

Alright
...

Ah,
good
morning,
Shiho-
chan.

Haha,
finally
got used to
that uniform
did you?

Good
morning,
Takayuki
Onii-chan!

THE GIRL
NEXT DOOR?!

隣人彼女?!

みずゆき Presents
MIZUYUKI

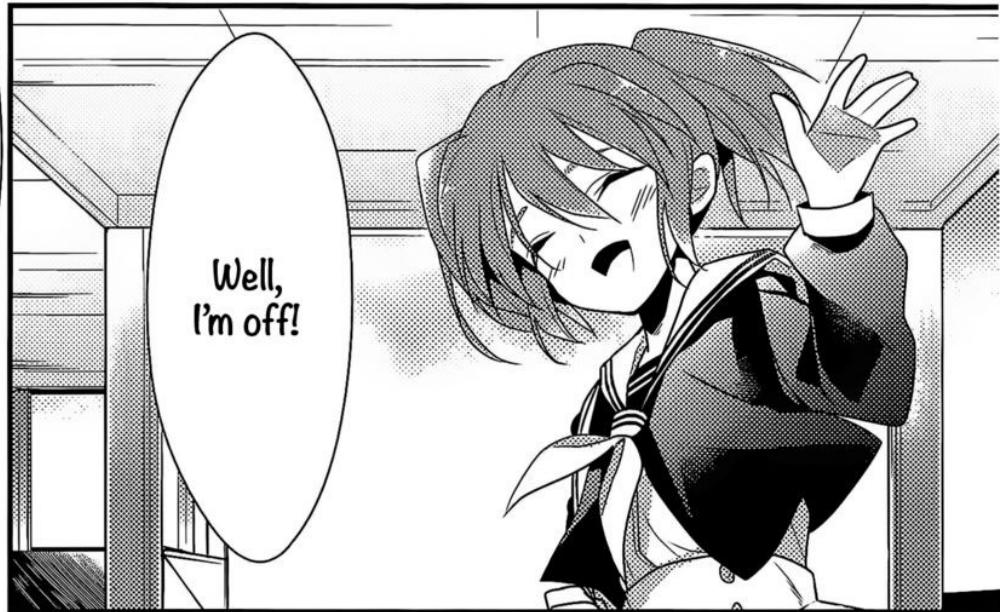

Yeah!
You woke
up pretty
early too
today
Takayuki
Onii-
chan.

Do you
have a
test
really
soon?

Yeah,
I've got
an early
class
today.

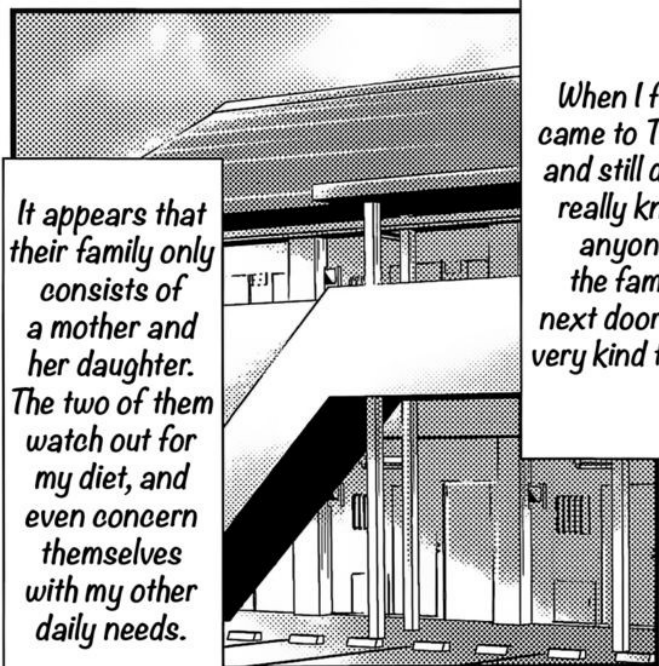

See you later.

Well, I'm off!

