Even after ejaculating, the viper's lust remains undiminished, playing with her big breasts like a sex toy and demanding a blow job, but Shanoa's poor technique leaves him unsatisfied, so he issues an order through the collar: "Suck as hard as you can." Shanoa clings to his penis with the force of an octopus.

Due to the collar's commands, Shanoa sucks on the penis, making lewd sounds.
Dylan can't help but enjoy the basest pleasure of using women as sexual toys...
She is ordered to ejaculate into his mouth and to collect the semen and savor it.

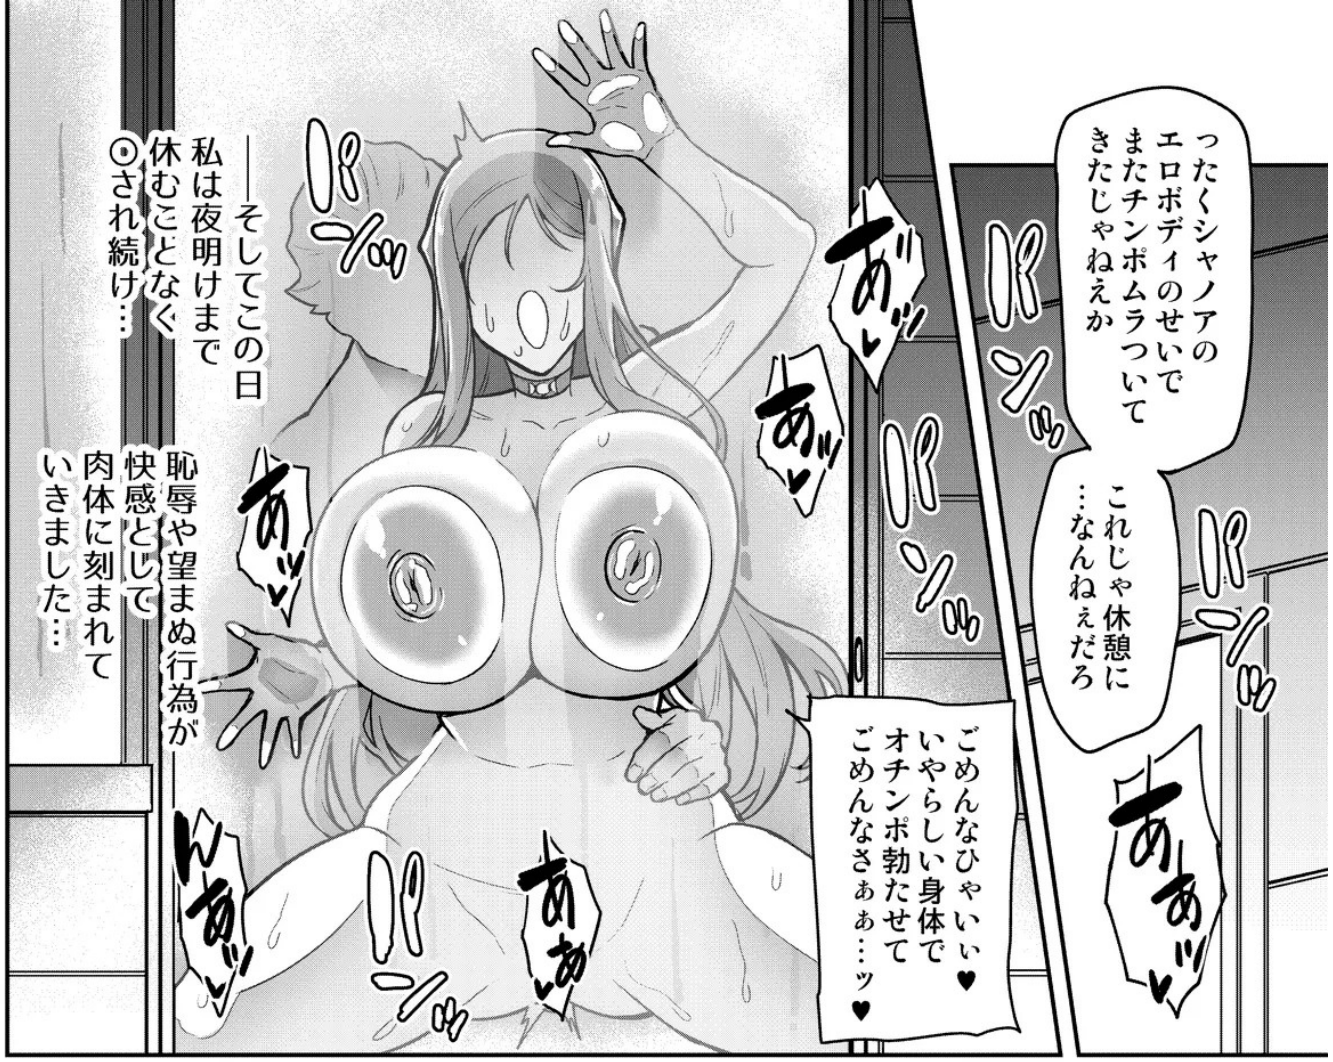

She's ordered to swallow the semen, but the thick semen clings to her throat and she ends up spitting it out...It ends up on Dylance's feet, and Shanoa is forced to wash them as if giving him a blowjob. She gags at the awful smell and despises Dylance, saying she can't believe he would make a human do this to her...

