Where are yours?

Let me read it after then.

Do you have a pen and a paper?

I wanna write something.

No, I won't.

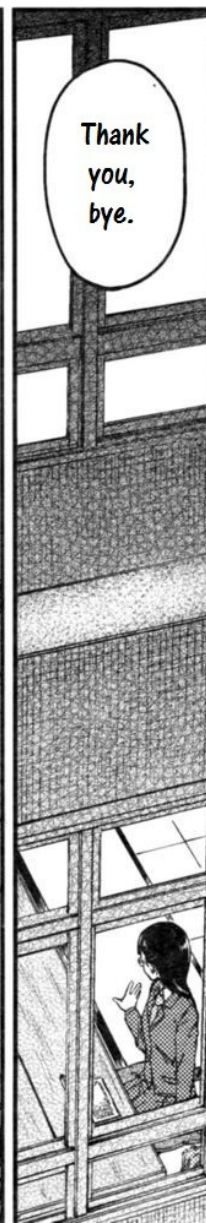

You don't have to sit that far...

...You'll criticize it, so no.

...Ha...

Thank you, bye.

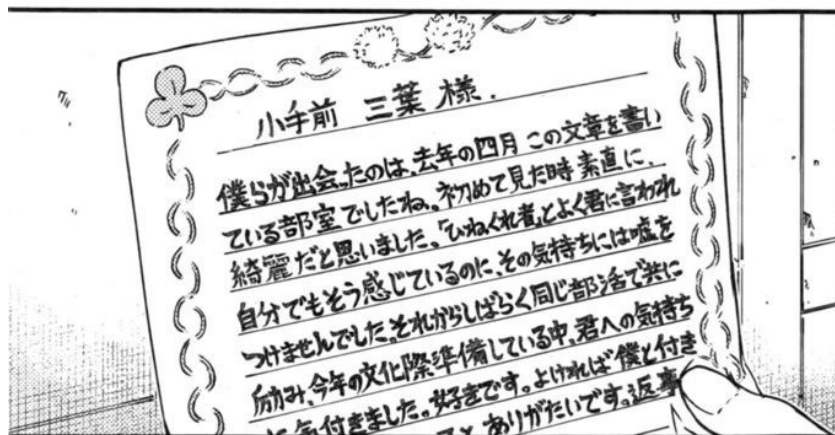

I'll return it later.

We were just preparing for the school festival.

Sorry...
The student council meeting got dragged on.

But it's good that Kaito-kun helped you out, right?

No...! It's just Kaito messing around!

What's this?!
A love letter?!

好きです。

*I love you.

Looks like a love letter.

...tell you..
in person...

Because...
That...
matter...
I need to...

...Why not
just call
me?

You even
judge a love
letter that
you've
received?

Couldn't you
have written
something
concrete?!

I haven't
gotten a clue
what do you
like for in
this letter!

As for
something
concrete,
well...

But...

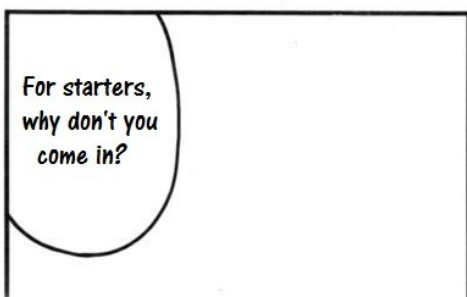

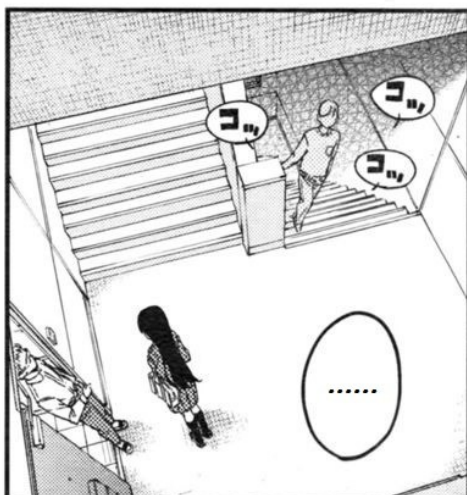

...Yes.

I feel
the same.

...And
your
answer?

