

CAPTAIN GALAXY

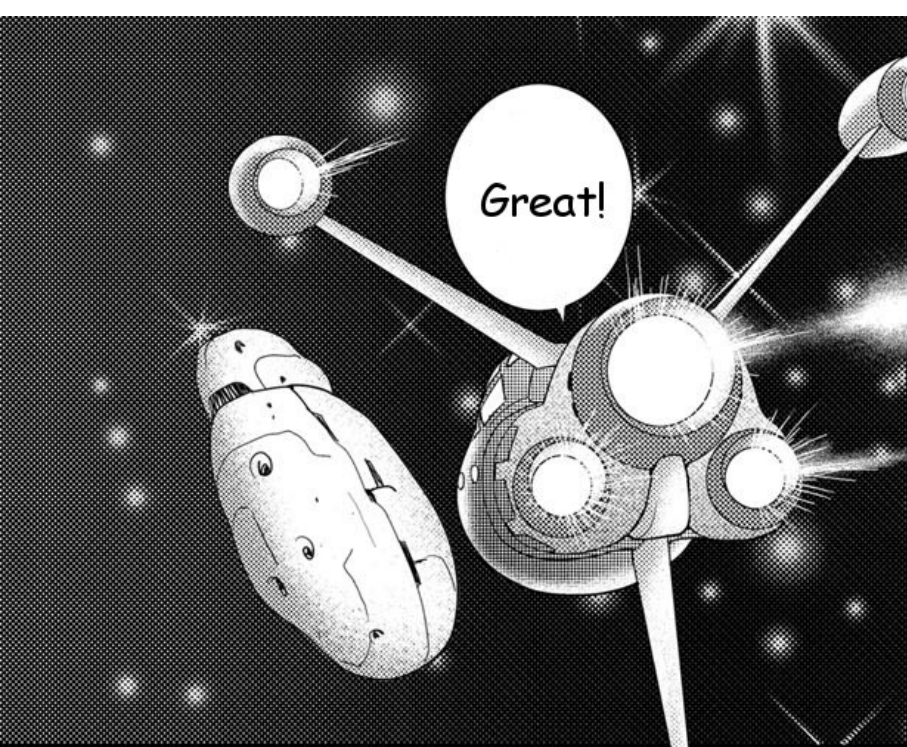

キャプテン・ギャラクシー

まいなあぼおい

第1話 宇宙商人ポッタクリ

There's a
passenger ship
of unknown origin,
Careful the
gravitational field
is unstable in
this area.

