SPEAKING OF CREDIT, I WANT TO MENTION THE ORIGINAL DESIGNER [FUNIKIDE].

I HOPE YOU ENJOY THE ADVENTURE OF LUCE!

Luce Everett

Gender: Female
Age: 16
Height: 157cm
Weak Point: Clitoris

A young adventurer, but her combat skills are top-notch. Having mastered the Monk class, she is particularly proud of her close combat abilities. Also, she has quite a few monster kills.

Having some experience against tentacles from fighting a vampire, and having easily taken down several dungeons with a party, she does not understand just how terrifying erotic traps can be. So, she challenges the nearby dungeon...

Despite her lack of interest or experience in her sex, she figures her strength and competitive spirit - and a little bit of luck - will let her capture the dungeon.
