## Afterword

Nice to meet you and good day,  
I'm Kojiki Ohji.

It's been half a year since my last work.  
I somehow managed to deliver on Koneko a second time.  
Thank god.  
If the first one didn't sell, that might have been the end of it.  
I have to thank everyone who purchased it.  
Honestly, thank you.

Now then,  
The story this time is different than what I've announced.  
I had planned on drawing the second meeting just like that,  
but the clothing I planned out for Koneko just looked s~o bad  
I couldn't get the motivation to start, so I just scrapped it.  
Now I've learned that I can't just draw clothing on a whim.  
I suppose we can call this the "third meeting".  
I've made the hair tone darker than last time,  
but that's still temporary.

About the "Staying over date" part for next time (if there is one),  
I don't really have anything planned out yet but,  
if all goes well, I'll release it this Fall.  
I kept changing the lines so many times during the writing.  
And I kept thinking... about how to make Koneko sound cute  
I'll do my best to make sure that the next one is as fun for  
the people who enjoyed this one.

And so, thank you for staying until the end.

A Certain Day in May 2016 Kojiki Ohji

Ehehe

I know  
~♥

I wonder why people get mad when we do lewd things?

When it feels this good

You really love lewd things, Koneko-chan

There's no way anyone could hate it

Hey, for our next date, will you be happy if I come over?

Yeah, I'm really~ looking forward to it!! Totally!!
