

Mistress Waka is the only child of the president of this company. If one look at her, they will see a diligent and innocent girl! Also, she is close to reaching her marriageable age.

YURIZONO COMPANY

Right now, all national market economy is under control of Yurizono Company.

Hasebe...

What is it, mistress Waka?

Today my black tea has especially strong aroma.

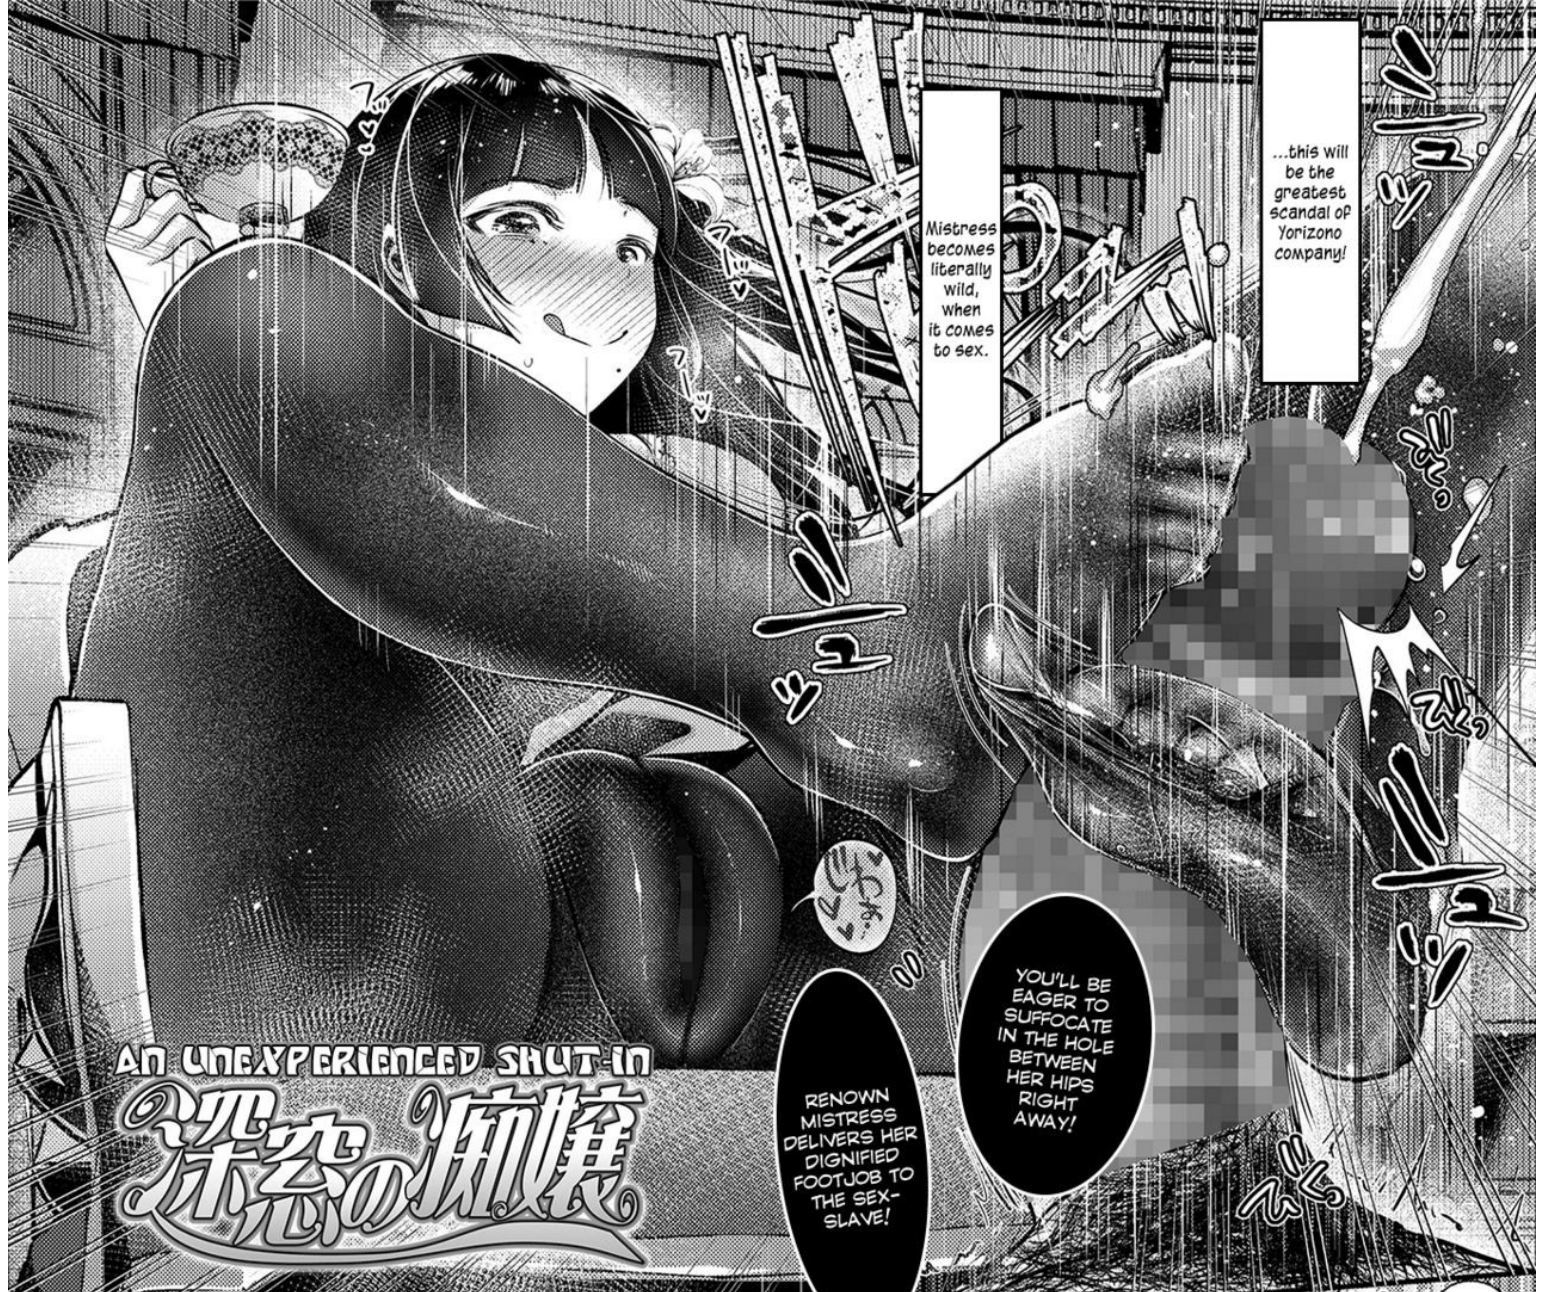

Although... This precious girl is one of the most formidable sources of Yurizono Family's worries.

She is what they obligated to hide from everyone outside.

And this is because of...

my itching

NGH

(I can't Mistress!
I can't continue
like this!)

I want you...
to have a
taste of my...
internal
walls! ♥

She spends
almost every
day in pleasing
her abnormal
lust...

When my parents perished and there was no one to take care of me, he took me to Yorigono Family as a servant.

This middle-aged man, my uncle, he is a butler of this mansion.

Also we are the only male servants, who still work here...

How many people know about it?..

Mistress is such a burden...

Among those, who are still here? Only 3.

退職届

I'm... I'm sorry, mistress... I'll get back to work now!..

Hey!

Are you a new servant?

Are you crying?..

But even though I had a task, it was one of my first days in the mansion and I did not know, what should I do next...

At the day, when mistress became like this, I had some job to take care of.

So what? Shall we go?

But it all was erased with such ease... unfortunately, not for long...

My pain and grief were so strong...

I could take you to my favorite place, if you like.