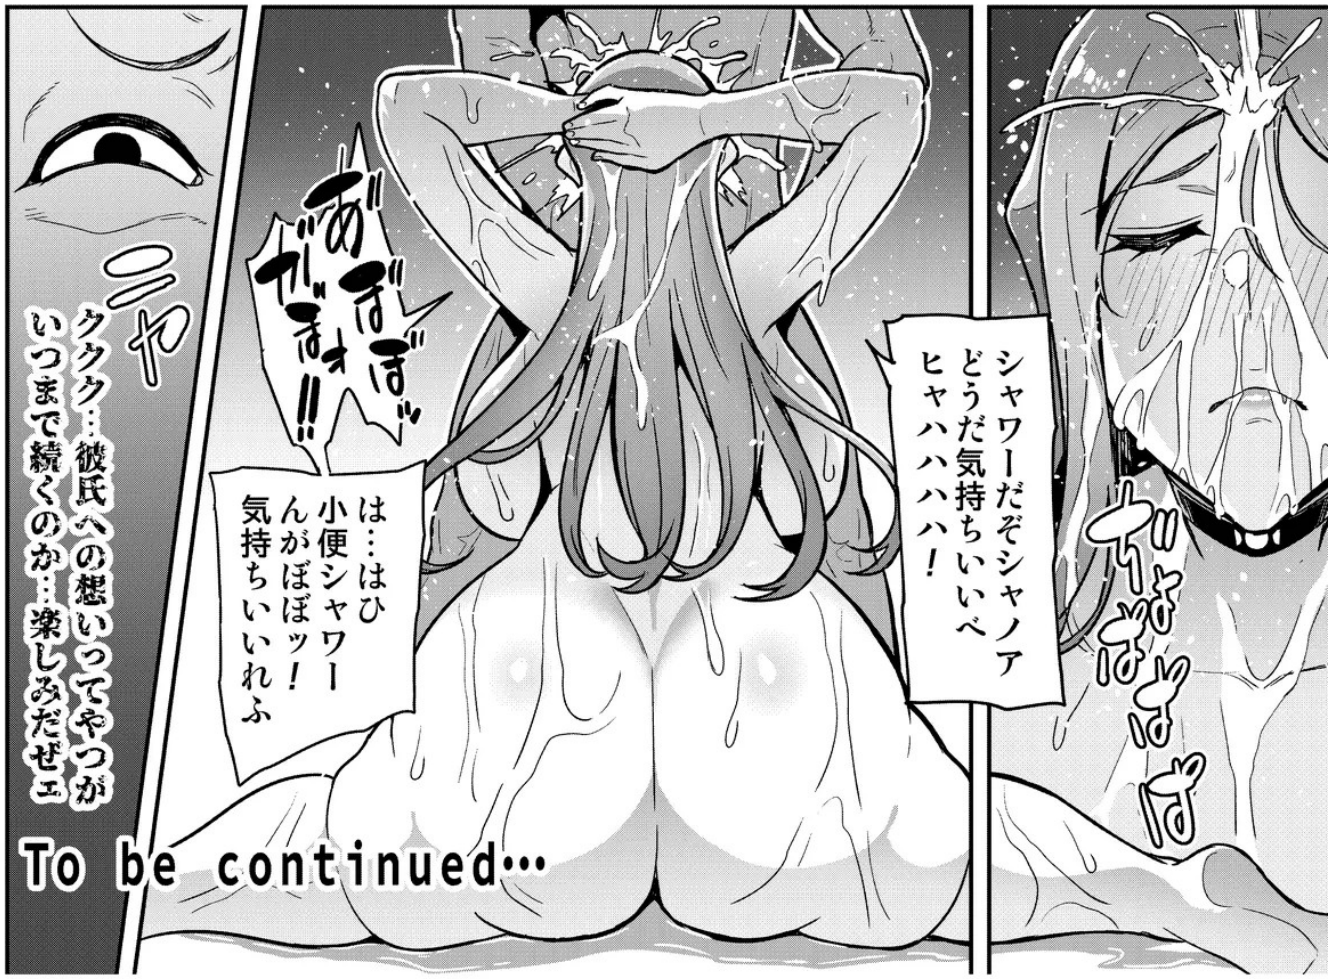

Furthermore, after being forced to compare the size of Dylan's penis with her girlfriend's and give her honest opinion that insulted Lois, and being forced to experience anal sex for the first time, Shanoa began to regret ever asking Dylan... But there was no turning back now, and she had to endure it for Lois's sake...

That night, as they continue to have sex, Shanoa tries to ejaculate while kissing him, but she refuses.
She desperately refuses, believing that just kissing would be a betrayal of Lois.
Dylance is amazed at how Shanoa resists the collar's magical power...
However, this only fuels his sadistic tendencies, and he declares that he will perform perverted acts on Shanoa every night for three months in order to make her his sex slave, eradicating her sense of reason and ethics.