Captain Galaxy
Jonny Honda

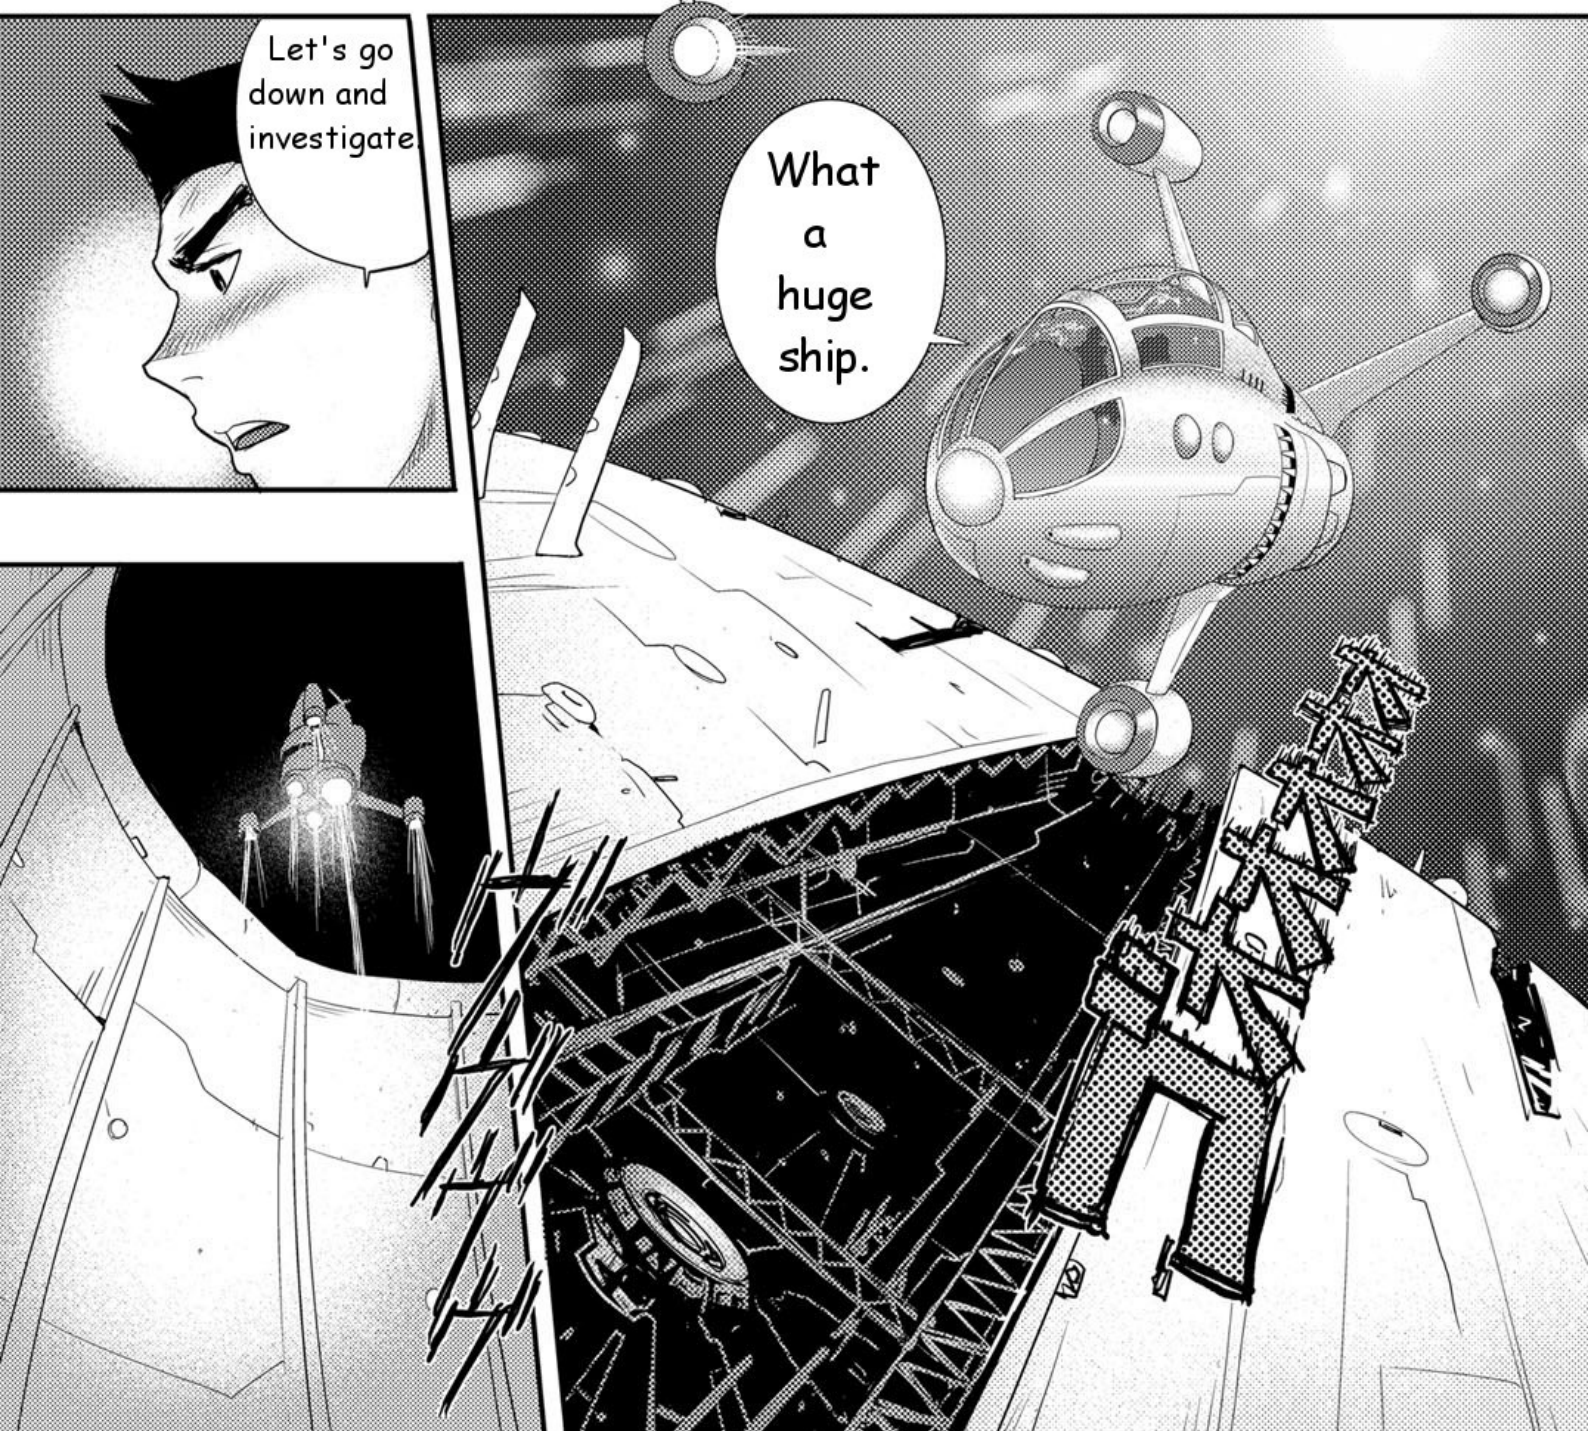

Great!

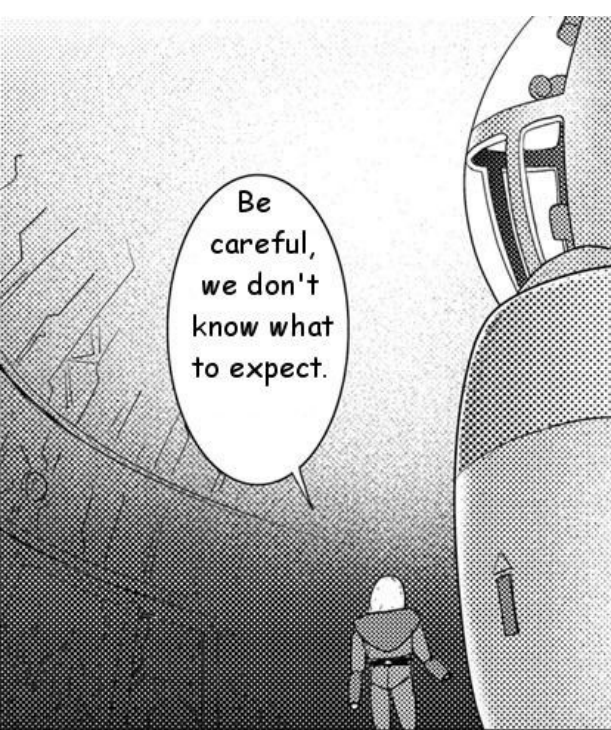

Captain,
there's
a signal.

Let's go
down and
investigate

What
a
huge
ship.

Be careful, we don't know what to expect.

