

Our world, 500 years from now!

**Thanks to storm-like
development within science,
people are eating very well
and living very well.**

**However, due to the rapid
decrease in population,**

**THE WORLD IS ON THE BRINK
OF EXTINCTION!**

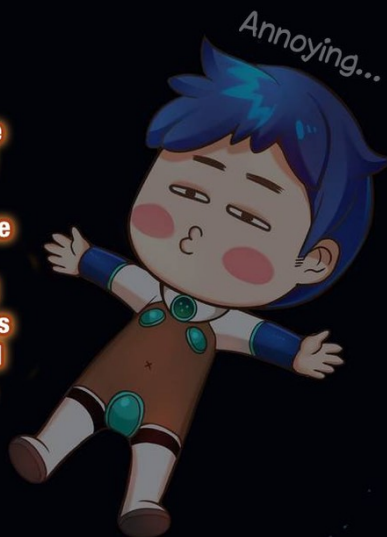

**People were no longer
falling in love...**

The reason was...

**BECAUSE IT WAS
ANNOYING!**

**Thanks to the
progress of
science,
people became
incredibly
wealthy and
their life spans
got increased
immensely.**

**To these people that were
able to achieve every kind of
pleasure and happiness there
was with the wave of a single
finger, love became...**

**ANNOYING.
CUMBERSOME.
COMPLEX.**

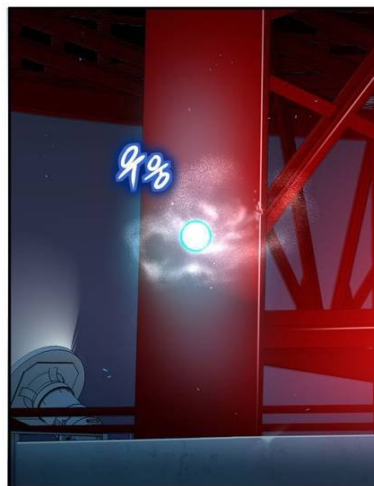

**They had lost the reasoning
behind falling in love
and procreating.**

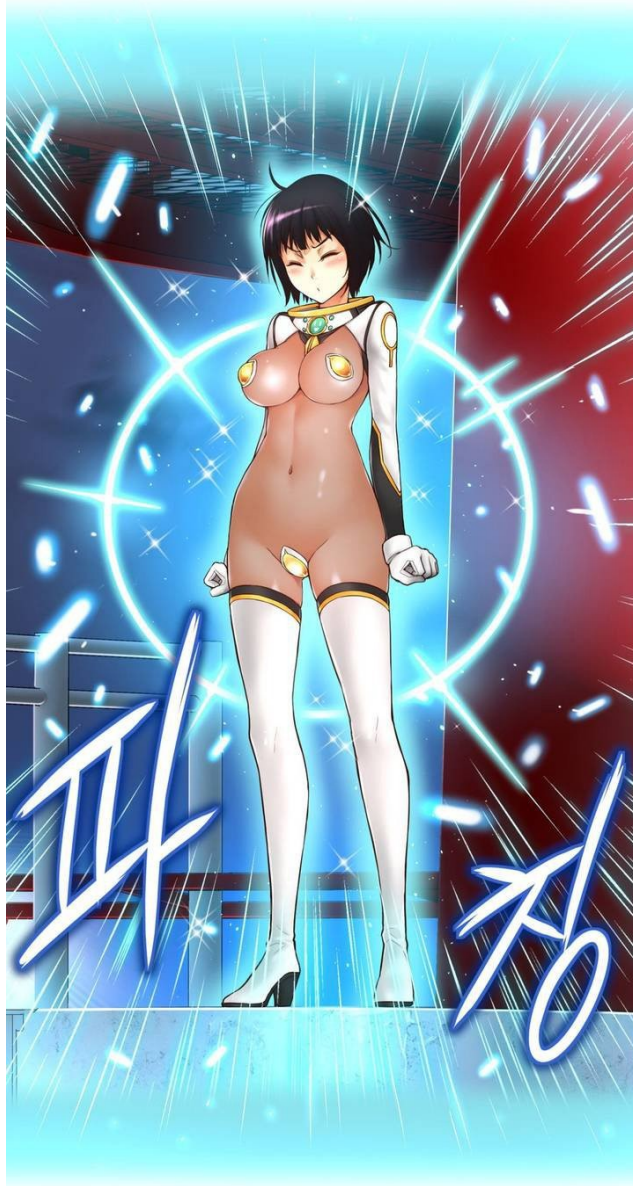

**And so, the people of the future
were living their lives with
the concept of falling in love
becoming forgotten...**

**However!
In order to rescue the world
from the brink of extinction**

**A single maiden has been
sent to the past...**

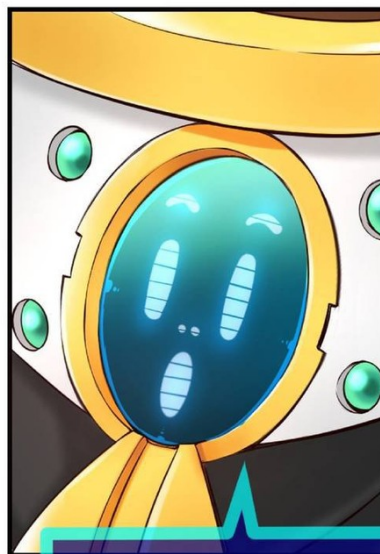

Present Day.
One summer night at
the Namsan tower.

Processing current time and location. Attempting to connect to the satellite technology of this era.

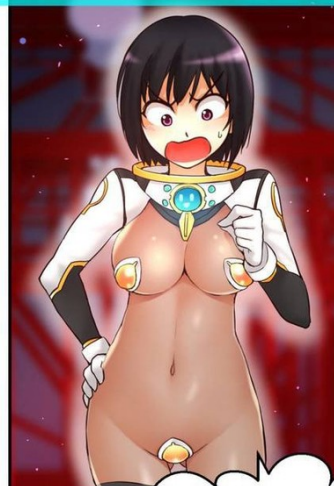

It was a success. You have arrived precisely at the targeted time and date.

I had fully processed through
every variable. This was an
obvious outcome.

What?! What
are you talking
about?

DO YOU NOT REMEMBER HOW YOU SENT ME
THOUSANDS OF YEARS BACK INTO AN OCEAN
DURING OUR FIRST ATTEMPT?

