

Long story short, she's a very sadistic girl who loves orgasm control. Being on the receiving end of that particular fetish is really tough, but...

I've been in this sort of relationship with my beloved upperclassman, Sakura, for several months now...

I'll be honest... I'll do anything to see more of that.

Whenever she teases me, her eyes start to shine and she's so beautiful while watching me...

"You won't be able to cum!", she said, so I thought it'd be the usual... I had no idea things would take this turn...

Are you enjoying yourself, you sadistic gorilla?

He's been writing this orgasm control series for three and a half years already. His stories are packed with love, resilience, stubbornness, a pinch of ingenuity and lots of desire to control. Get hyped for his very first solo tankobon

AVAILABLE IN SUMMER 2016!!

Find all details at the end.

His body will be changed permanently if he doesn't ejaculate within 12 hours.

It numbs the nervous system among other things, and that's why he can't ejaculate. It's a real emergency!

It was made by mixing porcine DNA with a powerful substance and was meant solely to revitalize very old pigs.

He accidentally drank an energy drink for pigs I created.

So, teach... Can you explain why can't he cum?!

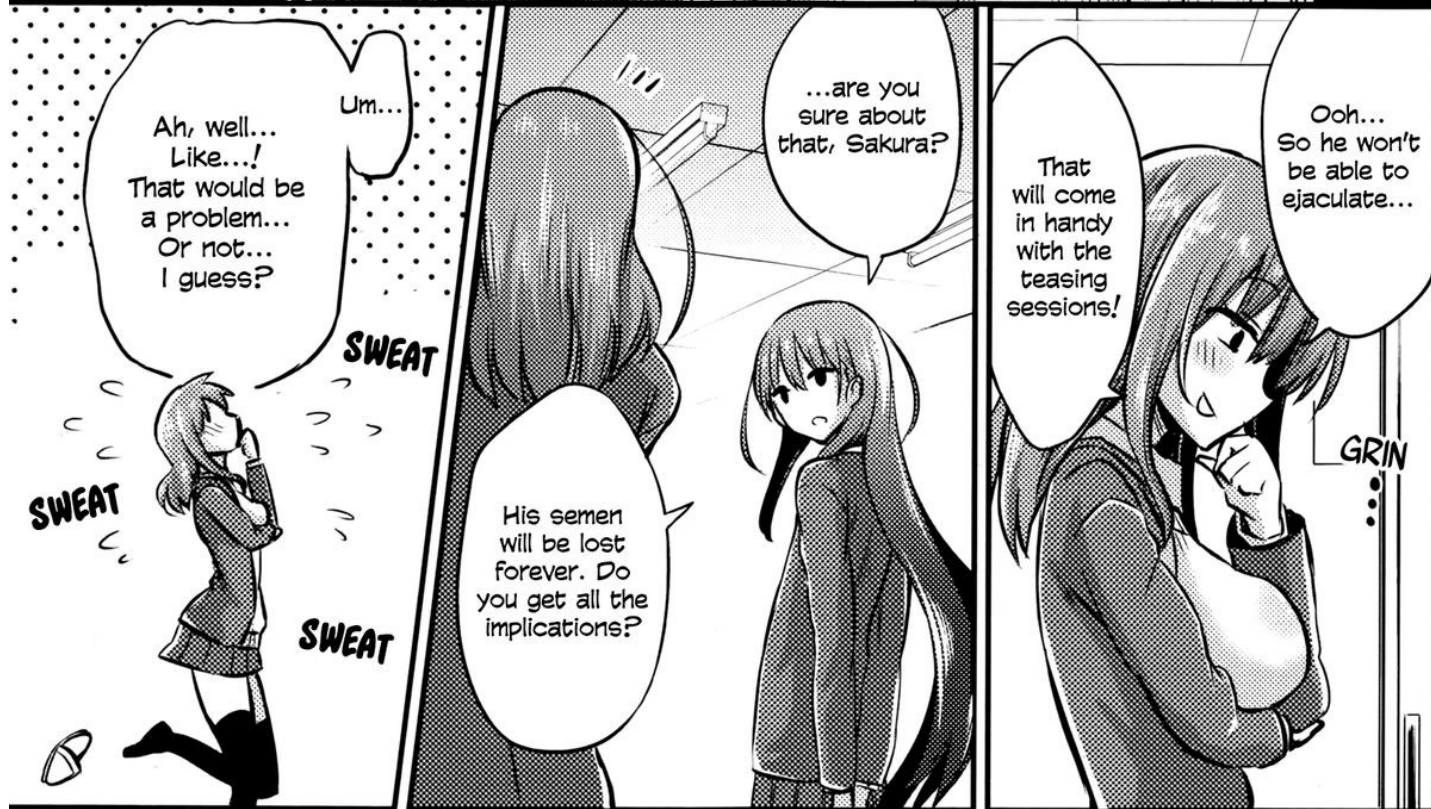

I just told you, you chimp! Listen this time!!

