

Litmus

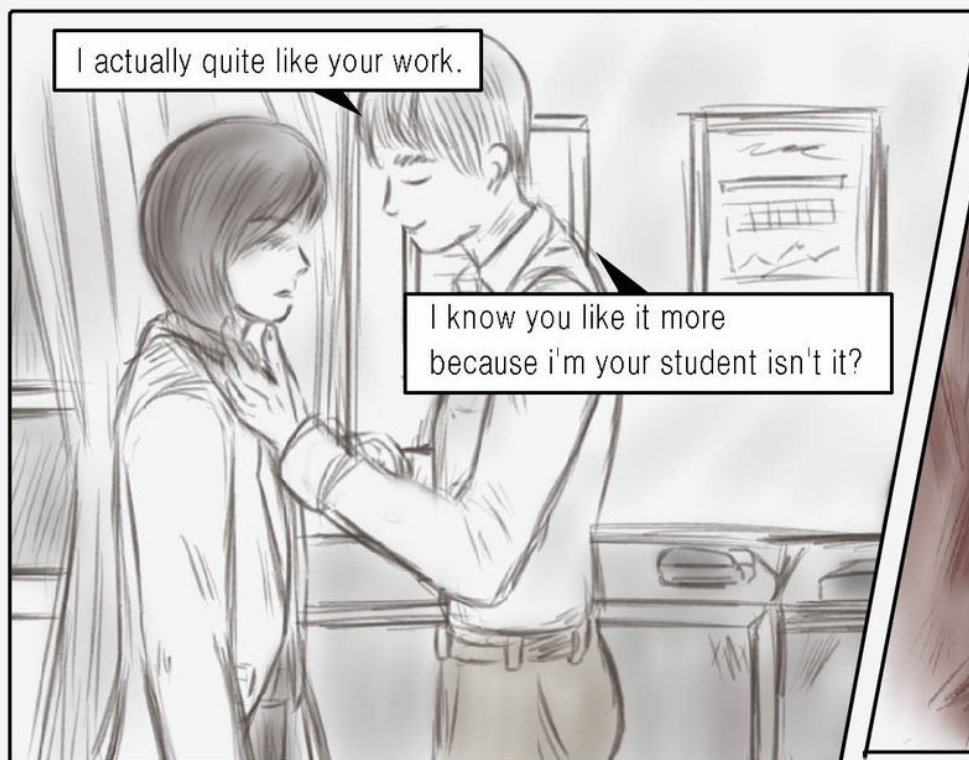

vol.2

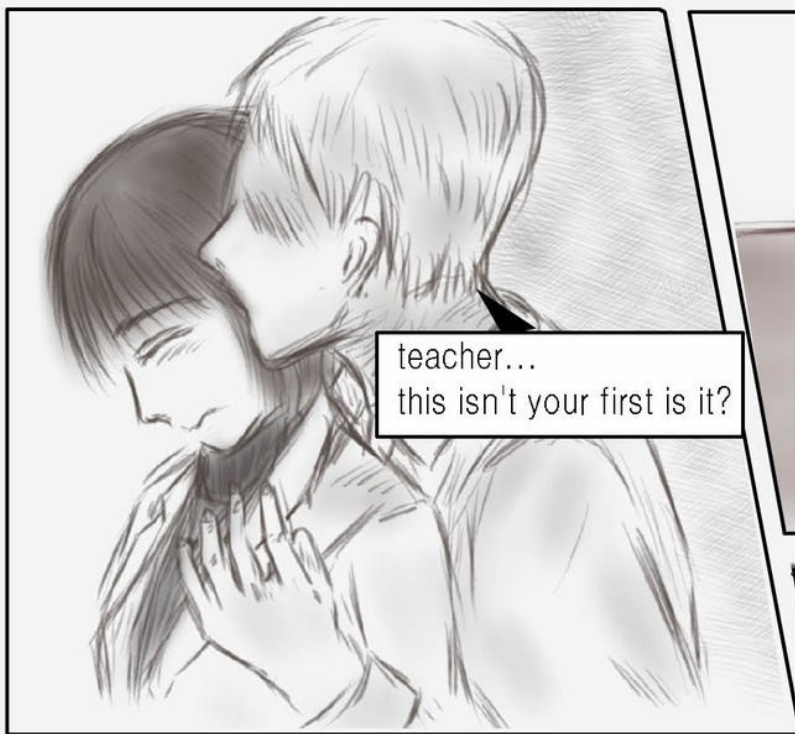

I always knew I would get caught one day.

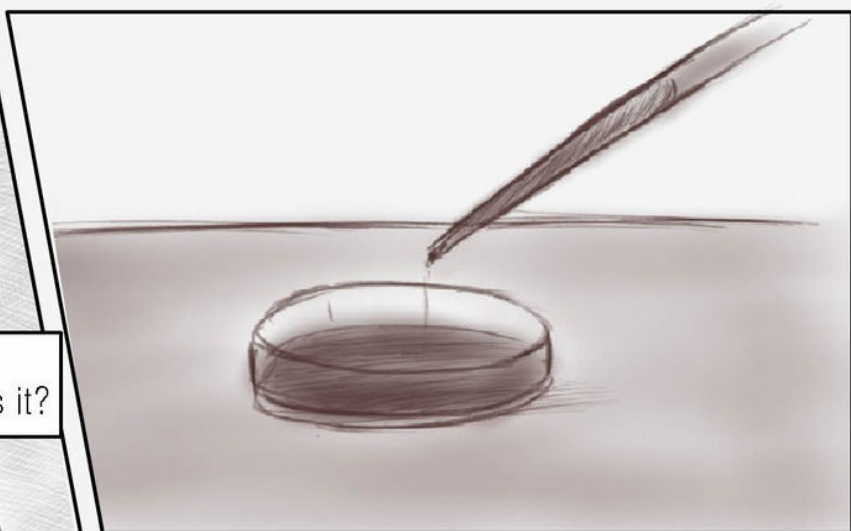

but I continued. although I knew...
at least I didn't know when. And that was enough.