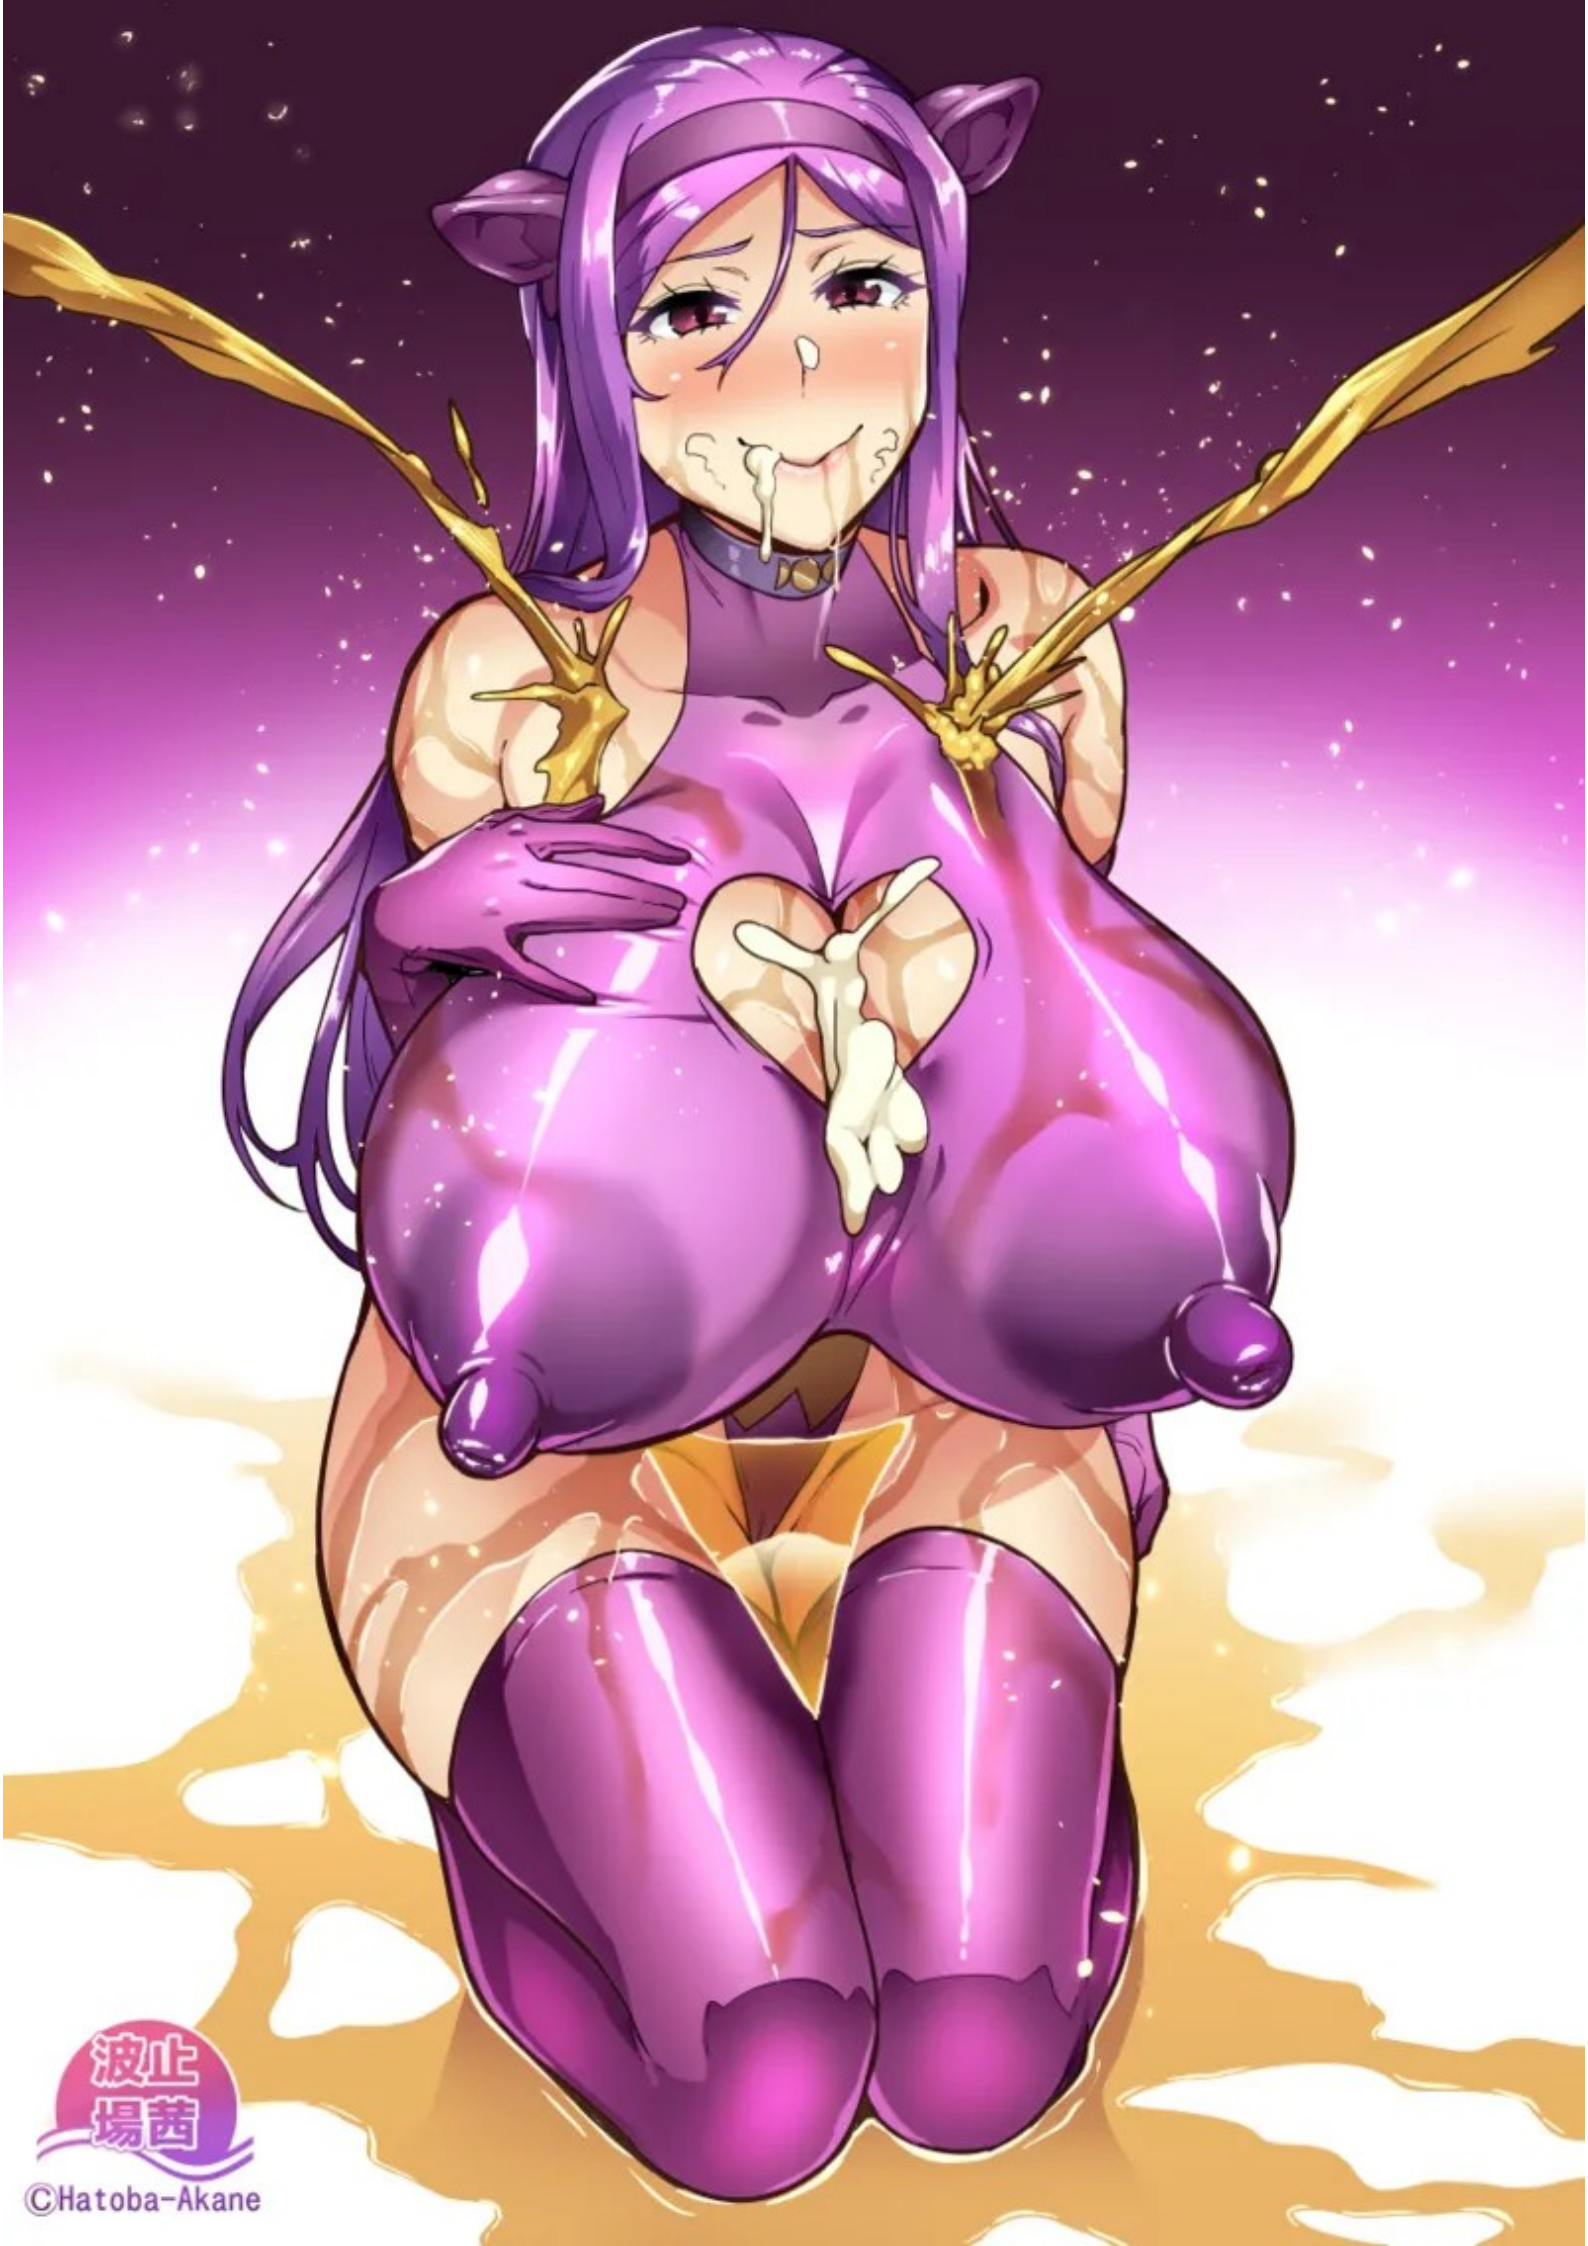

They continue their sexual act in the bathroom,where Dylance blames Shanoa for having sex without taking a break, saying it's because her body is slutty.Shanoa is forced to apologize for being slutty while he continues to thrust into her...Then, he tells her he's taking a shower and urinates all over her body...He laughs with a lewd grin, saying he's looking forward to destroying his lover's love... And so, Shanoa and Lois's daily lives and futures are torn apart...

Shanoa is about to leave on an overnight mission to investigate ruins and eliminate monsters.
She tells her lover, Royce, about this.
Shanoa apologizes for not being able to see her for a while, and Royce sends her off, telling her to be careful not to get hurt.

nt ruins and remains remain in various parts of this world, and they have become home to magical beasts and monsters.
Bounty hunters receive many job requests, such as maintaining public order and excavating magical tools that hold unknown technologies and magic.
