Well, since you came here anyway, it doesn't matter what you say now.

No way. I'm sure he's out gathering the money...

Your husband was really quite the demon, huh? He just kept quiet about your debt, and then ran off.

Asano Fumi-chan...
How sad, up until recently you were the wife of a department head.

Now then, it may seem a bit soon but...

Since you were introduced here by a Yakuza of the Kimura company, I'll let you work here as a special case.

But I haven't been told what I'd be doing yet.

R-Right now...?

Huh?

I'm going to have you start working right now.

I'd like you to put this on and head to table 35.

Th-This...?

Is this all there is to it?

We already have customers waiting. Besides...

There's no need to worry. New-comers will get treated like new-comers.

there
you

comer.

You don't need to say anything else. Just leave everything up to him now... Got it?

Listen.

Fuo-fuo...

Just relax. The chairman here is very good with newcomers.

Wh-What do you mean?

Hoho... Looks like I got a good catch today.

NN

AHH

UMM...

Y... Yes ...

I...

You know what I mean by that. Right?

We're your customers now. And this shop you're in isn't a normal one.

Hey! Don't hide them from me!

Why you ...

No way... What are you doing !?

HYAA

HMM...

Not in a place like this.

AHH...

I can't do that.

N-No way.

That's what they said but...

NO WAY!

AHH

Ohh, I see.

He-he...

What do you think, sir?

You know we won't stop.

I'm sorry.

you ended up running off, huh?

I'm really sorry.

I guess it couldn't be helped, but...

Fumi-chan. Look at that girl over there.

.....

† † † † †

Azami-chan!
Azami-chan!

That's one of our top workers,

Azami-chan. Get a good look at how to best serve the customers.

What seems to be the problem, sir?

R-Right now, could you give me the first play.

RIGHT NOW!

RIGHT NOW!

If we do this right now, the cost will increase by 100,000 points. Are you okay with that?

OH!!

Azami-chan... haaa haa

Let's just add Uuu some lotion.

1=2

In that case, let me get out the lotion. I'll put it on for you.

R- Right now. I want it right now.

You know if you waited it would be cheaper?

Ahh Your cock might be small, but it's really hard. How cute.

Azami-chan... Azami-chan...

AHH

The First Play limit is 5 minutes.

Aazami aaaa-achyaa-aann...

AHN

You've done well to hold out with your cock like that. Here, feel free to put it inside me.

But today you seem even harder than usual. Ahh... It feels pretty good.

Azami-chaann...!

As always, you have such a small cock, Takano-saki-sama.

Order or not, please be aware of the time limit.

I want you to order me to cum.

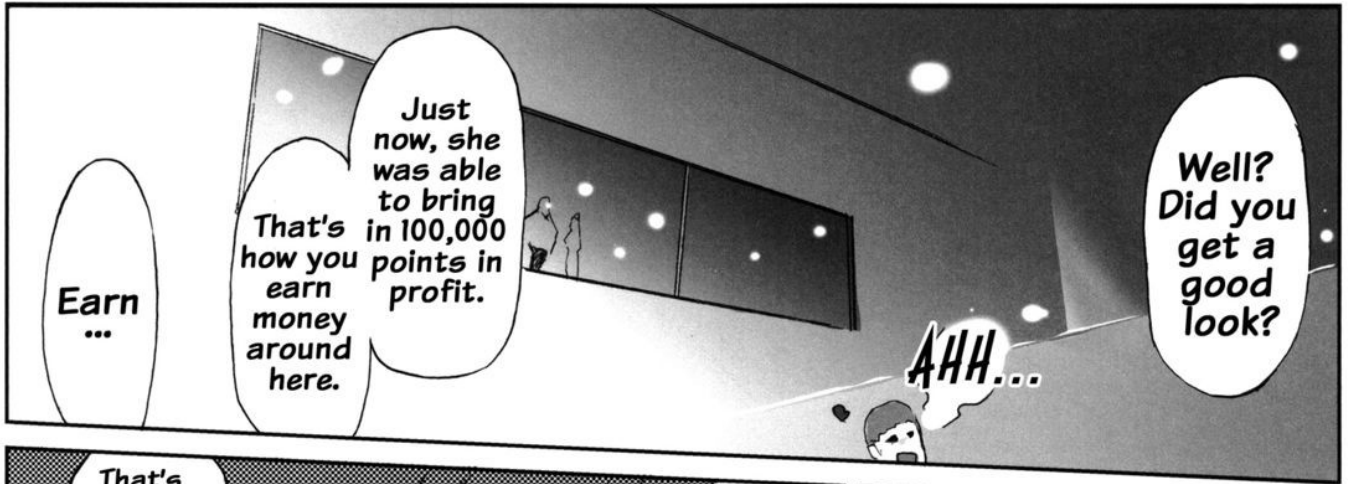

FUFF FUFF

UFU

Come on, hang in there... fufufu

Thank you for making this purchase.

Earn ...

That's how you earn money around here.

Just now, she was able to bring in 100,000 points in profit.

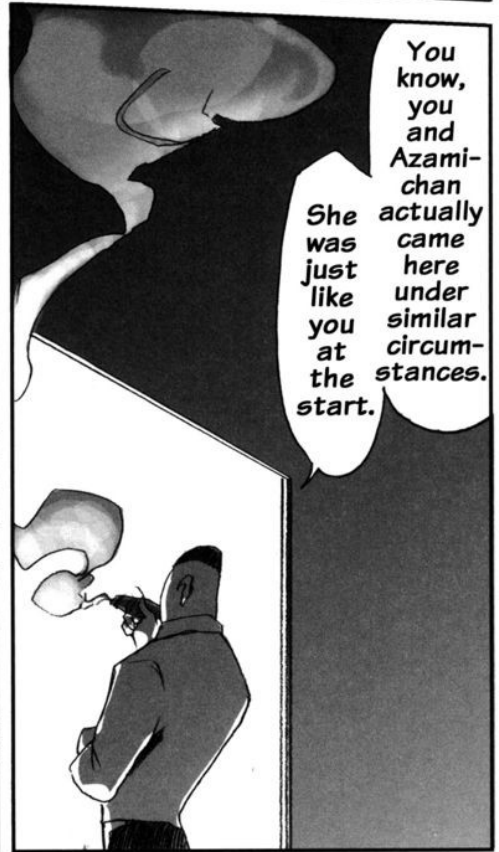

AHH...