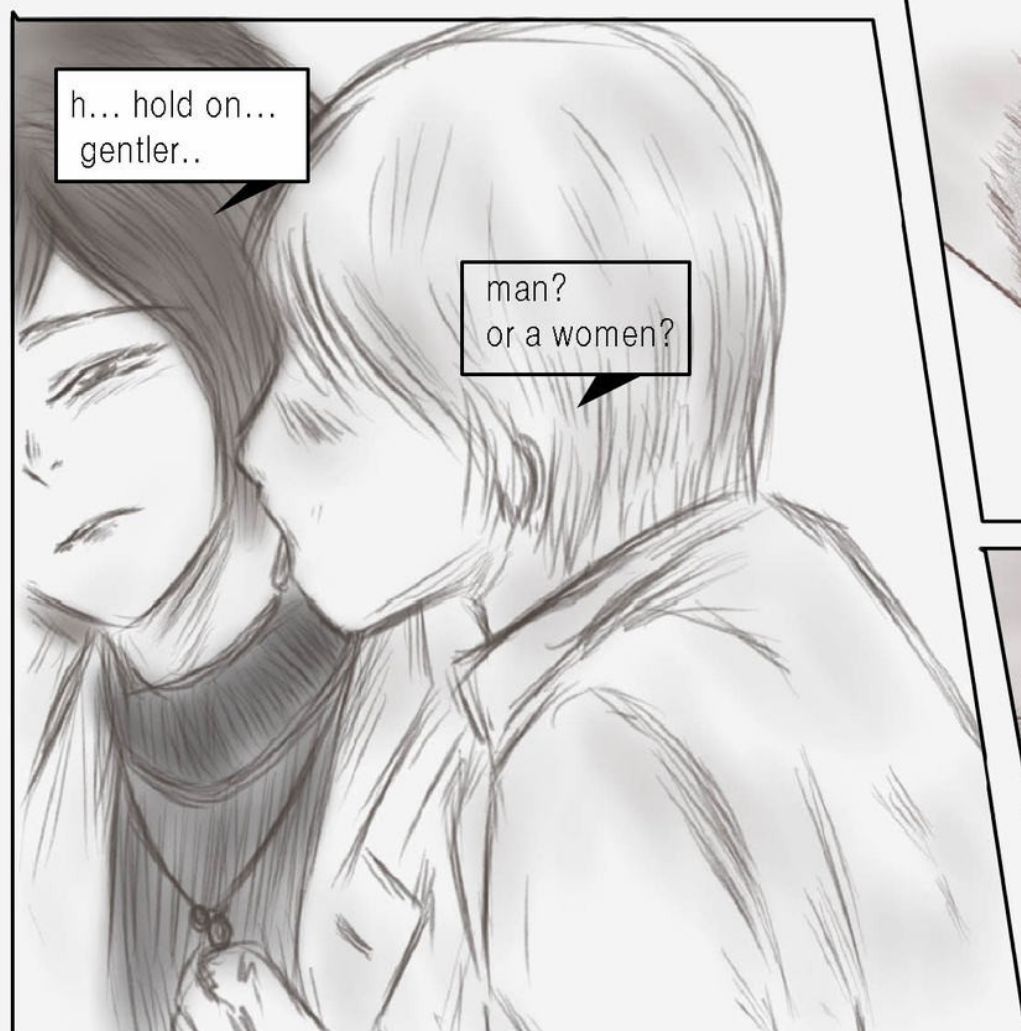

teacher...
this isn't your first is it?

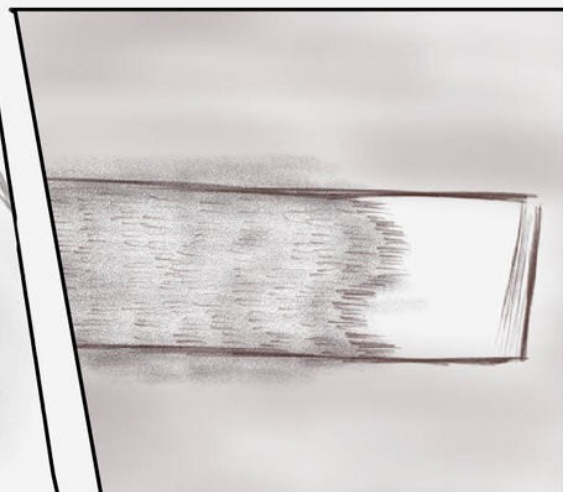

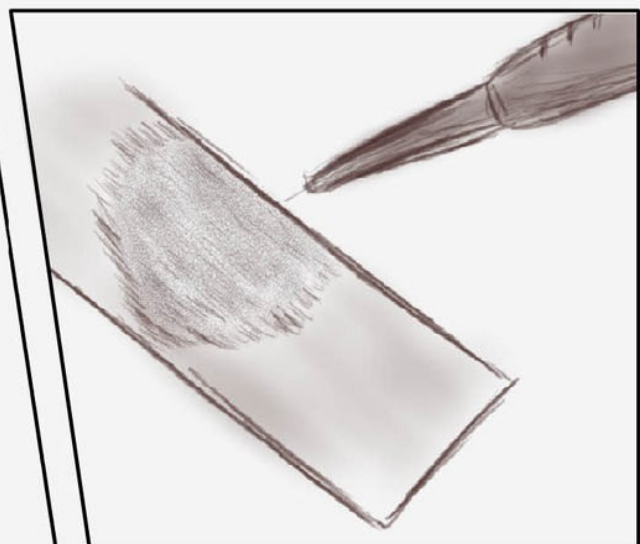

with how many?

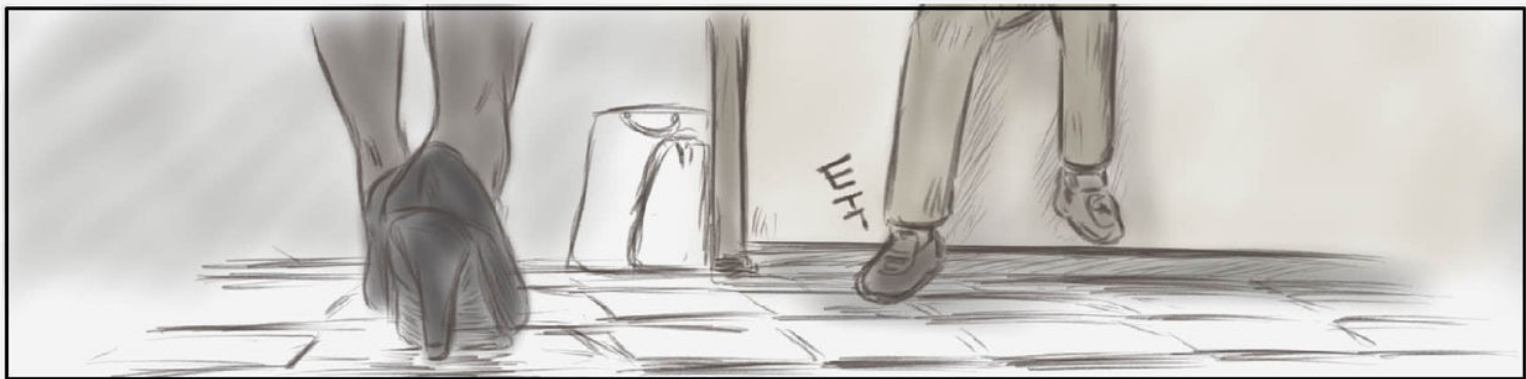

h... hold on...
gentler..

man?
or a women?

oh... teacher.
you really look like a girl?
cute!

I'm being serious right now
why don't you live as a girl?

no? well
lift your skirt up.

Quite a big dick!!
you got there.
I'm jealous.

Wa... wait...
h... here?

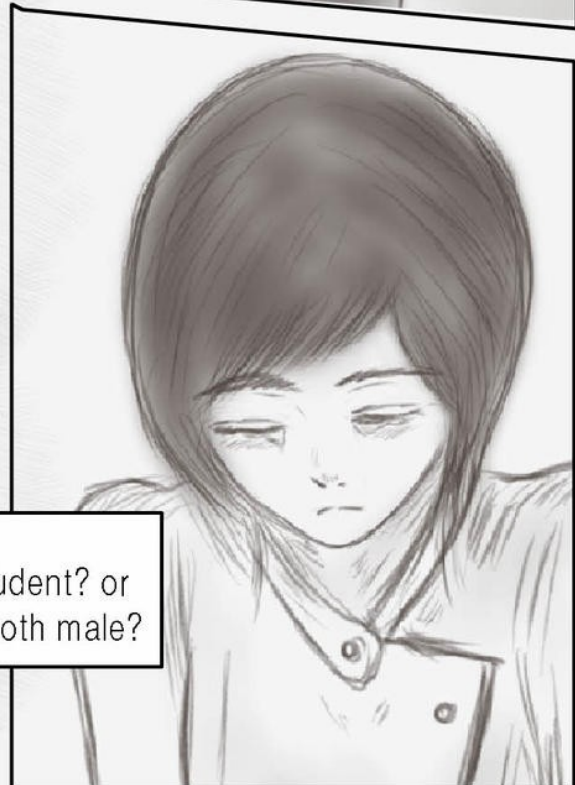

what?
you wanted it also
right?