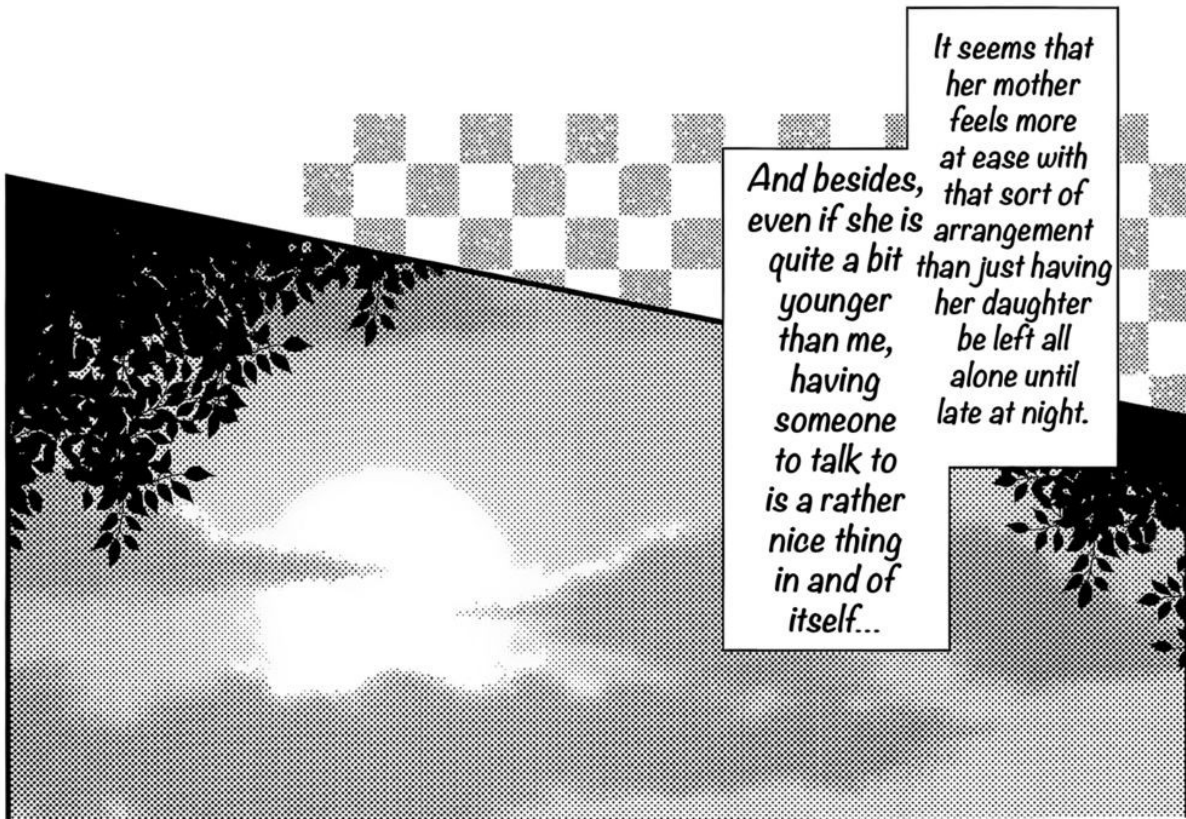

We've even reached to the point where Shiho-chan will often come over to play in my room on days when her mom works late.

It appears that their family only consists of a mother and her daughter. The two of them watch out for my diet, and even concern themselves with my other daily needs.

When I first came to Tokyo and still didn't really know anyone, the family next door was very kind to me.

And besides, even if she is quite a bit younger than me, having someone to talk to is a rather nice thing in and of itself...

It seems that her mother feels more at ease with that sort of arrangement than just having her daughter be left all alone until late at night.

Ding-dong

Your mom will be late again today?

Pardon me.

Yeah.

Packed

Ah! You've just been eating cup noodles again!

