We're off to school now.

Well then,

Leaving again, right after sex too.....

Well then,

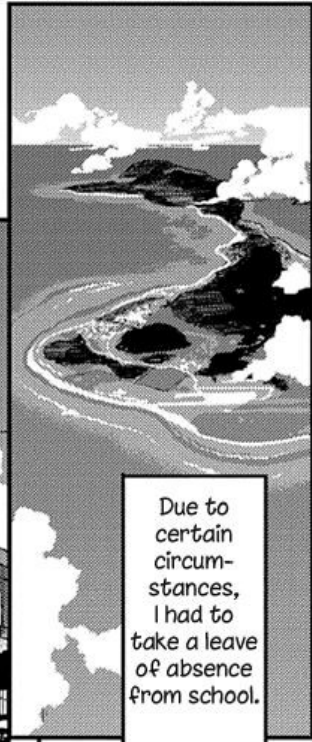

I really want an AC...

Gotta get some fresh air...

I'm renting this 9.9m² room for the time being.

I'm staying for free as an assistant at my uncle's guest house in the Ryukyu Islands.

Due to certain circumstances, I had to take a leave of absence from school.

In just a week, this room has become a place for me to have sex with those two.

I totally forgot about my bento, I'm sorry that you have to bring it here.

Did you take the bus, it must've been pretty far huh?

She looks like a typical beauty at first glance, and there was nothing to suggest that she is a pevert...

Ah...

She's 2 years older than me.

The girl with a ponytail is Chitose-san, she's my uncle's only daughter.

What's up with you coming to school all of a sudden...

It's okay, I was gonna go shopping anyways.

Or so it would seem...

Well, I'll be off then...

Wait,

But she's the one who started this relationship...