Shanoa and the others arrive at the ruins, and their leader, Dylan, tells Shanoa to roll up her coat.
Under Shanoa's coat, dangling a contraceptive, a remnant of last night's perverse sex, her voluptuous body, clad in vulgar clothing, is steaming...
Her lewd appearance arouses the lust of two of their members, the skinny Gian and the large Dobuj...

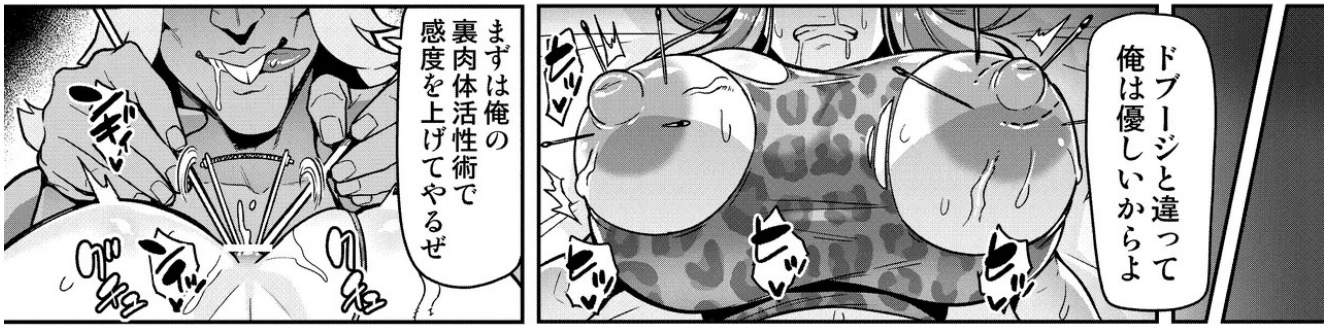

They tell her to leave all the monster extermination to them.
Shanoa is assigned the role of "sexual service," a role only she can perform, and wears a leopard print outfit and cat ears to match.
She unconsciously finds herself mesmerized by their erect genitals, and as she thinks about the lewd acts that will take place in the dungeon, from which there is no escape, her crotch becomes wet against her will.
--That night, having already finished eliminating monsters and collecting magical tools, everyone sets up tents in a large room deep within the dungeon to rest.
And then, in Dobuji's tent, Shanoa finds herself reduced to a sex doll...