HMM

Ah!

C'mon girls, let's start pushing his buttons.

Lips and skin are safe to use though.

We'll stimulate all his senses: sight, hearing, touch.

Alright, the goal is to arouse him and make him ejaculate!

Just don't use your vaginas because there's a risk of damaging the womb.

Uhm... Well...

Ah...

What?

Eh?

CHU!

Shap!

Ah!

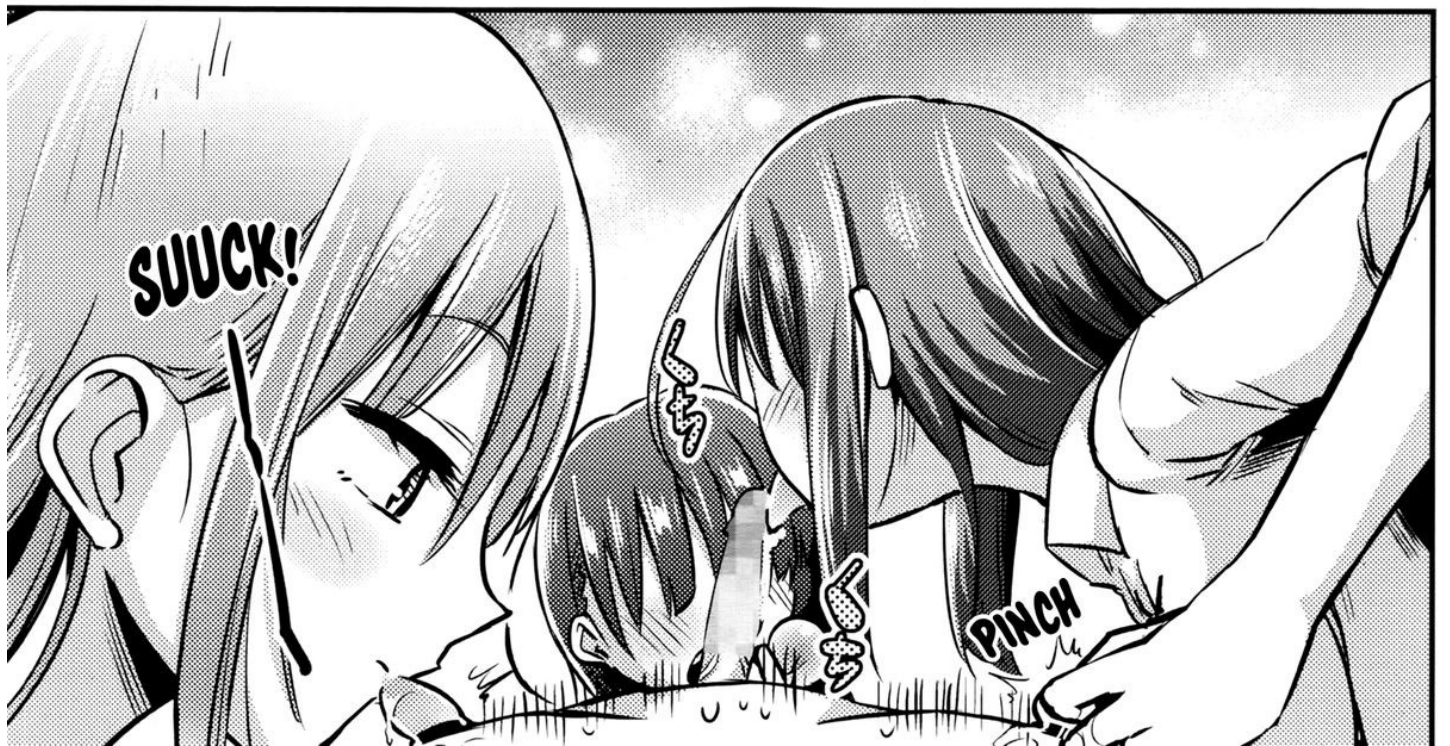

Sorry, I don't know who is a couple at this school!

