

Especially  
Professional  
Wrestling

My name is  
Yoshiro Usa  
and hand to  
hand sports  
are my  
favorite to  
watch

It's a  
DVD of  
Kokugikan  
Arena

Today  
I am  
going  
to take  
it  
easy...

But  
despite my  
hobby  
there is  
one person  
who has  
similar  
interests  
as me...

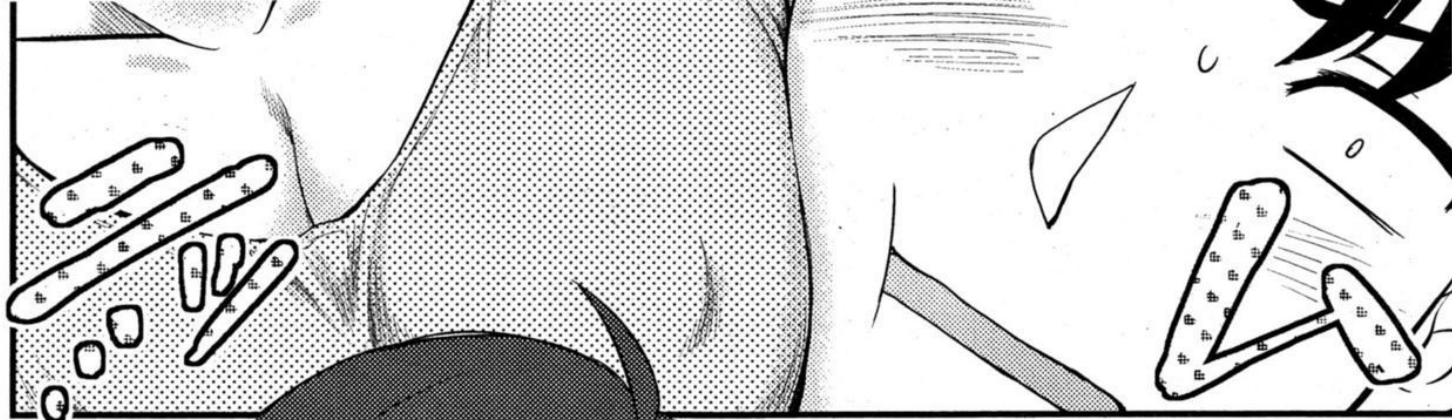

I usually keep  
my eye out  
for exclusive  
magazines or  
videos.

Whoa  
...

They  
really  
have  
it

Due to my  
unique  
hobby, I do  
not have  
many friends  
at my school.

She is my only friend who shares my passion for wrestling.

Her name is Mio Torishima. She was a senior at my school, but recently graduated.

We still meet from time to time to "watch" DVD's together...

Hell ya!! Knock him out!!

Let me go!! I can't move!!

She is never shy or bashful when it comes to wrestling me.

Whenever it gets exciting, she skillfully headlocks me so I cant see whats going on.

Boobs!! Armpit smell!!

At the time I paid no attention to her "features" because I was so young.

We were friends but she was very aggressive while we wrestled.

When I met her when we were younger she acted and behaved like a boy.

Although I don't really mind being in these situations...

Soft Thighs...

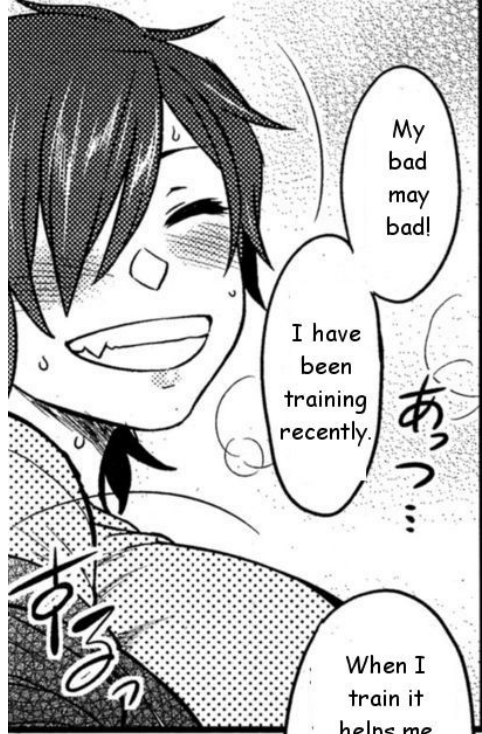

It is a troubling situation to be in...