Well? Did you get a good look?

That's why all the customers that show up here are highly influential individuals with lots of money.

And by the way, this place doesn't have an outward appearance to maintain.

You know, you and Azami-chan actually came here under similar circumstances. She was just like you at the start.

...

This place can pay like no other.

As long as you put your heart into it...

please do it exactly as I told you.

Now then,

I'm sorry, dear...

That's right.

I'm sure I can get used to it after just one time... I just need to get through that once...

NO WAY.

H-How cruel.

If I can just bear with it a little longer, I can get through this one time...

D... Do you like how my... pi... pink nipples look...?

Wh... While stroking my pink nipples, feel free to ... p-play with my naughty parts ...

If you want to get groped, then sit here instead.

KYAAA

S-Sir ...

AHH

You have such smooth legs, huh?

uuu they're touching me with their lewd hands.

In that case, I bet you're happy you get to spend your time having fun with customers like this, huh?

AHH

Hmm ... How sad.

Fumi-chan, how long has it been since you've done it with your husband who ran off?

A... About two... months.

you still have a ways to go.

why...

and dig around!

**MONSTER HUNTER
ANTHOLOGY IDEA**

AH...

I found a whetstone...
Although I already had some...

tahaa...

Yes!

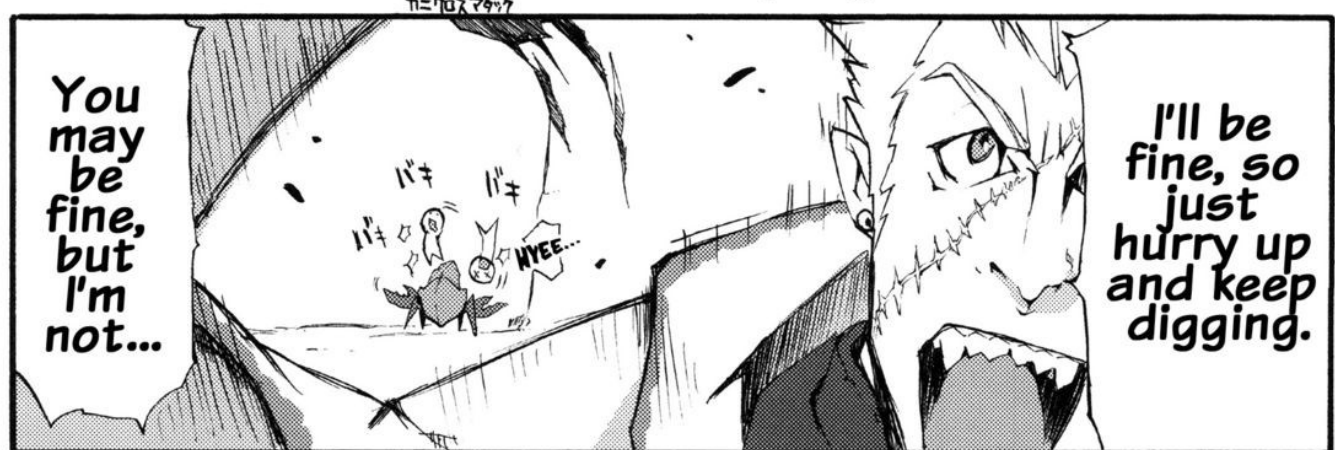

WAAAA

By the way I...
already!?

A whetstone again.

Kuuuu come out Machalite ore!

チニガマツク

You may be fine, but I'm not...

I'll be fine, so just hurry up and keep digging.

チニラッ

OWWWW!

But I won't lose here.

even
more
whet-
stones.
GUU!

AUU!
Same
here.

Ah, A
whet-
stone
again.
OWW!

Ahh,
I just
can't
find one.
And
now my
head
feels
all
dizzy.

Not
to
mention
...

YES! Y-

Don't
give up!
Before
you get
your
sword of
decapita-
tion,
put your
heart
into your
pickaxe
and dig!

Hurry
and
dig!

Ah,
that's
right.
If I
remem-
ber.

Why
did it
have to
come
to
this...?

ユラ

Do you
happen
to know
a good
place
to dig?

34

A good spot to dig, huh? What, are you hoping to make something, rookie?

That form ...

