Comments: Trapdom without the trap topping. I don't know, I really enjoyed this. The atmosphere seemed perfect for Ari making onii-chan his fuck toy instead. I wouldn't have minded Ari topping, but I think this way fits better actually. If tomatojigoku is listening to my prayers, he'll make a sequel that has topping. That would be the best of both worlds. The blowjob scene was fucking perfection as well. As was the footjob scene. It was all great, okay?