Even now after several years her attitude has not changed, but her body sure has.

Not only has her body grown, but her wrestling skills have grown as well.

She always has the advantage with me. I am wonder if she even sees me as a man...

My bad may bad!

I have been training recently.

あっ...  
あっ...

When I train it helps me vent any frustrations I have.

You were the only girl in school who acted so brash...

#...

うん...

So was I...

Senpai...

You were more powerful today than usual...

It has been awhile since we had a good rustle

I was getting into it!

Fufu~

That's not the only thing that is rising..

What a nice view

Reading about wrestling is also relax while my I rise my passion. knowledge with this magazine.

You're not the most elegant piece of work either.

I don't really care what people think, wrestling is my passion and I have some talent for it.

I need to stir her up!

I can't back off now!

My time to strike!

It's difficult to gauge Senpai's reaction.

Until she makes a move... I will keep stirring her up!

Wow... She really does not care...

If that's the case...

I'll step it up a notch!

I don't understand it myself but...

Your body has always aroused me...

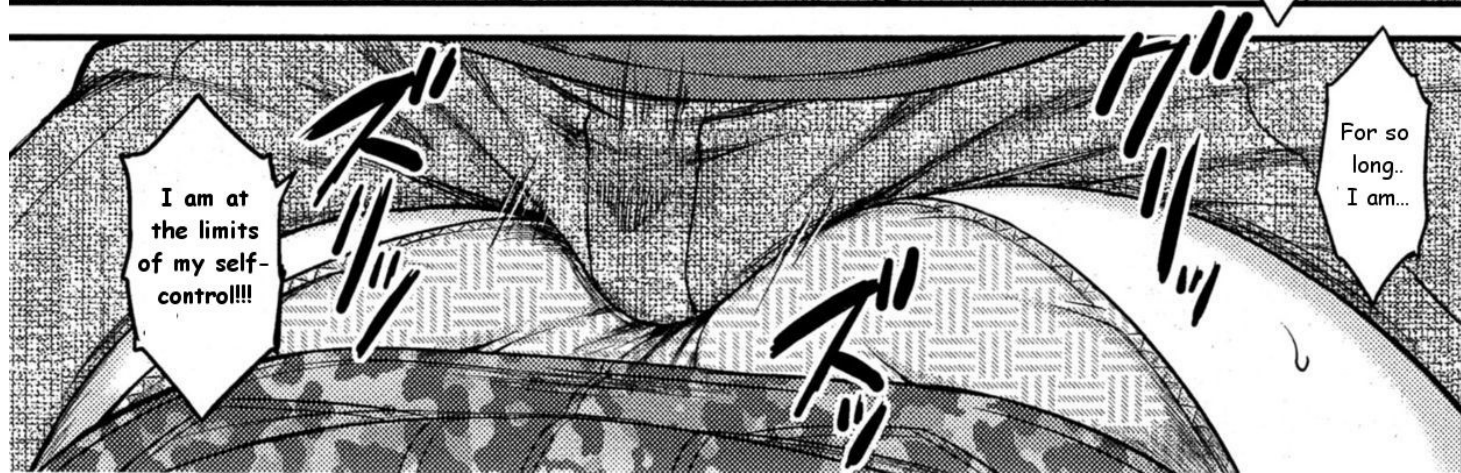

Senpai, I... I know you only see me as a weakling compared to yourself...

...

