
I'm heading out now
Have a nice day and take care.
OK...
Lets see, the schedule for today...
I start work at 12, so get landry done before, after that...
Ah, It's already time...
I wonder if that boy is ready?
Hey mom!!
マザーコンドーム
MOTHER CONDOM

Are you ready?
If you don't leave home early you'll be late for school!
Hey mom, listen here
Huh? Why do I have a bad feeling about this....
I just remembered I have a semen inspection!!
Please help me as I have no idea how to do it!
GEEEZ! That hurt you fool!
You just killed about one hundred million of my brian cells!
You're the fool!
Why on earth did'nt you tell me sooner!

No it would'nt
If you told me before, i would've had condoms.
The semen has to be collected in the morning , The same thing would happen if I told you before!
We don't have anymore condoms left...
That's why you tell me before so I can prepare in advance....
?
Wha!?
Oh!
I used those things like water balloons
Condoms?
Do you have the paper with the insructions on it?
right
alright
Take off your trousers and sit over there
Well, no use getting angry over it now

We're hoping to check low sperm volume and abnormality at young age's
Guide on extracting ...
What what what....?
Semen is to be collected from boys as a counter messaure to the country's decline-ing birthrate
Transfer semen into the container
Hmm... it's just like urine inspection
we're out of condoms
You'll have to cum in the container
Okay...
