ally has...

and Karen-sama started to practice the ABCs of having intercourse.

I told her that a man must be brought to his knees by his cock,

Karen-sama has feelings for you, and she asked me how to start a relationship.

And in order to threaten Hinata to have sex, we planned...

Since she was a virgin, she asked me over and over "Is this good?" "Will Hinata like this?"

It's so funny to see Karen-sama hesitating so much because she was unable to confess, she is truly a virgin in love.