And letting it happen is the strait way to a terrific financial damage of Yorizono Company.

...it's only a matter of time, when information leaks out.

Even though we spend quite a lot of money to keep all of this in secret...

After that incident I forsake my own behoof for the sake of Mistress Waka. Now I serve her and protect her.

This shall definitely affect on mistress' future...

Do not worry, there is a way...

But, what should we?..

As loyal servants of Yorizono Company, we make our best, but problem remains. In order to solve it we must make mistress reconsidered her behaviors.

Good morning, mistress.

Your sleep was so deep, so it was not so difficult to install this.

I... never asked for explanation!

Take it off me immediately!

Unfortunately, it is impossible, mistress.

This belt is locked with a key. A key that I do not carry.

Old man! Old man!

What is this thing?!

With this I can not perform my morning masturbation session!

...we decided to teach you some modesty.

So, for the sake of your future spouse...

We have been ignoring it for a very long time. But soon you shall enter in your marriageable age...

It's not so hard to mention that you tremendously lack chastity from your very childhood, mistress.

At this rate I shall definitely go mad...

I feel myself like a pod deprived of water.

I can not do anything...

It's like the old man said...

I must dispose of this hellish device... I have to... find a key.

Before this happened...

This minimal stimulation is too small to make me reach climax...

Hasebe...

He must know, where it is.

I am an impotent. Just give up, please.

My sincerest apologies, mistress.

Why does it not get up?!

