◆ Afterword + Work summary

Welcome back or nice to meet you, Ayano here.

This time I made an original work, milky schiller.

I actually started making this two years ago, during summer, but I was so tired because of comiket that I just gave up halfway through and released it as an incomplete copybook.

This time, I got my revenge match with it.

I guess you can do anything if you stake everything on it.

This time, our story follows a heroine that finds a condom her boyfriend used to masturbate, and ends up bringing it back home with her in the heat of the moment, before ending up masturbating with it like a pervert.

I'm a bit uneasy, releasing an h-doujin without any actual sex in it, but I wanted to draw something that'd show that girls, just like boys, have perverted streaks to them.

For anyone expecting fellatio or the facial moneyshot, don't worry, I'm making a sequel to this. What perversions will she fall into, once masturbating with her boyfriend's used condoms isn't enough anymore? Look forward to that. I'm planning to release this at the Comitia114 event in November.

That's all for this time.

Let's meet again in the next work!

I'm always announcing any new works on my site, twitter and pixiv. They're all printed in the credits page, so check whichever one you prefer!

PS: The next pages are my initial drafts for the characters and setting, enjoy them if you like