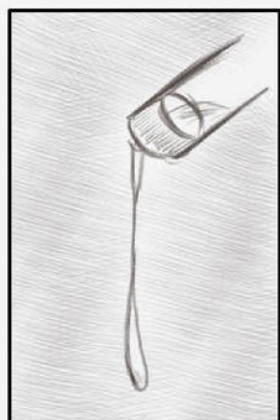

What the office? is your
conscious as a teacher
hurt or something?

which is it?
that i'm your student? or
the fact we're both male?

ugh... teacher...
i'm... cumming...
ugh...

your... cumming? i'm... i'm...
cumming... as.. well..

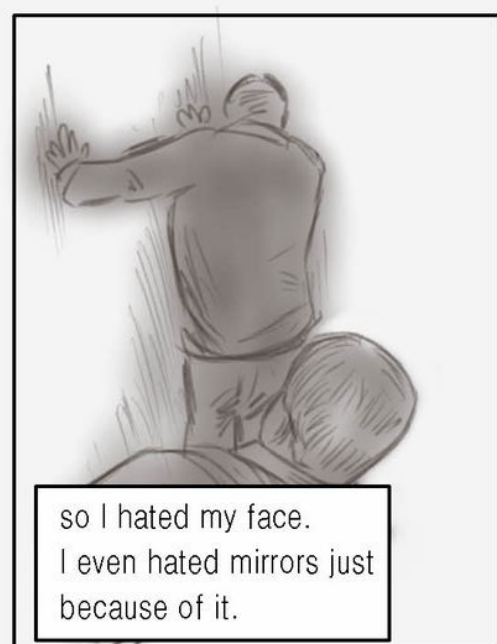

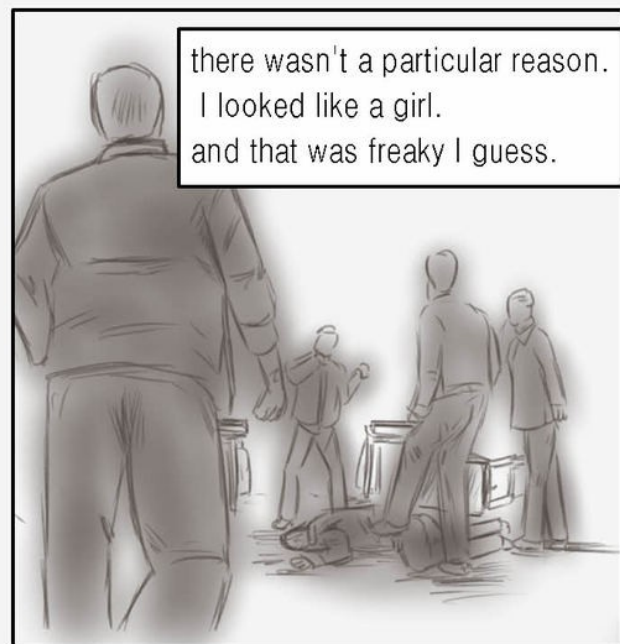

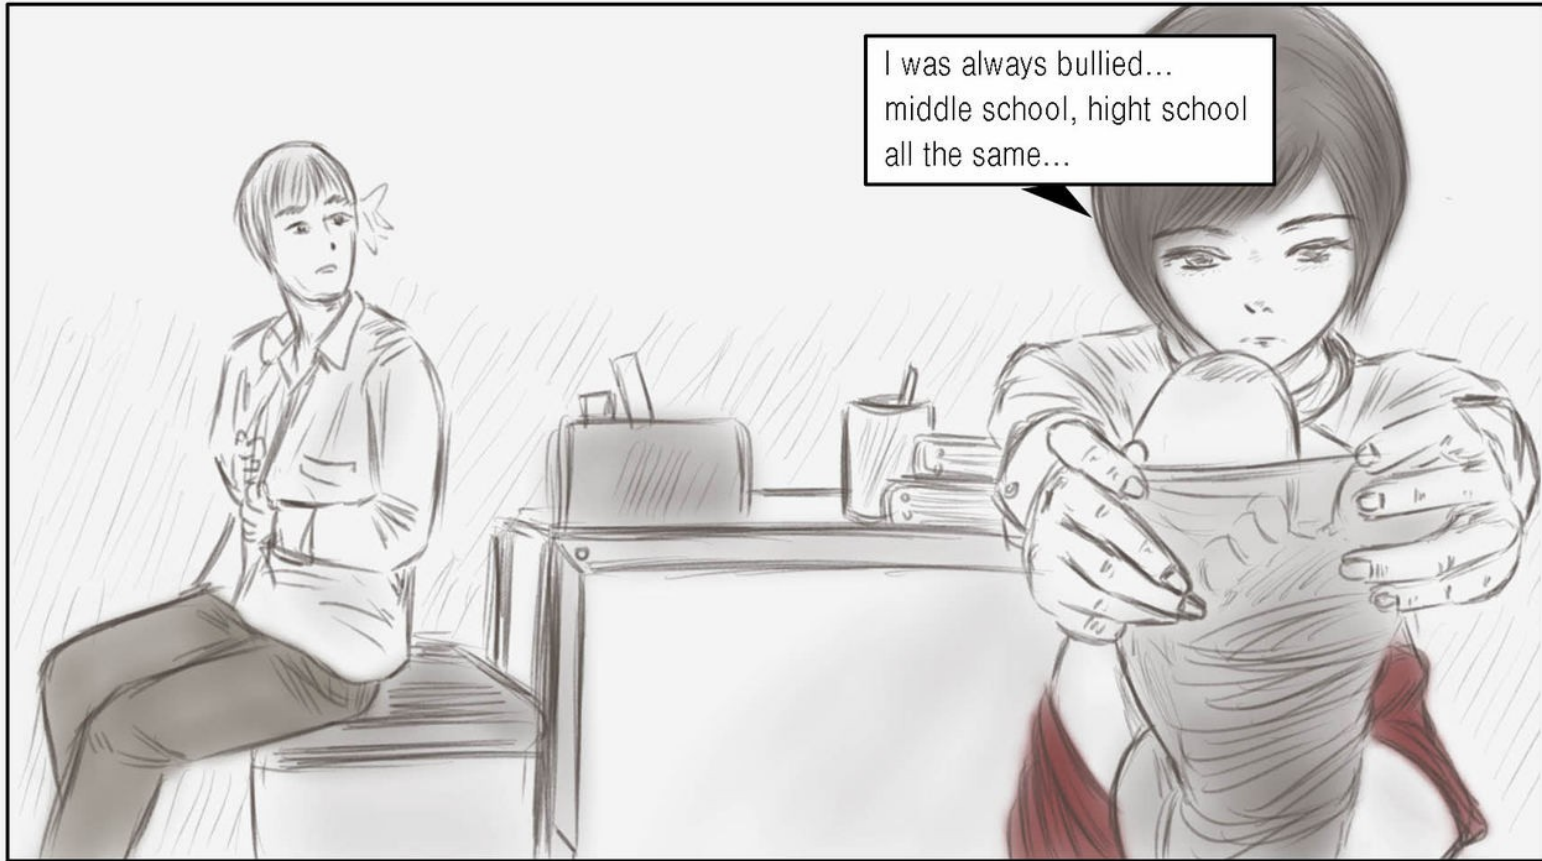

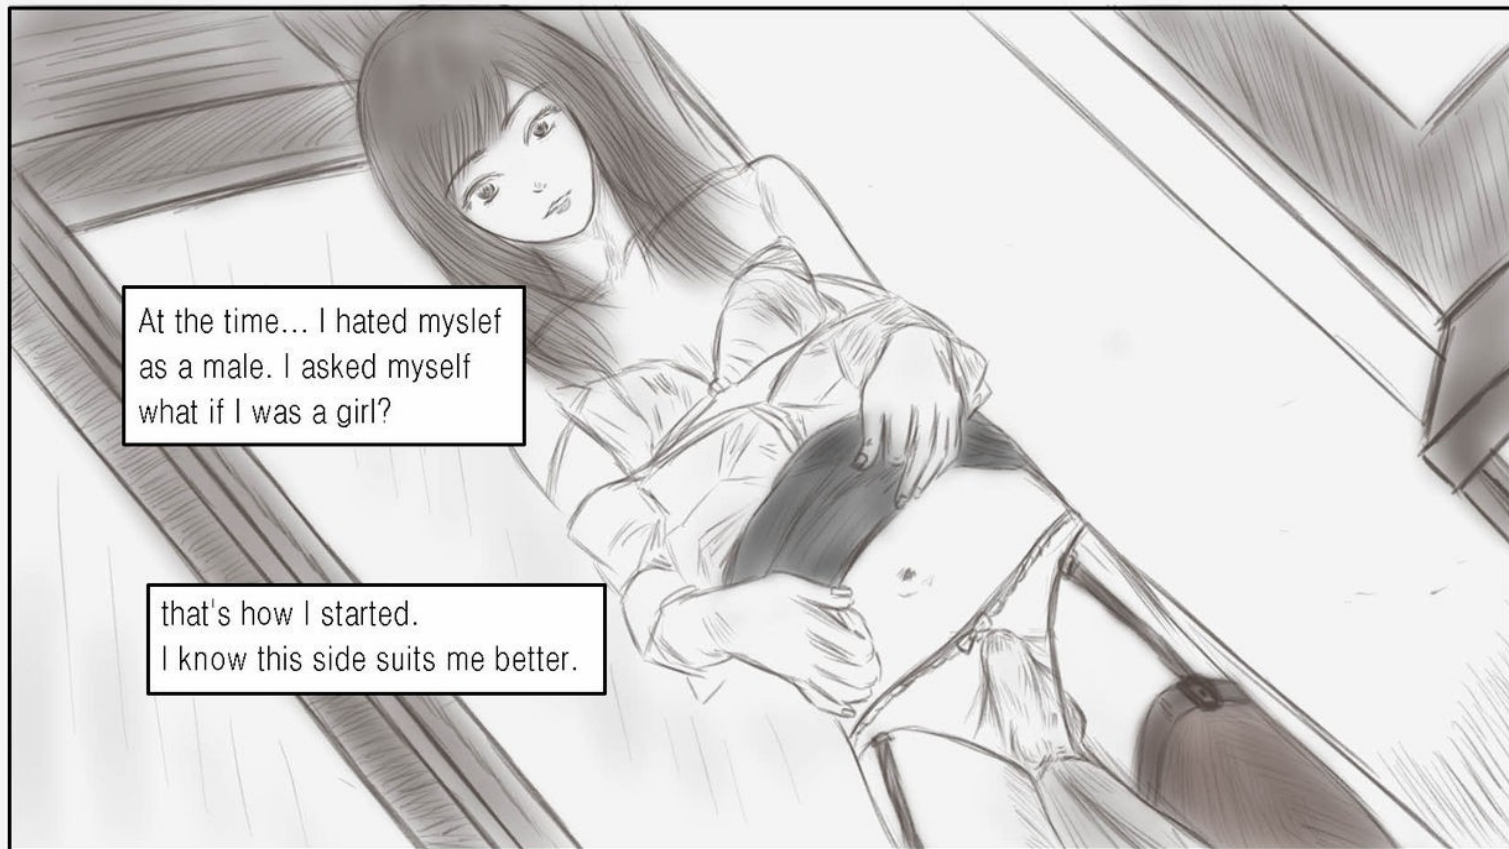

wow... you came too?
that's a whole lot.

look... this is how
