However, even if your cute little sister can be difficult to handle, there are a number of tactics you might employ to close the distance.

Siblings. Most people consider it unusual for brothers and sisters to get along with one another.

When you get in a fight, don't let it drag out. End it quickly.

Stupid Onii-chan!

Wait, Chika!

Of course, siblings will fight from time to time. However, these times are in fact the perfect chance to grow even closer.

Why are you always so mean, Onii-chan!

I said no! You're not gonna change my mind.

First, wait about an hour so each of you can calm down. Patience is key here - rushing will only make things worse.

They say heavy rain strengthens the foundations. This is in fact the key to a healthy sibling relationship.

Now,
just let
your
sister
mouth
your
genitals
to her
heart's
content.

If you can endure and maintain your composure here, you'll make up with your sister in no time. Soon you'll be even closer!

Now, while your penis will be very sensitive just after ejaculating,

Your sister will now take her time letting the taste of your manhood soak into her mouth.

In this case too, the hole in your wall is indispensable.

But how do I say sorry now...?

Uuuh, I shouldn't have been so mean to him

Now then, what about when it's your little sister at fault?

The most important part here is to realise quickly, since holding her mouth open for too long can get rather strenuous.

If your sister has trouble apologising directly, she'll open her mouth wide and wait by the hole in your wall.

Ejaculating prematurely here is absolutely unacceptable.

Then, in order to maintain your dignity as the older brother, it is crucial you fuck the living shit out of your sister's face.

NGOH!

Push your

That said,
irrumatio will

a good idea
to ejaculate
in a timely
fashion.

Now that
your sister
has a
reassuring
belly full of
semen, your
relationship
should be
better
than ever.

As you
can see,
correct
applica-
tion of
the hole in
your wall
makes
sibling
relations
a piece
of...

For that situation, let's take a look at another method.

What's that?
There's no hole in your wall!?

Well, it is true
you're not guaranteed
to be in
neighbouring
rooms, and
it's also not
uncommon
for siblings
to share a
room...

Sure!

Homework is
a struggle
for every-
one, so
offering
your help like
this is a
useful tool in
making up.

Kaho, let
me help
with your
homework

If you want
to apologise
after a
fight, start
by sitting at
your sister's
desk in
battle
formation
with sword
in hand.

Let's
take a
looksee~

What sort
of homework
do we have
today?

I think...
I just have
math
today.

Hmm hmm,
I see,
multiplying
fractions
is it?

This part
here, with

Of course you can't help your brother's homework, and you don't have enough money to buy him a nice present,

Well then, how about you little sisters out there without wall holes? What can you do to apologise?

A black and white manga panel showing a boy with short dark hair looking surprised. He is wearing a jacket. The background is a simple room with a door and a window. There are sound effects 'カ' and 'チャ' written above him.

Slipping into your brother's room while he's away and leaving your present on his bed will make for a lovely surprise when he gets home.

So at times like this, it's best to go with something hand-made.
