It was
a huge
mistake
telling
him...

That
"Living alone
gets pretty
lonely.
Maybe I
should get
a pet or
something?"

妹、
借りた。

She got really close with me right away, leaving me a bit baffled.

Knowing what kind of a guy her brother is, I was a bit wary at first, but...

Basically, he pushed the responsibility of looking after her during the winter holidays onto me.

Birth control pills, and a pile of sex toys... Yeah, it was that kind of a situation.

In exchange for looking after her, I could do anything I wanted to her.

She likes
being treated
as an animal,
so I made her
into my pet.

It might
have been
that I had
always
wanted to
treat a girl
roughly.

IT'S
A BIT
TIGHT
...

We even
went on
walks
during
the night.

She was masturbating on the bed when I got home from work. I was pretty shocked.

Wel-Come...

Home...

We-We-

The sheets I had just changed were completely drenched...

I was tired,
and in a
pretty bad
mood, so...

I pulled
my dick out,
and she
licked it
happily.

Seems like
she'll make
a mess if I
don't feed
her properly.

I need to
look after
her every
day.

6日目

THE 6TH DAY

Knowing that it would be troublesome if she got the sheets dirty again,

I tried leaving her home with her arms and legs tied together, but...

She seemed to be way too happy about it, so it ended up as a complete failure.

I need to use both the stick and the carrot.

STAY.

Does her brother have trouble with her as well? Was he able to impose "rules" on his little sister?

Does it give him a peace of mind knowing that she's being looked after here at my house,

Rather than being able to wander around the streets?

GOOD GIRL.

Mh!
Mh!
Mh!

She's able to hold back from masturbating now. Since I had a day off from work, I spent it all playing with her.

I put a blindfold on her, and fucked her with no hesitation.

Since I had kept feeding her those birth control pills daily,

I didn't need to worry about cumming inside her. It was my reward.

Gh!

Ah!

Ah!

I had already spent half of the rental period, so...

I needed to move on to stricter training.

~

I was
out of
my mind.

I wanted
to spend
the whole
day playing
with my pet,
so I skipped
work.

Was it that
I knew the
day I would
have to give
my pet back
was drawing
near, and it
was making
me sad?

IT'S
GAPING
QUITE
NICELY,
HUH?

Even if
by force,
I wanted
to leave
scars on
her body.

Today was the final day, so I let her play with all of her favourite toys until she had had enough.

She hasn't been wetting herself nearly as often, and has even started loving anal sex. She has grown into such a good girl.

The day he'll come to take her back. I wish I didn't have to, but there's not really anything I can do about it...

す、

IT'S ONII-CHAN!

SHIT... YOU HAVE BRUISES ...

Ding Dong! ★

AH!

HEY, LISTEN, LISTEN!

YEAH!

HOW WAS IT? DID YOU HAVE FUN?

In the end, I stopped caring, and just decided to let him do what he wants...

HE DID
SO MANY
MEAN
THINGS
TO ME!
♥

What
the...?

OOH,
ISN'T
THAT
NICE?

YEAH!
WELL
THEN,
BYE!