much you came.

you're adorable.

At the time... I hated myself
as a male. I asked myself
what if I was a girl?

that's how I started.
I know this side suits me better.

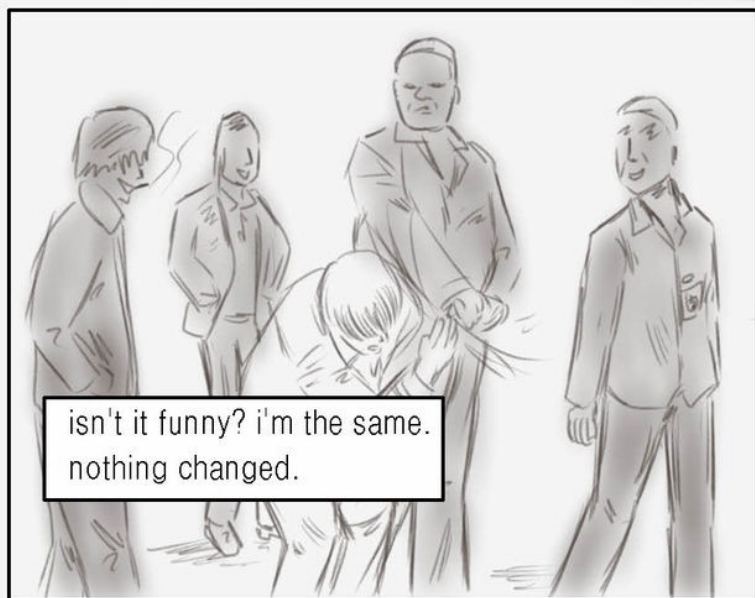

I Fell into it when I started college
and I started living alone.
posting photos in the internet just for fun.

I got addicted to it.
Like a addict.

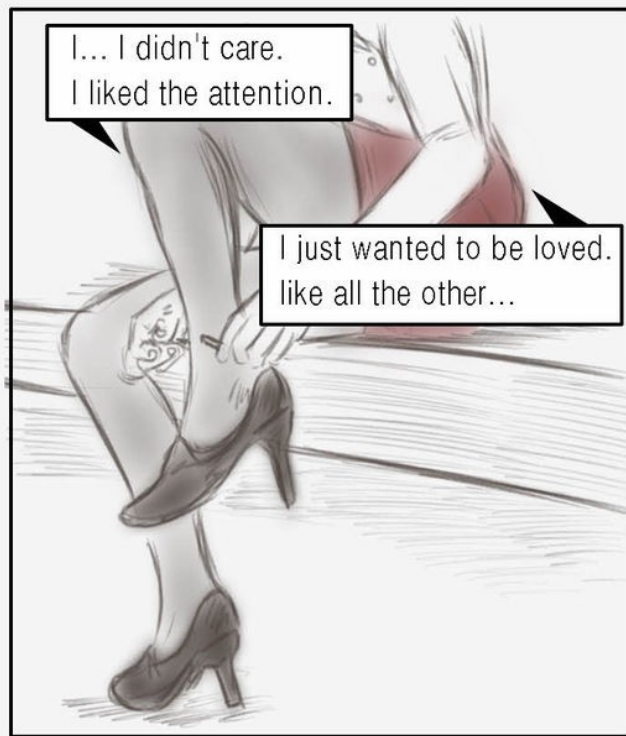

everyone liked me there.
telling me i'm so beautiful.
can't I meet them in real life
and so on...