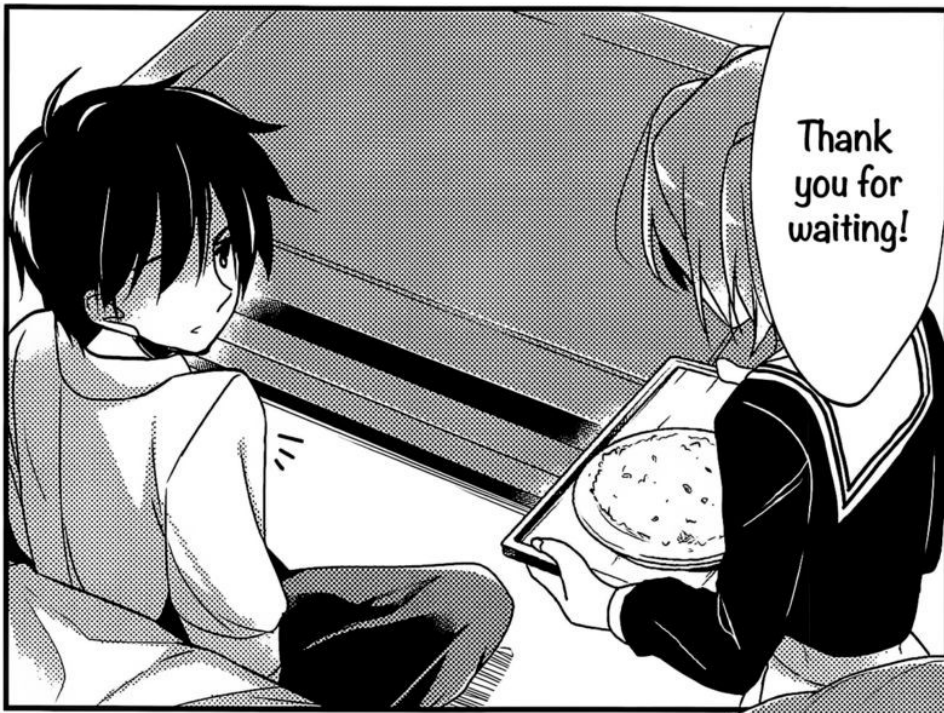

Should I make you something?

Oh thanks. I appreciate it.

Creak

I've come to play~

Thank you for waiting!

Haa... a home-cooked meal, huh? If I had a girlfriend, I bet she would make me that sort of thing, right?...

No, that's not it. I'm still really grateful about this even if it is Shiho-chan.

Eh? I still... don't really understand that sort of stuff all too well... but...

Wow, you're already talking about things like boyfriends and girlfriends and stuff? You're more mature than you look. Are there any boys you're interested in, Shiho-chan?

You know, there's a girl in my class who got confessed to by a boy from another school that she met from her club activities!

SWISH
ぱん

Ah! This is that game that came out a little while ago!

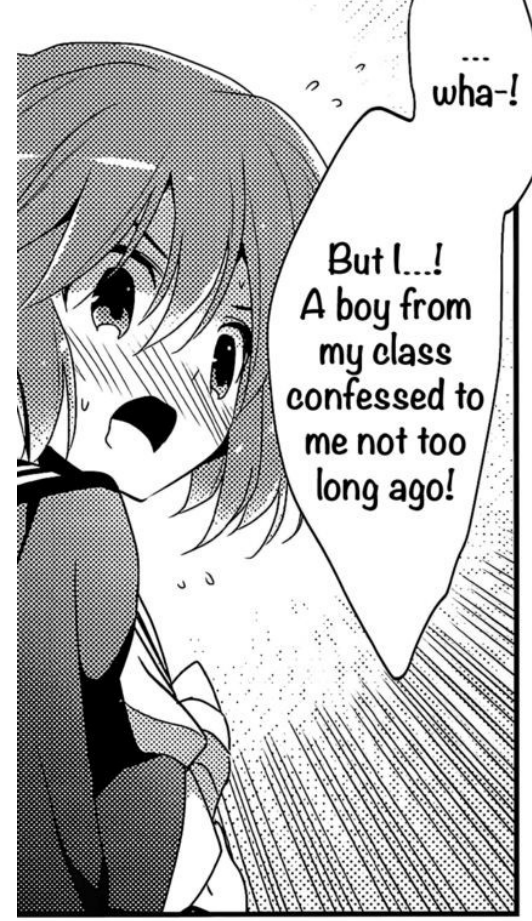

Hyah !!

STARTLE

Hey, let's play this together.

Shiho-chaan

squish

... wha-!

But I...! A boy from my class confessed to me not too long ago!

Goodness, being so defenseless on top of getting so into video games... It doesn't look to me like you've got much experience with love at all.

Let's COVER

Your panties were completely exposed just now. Did you do that on purpose?

