

It smells nice...
Is that shampoo?

チリ...
チリ...

I don't really need any.
You already asked me that this afternoon

How much more allowance do you need?

I'm all alone with mom right now...

Mom ...

Your posture reflects your mental state

Nevermind...

Should I... break in your... "brush?"

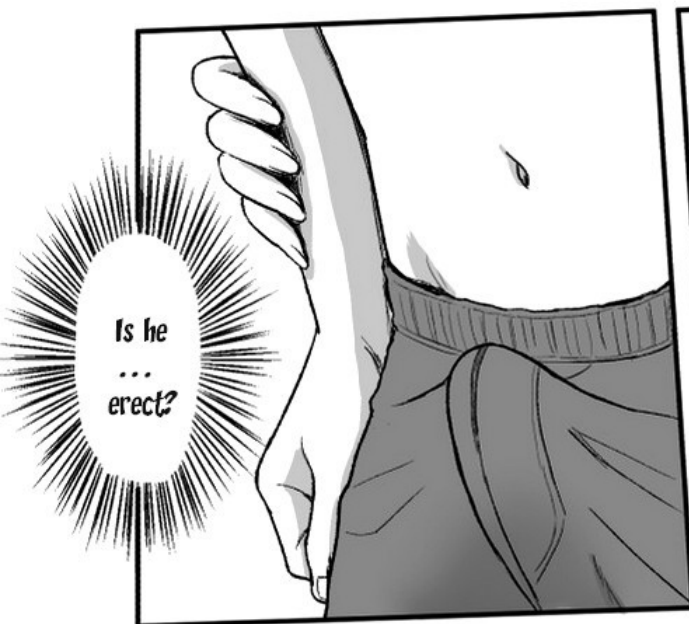

Maybe I should tease him a little

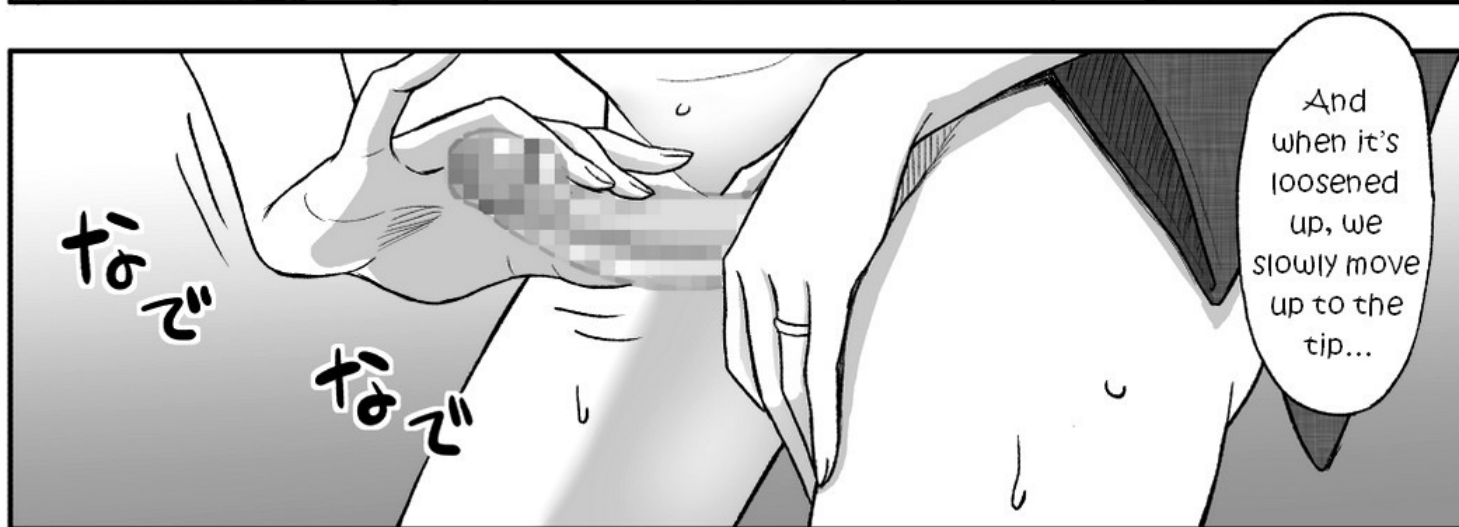

If the tip is split you won't be able to write properly, right?

Yeah... What am I... What I am expecting her to do? There's no way anything like that would ever happen

Mom!?!
What are
you...