...What's wrong? Is he your property?

UUUURGH!

It's like my body is melting in an endless stream of pleasure!

It feels so good...! And what I'm seeing is other-worldly...

But my mind and body are drowning since I can't ejaculate! I feel like my sanity is drifting away...!

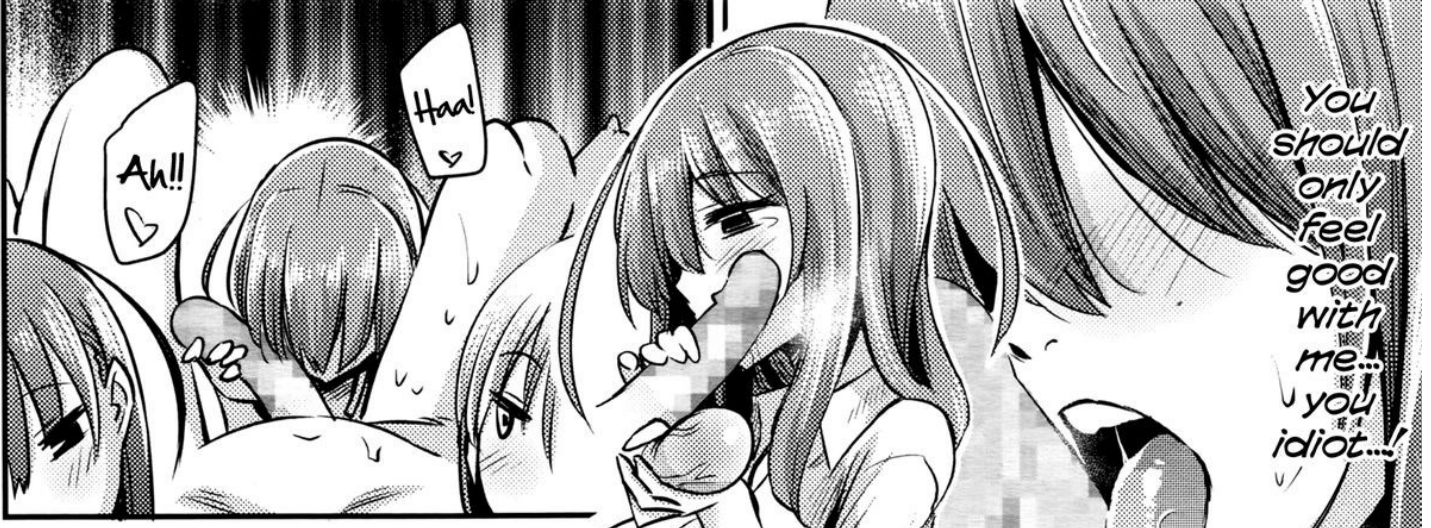

LICK! **GLSH...**

Waves of pleasure are crashing over my mind...!

AH! **AH!**

You should only feel good with me... you idiot...!

No, not there!!

Hi! good!

So deep...!

So gh-

Sa ku rah...

Too hard!

Haal
Haal

Haal Haal

The frustration that comes from the inability to cum will just keep increasing.

His body will drown in pleasure and pain until he finally releases...

...I wanna ghum!

He's cumming with his brain!

What's going on? He's not ejaculating.

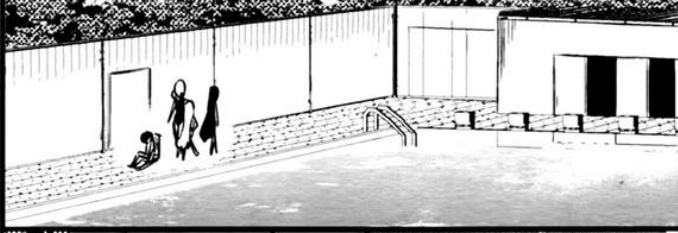

...I knew you were a soulless monster! C'mon, let's keep going.

What about you? You can wait outside if this is too painful to see.

He'll look even more pathetic and wretched as we go on...

You look like a grade schooler!

Shut your trap, cow!

I've also reserved several of the school facilities for this.

These always arouse men. I've prepared other clothes for later as well.

What's with the school swimsuits, anyway? We're gonna get naked right away.

DRAG!

JUST SHUT UP AND GET NASTY, DAMNIT!!

