UNUSUAL COMMON SENSE...IS erotic!

"Arisu Yamachou's special birth rate rising license" Owner of this license is allowed to impregnate girls in Arisu Yamachou to fight the declining birth rate. *This is a special unrestricted license for investors.

Arisu Yamachou... Looks like my deceased father was one of the investors ...

Huh? What's this?

And it was the happiest moment of my life, but...

Somehow I managed to give her flowers.

I was in love with Kousaka-senpai ever since I was a little boy. Even though I knew that I'll never see her again after she graduates, I didn't have enough courage to confess to her.

She just threw the flowers away.

After I saw that, my love turned into hatred.

Translated By: DOUJINS.COM

My father gave me a chance for revenge... I'm going there tomorrow ...

She moved to Arisu Yamachou after the graduation ...

Huh...?
But I'm married...
Do you want to do it here?

I'm sorry to disturb you, but please follow me.

Can I really use this card?
I'll test it on that girl.

I did it on a whim, but ...

Because of declining birth rate, this town lets me fuck any girl as long as I have the license.

Also, since I'm supposed to impregnate those women, I can cum inside them as much as I want.

I look forward to using it on that girl.

My father left me something amazing ...

Also ...

The bitch who insulted me should be there.

That this town only has one school ...

The woman I marked earlier told me ...

Because of the bad birth rates.

I heard that guys with a license can fuck any girl at any time.

First I need to look around ...

I'll have to get ready before I break that bitch.

B- But ...

By the way... You will do whatever I want, right? I can even fuck you.

According to the school rules, we can't do it during the lessons ...

But this thing lets me go anywhere I want, right?

So I'm not a member?

T- That's ...!?

You're just in time. There are lots of things I want to know and you can help me.

Hehehe, I'm not a student here, so I don't care about your rules. Now let's have some fun.

It feels great. That cute mouth of yours is experienced.

Wow!

After all, you can't refuse after I show the license.

Really? You're not lying, are you?

N-No... Student council members don't do it often!!

Only girls who lactate even without being pregnant are chosen for this.

That's why all the girls fit for it are forced to become the milking girls.

There aren't many milking girls in the world.

They lactate more compared to pregnant women.

Their existence is extremely important.

They are called supervisors. Meaning certain people should protect milking girls at all times.

Because breast milk is needed for all the dairy products.

They can only choose someone close like a boyfriend, a husband or a lover.

According to the law, milking girls pick their own partners as supervisors.

Milking girls usually marry their supervisors afterwards. They get pregnant and give birth to new milking girls.

That's why their supervisors should satisfy their sexual urges whenever the girls need it.

Due to a side effect, milking girls get excited while being milked.

Yuki has been leading a happy life while performing her duty.

No one but the supervisor can have sex with the milking girl.

Yuki was called to the student council to get milked.

AHIN!