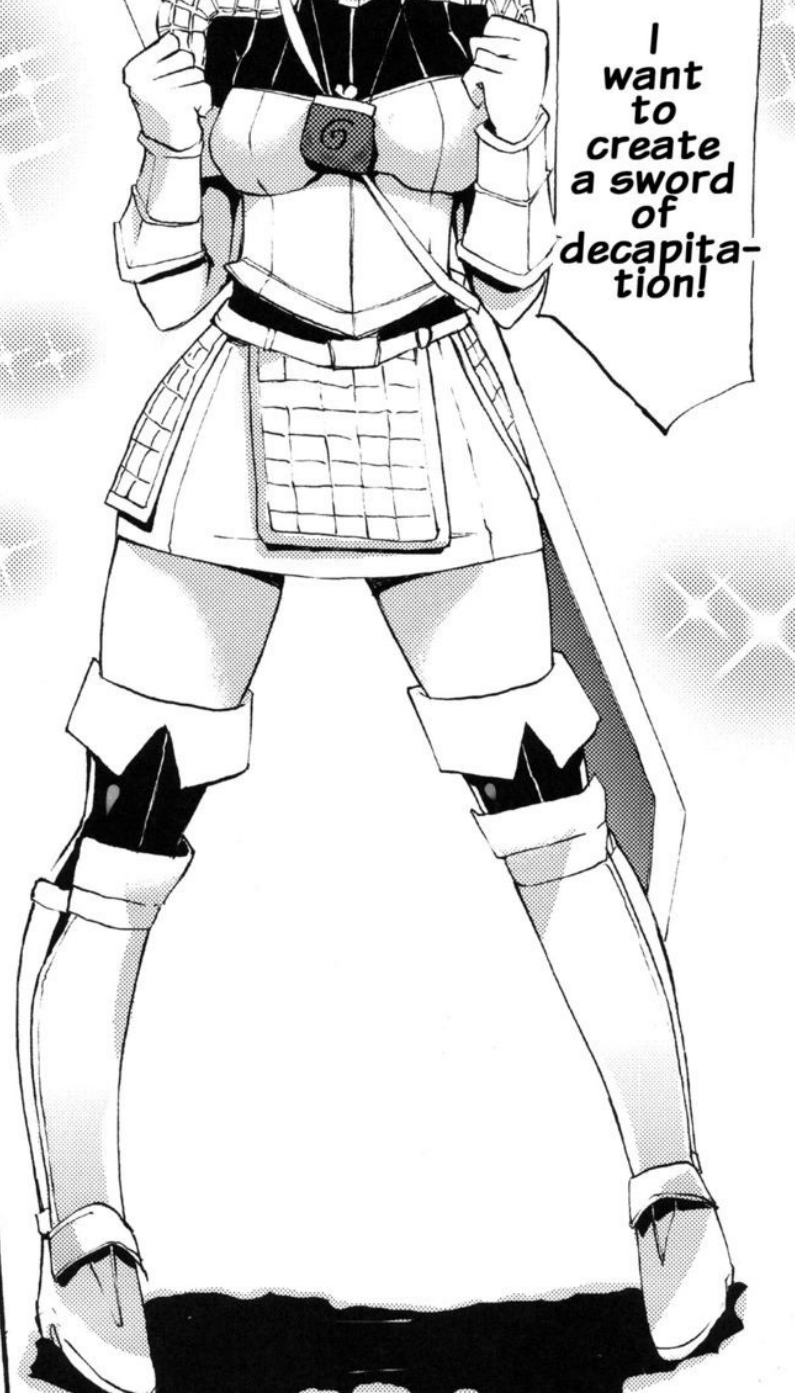

The way it cuts ...

And the feeling of excitement that it makes ripple through me...

And some-day I'd... *pant*

I want to create a sword of decapitation!

Wow...

A crappy hunter like you would probably just break it.

I can understand those feelings very well.

That's too much for someone like you. That hunk of metal you carry around suits you more.

To think you want to just make something like that. Hahaha

Who loves destructive power like that more than anything else.

My name is Obelon.

These 5 are so precious to me, that if I don't carry them with me all the time it, doesn't feel right anymore!!

I've continued to make these 1 after the other as a memorial.

Look at the destructive decapitating power of these 5 swords!

And the hunter who finds the proper weapon, becomes super strong and without match!!!

That's because I've always thought that finding the proper weapon to fight is a hunter's long cherished tradition!

Do you guys really not believe in that?

Although I don't think a stranger has the right to criticize someone's weapon of choice...

H-Huh?

...

...

...

Would you like me to show you my secret digging spot?

I've already been getting ready to make a 6th sword as a memorial. For that, I've been gathering Machalite ore.

Are you coming with me?

Huh?

