A black and white manga-style illustration. A woman with long dark hair is lying down, her body covered in sweat. She has a pained expression, with her mouth open in a scream. An enema tube is inserted into her rectum, and a large, bulbous bag of fluid is attached to it. The fluid is dripping down her legs. In the background, there are some small, stylized figures of people. The overall tone is one of intense physical suffering.

Guuaahh...
This is

Animals Across The Universe

The Botutakuri Reproductive Cycle

Yes, watch this, seeing is believing.

Oh...
Don't react like that ...
Watch this, you'll understand

NOOooo
About...
About this
From this...
Spare meeee

This creature is similar to the earth cow.

A mollusk similar to Earth's cephalopods. Their ecology is very interesting ...

On the second spiral of the galaxy, the Botokuri live on the third planet orbiting their namesake star.

Animals Across The Universe

Moo
uuu...

With this wild creature called molon, the Botokuri do their breeding ... Botokuri females lay their eggs in the molon, and the males fertilize eggs in the molon body.

Fertilized in the intestines,
The egg grows and develop deep in the warm belly of the molon...

Eventually, the hatched larvae are released from the anus.

I've got it in deep...

Hee hee
hee
Now watch
this next
part.

!!

Guuaa
aahhh
It hurts!
Oohh...

Using this
method the
Botokuri increase
their population.

Prosperous,
the Botokuri
currently own
20% of galactic
wealth ...

This woman recieved eggs after the same remodeling as Lieutenant Norika. Her experiment was successful, and the in next experiment Lieutenant Norika will give birth to our children.

Noo

oooo

You will give birth to many hatchlings. Now lift your ass up and out to get ready.

Hee hee ...
First Lieutenant
Norika of the Earth
Defense Force
