■ Hello, Murasame Maru here.

Every single year it gets so hot during the summer...
I mean, how have you all been doing?

I'm doing the same as ever!

Being the idiot that I am who doesn't learn his lesson, I might have bitten off more than I could chew again, but it's all fine.

I was really enthusiastic about putting out three books this time, but...

Huh? I say that every time?

Yeah, I do...

It's the current trend, putting out two books with the vigour of putting out three.

"I couldn't reach the third one I dreamed about,
and the first and second are also kinda samey."

Something like that.

Speaking of which, the title of this book is "Play Room 2".

But, doesn't that give off the impression that it's a sequel to the first one?

It's not connected to it at all though...

If I had to say, it's more of a sequel to "Yukino-chan days"

from a couple years back, right? Yeah... Hmm...

Well, perhaps. I wanted to send the cover to print in advance,
so I had to come up with the title in hurry!

Let me think... "If there are two little girls making out in a secret room,
then it's a sequel to Play Room, right!?"

That's probably what I was thinking, but...

Yeah, I think I slapped the title in a bit too carelessly.

This is the kind of meaningless ramblings my afterwords are for!

Anyhow, I drew it as more of a heart-warming 4-koma than straight up porn,
so to all those who were looking for that, sorry!

I've been finding porn kinda tiresome lately... orz

I hope you had a great time reading. Now then, bye...