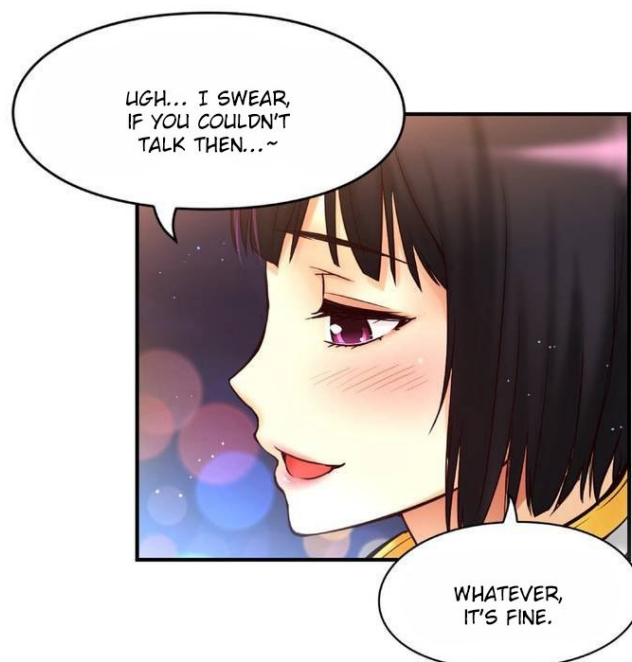

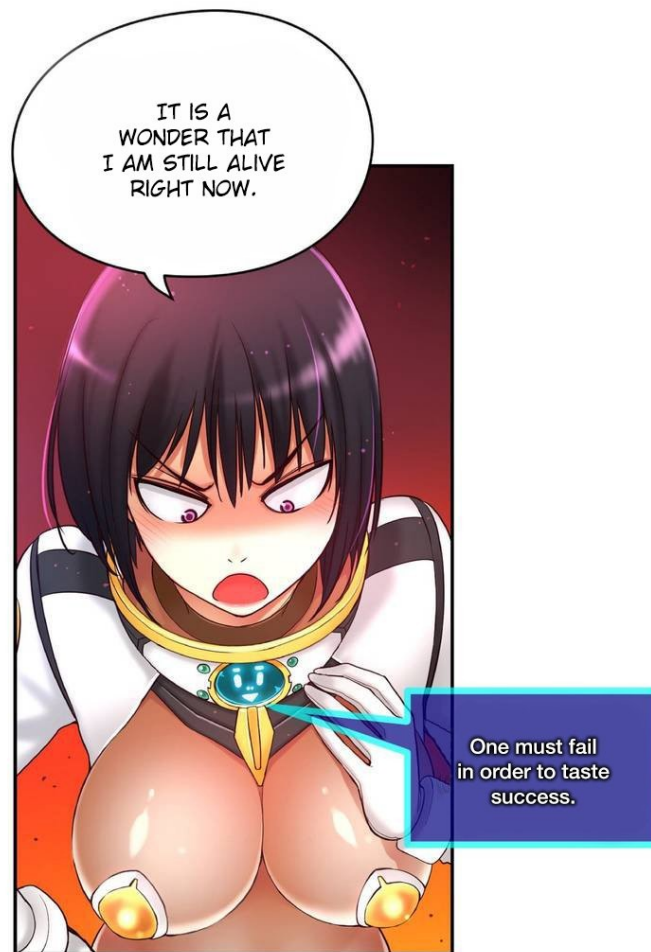

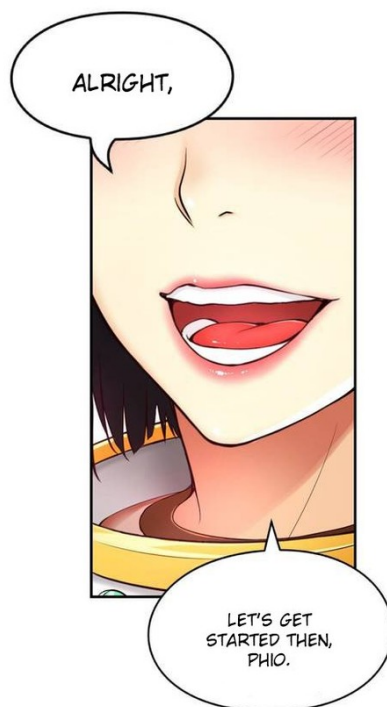