KII

I'M DOING THIS FOR YOU, YOU BUNCH OF INGRATES!!

Please take it off, it's embarrassing...

Haa... Haa...! Where did you f-find mine?

I think it's working, you know? φ

Σεξεξεξεξ...
Σεξεξεξεξ...

Crap... Well, let's get to it then.

His skin is hot and he's shaking all over... Nice reaction.

Although I don't think this will be very arousing. φ ψ

I'm cumming!! φ

Cumming! ...!!

Already?

I'm gonna cum! ψ

Uwa Aah! Owa Aah! Slide...

Definitely the first time. A day of firsts...
SNAP!!
Don't look at me!!

...anyway, we're gonna cover your whole body in this stuff now.
It's pretty nice, isn't it? It's making it stand so happily!

Is your substandard brain unable to process memories? You've done plenty of embarrassing things today...
I think you can manage that embarrassing stuff by yourselves!

Hey, S&Monkey! Come and join us!

An
gh!! Cum-

Ohum
min!!

This didn't work either... There's no end to this...!

He didn't ejaculate. Another failure.

It really looked like it, but...

Agh...

Ah...

uah...

You made such a powerful drink...

HO HO HO...

Hey!!
What the hell have you been doing to your underclassman?!

It's bizarre. It's almost like his body is extremely used to holding it back.

...Oh m-man!
I have no idea!
What are you talking about?

I can't believe he was unable to ejaculate despite all we did...

You're impossible! Look, I'm even willing to do this!

You should be cumming in seconds!

I don't even know how to better pleasure you...!

And then this happens...

Ah!

Ah!

I've never seen your balls get so swollen... You really want to cum, don't you?

I was always thinking of new ways to prevent you from cumming...

So it's my fault, after all...

Holding back, huh...

But this won't work! He's way too used to holding back ejaculations! And we don't have time to undo his conditioning...

Oh, we've been pleasuring him all day long. A normal man would've literally emptied his balls from all this.

Oh no!
He still
hasn't shot
and it's
almost
time...!

He keeps
shaking...
It's like he's
cumming
nonstop
now!

Have I
underesti-
mated the
secondary
effects of
the drink?!

**TIME'S
UP!!**

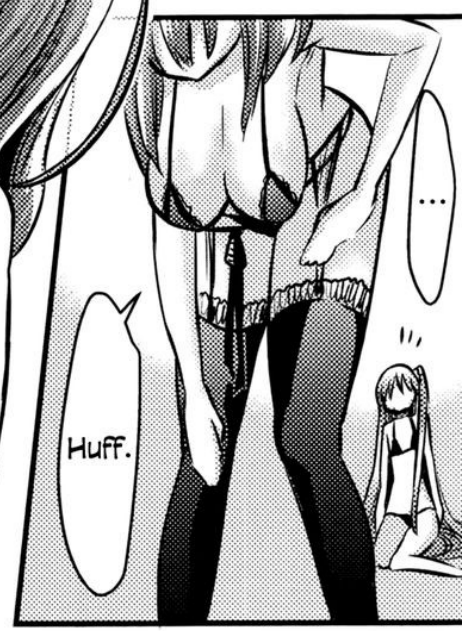

This is it...
He'll never
be able to
have kids.

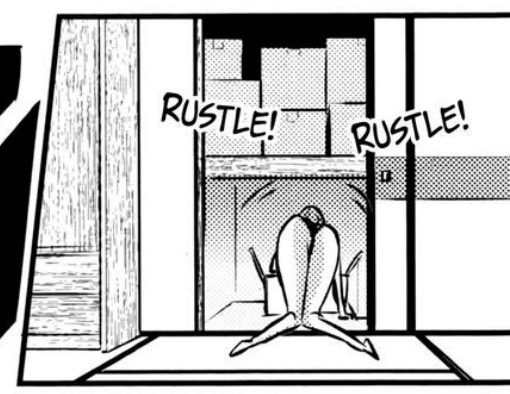

HAA HAA HAA
AA...! AA...! AA...!

...it's huge!

HUFF.

RUSTLE! RUSTLE!

Hm?

Oh

Yeah, I know.

Ah! Hey!

He won't cum even if you fuck him with that...

It's no use anymore.

Doesn't his body just beg and scream to be teased?!

I just can't help myself!...

He's unable to cum, and he'll always be...

He can't shoot to save his life no matter what I do to him...