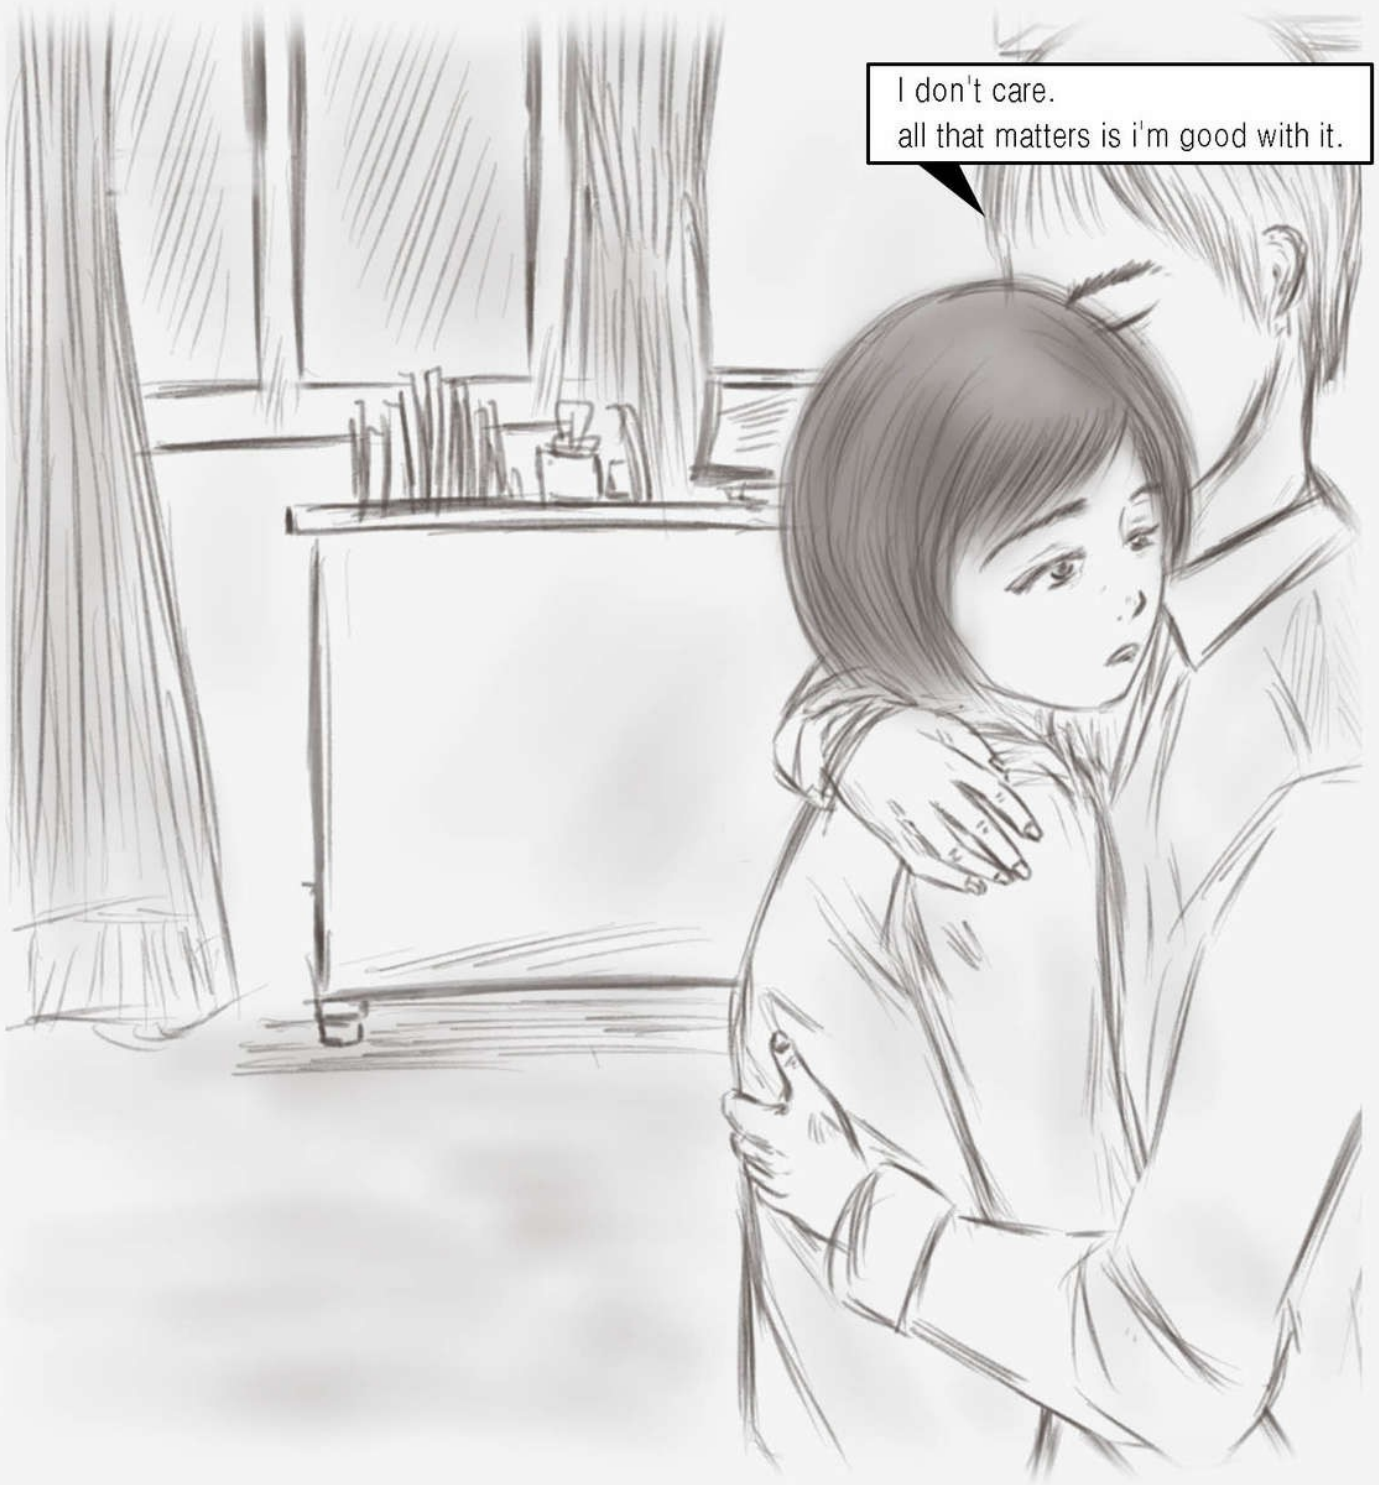

isn't it funny? i'm the same.
nothing changed.

just how I show myself
changed my value.

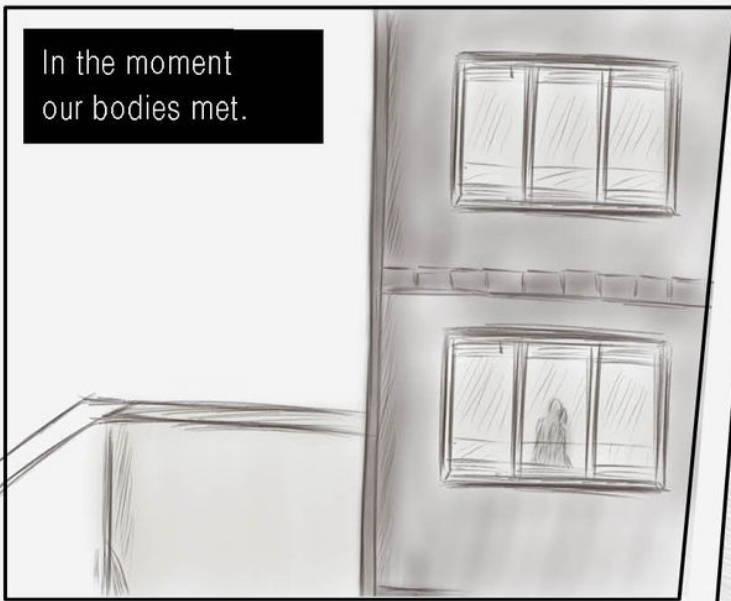

I don't care.
all that matters is i'm good with it.