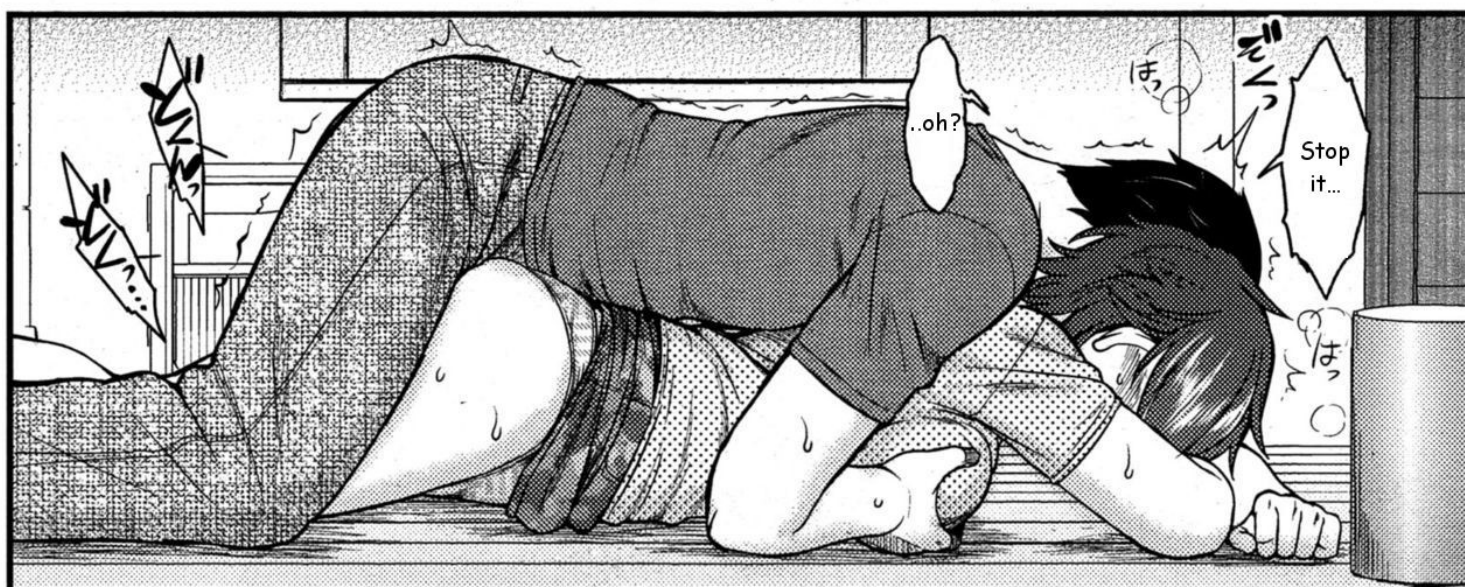

You use these as a weapon to tease me... Now it's my turn

I... I am always on the defensive always... against you who teases me!

I am at the limits of my self-control!!!!

For so long... I am...

I won't stop... until you give up...

So then... I...

I know you.. Senpai...

You never show mercy when we wrestle...

As for my attacks... There not over yet!

..oh?

Stop it...

※賢者タイム

What? I didn't even notice you even touching me.

Hmm...?  
Did you do something?

S-Senpai...  
I... I didn't mean to.. sorry..

