YOU SHOULD TRY IT TOO, YUINA. I THINK YOUR REGULARS WOULD LIKE IT IF YOU WERE A BIT ROUGHER.

"WHAT COULD AN HONORS STUDENT LIKE YUINA HAVE DONE...?"

I GOT ARRESTED AND SUSPENDED, AND ALL OF MY SCHOLARSHIPS WERE WITH-DRAWN.

Notice:

Recently, certain students belonging to this school have been caught violating public order and morals.
It would be highly regrettable were they to be arrested and placed into custody because of these actions, therefore they will serve one month's suspension from school as punishment.

Pleased to meet you if you're a newcomer, or long time no see if you're a seasoned veteran fan. As always, this is Asanagi writing.

This is the first doujinshi from the circle Fatalpulse featuring an original story. I've drawn original characters before, mostly in my convention-exclusive Gareki books, but making a whole original book really is hard!

The plot has been recycled from my previous stories which have been rejected by several commercial publishers. The "R" in "VictimGirlsR" stands for "recycled".

Originally, there were supposed to be two full chapters, but I had to merge them into this short 40 page compilation. It still took me double the usual time to make. I'm not sure if I will do this again, but I would like to try to make more original works... Maybe when I have enough rejected stories piled up again... Regardless, I am deeply grateful to you for taking the time to read this work of mine.

Hopefully we can meet again,

Asanagi
