Kiss Me Vampire Girls

These two vampire cuties are gonna eat every single schoolgirl♡

-Punishing a Junior-

Haruka

Has awful grades at school, not particularly good at being a vampire either. A low-performing student. A flatty.

Shinku

A honor student and a beauty. A lady who is charming enough to make her fellow classmates and homeroom teacher fall for her. Also a flatty.

Foreword

Thank you very much for picking this up.

This is the third book in the “Kiss Me Vampire Girls” series, this story doesn’t really have anything to do with the prequels, so you can go right ahead and read this as a standalone without a problem.

(To begin with, there wasn’t a whole lot of people who bought the previous 2 books).

(I did think about “Should I really continue this unpopular series?”, but I think it’s fine since this story isn’t technically a continuation).

I kept drawing more and more H-scenes, and the page count shot through the roof.

This is a threesome Loli Yuri book.

I’d be happy if you just relax, forget about everything, and let yourself be taken into this book.