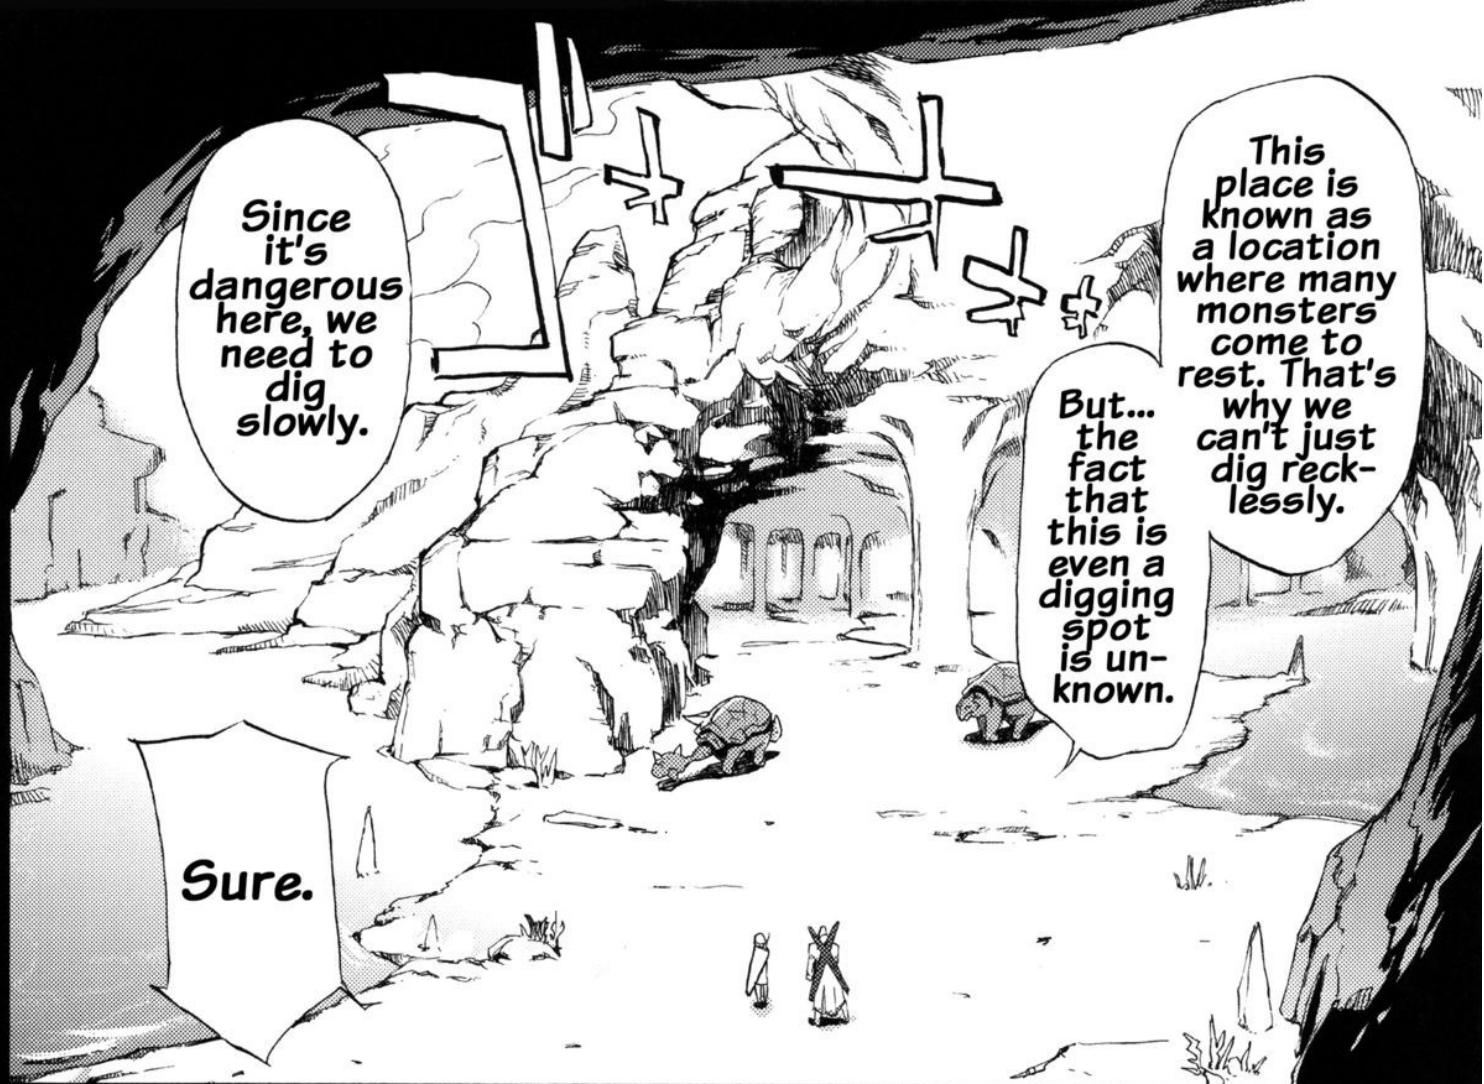

P- Please do!

This is...?

We're here.

Since it's dangerous here, we need to dig slowly.

This place is known as a location where many monsters come to rest. That's why we can't just dig recklessly.

But... the fact that this is even a digging spot is unknown.

Sure.

I guess it can't be helped now ...

That was really fast. Uwaa! There's even a Gravios here.

By the way Obelon-san, what's that?

Damn it, we were seen!

WE'RE STILL GOING FOR IT!?

IT'S TIME FOR A FORCED EXCAVATION!

Phew.

After all that digging, we only found one... Th- There's so many whet-stones.

And so after all that running and digging, we finally found some.

HMM?

I'm surprised you could dig in a fight like that.

I'm glad I was able to pull that off.

?

I feel like there's something behind us...

Wait a sec,

CHOMP

Ah,
it
stole
the
ore.

I loved being able to draw a Gelhos...

It
always
takes
all the
ore.

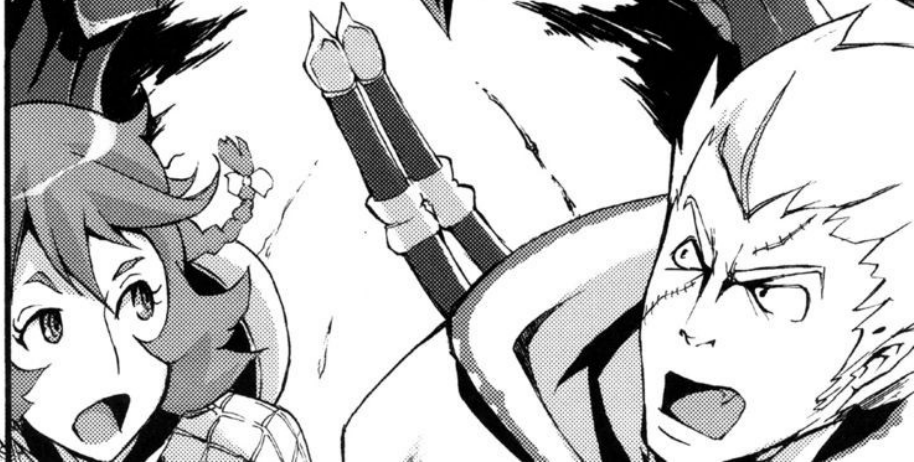

Hey
wait!