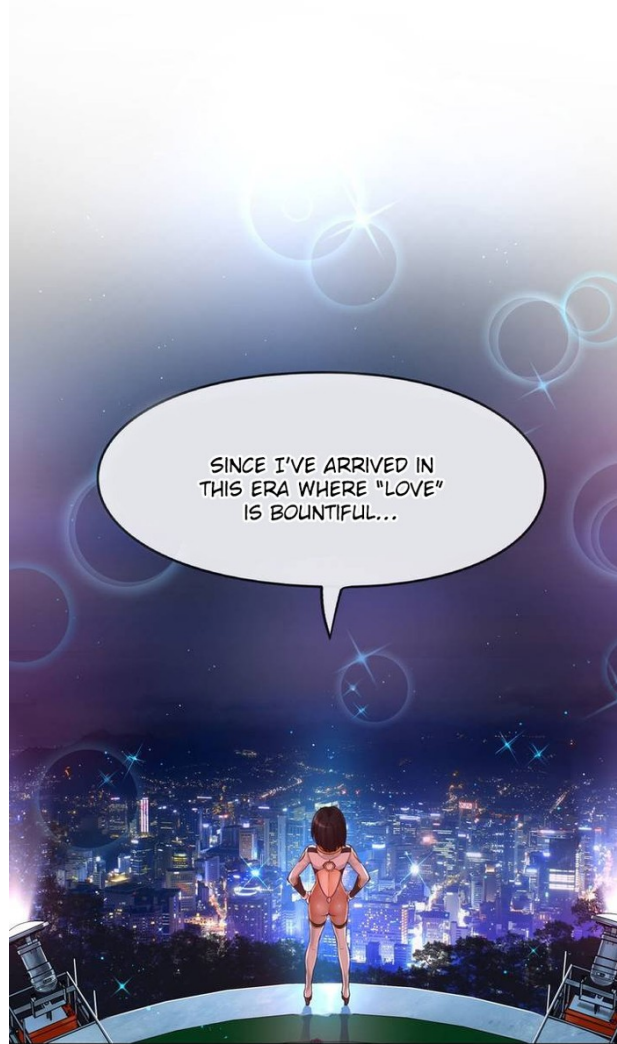

IF THAT HAD BEEN OUR ONLY FAILURE,
THEN I WOULDN'T EVEN BRING IT UP!