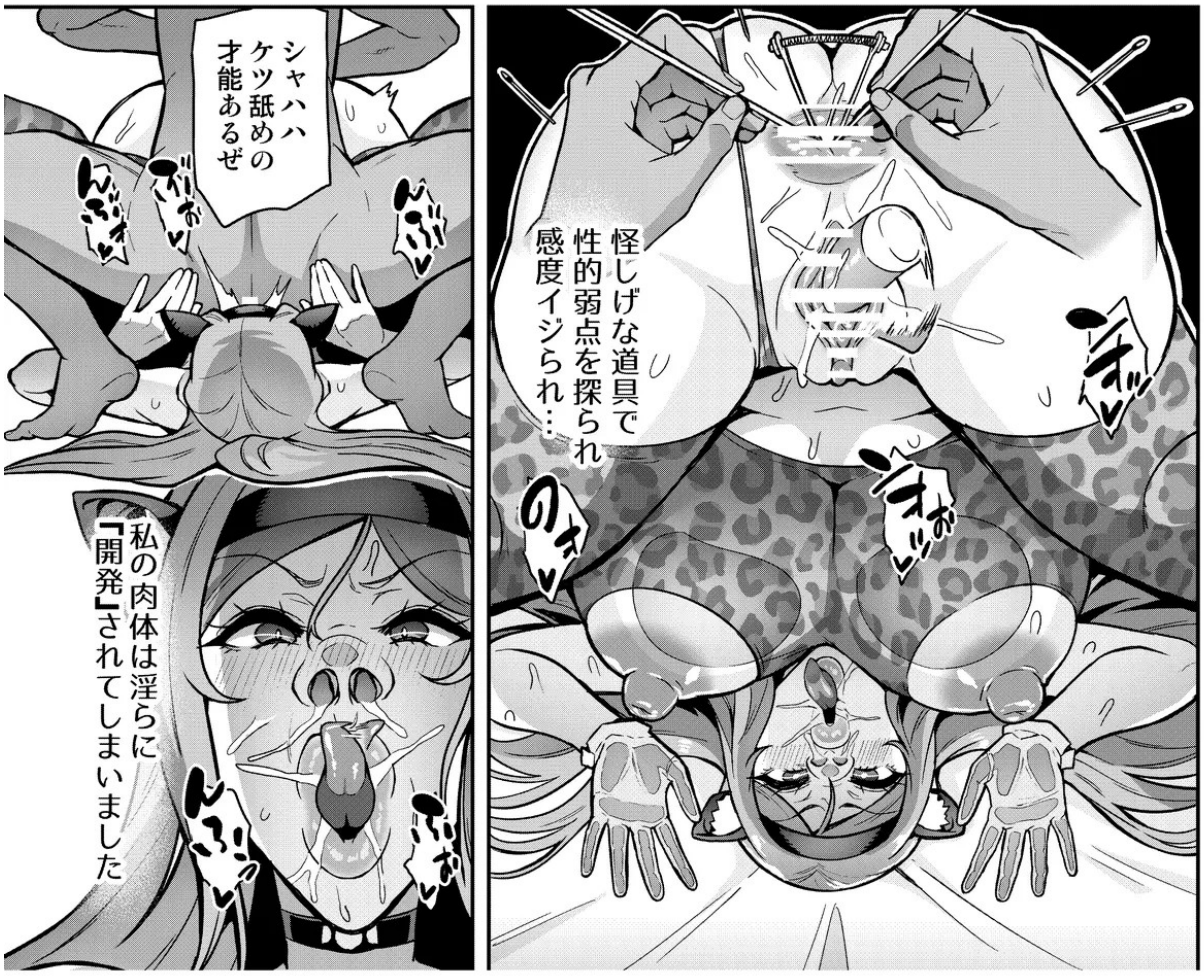

Debouji begs for a deep kiss and licks her face. Chanoa refuses the kiss, saying it would be a betrayal of Lois.
Instead, Debouji spits in her face, soiling her beautiful face...
After that, Chanoa climaxes multiple times during the forceful and rough sex...

※D(ディル)は通貨単位です　1D＝1円

Shanoa's fee is 60,000 dile (currency unit, 1 dile = 1 JPY) for three hours per person.
After three full hours of being defiled and having her body thoroughly enjoyed, she is then cast under a purification spell before moving on to the next Gian's tent.
He uses some suspicious equipment to increase the sensitivity of Shanoa's body and probe for his weak spots.
Shanoa pleasures his ass with her tongue...

She then goes to Dylan's tent, where Shanoa, completely turned on by having her body played with, appears to be in heat.
Her costume is torn to shreds, so he's giving her a new one.
She thanks her "master" as she sucks on his penis.
--The next morning, Lois's best friend, Arem, comes to visit her in the hospital. Having returned from a long expedition, Arem apologizes to Lois for not being able to help.
Lois tells her not to worry, and wishes her beloved Shanoa safety...