For starters,
why don't you
come in?

Wh...?!

Hundred
?!

Tell me a
hundred
things that
you like
about me!

I'm from the
literary club,
so I expect
you to
describe
them!

...I thought
what I like
about you.
Many things
came to mind.

ぽん。

I didn't answer
you that
I love you.
I'm sorry...

What
happened
?!
Gloomy

どよ〜ん

!?

カッパッ

Coming
in.

Kotemae?

.....

But I also
like how
troublesome
you are.

Don't say
"trouble-
some".

I don't like how you look at it with scrutiny...

No... It's just looks prettier than I thought.

...What do I compare it with?

For example, in porn, pubic hairs look thick.

Uh-huh... M!

Can I stick a finger in?

I'm kind of a gloomy person.

So, even Kaito watches it.

No...
My voice...
It sounds...

Perverted...
for some
reason...

Mh...

I can't
hear it.

I want to
hear your
voice.

...Wow, it
feels great
with a finger.

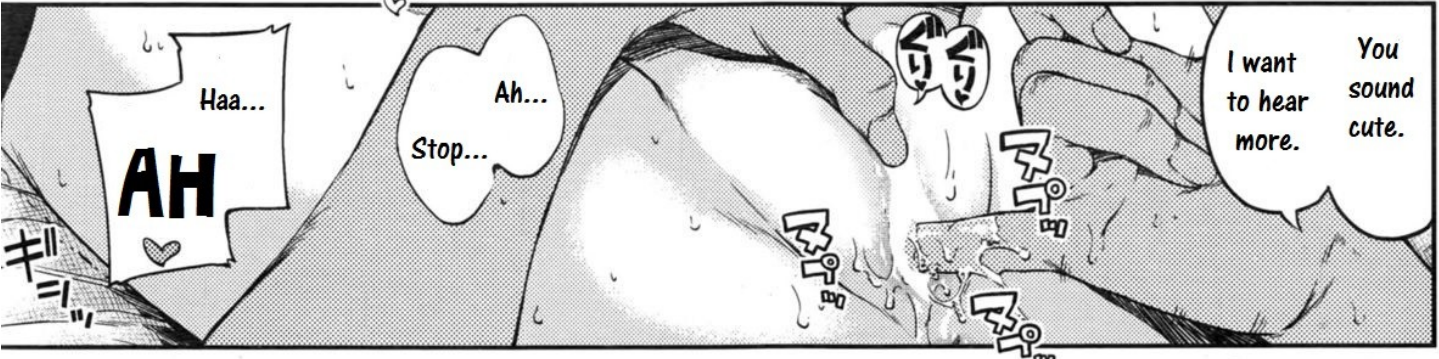

I can
stick
it far.

M...