When the
starch is too
stiff and the
brush won't
quite loosen
up... dip it in
water and it'll
loosen up
right away

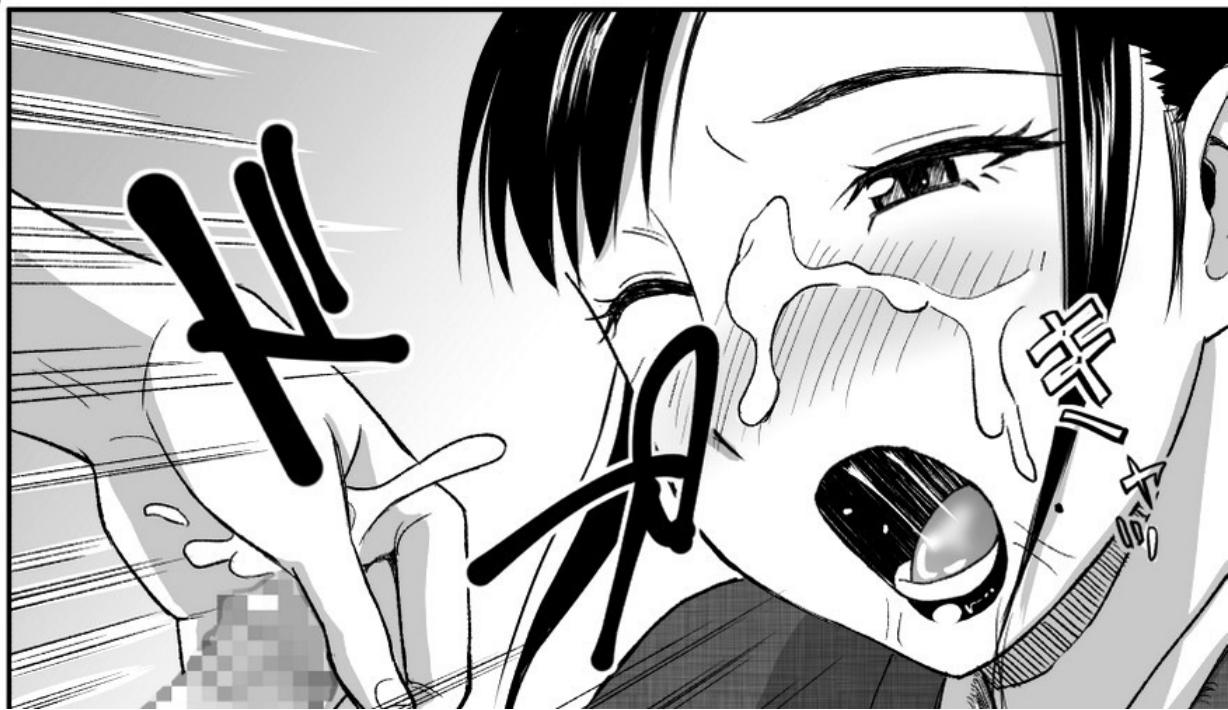

I'm sucking
it... What am
I doing... I'm
sucking on it...

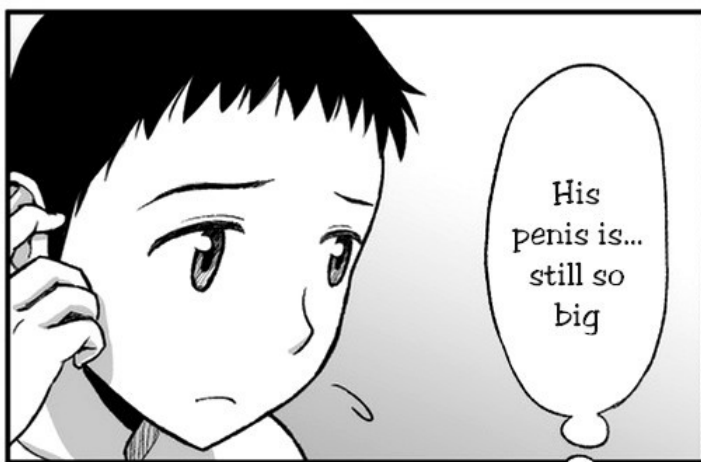

I'm sucking
on my son's
penis...