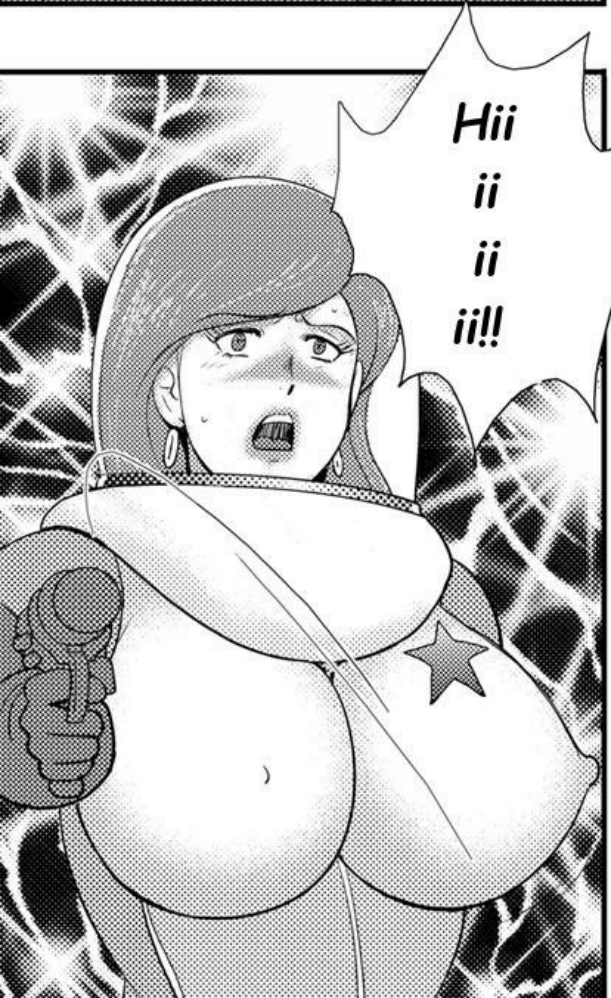

Yes, Captain.

Our
message
to you.

Botakuri
aliens, are
you okay?
What are
you doing
here?

The vessel you're
using...
It's a passenger ship
not a merchant
vessel?

The cost of
using this
was cheaper
than the
usual means...