BUT THEN YOU ALSO SENT ME RIGHT INTO THE
KOREAN WAR! ON TOP OF THAT, I ARRIVED RIGHT
IN THE MIDDLE OF A BOMB EXCHANGE SCENE!

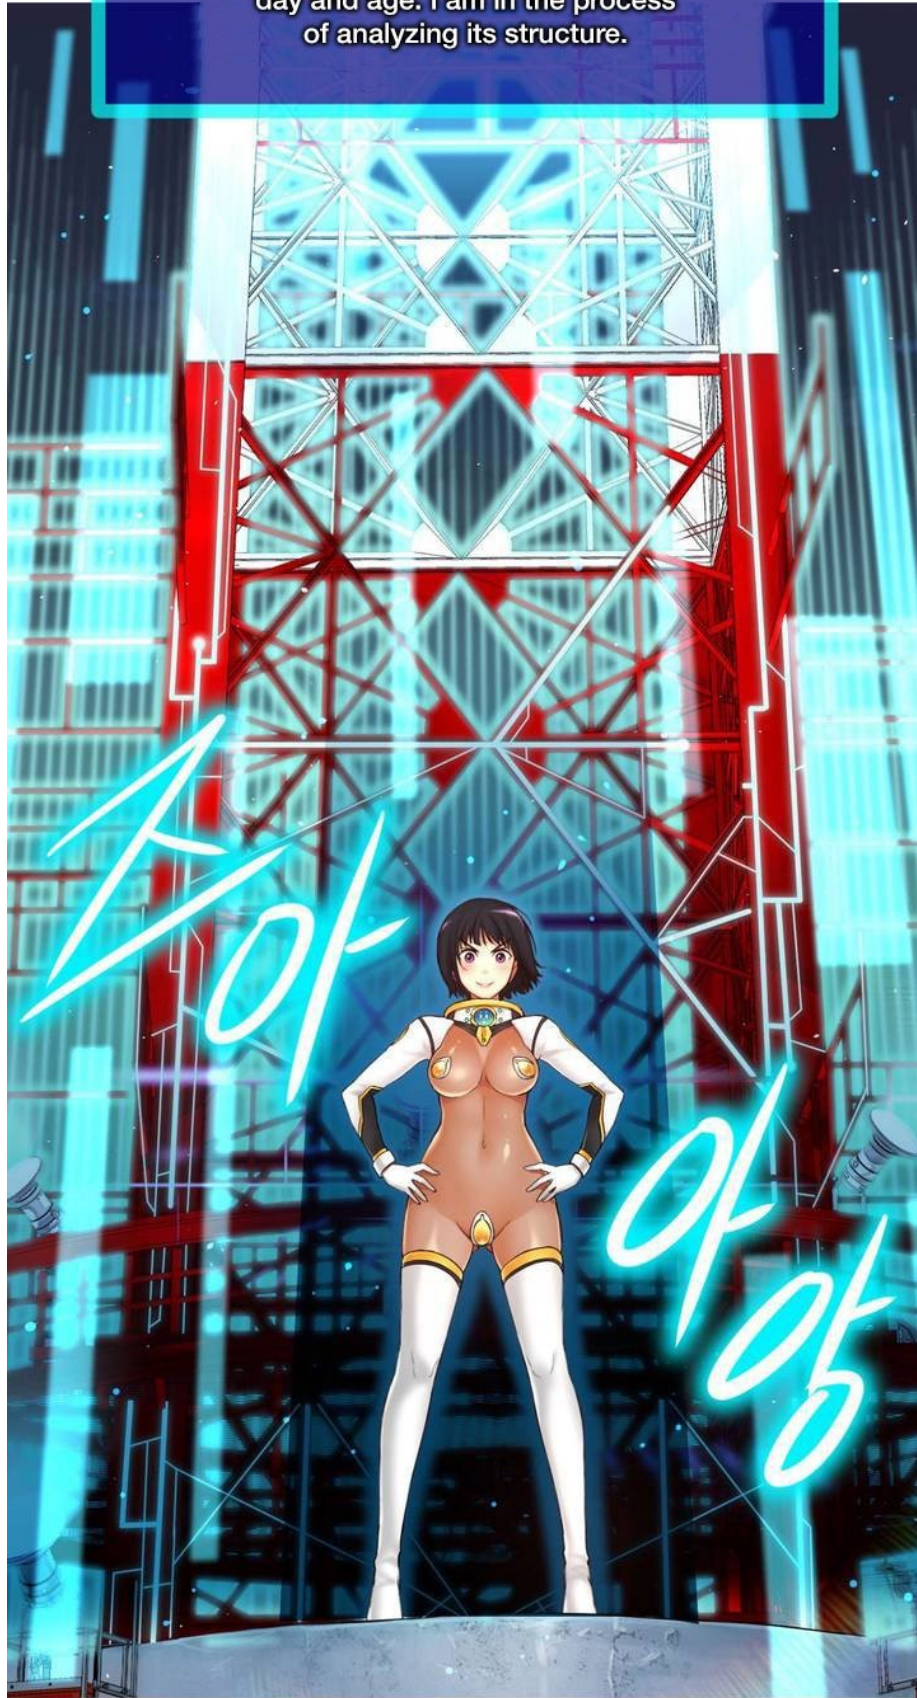

I REALLY THOUGHT I WAS
GOING TO DIE YOU KNOW?

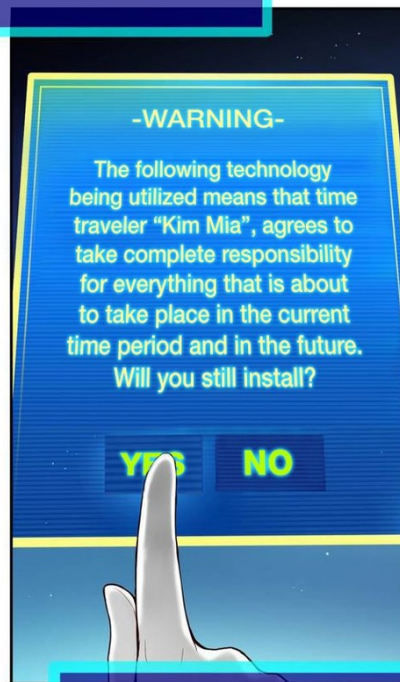

Initiating configuration of your device.
As planned, we will be utilizing
the communication facilities of this
day and age. I am in the process
of analyzing its structure.

Analysis complete.

Beginning installation.

Installation complete.
I am currently searching for our first test subjects. In the meantime, would you like to listen to the briefing instructions that the professor left behind?

NO... I'M GOOD.

I'VE MEMORIZED
EVERYTHING SINCE
I'VE HEARD IT SO
MANY TIMES...