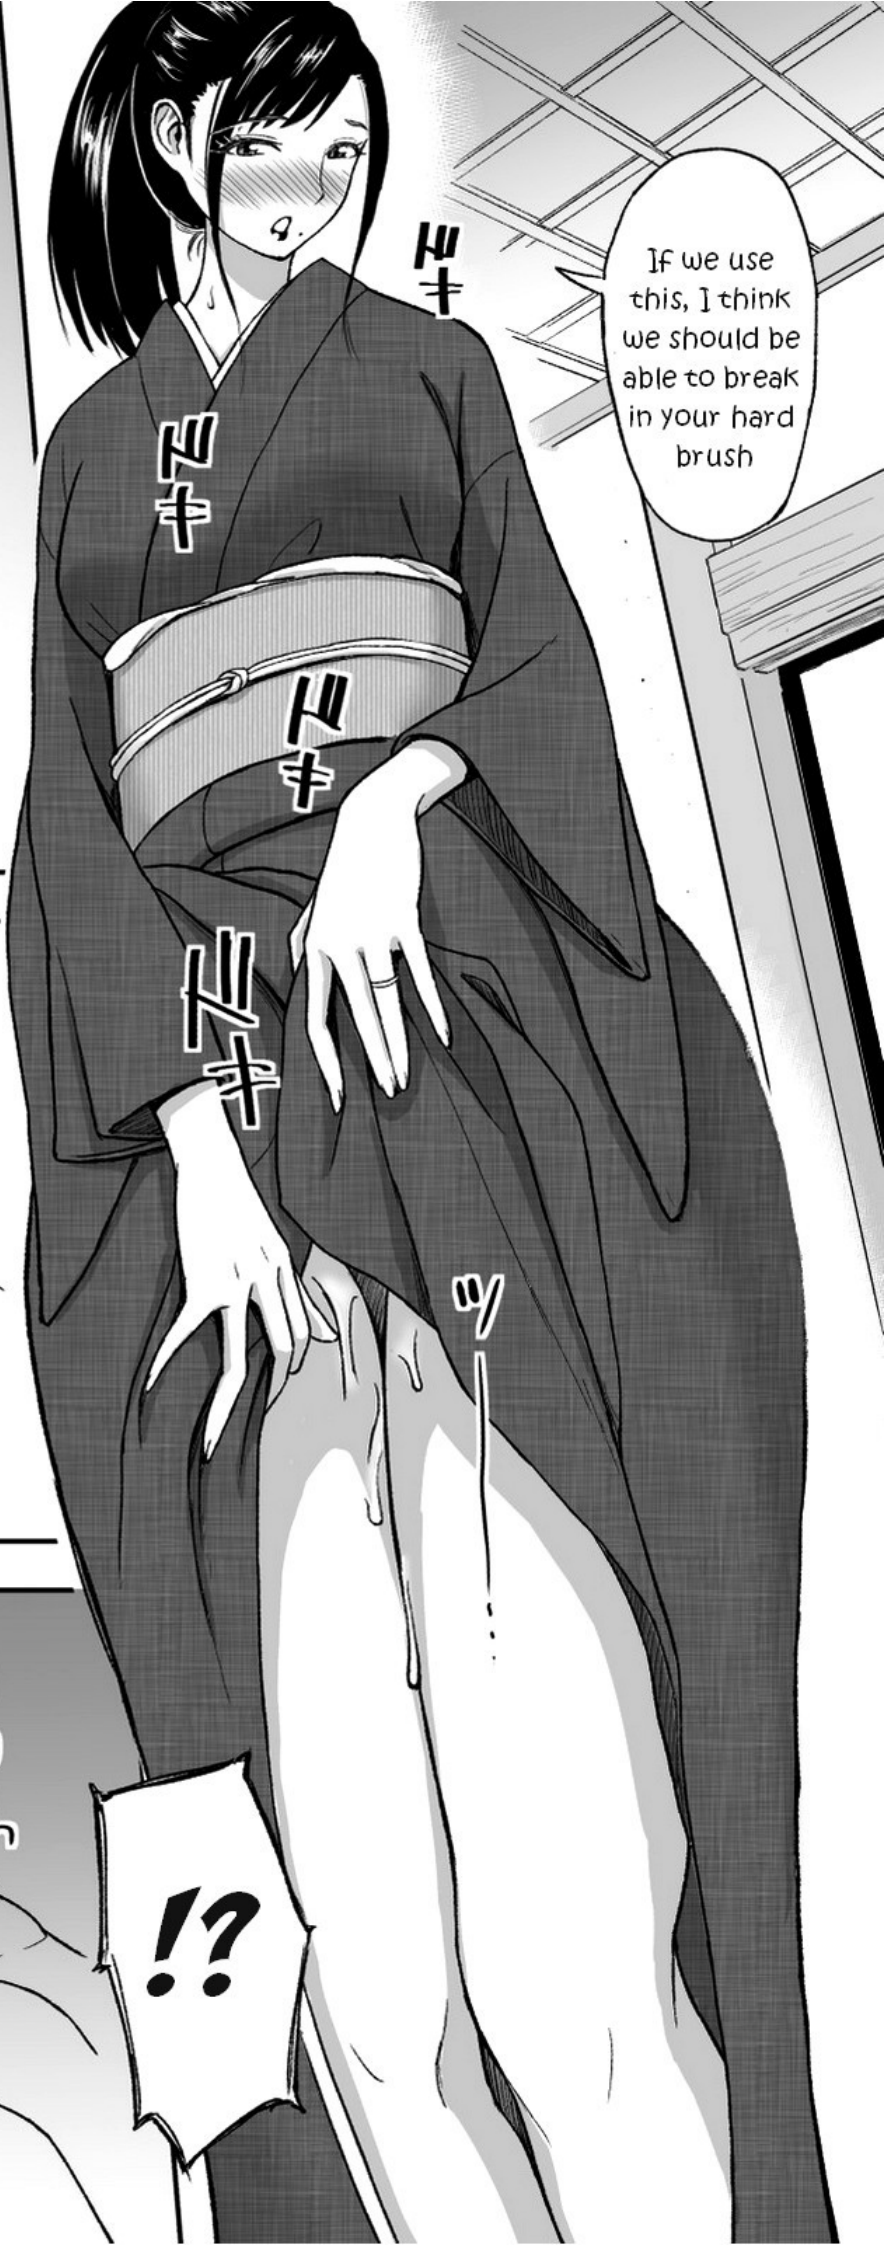

I'm just
breaking
in your
brush...