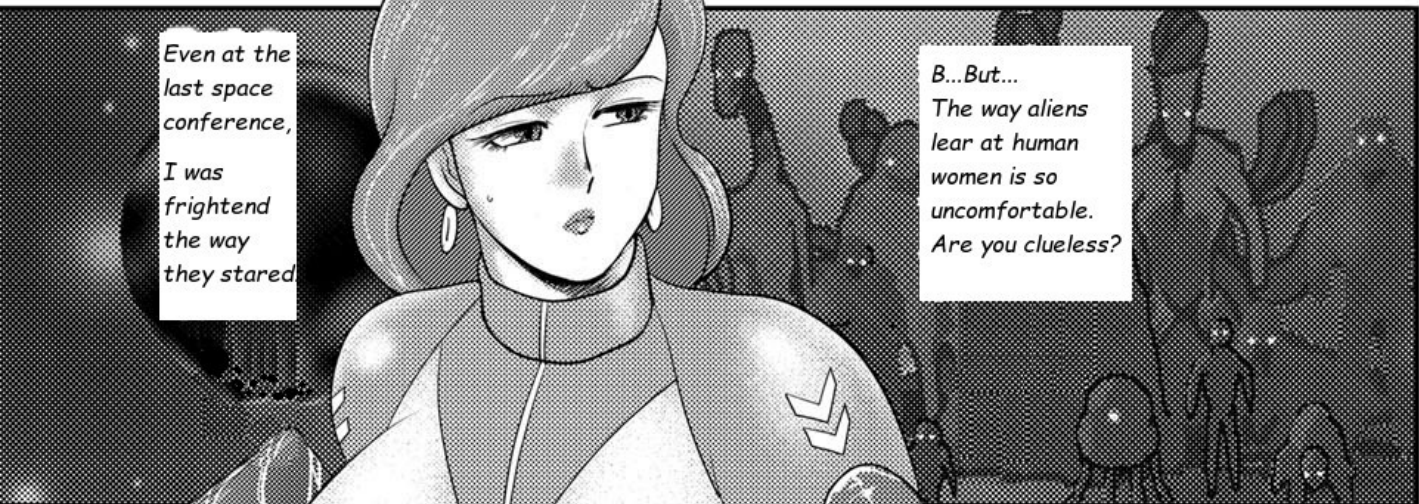

We're loaded
with trade
goods traveling
space.

Space Merchant - Botokuri
Speeks in a strange Kansai dialect.

Even at the last space conference, I was frightened the way they stared

B...But... The way aliens leer at human women is so uncomfortable. Are you clueless?

Ha Ha Ha Ha
Norika, you're assuming too much!

What use would aliens have for a human woman?

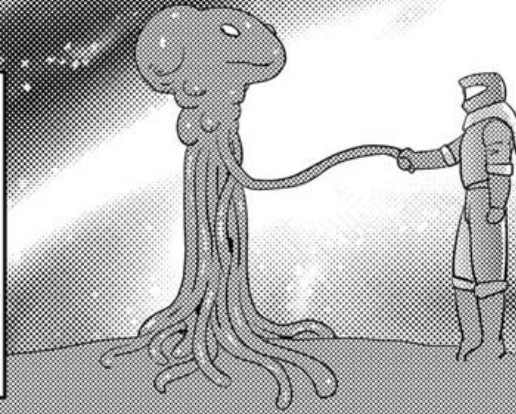

This woman... Her worries are to extreme.
Ha Ha ha...

Well if you look at them as a human woman, aliens are strange creatures.

The trade in technology and benefits from sharing innovation has been wonderful.

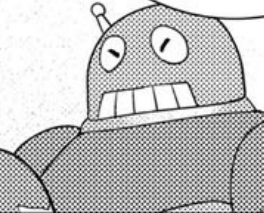

A hundred years ago humans began making contact with many alien races.

Aliens have been very generous to trade in their technology.

