

The company president has but one daughter. The young Mistress Waka has blossomed and is now ready for marriage.

YURIZONO COMPANY

The whole nation's stock market is currently controlled by the Yurizono Company.

Hasebe...

Yes, young mistress?

Today's black tea certainly has quite the rich flavor to it.

And that secret is...

...a secret which could cause severe financial instability within the company

However, this sweet young Mistress holds a secret...

Mistress is literally wild when it comes to sex.

...is the greatest scandal of Yorizono company!

After my parents passed away, the Yurizono Family took me under their wing and prepared me to become their servant.

This middle-aged man, my uncle, he is a butler here.

You and I are the only male servants remaining...

The mistress is such a burden...

This is the third one that's left now...

How many people does that make it now...

退職届

*Letter of Resignation

Ah... I'm sorry, young mistress! I'll return to my post right away...

Hey! Are you the new servant?

When I first arrived at the mansion, and I couldn't even tell left from right...

The blame lies with me for making the young mistress so lewd in the first place.

Are... you crying?..

If you wouldn't mind, I could show you to my favorite place in the mansion.

If you come with me...

.....Will be gently washed away by the beautiful landscape... your pain and sadness both...

Mist-ress!

Mist-ress, please wait a bit...

Come on, hurry up!

There's quite the wonderful flower over there!

Mist-ress Wa!... Uugh!

Mist-ress Waka!

Mist-ress!

Mist-ress!

Mist-ress!

Ah...

You have awakened?

Mis... tress?

Hold on, mist-ress!

Mist-ress!

Mist-ress Waka!

Mist-ress!

Mist-ress!

Mist-ress Waka!

If you put gentleman's wee-wee into this hole...

...today I learned something magnificent.

Mistre...

Have no worries, I am fine...

What's more important now...

Mistress!

Mis... tress?..

My mind goes blank and it feels so good...

Aah... More... I want to do it more...

...it would feel really pleasing, like a jolt of electricity was running through my body...

And then make...
♥
rubby-rubby like this...
♥

I repayed her kindness by letting the worst possible thing happen to her...

I was not able to do anything to stop that scum.

You there, you also... have a wee-wee?

Hurry, come here and put it in...

The company will doubtlessly see great financial losses in the event this comes to light.

It is but a matter of time before outsiders find out about the young mistress' affairs...

We have to bribe them large sums of money for them to keep quiet.

After that incident I have dedicated my all to protecting the Mistress.

It will no doubt affect the young lady's future as well...

I do have a plan prepared.

But, what should we?..

For the sake of the Yurizono Company, no matter how greedy the servants get, we absolutely must reform the young mistress!

Good morning, mistress.

Old man!
Old man!

What the hell is this thing?!

I can't pleasure myself in the morning like this!

Because the young mistress was sleeping so soundly yesternight I was able to install it with ease.

I... never asked for explanation!

Take it off me immediately!

Unfortunately, that is impossible, mistress.

The key will be required for that.

The young mistress will absolutely need to reform into a pure soul!

For your near future husband's sake...

We averted our eyes for all this time, but now that the young mistress has reached adulthood...

For quite some time, I have witnessed the young mistress' considerably lacking sense of virtue.

I feel like a bottle without water...

Because I am not allowed to have sex...

And so, because of what old man said...

At this rate I will definitely go crazy...

In order to get this awful device off... I will have no choice but to find the key.

Before it gets to that...

I can't reach climax with stimulation this weak...

Ah, Hasebe...

He might know where the key is located...

It has been said that Hesebe is impotent, but he is a man after all, so thanks to my technique...

Haha!
♥
That was easy...
♥

A bat has flown into my room... would you please make it go away?

...Mistress?

Hasebe!

Young mistress! Stop fooling!..

Give in and cough up the information on where the key is located!

Hurry!.. Take this lewd rod and stir my insides up!..

Never before has my vagina been overflowing with excitement nectar like this...

Well, whatever...

There is so much skin, I can not even see his tip...