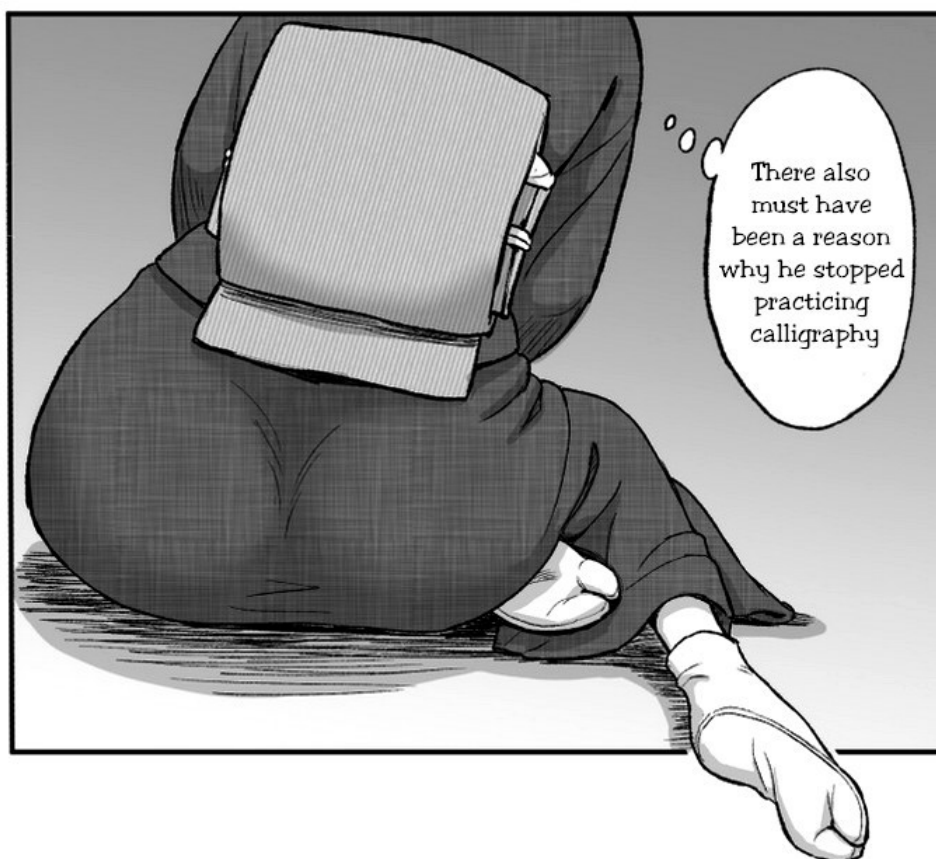

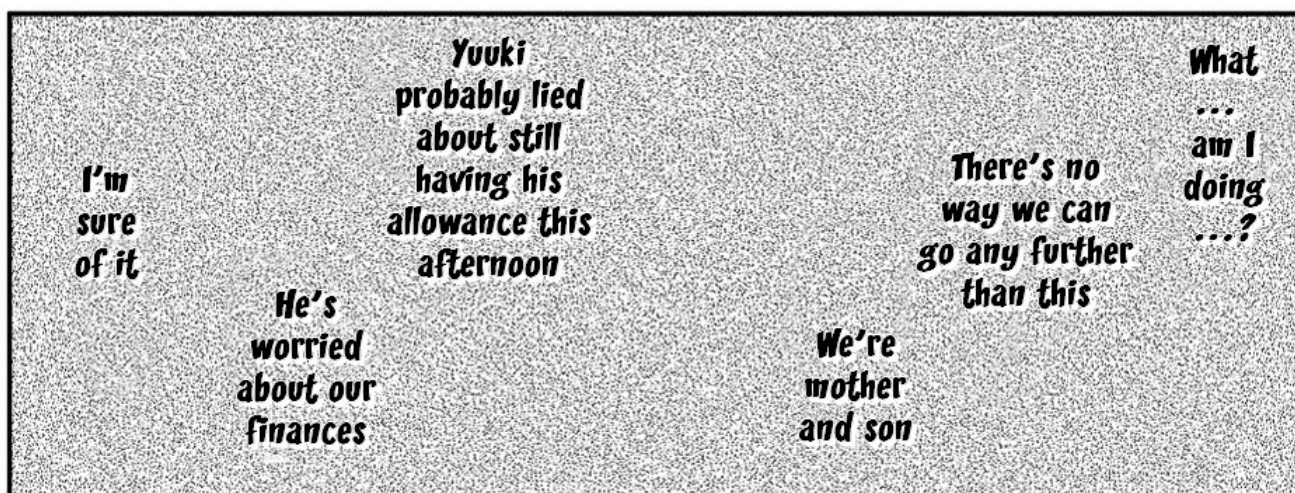

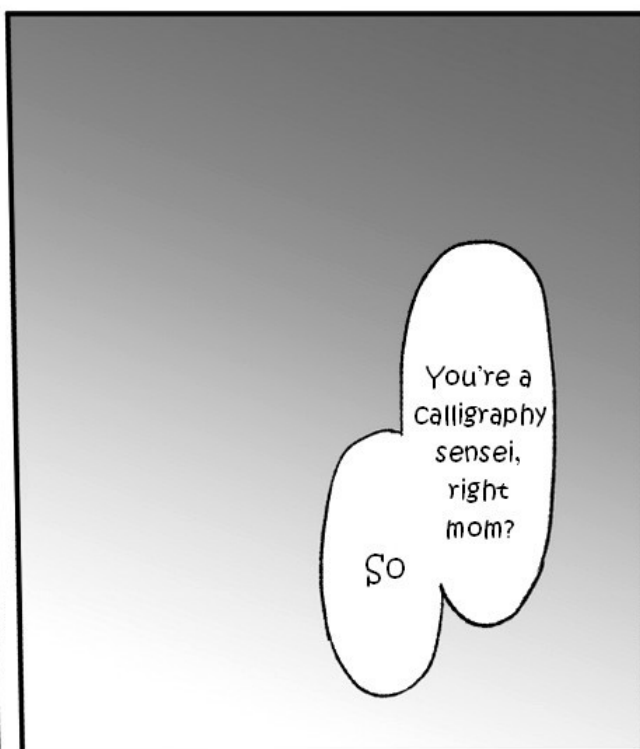

If we use
this, I think
we should be
able to break