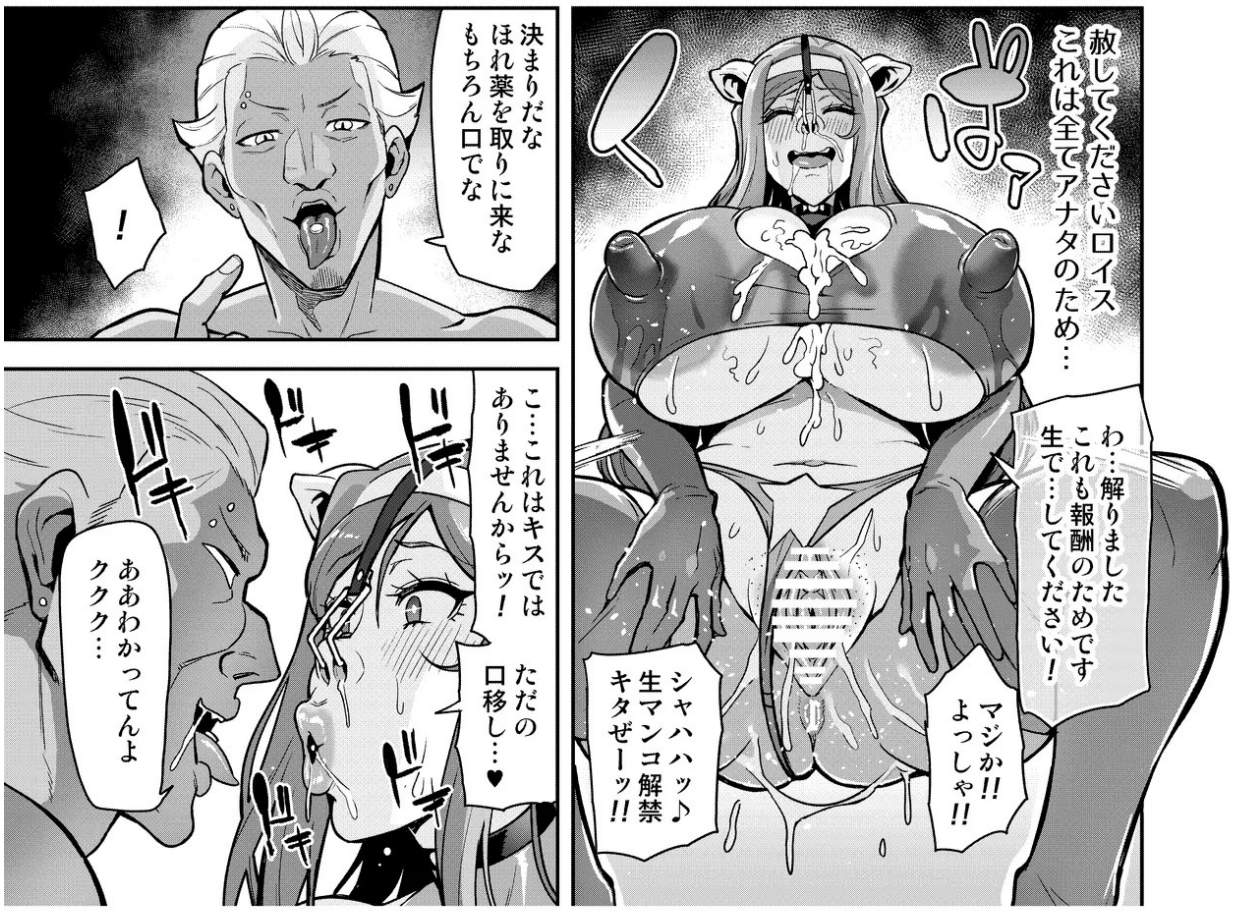

--At the same time, Shanoa, who had been forced to change into a pig costume and had three penises in front of her, opened her mouth and became the men's "toilet"...
In this embarrassing situation, Shanoa squirted water from between her legs and grunted, demanding that pigs act like pigs...

Dylance senses a natural lust in Shanoa, who has fallen so shamefully without the use of an aphrodisiac.
He plots to take her to the next level of depravity.