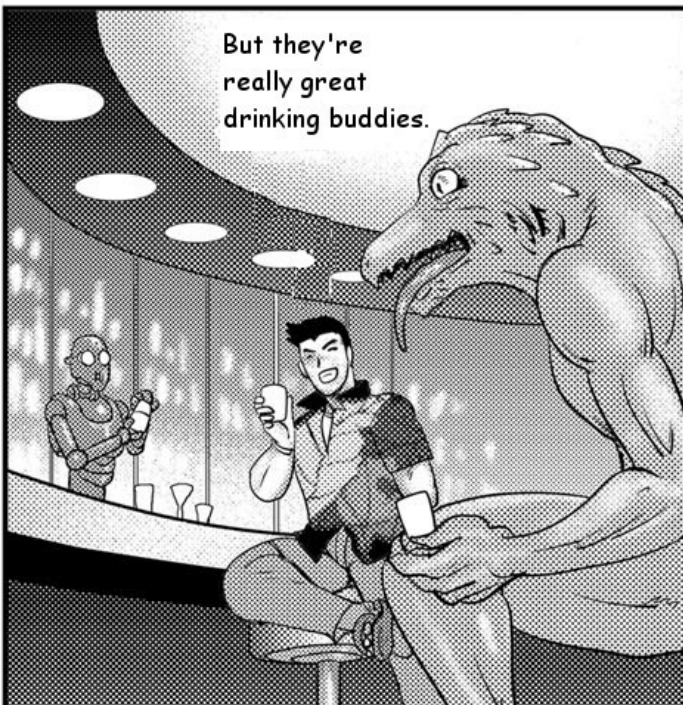

Thanks to trade in robots, for example, all human lives have changed and are free from harsh labor.

For example... An alien from the Gigar Star looks like a horrible movie monster ...

But they're really great drinking buddies.

Ah...

Now humans freely travel the universe coexisting peacefully with aliens. You should have a broader perspective.

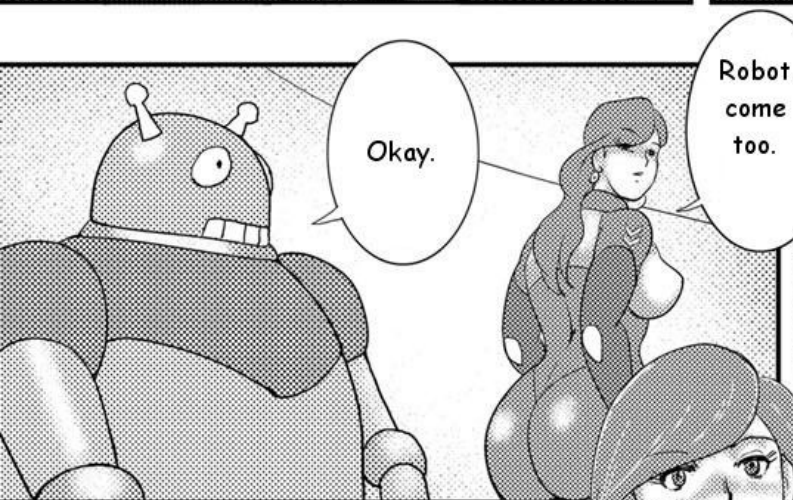

Aah...
Okay...

That's
right,
go try it
Norika!

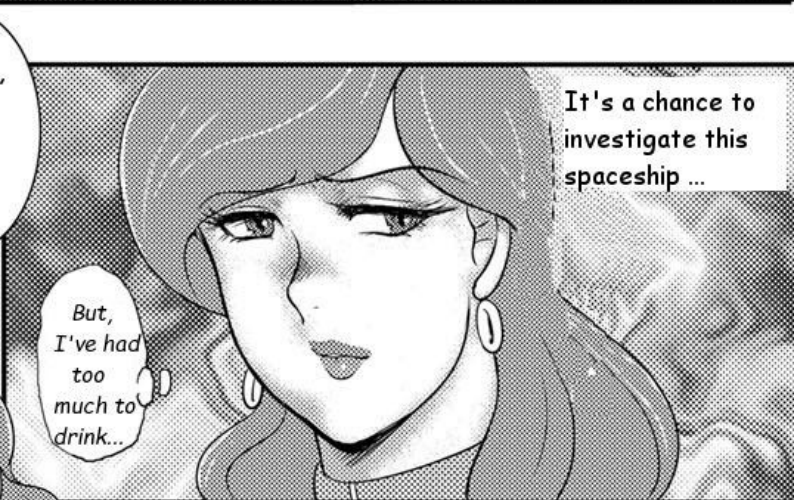

Would you
like to see it
and try it
out?

That reminds
me we have a
new device for
trade.

Okay.

Robot,
come
too.

It's a chance to
investigate this
spaceship ...

But,
I've had
too
much to
drink...

This is our best selling item
in the galaxy right now.

We acquire in large quantities
and sell huge volumes.

So large,
it is a big
space ship ...
I wonder how
many items it
can carry

So many...

!!

We're the
galaxy's leading
merchant for this
product.
Used as...

As a dutch wife ...
as a bed buddy ... as a slave ...
and ... as food ...
I haven't had a product this
popular in years.

Die!

Robot,
what are
you doing ...

Ha ha ha...
Our products

in an emergency.

What are
you going