Why...

Haa... Haa...

In order to archive that you will have to expose yourself to self-control!..

You shall get married and give life to your heir. You shall have to bear responsibility to bring your family to peak of its glory and prosperity.

...Sooner or later you shall become a leader of Yorizono Company...

What do you...

...Married? Heir?

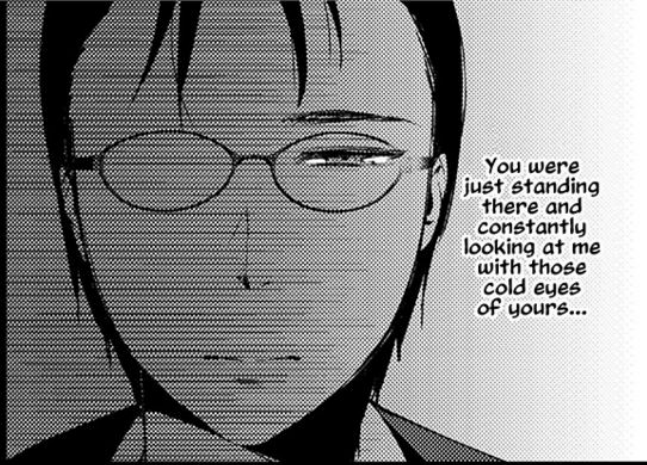

What am I supposed to?..

If you understood, ple...

I...

I... Since the very second I met you...

You were the one...

You were just standing there and constantly looking at me with those cold eyes of yours...

Whoever I did it with, you...

Is that because of that?...

At those times I felt such guilt...

I... It is order... I command you to... to...

I... demand you to love me... please...

Mi...
Mistress Waka?...

キー...
A key?...

What a... manly
rod you have...

I can not
believe it...
was hidden
under all
this skin...
And the
key...

I thought
impotence
would be
an excellent
excuse for
hiding my
state...

But
now it is
impossible
to hide it
anymore...

...loved
you!

Hasebe...

Mistress
Waka...

I... from
that very
time I
always...

Oh right...

Oh my...

It is so aroused...

Ah...
Mistress...

Does it want to ejaculate?..

I want to see all that passion you have been accumulating during all these years...

Show it to me!

Put it
inside
of my
vagina...

Hurry
up...

Your
lewd
rod...

Please,
Hase-
be...

Mistress
Waka...
Are you
entirely
sure?..

AAH!
♥

Sorry
for my
intru-
sion.

Unders-
tood...

From now on, I shall always...

It is trembling with joy!

My womb is so happy...

My...

This is the first time...

Haa!

...I am doing it with the man I love...

And it...

...it feels so good!

I am at my limit... again...

Aah!

I can clearly see the place, when we are connected!..

Your hips...

Please, be slower...

Mistress...

My body wants to obtain your genes!

...is craving you!

Every cell of my body...

PE!...

AAH!

AAH!
IT IS MARVE-
LOUS!...
YOU LEWD
ROD...
♥

PENIS!
♥
PENIS!
♥

I am...
already
at my
limit!..

It is like
my very
soul is
being
drain-
ed...

Ugh...
Mist-
ress,
it is...

Every time
I thrust
you, your
meat petal
just sucks
me whole...

I am
also...

Mist-
ress!..

It burns,
but it
peels so
nice...

It is so hot...
I feel like my
womb is
overfilled with
Hasebe's
children!

Unbearable...
It is
pulsing
and
gushing
inside of
me...

He definitely
made me
pregnant...

Another
climax!
♥

Aah!

?!
Well, well.
It seems
everything
is alright.

Good!

Come on!
♥
Here, by
breast.
Everyone
loves it!
♥

Have
a taste
please!
♥

Ah? Are
you losing
conscious?

It is
only the
18-th time
and you
are already
drained?..

My red-headed gladiator just entered your black coliseum, mistress!

What is that?
What is that?!

But... what is that?..

They both are pleasing themselves with my holes!

This... is so pleasant!

My stomach... his penis is digging into my stomach...

...I am climaxing with... both of them!

My anus and vagina...

Aah! I am losing my mind!

I can not bear it anymore!

Just how... how can it be so good?..

I wish you to be happy...

Mistress...

Forever and ever.

Congratulations, mistress Waka!

Banzai to Yorizono family!

Hey, man, your nephew's quite lucky, yeah?

Hey, aren't you too rude?

When was the first time Hasebe-san thought about marriage?!

After that...

Eeh?.. Oh year, speaking about flowers...

Are you still mad because yesterday I didn't water flowers in garden?

But that flower survived and became big and charming.

I deeply regret it happened...

Well... Long-long time ago there was a little flower. And just when it was about to bloom it was almost stomped.