I have never seen a lewd rod that looks like this before

So this is Hesebe's lewd rod... The skin is wrapped up like a meat pie...

~~~~~

Young mistress. I beg your forgiveness.

Why won't you get erect? Why?..

Haa... Haa...

To that end, you must develop self-control and endure it!..

You must get married and have heirs. The responsibility of ensuring the company's prosperity and good reputation lies with you, my lady.

One day you will be head of the Yurizono Company...

I...

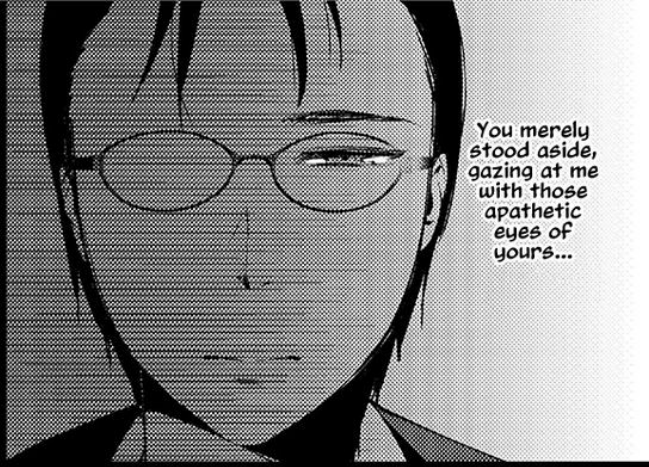

Then...

I will tell you!

...Married? Heir? You don't even know how I feel...

Ever since I first laid eyes...

...on you, I've...

You merely stood aside, gazing at me with those apathetic eyes of yours...

No matter who I did it with...

I don't care about what happened back then...

Is it because you felt guilty?

S... so... th... this is... an order... won't you... please...

Fall in love... with me...

Mi...  
Mistress Waka?...

The key...

Such a manly lewd rod...

Were you... hiding the key deep under your?..

I thought hiding it in my crotch would be perfect as I am impotent...

...but I can't lie to myself anymore.

...longed for you.

Hasebe...

Mistress Waka...  
Ever since that time, I've also...

Very well then...

Stimulating my...

Penis like that is not...

...enough to make me ejaculate...

Show me how big your member can get...

...after several years of not seeing any action!

Ah... Mistress...

Ahh!  
I'm...  
I'm going  
to...!  
Ah!  
Ahhh!

Ahh! It's  
swelling  
up from  
all my  
pent up  
feelings!

last drop...

I shall be  
savoring  
you...

It's as  
if it's  
erupting  
with all the  
combined  
force of  
the wind,  
the forest,  
the fire,  
and the  
mountain!

Oh my...

I hate  
being so  
indecent  
but I'm...  
still sensit...

Put it in my vagina...

Hurry up...

Your lewd rod...

I beg you, Hasebe...

Mistress Waka... will you really let me?..

AAH!

I beg your pardon!

Okay... Then...

From today onwards...

It is trembling with joy!

My womb is so happy...

I will be your woman, and yours only...

My...

I never knew...

Haa!

Having sex with a gentleman who confessed his love...

...could feel...

...so good!

I am at my limit... again...

Aah!

I can so vividly see the spot where we're connected...

Your hips...

Please, slow down...

Mistress...

...is begging and crying for your genetic material!

...all the way to their core...

Every single last cell in my body...

...get me pregnant without any trouble...

Something this strong will no doubt...

All you gentlemen seem to love them~ ♡

Oh dear, are you all out of energy?

We've only done it 18 times though...

The young mistress doesn't seem to be satisfied yet, so I will take the liberty of...

This feeble old man could see it all coming...

Hey, man, your nephew's quite lucky, yeah?

Come on, saying that now?..

...has Hasebe even thought about getting married prior to this, heh?

**End**

...

Eeh?.. What're you talking about with your flowers?

Are you still mad because I skipped out on the gardening yesterday?

So from now on...

Only admiring the flower would have been enough.

I deeply regretted doing so...

Long ago... I got the impulse to touch a budding flower. The time for that flower to bloom has come.