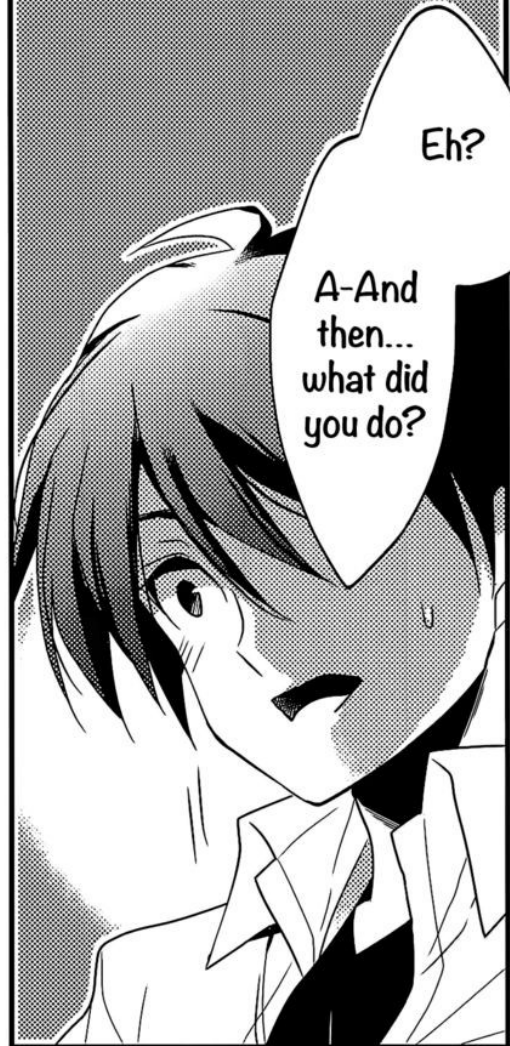

There's no way I did that on purpose! Geez... where do you think you touched me!?

Fup clench

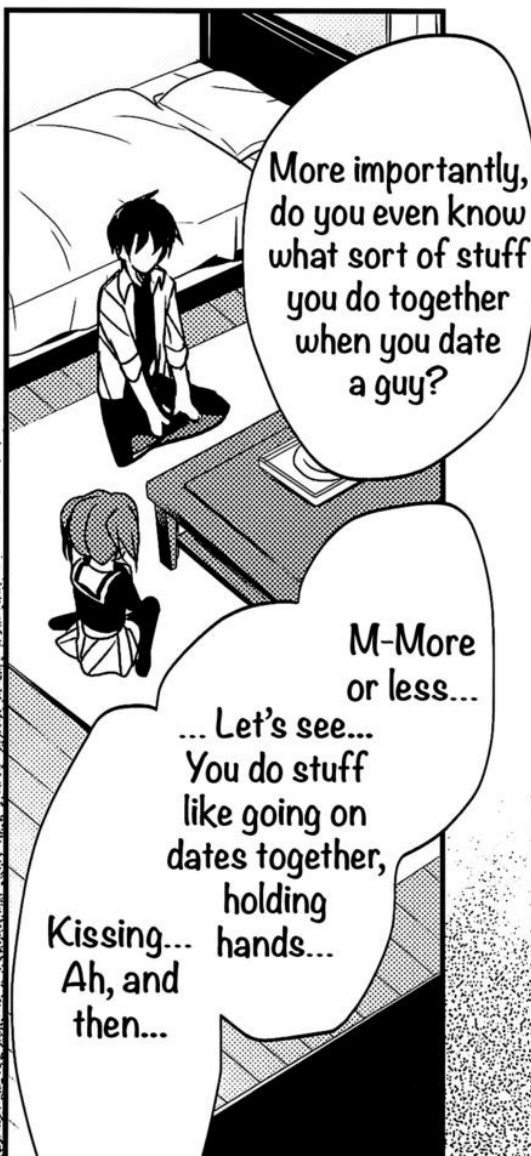

... I was surprised and turned him down.

But my heart was beating so fast... [it didn't feel unpleasant though.

Eh?

A-And then... what did you do?

More importantly, do you even know what sort of stuff you do together when you date a guy?

M-More or less...

... Let's see... You do stuff like going on dates together, holding hands...

Kissing... Ah, and then...

Geez! I told you that's not what happened!

... I see. Well, I'd certainly feel a bit weird too if I had a classmate who would expose her panties to tempt people like that~

straight-faced

Having sex,

SPUTTER

Am I Right?

stare...

Is that right?...

I heard about it from my friends!

"Sex", huh?... So you do know about it, Shiho-chan...

That's kinda shocking.

... Hey, do you want to know about sex?

fidget...

fidget...

But... they didn't actually tell me what it is exactly you do for that... Even my friends just laughed saying "It's too early for you, Shiho!"...

Is that right?
Well then...

I can! I'll do my best!

Yeah, but I'm wondering if you can really do it...

SHINE

Eh...? You'll teach me about it!?

Hyah!?

UNDRESS

I bet all your friends only know about sex from what they've heard or read, rather than actually doing it themselves.

If you become an adult before all of them, that will be something you can boast about, Shiho-chan.

No, Onii-chan, not there ...!

Hm? Do you want to stop having sex then? I guess it really is too early for you after all, Shiho-chan.

twitch

Yeah, since we're going to do something far more amazing than holding hands or kissing.

Eh...? You are undressing me?

Ha ha ha, as expected, you are pretty flat~

STARTLE

No... Stop treating me like a child...