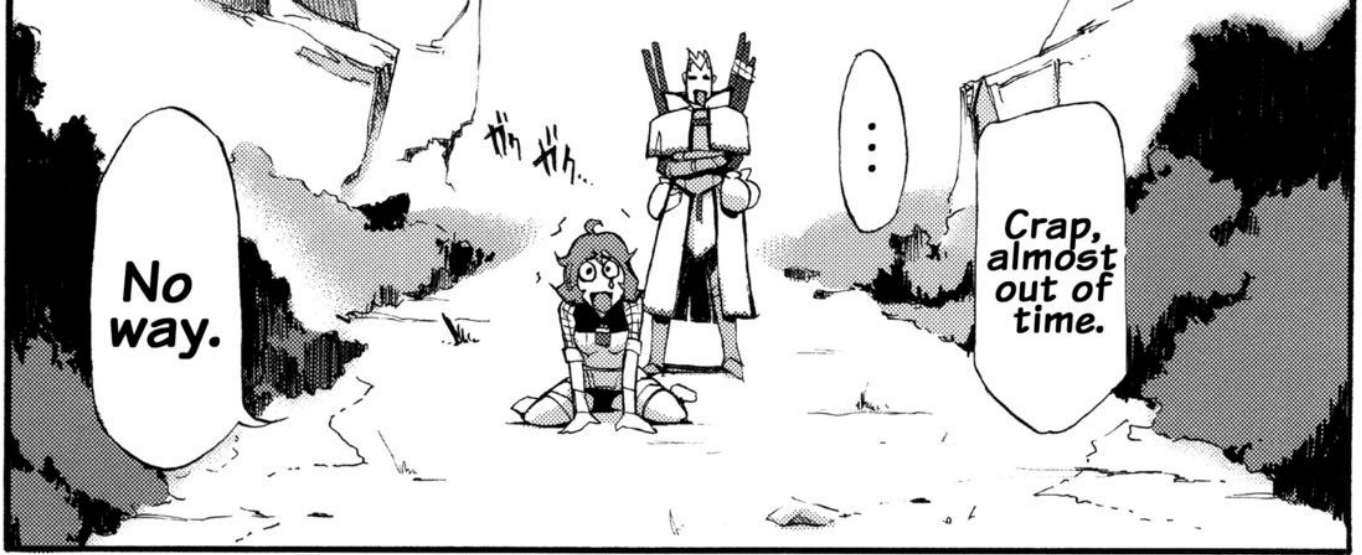

Come
back
here!

AHH
AHH

**IT'S A
GELHOS!**

No way.

Crap, almost out of time.

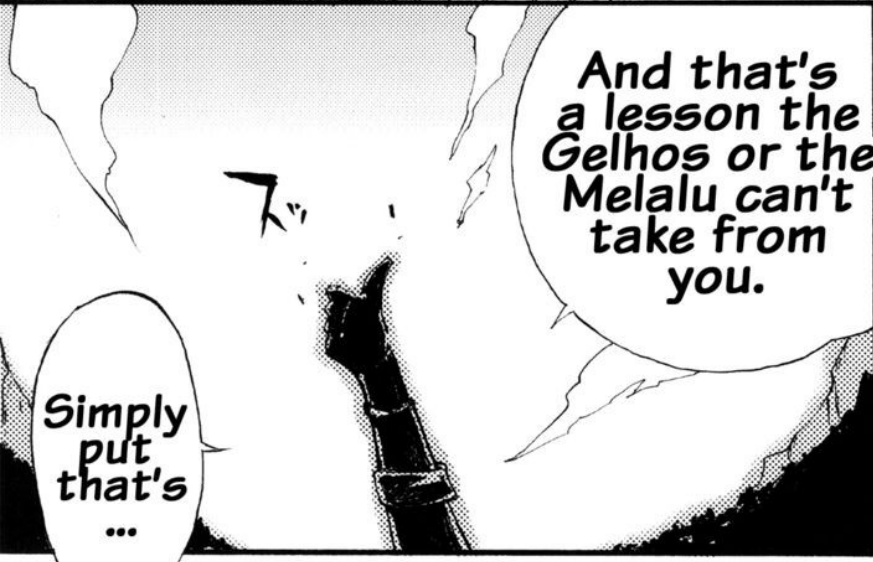

カズキ

アツシ

But you know... today you were able to get something more than that. (And I don't mean whetstones).

You experienced what fighting together can be like.

And that's a lesson the Gelhos or the Melalu can't take from you.

Simply put that's ...

Well, when you run into Gelhos you can pretty much expect to lose one or two.

Last time, I kept running into them and ended up getting everything stolen.

Having a partner!

And comrades are always there to help each other out. That's why I'll come help you any time.

Obelon-san is a pretty strange person but...

Yeah.

He's a great partner.

Momiji, let's dig some more tomorrow.

Huh? We're digging there again tomorrow?

We'll just have to dig so we're not seen tomorrow.

End

Onee-san special training.

It works on onee-san too.

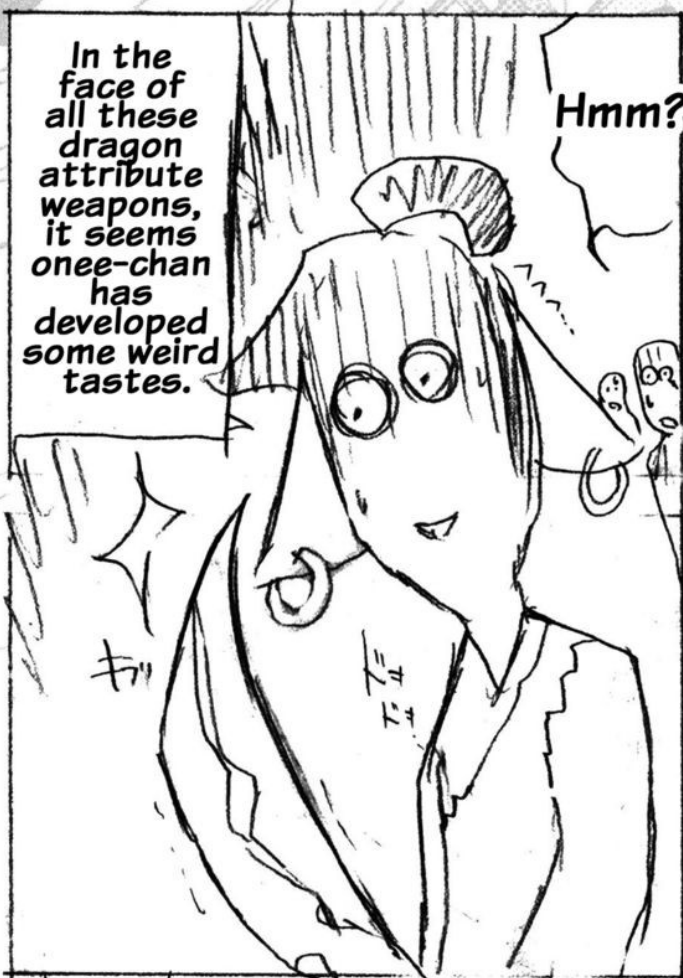

Onee-san lately

Onee-san are you still training?