I can push his libido to the extreme and he won't squirt a single drop of semen!

Ough! Ahn!

Uugh!

But if that's the case, I wanna tease you even harder!

You won't ejaculate ever again!

Hey! Do you get it? You've been castrated!

Then I'll make you feel reeeally good until it's time to sleep! More pleasure with no release!

We'll have dinner together, take a bath together, go to bed together...!

Then, when I'm back from work, you'll greet me at the door by stroking your useless dick really hard!

You'll stay put at home and wait for me to get back while doing the housework!

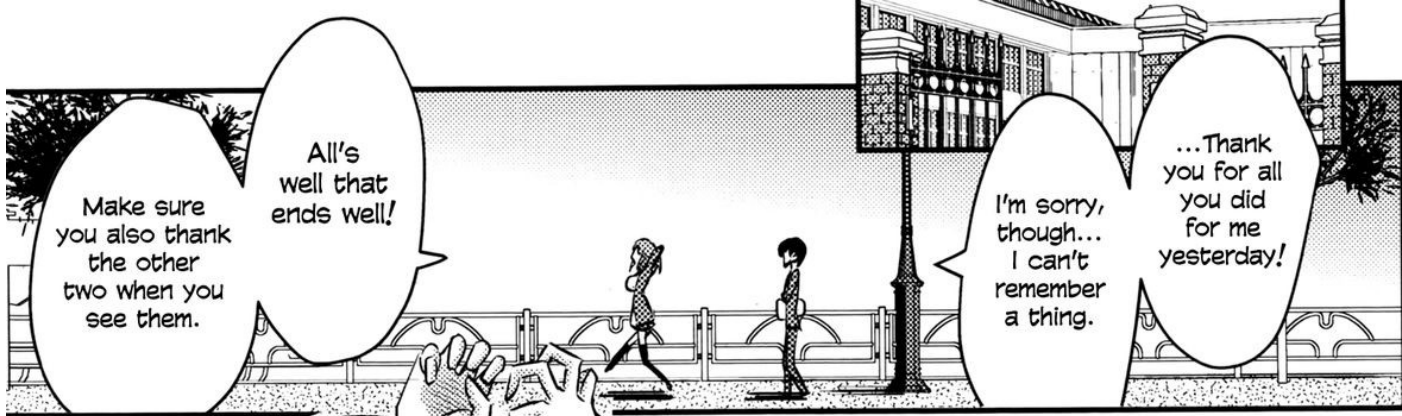

We're gonna live together and I'll take care of you! No other woman would ever want a broken man, right?!

We'll do that over and over again every single day, y'know? And every month and every year! I'm gonna make you go mad, are you ok with that? It'll be forever... Can we?

Kiss
...

Yes... That would be perfect, Sakura...

Make sure you also thank the other two when you see them.

All's well that ends well!

I'm sorry, though... I can't remember a thing.

...Thank you for all you did for me yesterday!

"We're gonna live together."

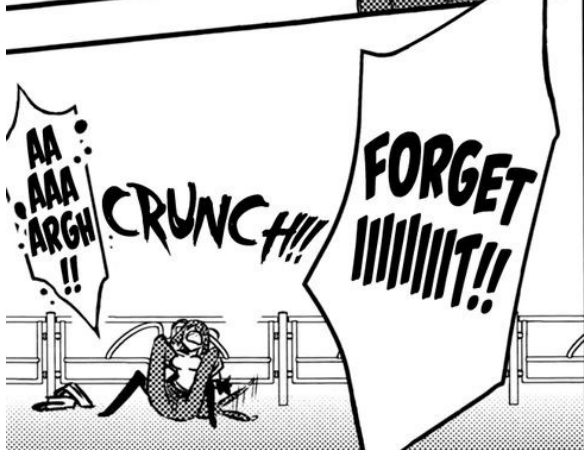

Um... Sakura? Can I ask you just...

...one thing?

Hm?

TUTUM...!!

Did you really mean it...?

AAA ARGH!!
CRUNCH!!!
FORGET IIIIIIT!!

And stuff like "you'll wait home while doing housework",

or "we'll take baths and go to bed together"...

D-did you r-remember?

Just that, s-somehow...

End

is getting you blueballed forever!!

What this is all about!...

It's been years now...

You're still waiting around hoping for sex, are ya?

Tough luck, kiddo! None of that here! None at all! No sudden reversal or any of that shit!