in your hard
brush

Let's stick
your brush
in here and
really
massage
and loosen
it up

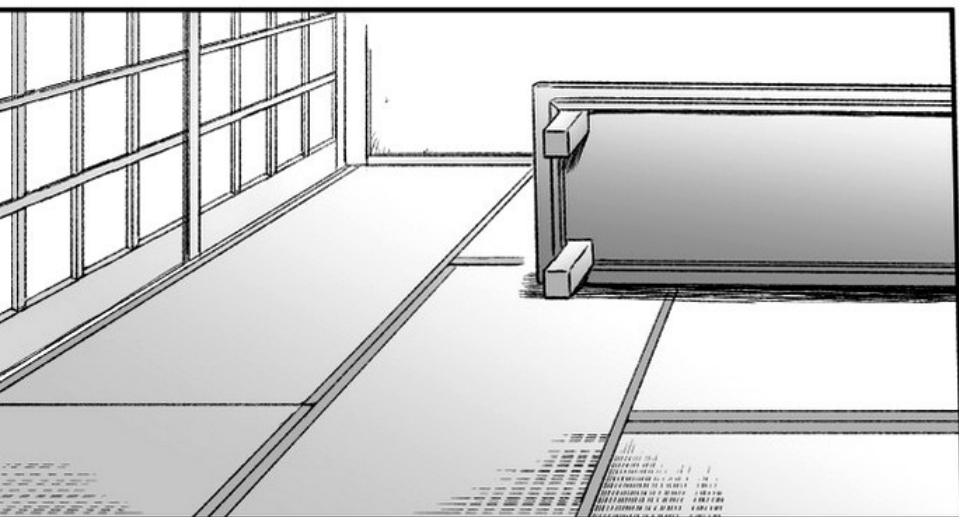

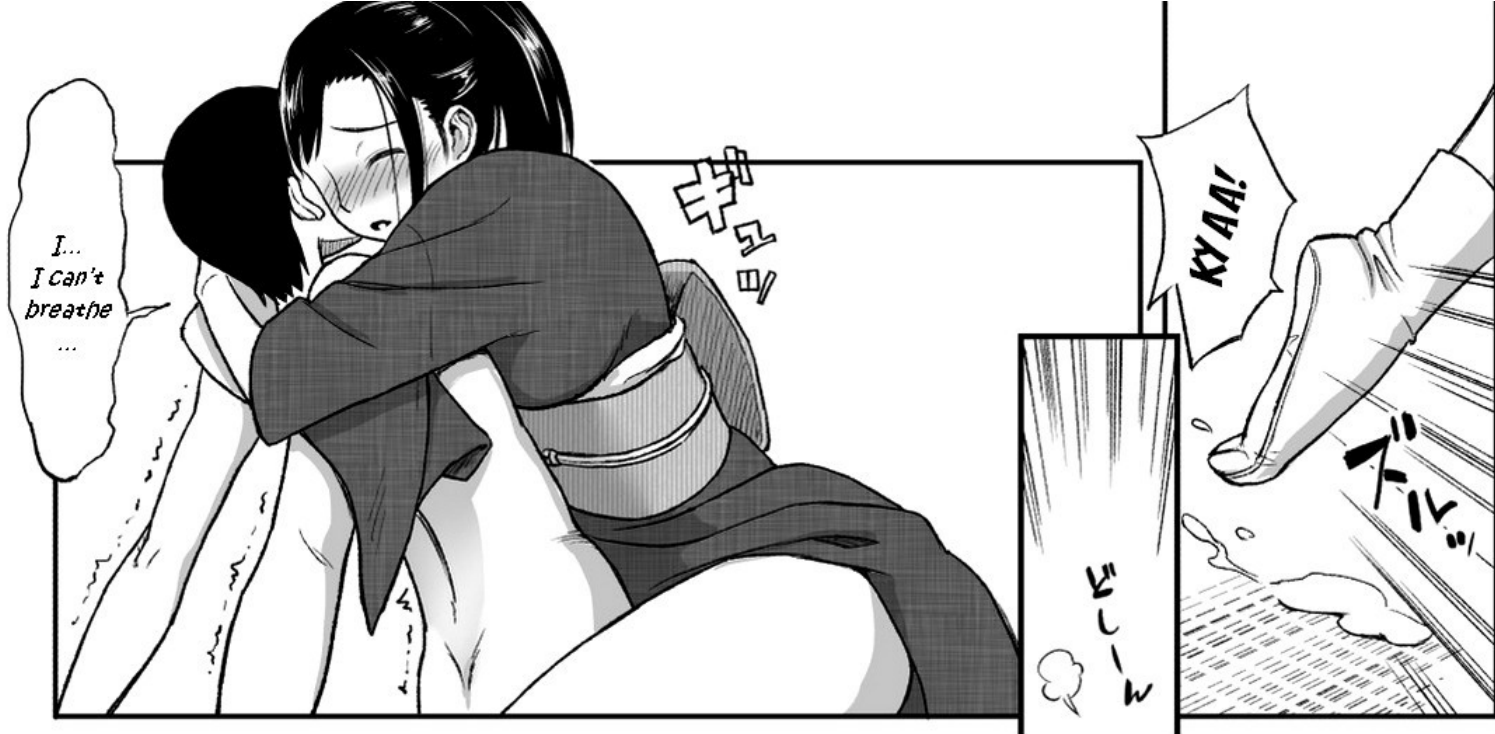

!?

