Start leaking

- Before urination
 - ・ Get really upset
 - ・ You can tell by her facial expression
 - ・ The expression on her face is cute when she confirms things like "Isn't it leaking!? Is it leaking!?"
 - ・ Some stains on underwear

- Pissing
 - ・ Witness rate is high because you can't choose the place (guard recommended).
 - ・ For her, it's just a stain, so it's **safe**.

- Choices
 - ・ Western style, Japanese style
 - ・ Men's toilet room, Outdoor, Mobile toilet

Keep leaking

● Before urination

- Lose one's senses
- She's so desperate that She doesn't care about the eyes around me
- She doesn't mind if her underwear is visible
- Large stains on underwear
- The voice that repeatedly calls "pee" is leaking

○ Pissing

- Even in a crowded place, she starts peeing, so the sighting rate is very high (guard required)
- **Safe** except for underwear

Safe!

Ha

□ Choices

- Western style, Japanese style
- Men's toilet room, Outdoor, Mobile toilet
- Hand-wash facilities, Bucket, Plastic bottle

150% On the verge of collapse

●Before

- Start acting strange
- Putting hands directly on underwear or groping inside
- She can't absorb it with stains, and it begins to leak as drops
- She doesn't mind if it's certified as peeing

○Pissing

- Since the location is completely out of sight, the sighting rate is very high (guards are meaningless) • The posture is too clumsy, and it shifts to the side
- In the case of the toilet, the floor is full of puddles • Since the shape of urination is barely maintained, it is **o...safe**

□Choices

- Everything except leaking

160% Collapse

● Before urination

- Overflowing after a big tremor (wave)
- High probability of crying
- Embarrassment and openness, disgust and comfort make her head go blank and stop thinking
- Post-processing is difficult

○ Peeing

- Literally peeing, dirty from the lower body to the floor
- But the upper body is safe, so it's **ou**...**safe**:

It's **ou**...