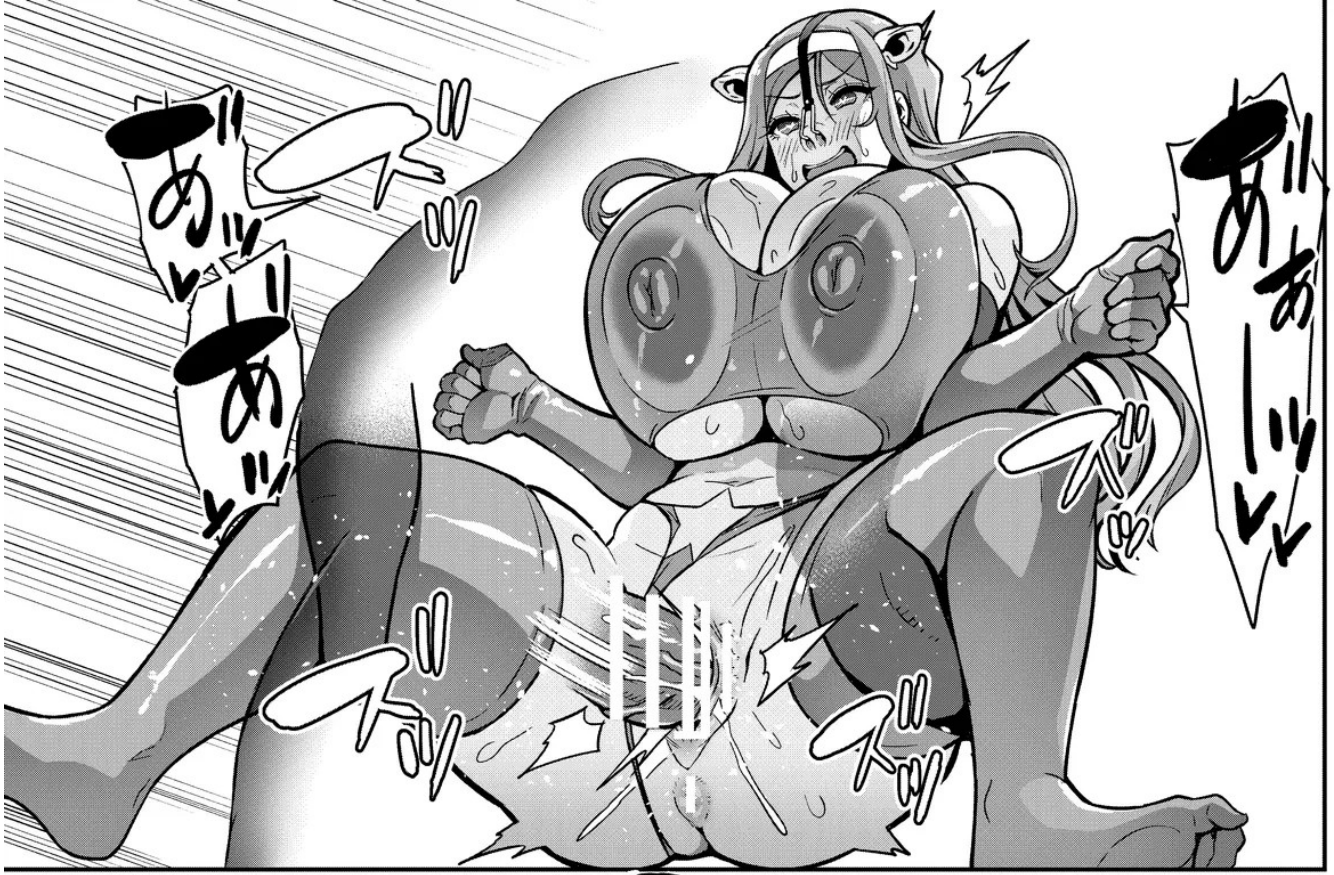

Dylance tells Dobouji he'll be heading back to the guild.
They've run out of condoms.
Dobuji is disappointed, but it's up to Chanoa, showing her the birth control pills. He offers to increase the reward if she lets him continue without a condom.Chanoa thinks it's dangerous to feel any more pleasure, but at the
same time, she uses the increased reward as a reason to continue having sex...
And so she decides to have sex without a condom...
Dylance then urges to bring the birth control pills into his mouth.
Chanoa excuses herself, saying this isn't a kiss, it's mouth-to-mouth...

She shares the birth control pill with Dylan, then gives him another passionate kiss.
She becomes addicted to the pleasure she gets from kissing, and there's no going back.
They start having sex while kissing. This is now an act of betrayal against Lois.

Chanoa moans lasciviously, as if she has shed her innocent mask up until now.
She is already on the verge of becoming a sexually greedy sow.

To be continued…

The filthy semen pouring into her vagina. It wasn't from a beloved lover.It wasn't for procreation. It was a disgusting substance, poured into her vagina solely for the pleasure of someone who lusted after Shanoa.After that, they continued to pour their filthy fluids into her one after the other...--The next morning, like a worn-out masturbator, semen was dripping from her ass, genitals, and mouth, and her pure mind and pure body were being eroded by the men's lust and malice...

--At the hospital
Shanoa was performing fellatio on Lois.
Lois was taken aback by Shanoa's bold behavior.

After making him ejaculate, Shanoa realized Lois's confusion and apologized.
She said she had heard that the abstinence period in the hospital was difficult for the men.
Shanoa explained that she had done something so bold out of loneliness, and Lois said she was just surprised and glad that she was worried about him.

And as they part, Chanoa says,
"From now on, you can use my mouth whenever you want."
Lois is surprised by her vulgar attitude and worries about her recent change.
A few hours later...
Chanoa and Dylan head to a church on the outskirts of town.
It seems they're having the artifacts they excavated last time appraised here, rather than at the official guild.
To others, the two of them, huddled together, would look like lovers or a prostitute and her client.

Demakara Church...
In the basement, the cult leader Anton commits perverse acts of sexual assault against Lunaria of the Walk re Corps...

After being thoroughly violated, Lunaria ends up having Anton urinate on her bondage mask...

Just then, Dylance and Shanoa arrive.

Dylance politely greets Anton and asks him to appraise and purchase the relic.

Anton agrees, but then notices Shanoa's presence...