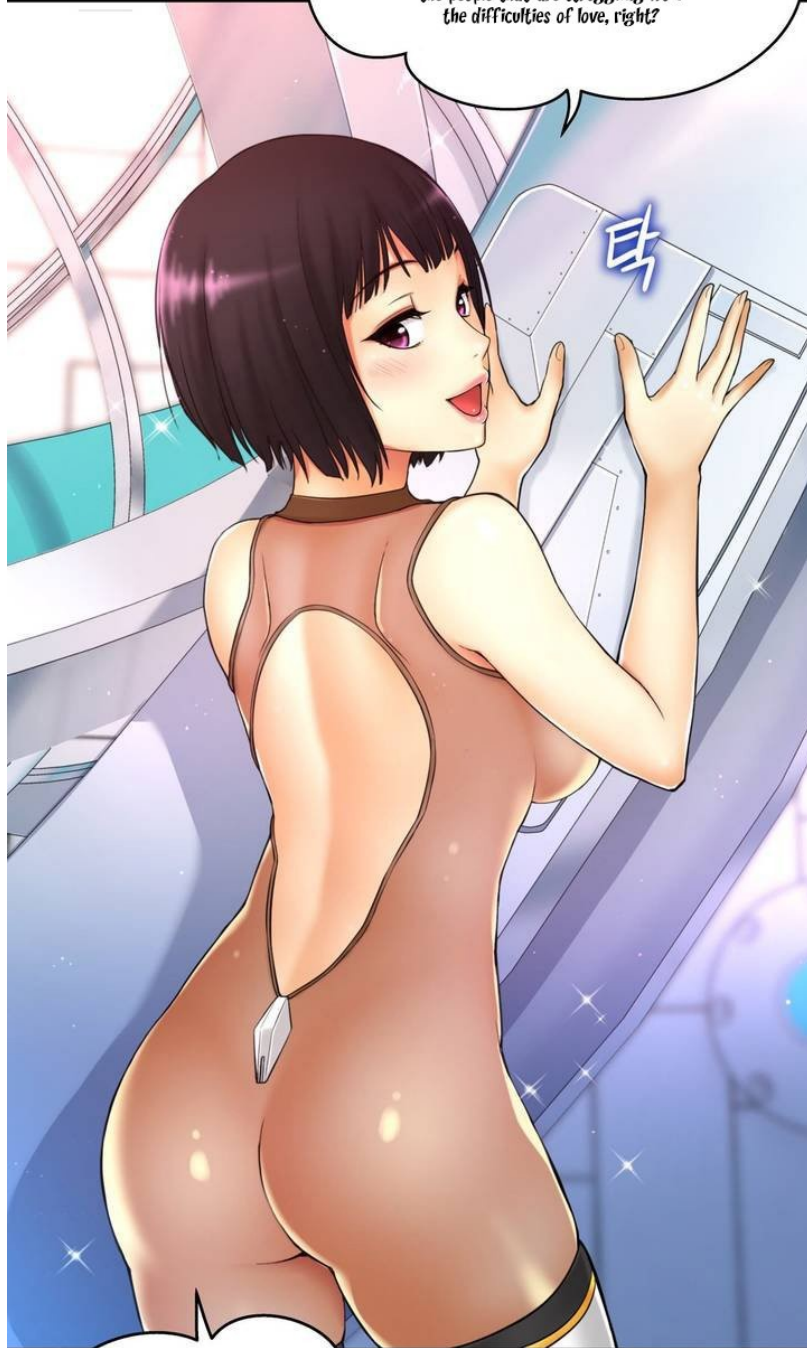

MIA. LISTEN WELL.
THE GOAL OF THIS TIME
TRAVEL IS TO...

PREVENT THE POPULATION
DECLINE OF OUR WORLD
THAT IS ON THE BRINK
OF EXTINCTION.

*I am to go to a
time period in the
past where love is
bountiful.*

*And I'm supposed to utilize the
"love activation tools" that the professor
has developed, in order to help out
the people that are struggling from
the difficulties of love, right?*

*After testing out
various tools, I am to
choose the tool that proved
the most effective at
"activating love"*

*In order to supply it
to the people of our time
so that we can increase
our population.*

ALL THAT'S LEFT IS TO PRAY THAT A TOOL DOES EXIST THAT WILL ALLOW THE PEOPLE OF OUR TIME TO FALL IN LOVE AND ESCAPE FROM THEIR "ANNOYED" STATES.

JUST MAKE SURE YOU SEND ME TO THE RIGHT TIME PERIOD. IT'S NOT LIKE I CAN TEST THESE TOOLS OUT ON DINOSAURS.

YOU WILL SUCCEED THIS TIME.

YOU SAID THAT THE LAST TIME YOU KNOW?

.....

Well... It's fine. There are times when it gets dangerous but...

Something always works out as long as Phio is around.

You should be relieved that it's me who is doing this. If it had been anyone else, I'm sure that they would have abandoned the project already.

.....

MIA. COMPLETING THE MISSION IS IMPORTANT BUT THERE IS SOMETHING THAT I WOULD LIKE FOR YOU TO ACHIEVE NO MATTER WHAT.