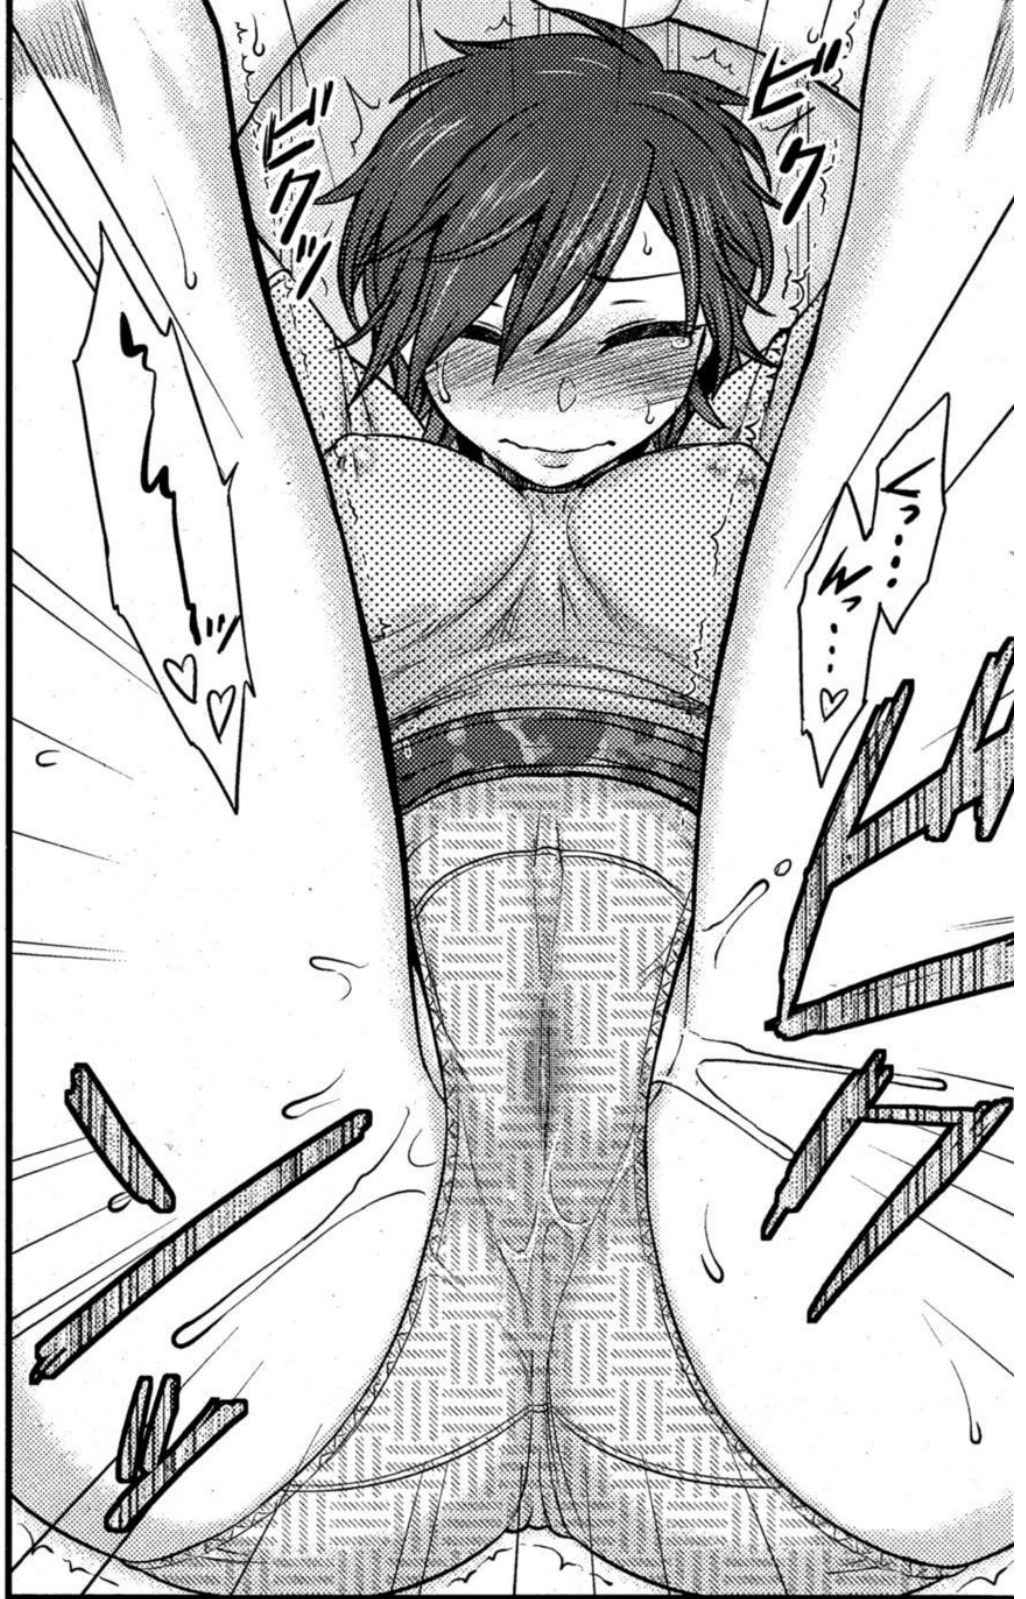

You leave me no choice..

I will show you the potential of my attacks!

..Is that so?...  
I understand you now..

Wha!?

Hehe ~

I won't give in so easily.

It's time to show you my special "Skill"...

You were always so stubborn ...

Mio senpai.

Still.. Will you not give up?

Gheez..  
You went all  
out with you  
new "Skill".

Heh.. If  
it's with  
you, it  
cannot be  
helped.

I wouldn't  
mind  
"wrestling"  
you again  
♡

Senpai is  
my  
opponent...  
But now I  
won't  
hold back.

Fufuu~  
Well said  
Usa chan.

I wonder  
if you can  
keep up  
with your  
Senpai  
from now  
on.

Eeeh?!

I am  
ready  
for  
round 2  
after  
only 5  
seconds  
Hehe ...

Even  
though  
this is  
considered  
foul play...

I wish you  
would  
have done  
this  
sooner...