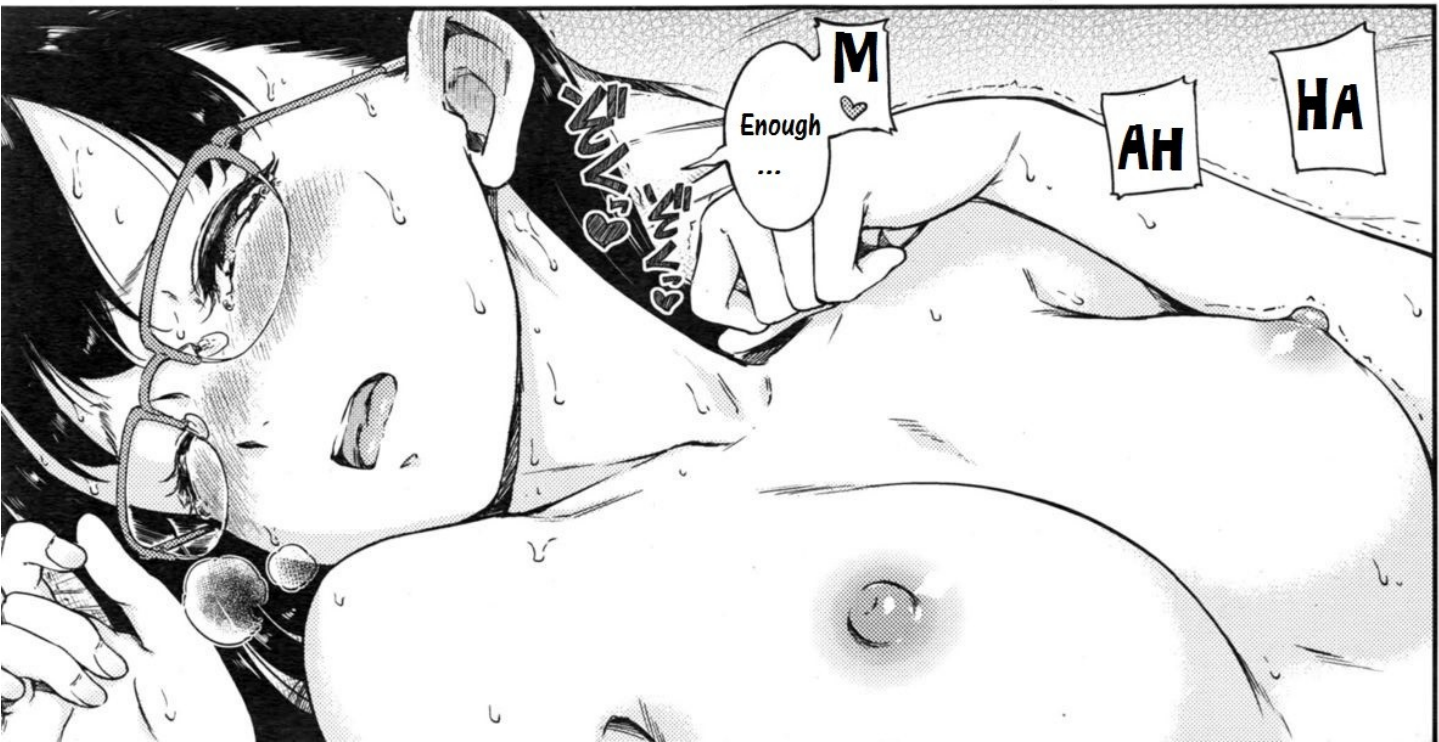

Haa...

AH

Ah...
Stop...

I want
to hear
more.

You
sound
cute.

..Mh?

Um, sorry...

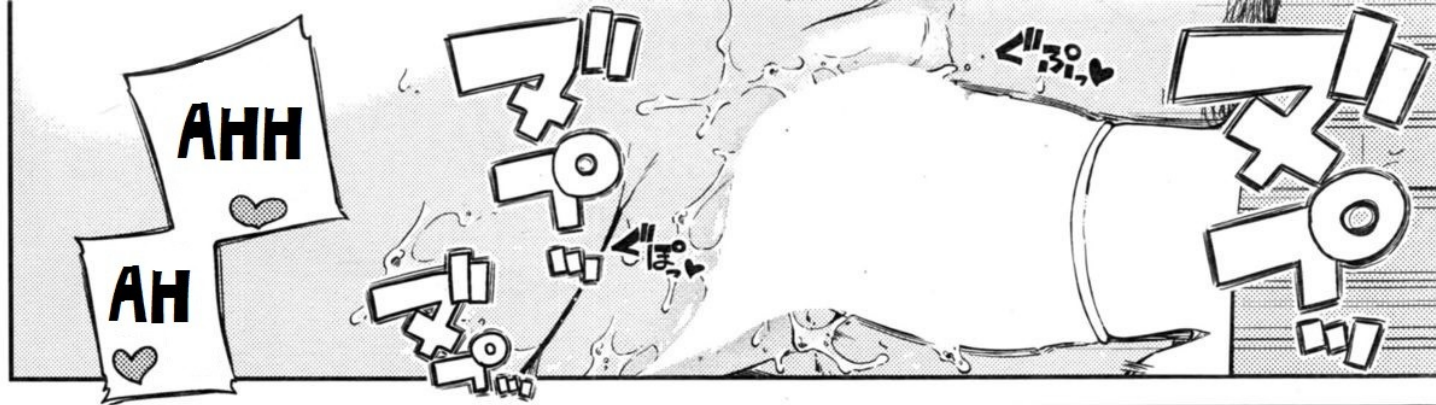

What's so funny?

Why not try one more time? ♡

But isn't this embarrassing?