Onee-saa...

In the face of all these dragon attribute weapons, it seems onee-chan has developed some weird tastes.

Hmm?

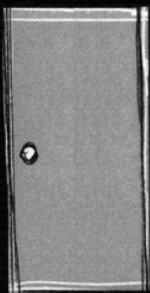

"You're always working so hard, mama. Now you finally got a day off." "Yeah, I'm looking forward to seeing my friends too!" "I see, well then we're off. We'll be back in the evening!"

"Bye mom!"

"Stay safe..."

!!

"Sorry, but I'm meeting with a friend for lunch, so I can't."

"Huh? Aren't you coming, mama?"

FUJIWARA HONAMI.
Age 28.
Housewife.

At first I wanted to stop him, but after having his cock inside my pussy, I didn't want to go back. I'd realized just how plain having sex with my husband felt...

Sho-kun is a boy from next door. One day he kept pursuing me, and I ended up forgiving him for it. After that, we started having sex together. Once again, he had come here today to push me down and fuck me from behind. Unlike my husband, having sex with Sho-kun is hot and passionate. Not to mention his large cock...

No way, you're letting out so much cum again. It's like you're going to fill my stomach with nothing but cum...

Aahh, once again you're thrusting your hips so roughly. Don't mix up my pussy with your cock.

Thanks to that, I might end up getting knocked up... In order to prepare against that, I'm having sex with my husband on the same days we have sex...

Ahh... It's cumming inside again... I told you before, I want you to hold out until the end. If you keep quickly cumming like that, it'll start to get really crazy...

Once I've had this large cock inside me, I don't think I can go back to having sex with my husband.

QUEEN'S BANQUET

The elf queen was getting tired of having sex with her own race and sex slaves. For a sense of refreshment, she was instead interested in the cocks of beastmen pets.

Now my children. It's milk time!

After getting groped a little, Kaori-san's switch was completely on.

Servicing someone with sex was usually fine, but when things got troubling, she would use her raw wife mode.

She would act like a fish and just lay there while he enjoyed himself.

While taking off her clothes and massaging her breasts, he'd grope her down there. His hard cock covered in lotion would thrust in and out of Kaori-san's pussy repeatedly.

After just one minute, he would start to cum. And he'd cum 4 or 5 times in just one day.

Today I'm going to make sure you see all my good points, Nanako sensei.

With her consciousness under my control, I could command her body as I wanted.

Hey, Murakoshi! Say something.

Kyouko-sensei's daily morning lesson.

By Yuniooshi

Powerplay, Kataribe-sama Contribution

Excuse me!

Every morning Kyouko sensei would help us all with our erections. She would always be there, with her legs spread open just for us.

Did your cock get hard this morning? Oh... that looks painful.

Sensei's smooth and wet pussy would practically suck our cocks inside and start squeezing on them.

Sensei doesn't hold back either. She wants us to cum inside her pussy as deep as we can get. If you were able to cum inside her three times, she'd say,

"What a strange case of morning wood we have here. I think you beat the others hands down".

Sensei's raw adult pussy was able to take our young cocks inside her with ease. Within 2 or 3 seconds, anyone would end up cumming deep inside her. Because this happens so quickly, they then end up cumming multiple times afterwards.

