

Sera + Futa

18↑
for ADULT

Thank you very much for purchasing this work. I'm Bosshi.
The book this time around is a more 'complete' version of
the book I released for Futaket, and also has several
more hardcore scenes added. I could be no happier than
to know you enjoy it. (´-`)

Characters

Honoka

Chieri's futanari childhood friend. Though she didn't particularly stand out before her secondary sex characteristics started to grow, now she's rapidly developed into having I-cup breasts and a penis that's 26cm long flaccid and over 35cm long erect. What's even more amazing is that while erect it has a tendency to curve to the right and twist in that direction, and when her arousal reaches maximum the head of her cock swells to a truly grotesque shape. Honoka herself isn't sure what to make of her body's sudden changes.

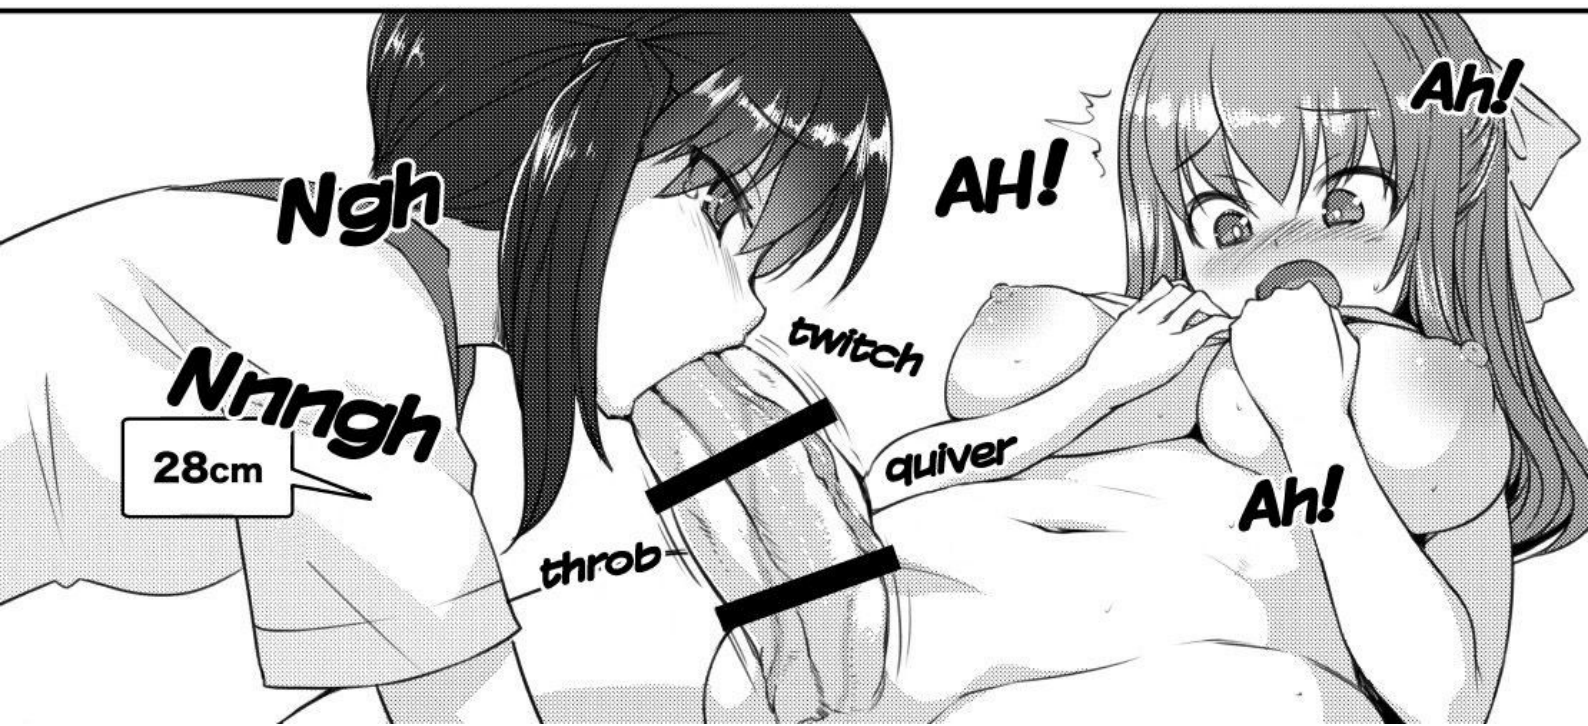

Chieri

A cheerful girl with a body that embodies the word 'minimum'. Is incredibly fascinated with Honoka's ever-changing body, and as a result has started having sex with her. What Chieri doesn't realize is that her body is quickly changing into one that only Honoka can satisfy.

Aren't
I...
hurting
you?

Look...
Right here...
Try putting
your hand on
my stomach.

Nope! ♡
The Feeling of
it shoving my
guts upwards
is amazing ♡
Before, this was
all my body could
take... But now I'm
sure I can take
you even
deeper!

really is
something~
You want to
cum more,
right?

Eh...?
But...
Chieri-chan,
your belly...

Haah

The
End

Alternate cover for Futaket edition

Thank you for reading all the way to the end.
Now, originally I'd planned on doing a sequel to Futabu or something... but in the end, I didn't have enough time for an all-new story so I ended up doing this instead. I truly apologize to those of you who purchased this at Futaket.

It's much more complete with shading and backgrounds, not to mention the addition of a second round, so as a work I feel it's much more 'done' than it was before.

Next I'd like to talk about "Futabu." It's gotten a tankoubon, anime adaptations and even a live-action AV so it certainly has felt like the story has 'progressed', but to look more critically I haven't actually drawn an actual book for it since 2011 so that's where the story actually ended...

My next story will add a new character and introduce a new plot development, or at least that's the plan. Please wait in anticipation!