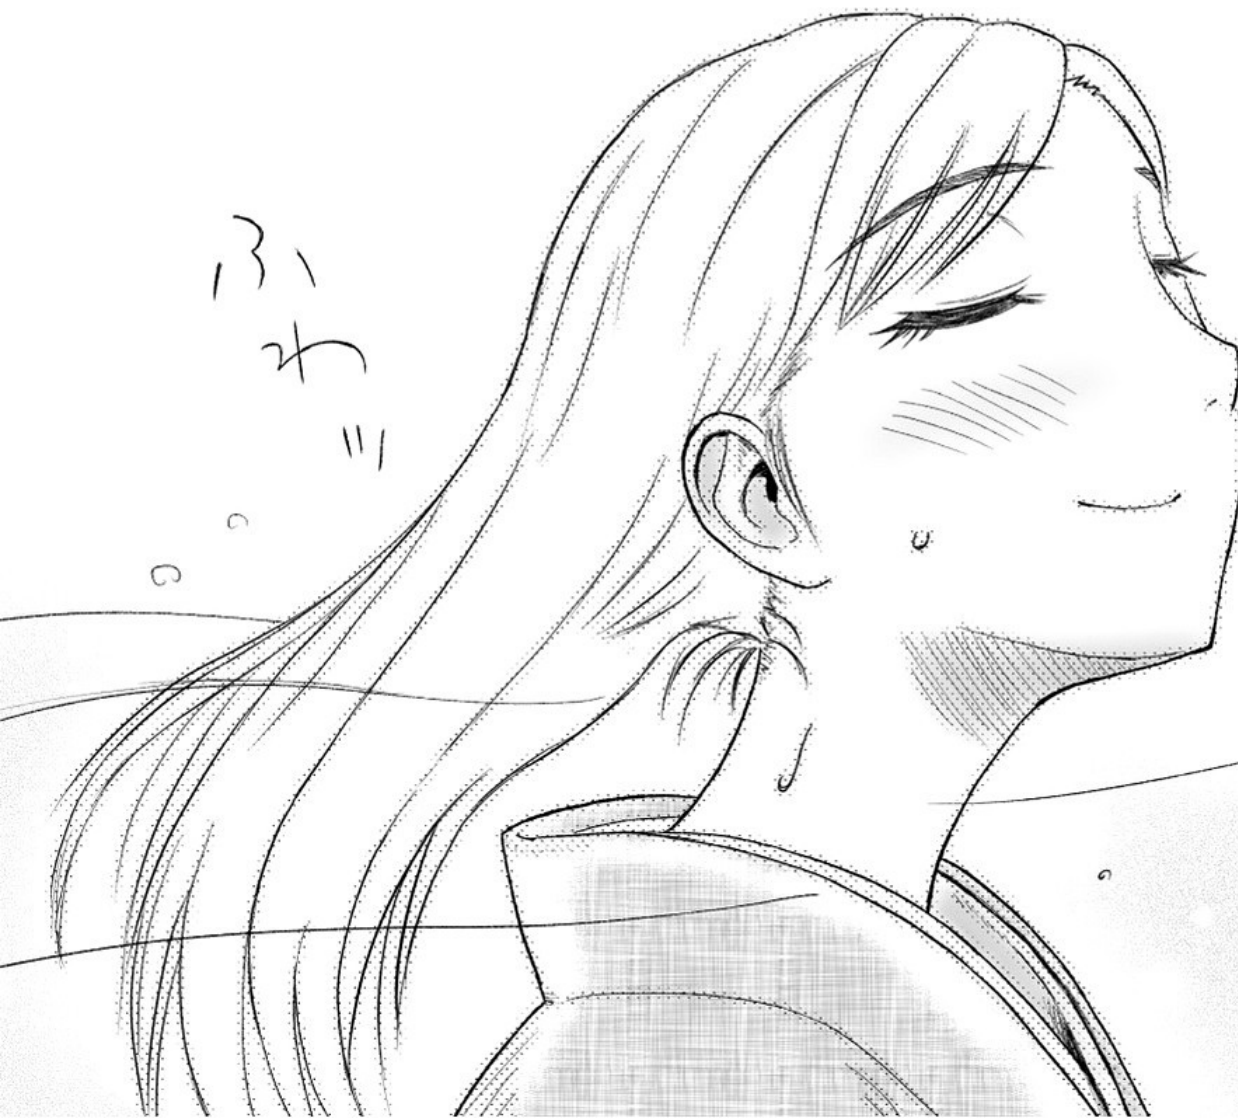

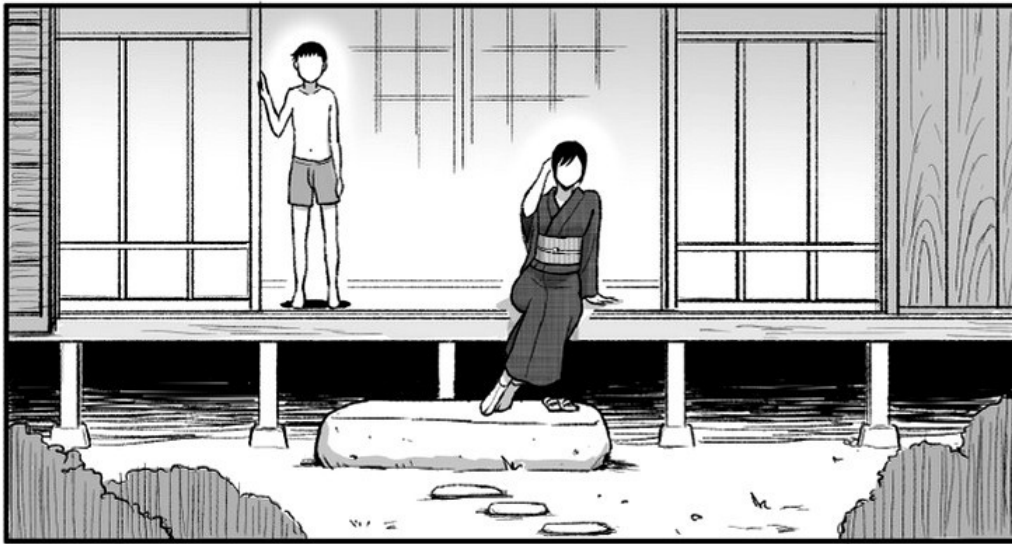

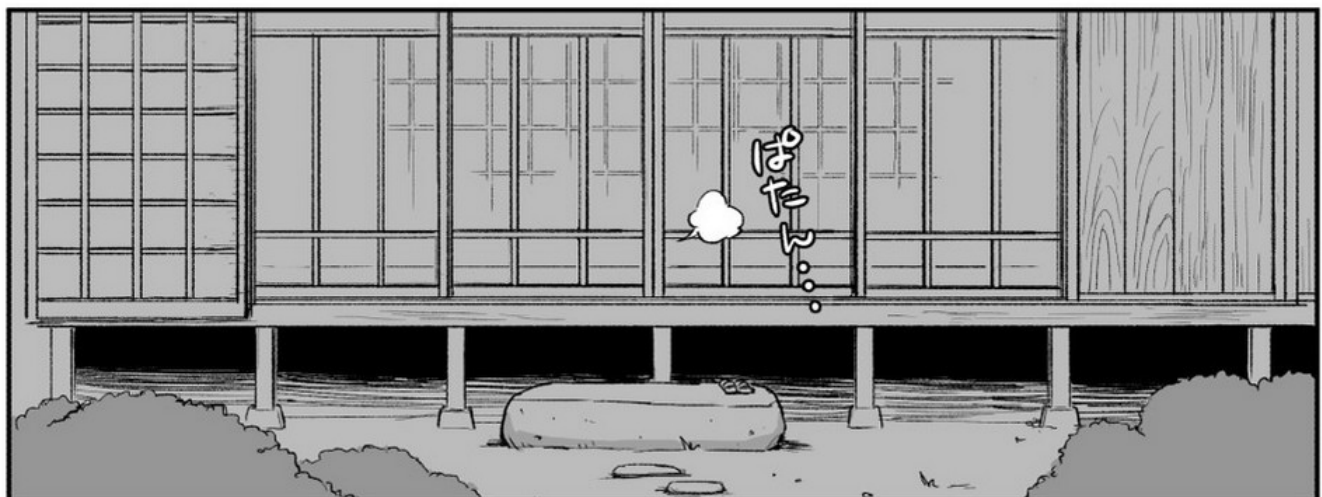

The
wind
feels so
nice

Don...
Don't...
be so
rough

Ahh...
this is the
first time
I've felt
something
like this

AH!