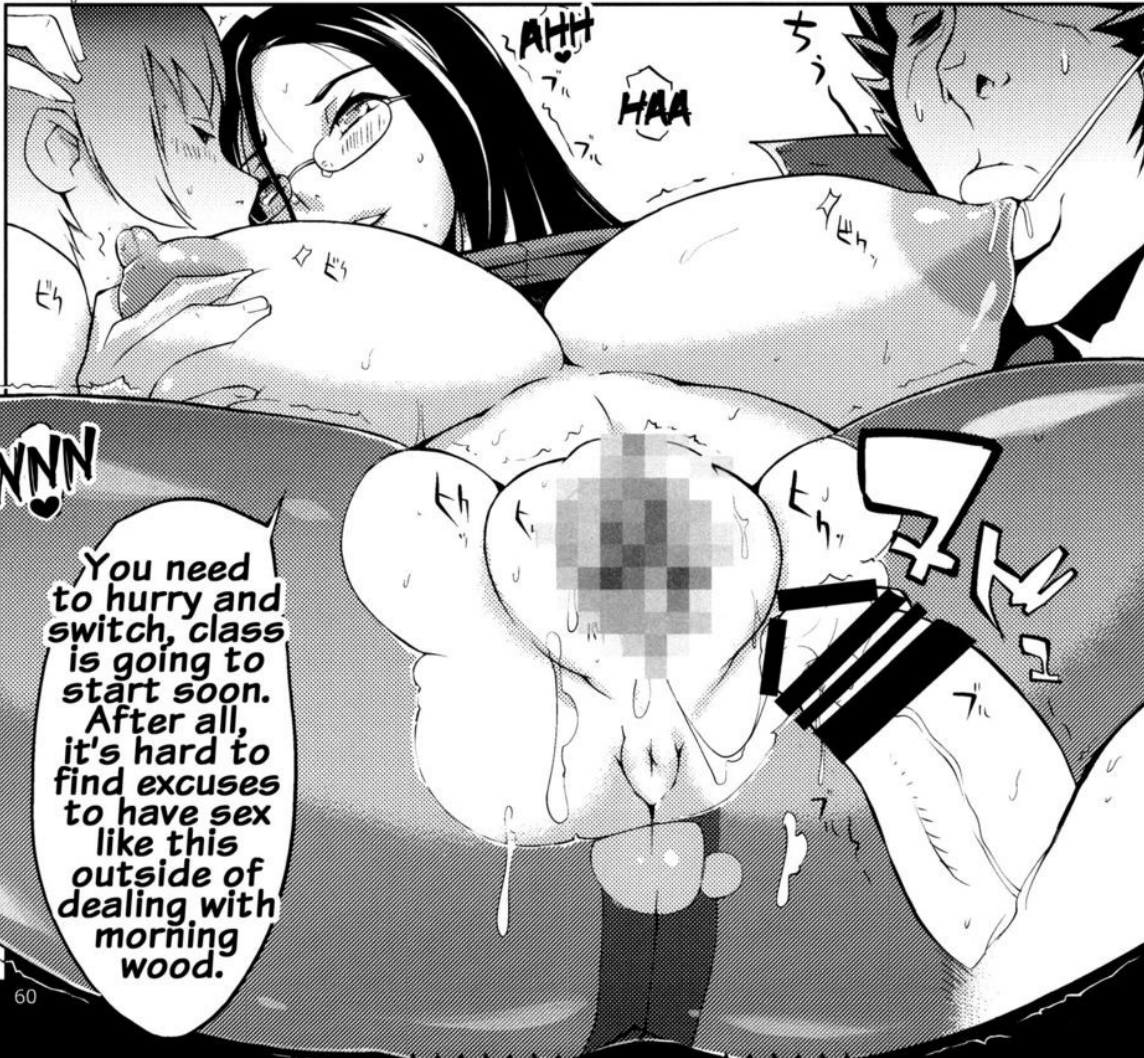

What's wrong? Is your cock close to cumming?

Sensei would just start taking our cocks inside her one by one. Her wet pussy would pull us inside from the entrance all the way to her womb, and it was there she'd make us cum multiple times. Whenever we'd cum, she would just smile back at us like some benevolent goddess. And whenever we saw this, we wanted to keep cumming deep inside her.

Hello, my name's Yunioshi. Since I don't have much time and work has been a bit slow I've had various degrees of scribbles start to pile up... In the end they got cut by the circle, even though I went out of my way to draw Penelo for the release of FF12. In the end the drawings went to the wayside and ended up as just scribbles. Anyway thank you very much for purchasing this. Now I'm going to go back to waiting for FF12, until next time...

Penelo sure is cute, huh? With my own techniques, I'm not sure if I was able to bring out just how cute she can be though.

Her butt looks cute too.

I was also interested in these wing-looking things she has in the back. To me it looks like it would just make it easier to attack her from behind.

I called it a skirt, but it's more like Ashe has a loincloth, that's how short it is. I wonder if it's to show off her panties. You know, I actually really like this look, so I wish I had more time to draw Ashe.

Ufufu. You want to see what's going on in my pants? Well they're soaked...

Event Welcome Edition

Well, I'd like to thank you for coming to this year's YA-ZY booth. This time is a bit awkward since Yunioshi's new work was released before the event so in order to reward those who came here in the cold, we're including a copy of this with each volume.

Normally, we would give out all sorts of bonuses for showing up for these events, but seeing as my work was released for a different circle and I was worried about whether I would have anything else in time, this is all I'm releasing for the event. Instead, I'd like to apologize to everyone reading this, and offer the scribble book that comes with it. Anyway, thanks for your support.

C175

I drew these by chance one day. They may look similar to characters already out there, but I didn't really release them with that intent in mind.

Not to mention the fact that the hard and slow drawing technique used for this almost destroys the pattern. It'd be bad if I got addicted to this. If you look closely, you'd probably feel the same way.

D- Does this feel good?

I tried my hand at playing *Darksouls*, and it reminded me of a TRPG named *Runequest*. The default world had a lot of points that really felt like *Glorantha* to me. Something that really stood out to me were the *Grotesque Goblins* from the diseased village. I figure that the producer must've played *Runequest* in the past. As someone who really liked that game, it felt really amusing seeing these references. (If he hasn't, maybe I just read too far into this lol). Kuragu-san felt like a monster right out of *Glorantha*, and when I saw her for the first time, I ended up laughing and thinking, "Wow, they really mixed them!". Also I really liked her breasts. lol

-Hello, Yunioshi here.
It's been a while since Tokyo has
felt this cold, huh? I want to thank
you so much for coming to show your
support in the heavy snow.

-This time, I wanted to release at least a copy magazine, but while Kairakuten gave me only 2 and a half days, I didn't have enough time to plan and write something out beforehand, so I ended up with this drawing of the mom from Gunpla Battlers. I'm sure if I gathered my materials, set aside the time, and watched the videos, I would've been able to release an actual volume. Although, I have to say that on a personal level, the voice actress for the mom here isn't that great and doesn't come off as erotic at all. lol But the character is great. I like her design. After all, I wanted to write a mother x shota doujin about it. Also I had thought about drawing Gyrozetter and Rui-san, but Gunpla battles was currently airing, so I went for that instead.

-As for work, it seems that the next
release will also be from Kairakuten-san.

Next time, I'd like to both draw something
quickly and be prepared. Although, I think
I've tried really hard this year. I know I
always tell myself to try hard, and then
I never do, but I feel like this year went
above and beyond. Also, if something
comes up, please write to HP. Thanks
for the support.

-Also, if there is anyone wondering
about Alisa-san from God Eater, I'm
sorry to inform you the drawing was
cut by the circle. And I've now already
got God Eater 2. When I first tried
the trial version of GE 1, I felt like I
would fall asleep instantly, but I
found portions of the story uploaded
online and it seemed really interesting.
Not from a game, but from an anime
perspective. Anyway, I want to
apologize to any GE fans out there.
And while I did pickup 2, I've been going
at it piecemeal. Also, I was surprised
when I heard the protagonist talk!

