SU-SU-SUZUNE, It's Suzune Rai! Here's the 4th book in the "Noja Loli Babaa Kitsune-sama" series!

other books in the series:

Book 1: "Noja Loli Babaa Kitsune-sama no Mori", where a lolicon-obsessed guy gets redeemed!

Book 2: "Noja Loli Babaa Kitsune-sama to Shofa", where a big-dicked shofa gets taught all about sex!

Book 3: "Noja Loli Babaa Kitsune-sama Loli Kyonyuu Kuro", where we introduced a new character, Kuro!

And in this book, we'll see some action featuring both Shiro and Kuro!

I had a lot of fun making this series, and I hope you all had as much "fun" reading it!

Thanks for reading Book 4 of the "Noja Loli Babaa Kitsune-sama" series!

"Sensei! It would be really cool if your next book had the two of them trying to figure out what a certain 'moving toy' is for". That comment right there inspired this very book! You know, even now, it's still kinda strange seeing so many comments about my manga. Anyways, it was posted right when I happened to be watching a TV special on kitsunes. I thought "It must be a sign!" so I just had to put it into the book! It was kinda fun drawing both Shiro and Kuro in the same book for the first time (well, for more than a page). It's a little hard to notice how large the size difference actually is between their tits until they're together... So, what do you all think? Did you like them together better, or when they were in their own stories?

I'm gonna be releasing a new book soon! It's called "Paizuri Android Loli Kyounyuu Shoujo Soushitsu Hen", and it'll contain over 200 pages of oppai loli android awesomeness! I'll be posting the info on where to buy it on my Twitter soon, for print as well as digital editions! I'll be renting a booth in the next Comiket, and I hope to see you there! If not, well, at least you can buy from my site as well.

In other news, I'm currently working hard on finishing up "Chinko Proportion X". By the way, my Twitter followers already know this, but I'll be making a new two-part series! The first book will be called "oneshot Kyunyukii". I'll be starting work on it once I'm done with my other current doujin projects.

I'd like to give a shoutout to my biggest supporters on Enty and Fantia!

I couldn't have done it without you!

(Meganemusume-san, Kuremoo-san, malkao3o-san, KC-san, Kurenesan-san)

Last but not least, thank you to all who picked up and read this book! It really means a lot! I'll have more stuff for you guys in the future, so stay tuned! I'm so happy that there's so much of you who love my work!
