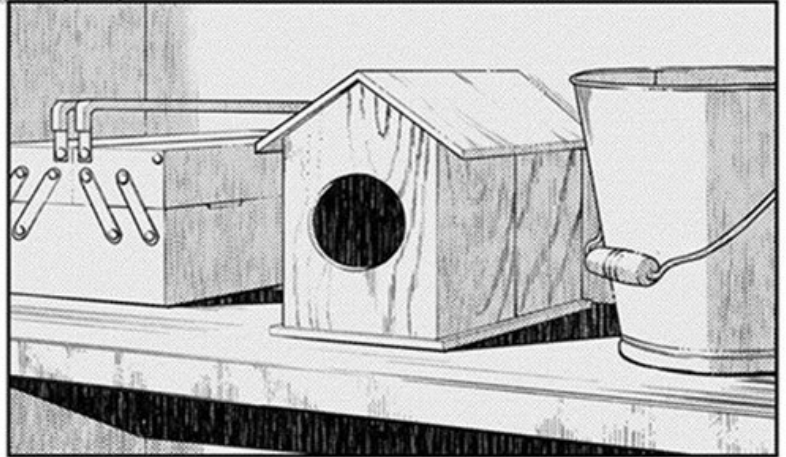

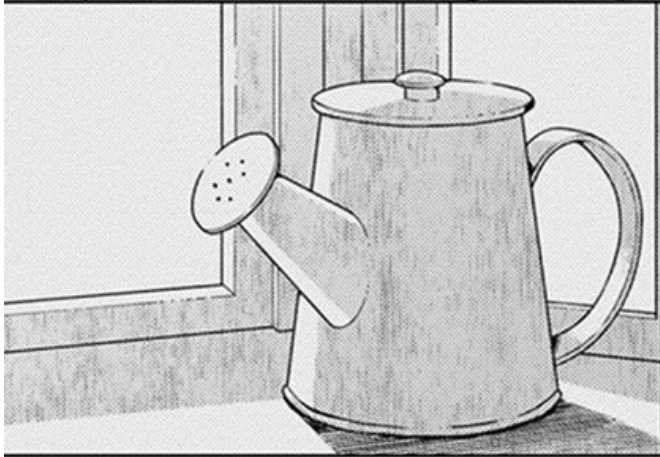

but I've also
been waiting
for half a year...

It was me
who said we
should
keep some
distance...

So... now, I'm

I've always
thought of you...

Happy...

Very...

Maki-san...

I'm in a state where I can't wait any longer...

Maki-san
...

Maki

Me
too...

you
too...