AH!

AH!

AH!

AH!

AH!

I'm... I'm
kissing my
son while
having sex
with him...
Aahh...
More...

NN!

NNN!

Fuck
me
more!

I wonder
if this is
his first
kiss...

You're so amazing... Why are you so good at this...

I... I'm glad you were my Calligraphy sensei, mom

Don't overexert yourself. You can go at your own pace

Okay

How can you be so good at this?

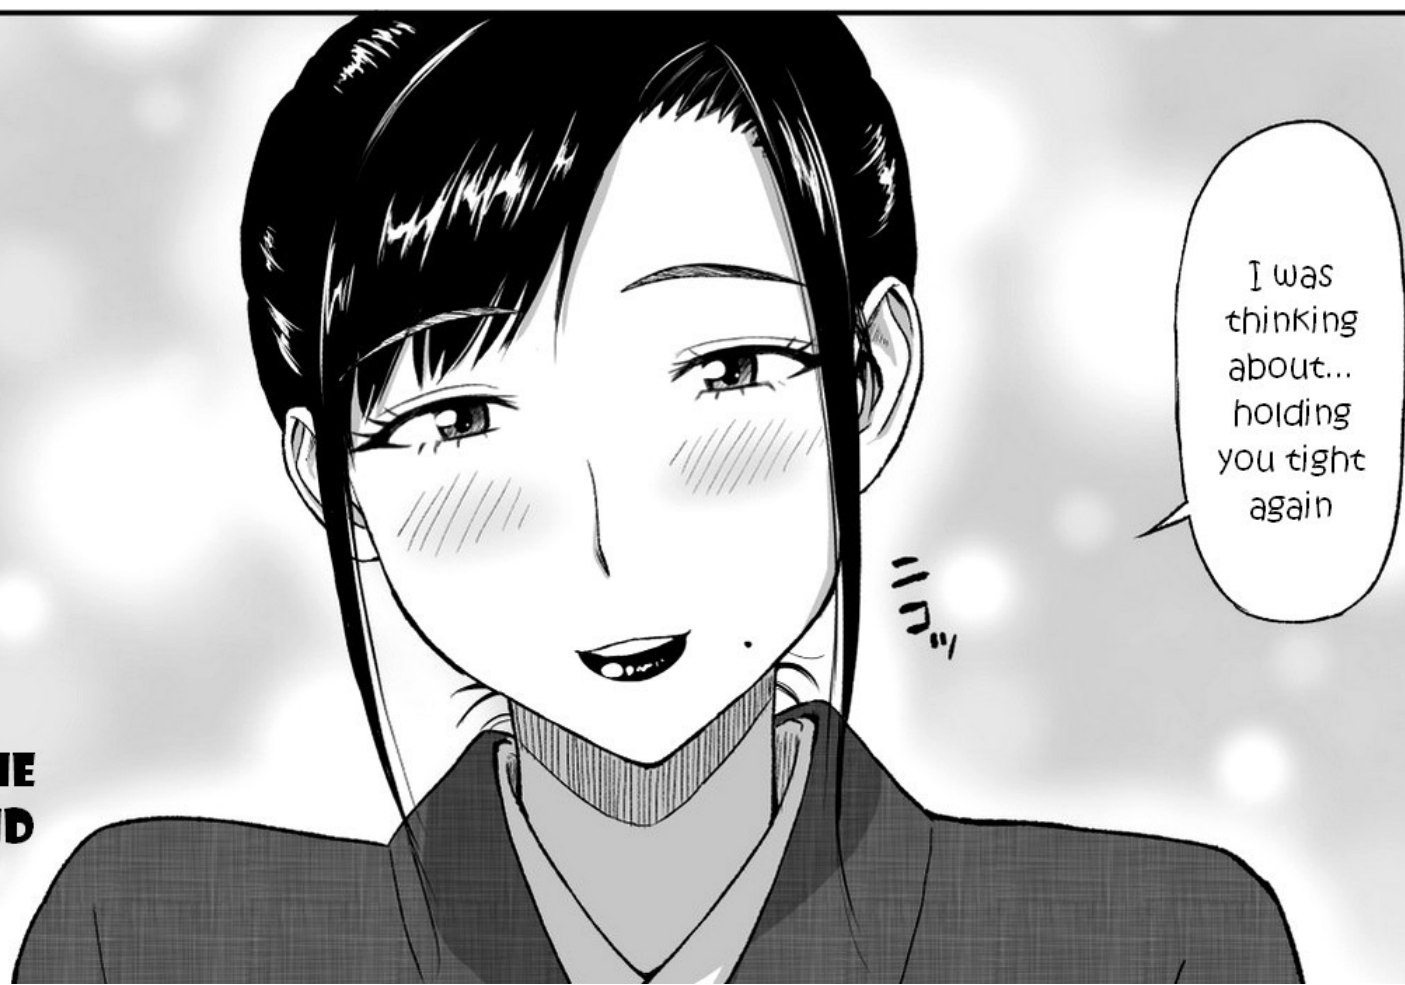

Teach me more, mom, I want to learn more