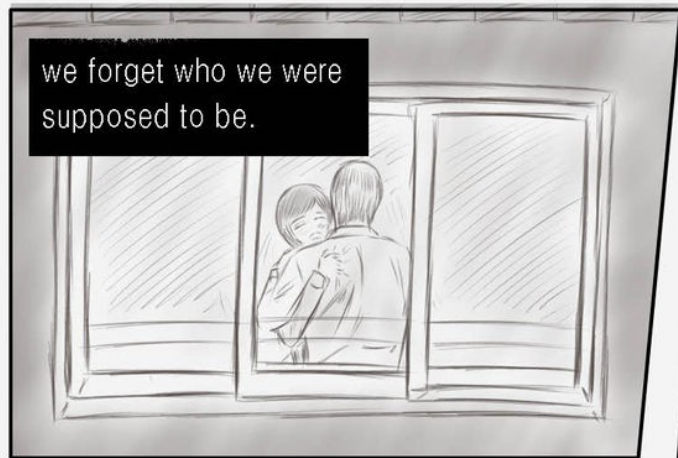

That's how our
'relationship' started.

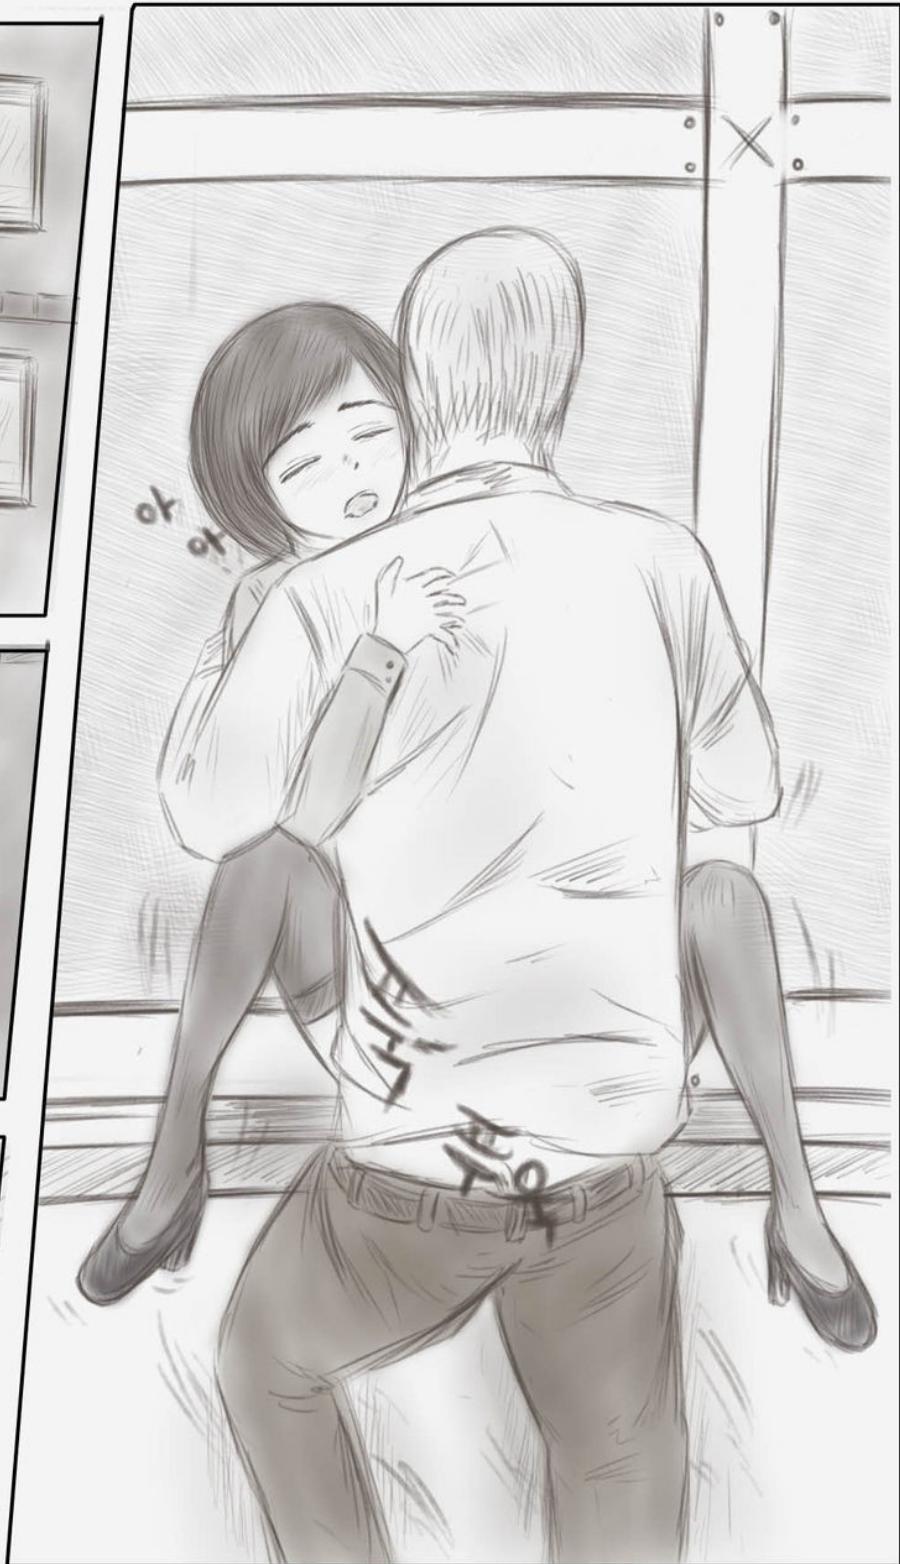

In the moment
our bodies met.

we forget who we were
supposed to be.

only remembering
ourselves.

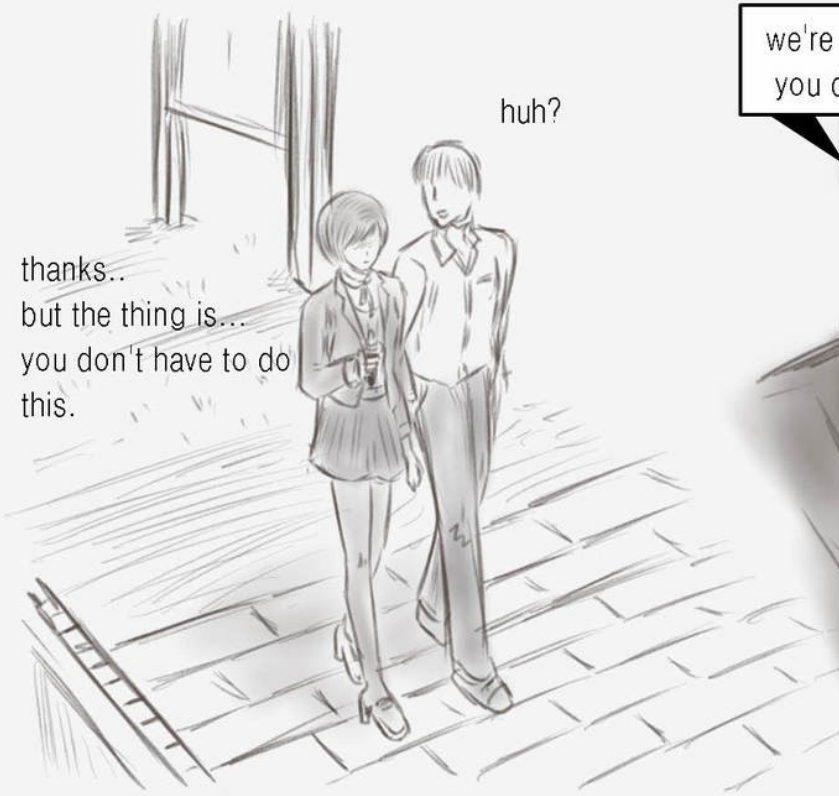

It's strawberry right?

huh?

thanks..
but the thing is...
you don't have to do
this.

we're just sex partners.
you don't have to be nice to me.

i'm not being nice.

what?

i'm doing it because I like it.