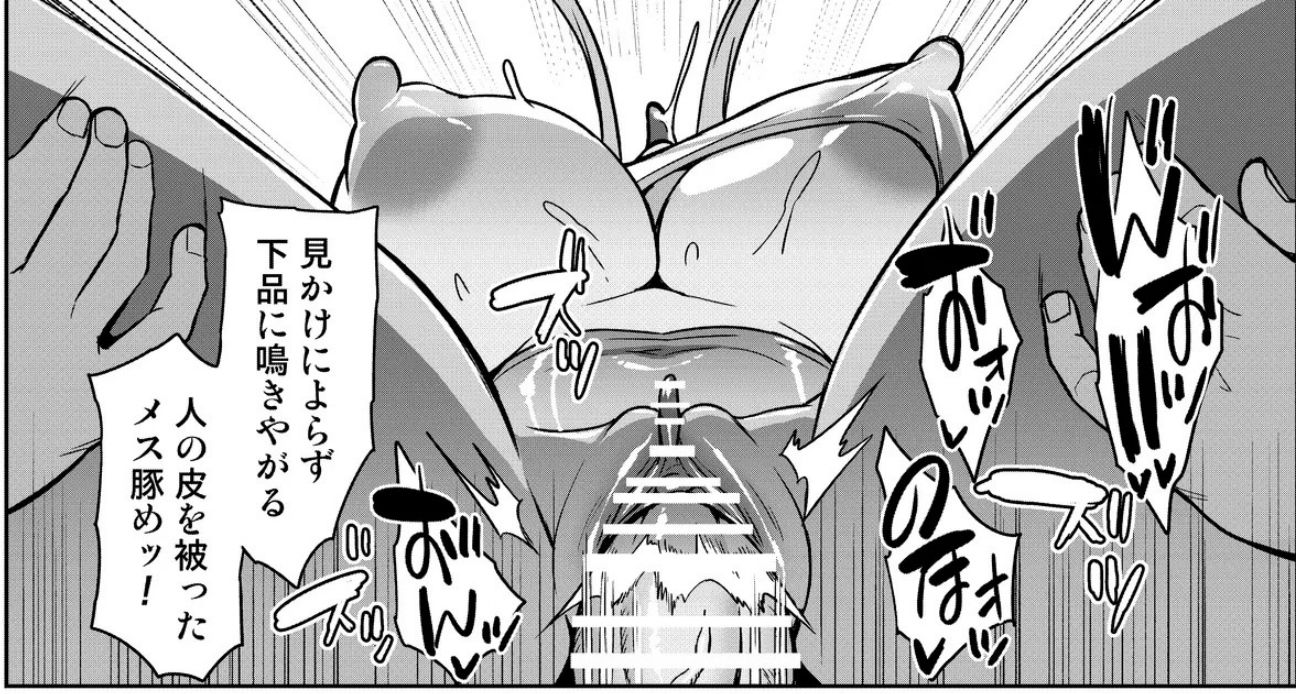

Anton ogles Chanoa with lustful eyes, as if appraising her, and then proposes, "If you let me borrow her for the night, I'll increase the appraisal price."
Dylance immediately agrees and lends her Chanoa...
Chanoa resists Dylance using her as a tool for making money, but inside, she feels a mixture of anticipation and excitement at the sight of Anton's big penis...

Shanoa thought to herself that she couldn't allow such cruelty to happen, but before she knew it, she was dressed in the cult's uniform and Anton was groping her body... He easily kissed her, told her it was holy incense, and made her fart...

Shanoa is forced to smell farts over and over again...
Lunaria, watching this, explains that the farts were imbued with aphrodisiac powers, and that she too had been forced to smell them and engage in perverted acts...
And just remembering those acts makes Lunaria's body throb...
The tights that Anton has Chanoa wear are woven from magical fibers, and Anton explains that they are wearable condoms, and they immediately begin having sex...

Shanoa lets out lewd noises during intense sex...
Anton insults her, calling her a "slut in human skin," but this insult turns Shanoa on...
lunaria, who is forced to "wait and see" the two's lewd acts, can't stop doing lewd squats and teasing her nipples...

After thoroughly violating her, Anton makes Shanoa lick his ass.
He then farts in her face, desecrating her beautiful face and mind...

As Shanoa climaxes and passes out, Anton tells her, "Wake up already. I'm not finished until I'm satisfied."
Meanwhile, Lois is confused by Chanoa's behavior in the daytime.
Until then, Shanoa had been a ladylike woman who shyly asked him to turn off the lights during sex and wanted to be held gently.
Lois worries that she must still be feeling lonely.But at that moment, Shanoa...

Shanoa's nose was spread open ugly by the hook, and she was moaning with a vulgar cry...
She had been degraded to the point where she could no longer be called a lady...
With her pig-like nose and pig-like moaning, Shanoa was truly a sow...

--At a love hotel
Shanoa sucks Dylance's penis greedily like a pig.Afterwards, Dylance praises Shanoa's body and technique for their lewd improvement. He then tells her that there's no other woman he's as compatible with as she is, and invites her to truly betray her boyfriend and become his woman.
Shanoa is confused, but says she can't give an answer until Lois's injury is fully healed, and places his penis inside her vagina again...

※別パ＝別のパーティ

Dylance jokingly calls Shanoa "a helpless sow's sex friend," and Shanoa replies, "You're right, I'm a sow's sex friend♥," feeling aroused and self-deprecating... Meanwhile, there's a man's shadow grinning in front of the hotel...--The Next Day Shanoa, who has the day off work today and heads to the hospital to relax with Lois, is excited by her infidelity, thinking, "Yesterday, Dylance confession made my heart race...I know I shouldn't be doing this..."
Then, Lois's best friend, Arem, appears and invites Shanoa to the back of the hospital, saying he has something to show her.

Somehow, Shanoa's affair was secretly filmed, and Arem threatens Shanoa with the secretly taken photos.
--Hospital Room
Royce is puzzled by the fact that Arem and Shanoa have come together, but he is unaware that his best friend is groping the buttocks of his precious lover, Shanoa...

"Let's get this pointless visit over with and head to my room." All Arem could think about was enjoying Shanoa's body.
--Alem's Room
Shanoa screams..."Why would you, Lois's best friend, do something so horrible?" Shanoa asks, and Arem confesses that he was only pretending to be Lois's best friend so that he could steal Shanoa away from him someday.
And then the despicable man begins to devour those huge breasts he's longed for...

Arem threatens to tell Lois about Shanoa's affair and plays with her voluptuous body.
Arem is unhappy that Shanoa chose Lois as her lover and that she is cheating on him with Dylan.
He vents his frustrations on Shanoa, wondering why he never had a chance.
And, jealous of Lois, he forces Shanoa to say that his penis is bigger and better than Lois's.Shanoa is very upset about being toyed with by such a despicable man.

Before bringing Shanoa into her room, Arem has her change into the perverted maid outfit she had prepared, and then she dominates Shanoa.
She makes him lick the disgusting dirt off his penis and service it with her enormous breasts.

He had always admired Shanoa as a pure, angelic woman, but it turns out she's even been developed for anal sex.
Shocked and irritated, Arem desperately strokes his penis in her anus, his erection never subsiding as he ravages her ass.
Shanoa disciplines herself. She knows she can't get excited over such lowly sex.

The perverted acts against Shanoa continued in the shower, where she was given an enema of lotion jelly.
And what's more, she was made to do a lewd, butt-shaking dance...
Shanoa begged to go to the toilet, but that was not permitted and she was ordered to go right there.
And then, the jelly began to peek out from under her butt...

Jelly is released from her buttocks, and she is seen by a despicable and vile man, something that should never be seen as a woman, or even as a human being... Furthermore, sex begins, using the jelly as lubricant.

Shanoa is my woman! My pet! My maid! Alem declares this as he violates her...
She calls for help, but no one comes, and her lewd screams echo through the shower room...Then, a few hours later, with condoms stuffed in her nose and mouth, Shanoa is told, "This is your food..."
