NEXT ONE!

Bergia, you say?

This one is a female knight, her name is Bergia.

Every time we encountered our enemies, it was she who was in charge!

I'm spotted!..

Hey! Who's that?!

She's dealt great damage to our forces...

Some sort of a weird woman...

I see... You did great...

I did wonder what kind of a woman you are...

But I never would've thought...

Bergia...

They
bear no
guilt!

Exactly!

You
want
me to
release
those
women?

Wha-a-t?...

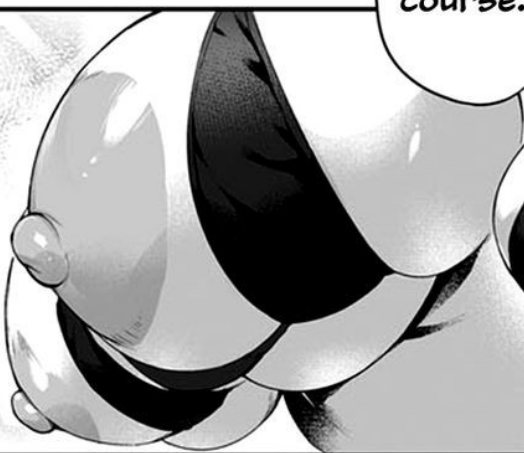

And
you're
ready to
take their
place...

O... Of
course...

I'm ready
to accept
everything
it takes!

O-oh...

I'll make it
short - if you
manage to
satisfy my
tastes...

...you'll grant
my wish?..

...
...
...

Everything depends on you...

Really?

I may think about it...

...then I suggest thinking about your life... ♡

If you think about resisting...