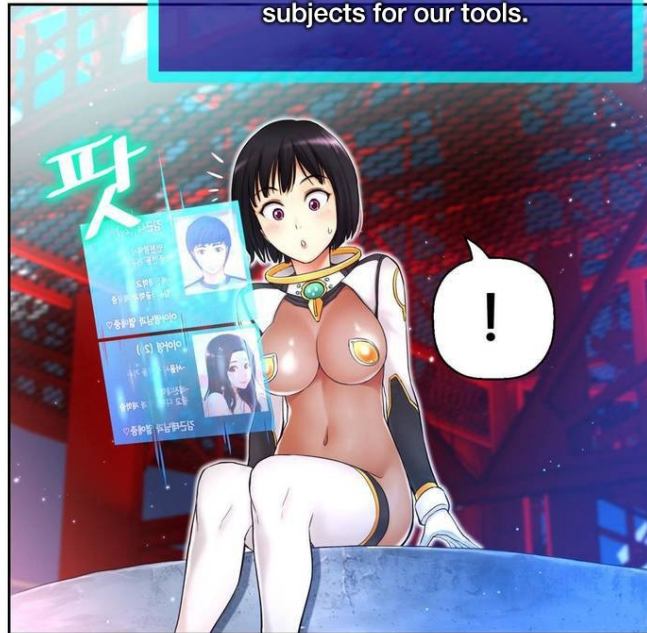

What? Okay, tell me then~

WHAT I WANT...
IS FOR YOU...

WITHIN THAT TIME PERIOD,
YOU MUST...

Search complete.
I have located the first test
subjects for our tools.

*Heveung?
Don't you think they're
a little too plain?*

This is the result from all
the data that I've gathered
through every record
they've left on social media
networking sites.

At this time, they are
currently staying together
in the same building.

IS THAT
SO?

ALRIGHT. THEN LET'S BEGIN
RIGHT AWAY. PHIO, TRANSFER
ME OVER TO A LOCATION
NEAR OUR DESTINATION.

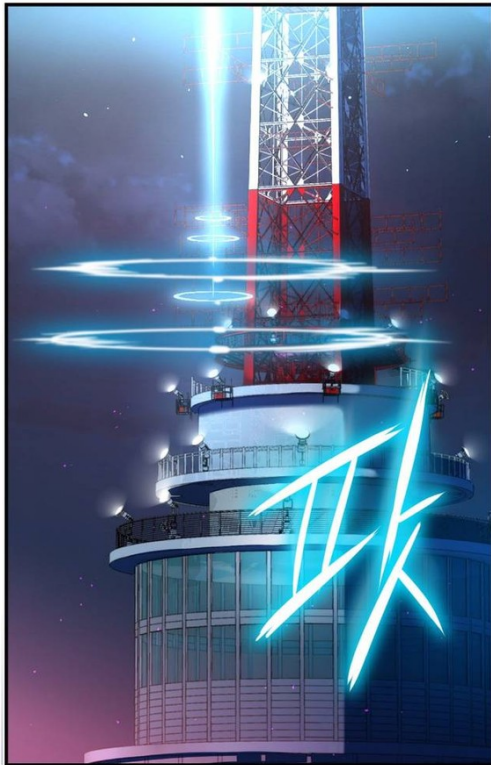

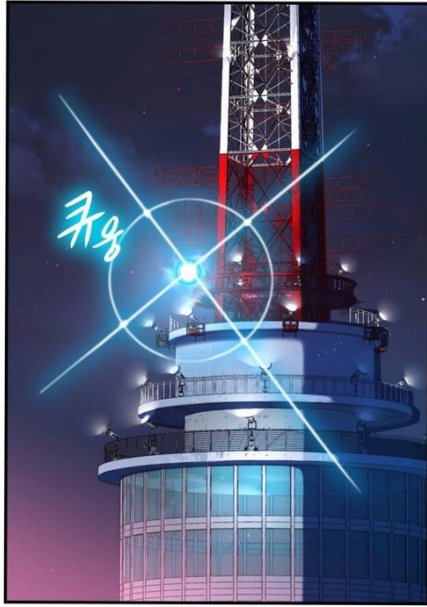

Location confirmed.
Transfer preparations
complete.
Beginning transfer.

ALRIGHT! MY FIRST
TOOL TEST...

I WILL MAKE SURE
I SUCCEED!