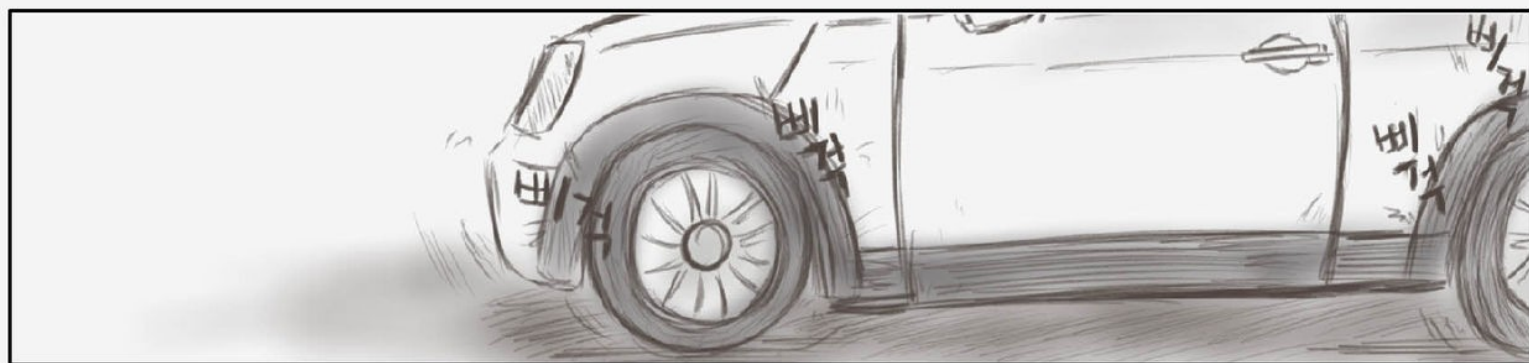

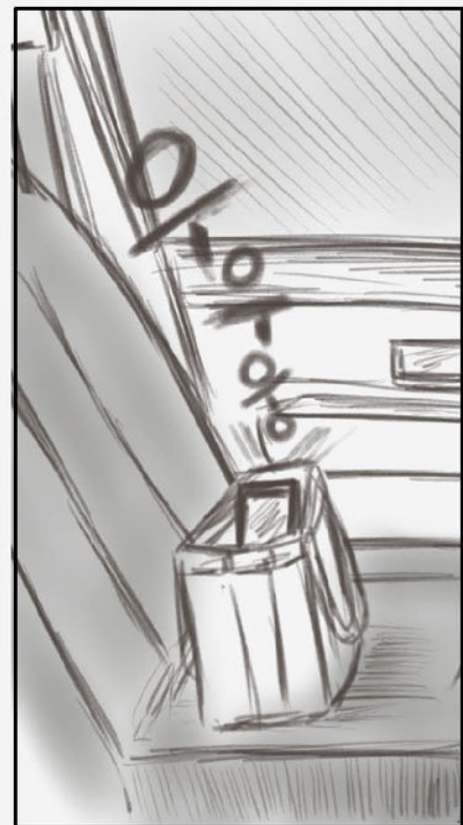

like normal people....
do you want to go to the movies
next week? how does it sound?

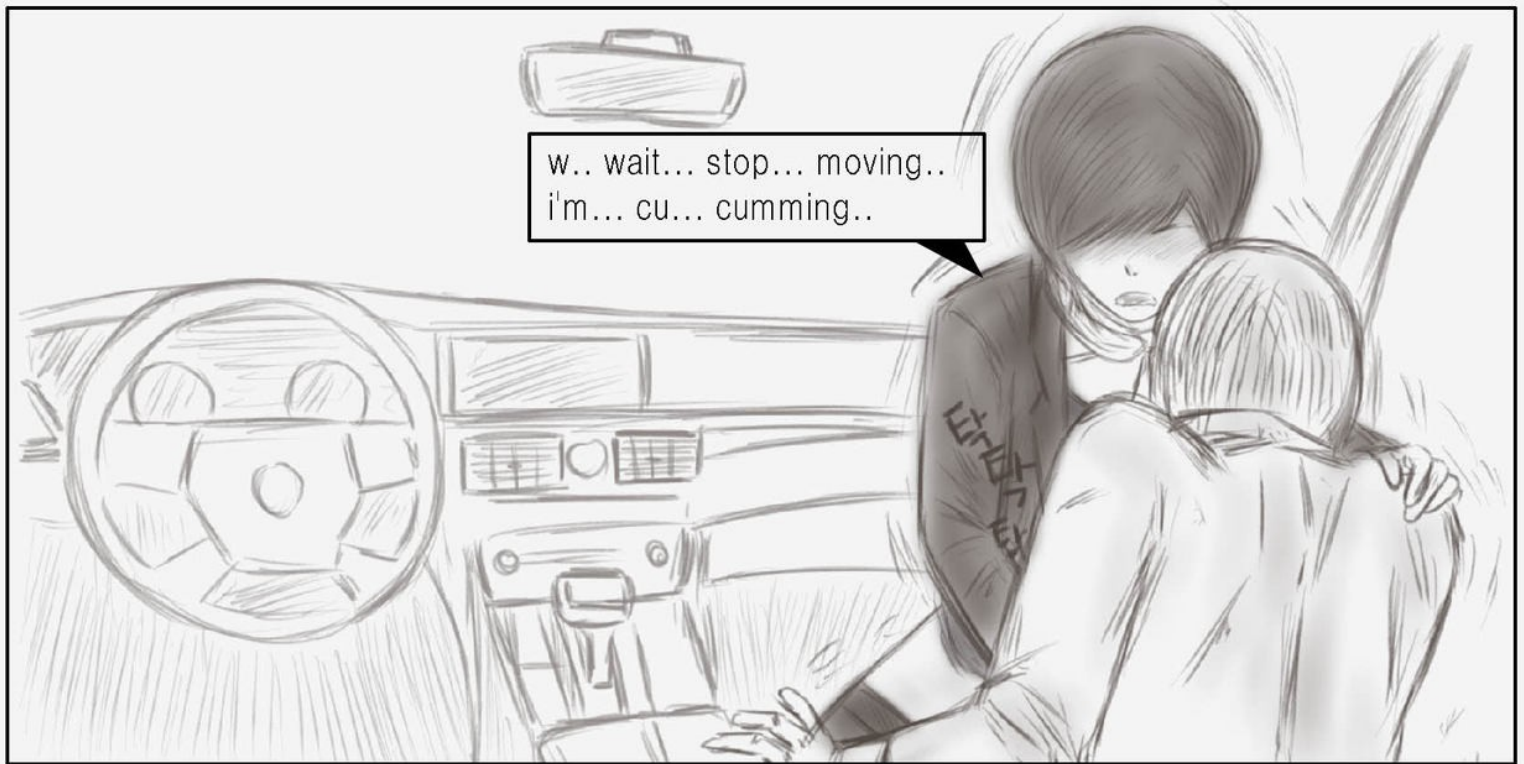

normal....

can we...
can this...
become normal..?

w.. wait... stop... moving..
i'm... cu... cumming..