First, I would like to thank Orimasu-san for inviting me here. Thanks to that, I've been able to draw as much as I like. I wanted to release a Kunoichi volume a little before that, but I was asked to come here to do some of the drawing, so if that one doesn't release, I'd like to say sorry and thanks for your support.

Anyway, this is from Tenchu Red. I've done several entries for this series already, but this ninja in particular is quite sexy, she has good arms and thankfully, her body is very womanlike. With that pose and layout, she looks very similar to Hibana-san. Sorry about that, Orimasu-san.

-Club 505 (5 - 24)

This is the original anthology volume I wrote that just came straight from the heart. I still have happy memories of just trying out to see how my drawings would turn out. During this time, I used a very analog drawing style, but the manuscript wasn't anything too complicated, so I did the best I could. And while it did look pretty sloppy, it was all I could do at the time (Although I'm normally sloppy anyway lol). After this I made the conversion to digital drawing.

-Dig around! (Monster Hunter Copy Volume) (25 - 38)

Using the monster hunter name, I ended up writing this bit. Originally I had planned on it being a short story, but halfway through, I decided to change it to a gag manga. In this end, the name I chose actually worked out. By the way, after this, Kurumiji-san was able to complete the sword she wanted but she never used it. In the end, she went back to using her old weapon... after all, she didn't want to damage something so valuable.

-Monster Hunter Anthology Lacking a Plan (39 - 40)

I thought about writing this story as another gag manga, but then Capcom went and bit back saying, "That kind of background doesn't exist! Please don't just make things up!". It was a concept that really interested me at the time, so I'm glad to see it preserved here. Also, that last picture of the onee-san was priceless. lol

Due to some mix-ups, this ended up getting sold before comiket, but... I really did feel sorry for those who went out of their way to show up for the event, so I added some extra drawings for those who made the first purchases.

-Copy Magazine: Darksoul C83 (85 - 88)

I wrote this around the time of the Darksoul DLC. I remember soon after it was released, I quickly rushed this thing out in like 3 days.

-Copy Magazine: Beauty Festival (89 - 98)

Although now it's nonexistent, I wrote this during the comic revolution. It's about the ToyuruTouru age, but I placed it here if anyone is interested. And I have to say, it has a different quality than my other works, huh? Lol

-Bonus Volume C83 (99 – 102)

An extra volume I released at the winter comiket. This event was pretty busy, as I was releasing 3 different volumes (Although one was a copy), but the tooth I thought about going to the dentist for from this time still hasn't healed, lol. Ah...Maybe I should go tomorrow?

-Toranoana Tshirt (103)

A design I created for the toranori charity event.

-Sunshine Creation 62 Leaflet (104)

I thought about making a volume centered around Rinko-san from Gundam Build Fighters, but as always, I lost track of time and in the end only this leaflet was released.

***Pico 40 year celebration (105)**

This was a celebration manuscript congratulating PICO-san for its 40 year printing anniversary and to thank them for always helping me. I hope we can get along for many more years. m(_)_m

Event Limited Extra Ramika Pictures (106 – 108)

These were pictures I handed out to those who came to visit at an event. Due to lost data, I think there were some pictures that I wasn't able to recover.

-Event Limited Extra Seal (109)

These were pictures I handed out to those who came to visit at an event. I was wondering if there was something else I could hand out besides Ramika and created, but if I had the chance I'd like to redraw them.

-Circle Cut (110 – 112)

I always have trouble coming up with new ideas, huh? If I can, I like to not only go for a different face but for a different design when doing my drawings. Lately there's been a lot of front covers, and if I could, I'd like to draw them all. There's pictures here I can't remember when I did them or where they came from, and the order is all mixed up. There's even cut pictures I never used again.

-My onee-sama... (113 – 120)

This was a special volume added for buyers. Since I really liked it I decided to add it here.

-Special Volume. A female pervert who was planned to be put on the front page. (121)

Personally, I wanted this drawing to end up being the cover, but in the end it was no good and the cover we have now is the one that was decided. Although there really were a lot of choices to choose from. Also, I added a little color and added it to HP.

-Special Volume Buyer's Bonus. Rejected Postcard (122 – 123)

By the way, I never get this kind of bonus. lol

***Rejected Sonico (124)**

Originally created for a Toranoana fan book. Due to official licensing issues, I gave up trying to post the color version, and instead decided to show this one. I claimed that I wanted to use it in a commemoration novel, but apparently that reason wasn't good enough.

***Guest Page Picture (125)**

I made this for Yoshyu Ohepe's 2 special volumes.

***Guest Page Picture (126)**

I wrote this guest page for Orimasu Hiroshi-san's doujin.

Toyurutouru Problem (127)

I made this for the circle Toyurutouru's 10 year anniversary. Also, I did some fine turning to the page as well.

2015 YA-ZY

YA-ZY EX TRA

Afterword

Thank you very much for purchasing this. This is a compilation of some of the contributions, copy magazines, and work posters I made over the years. This winter, I'm not sure if I can make the time to make doujins, and I have given it some thought to quitting all together.

Maybe when that happens, I could gather each and every little piece of artwork and make a compilation out of that as well. If I were to gather all that, I think it would become a hefty volume that I think you might get some enjoyment out of.

Now that I think about my 10 years with A-ZY, I have to sit back and wonder if those were really the great times. Well, after sticking with them for 10 years, I suppose they'd be happier if I released something new. lol

Without going into every little thing, I'd like to think I've released about everything that really caught my eye. And when I look at the pages of this compilation, it becomes pretty obvious that I never drew a whole lot. lol Still, I think it's a good amount. I'm glad I was able to summarize it all together like this.

I have no idea when I'll bring this topic up again, but anything else I decide to release I'd like to think it'd be great if I tried my best at that too.

Well then, I think it's about time I wrapped up this poor writing of mine. Anyway, I want to thank you again for purchasing this volume!