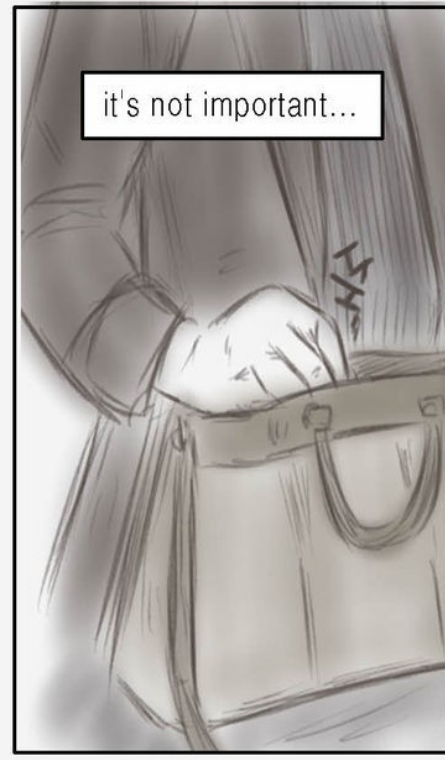

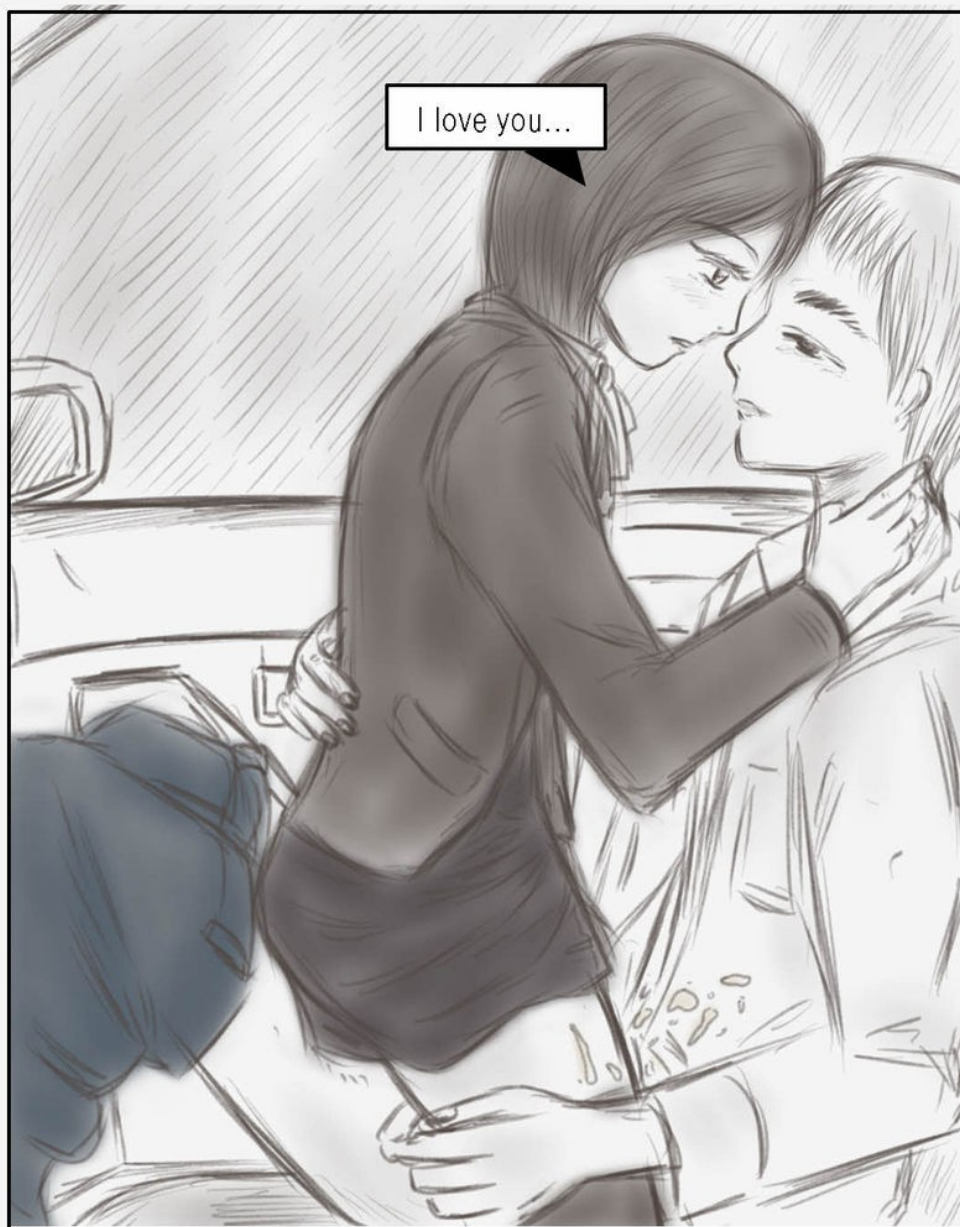

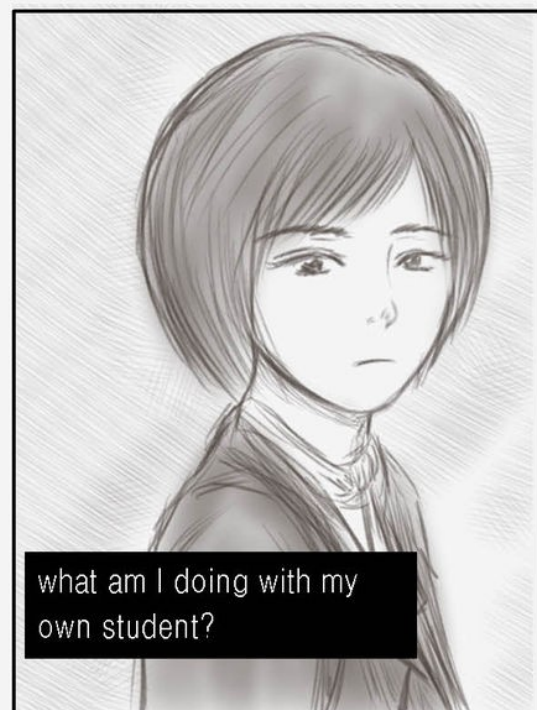

ah.. aha... ah...

really... it's now
all over the place.

sorry...

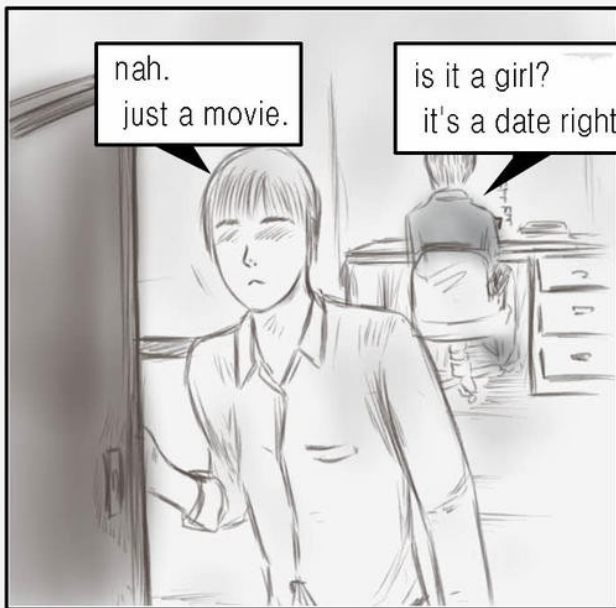

hey bro
can I borrow your new jacket?

that? what you got a date
or something...?

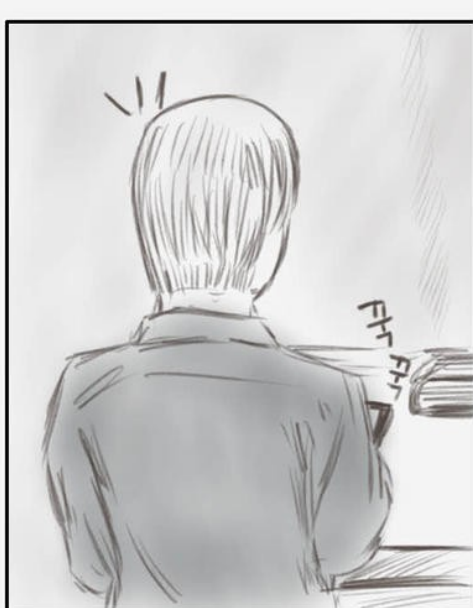

nah.
just a movie.

is it a girl?
it's a date right?

it's not like that...
just a school friend.

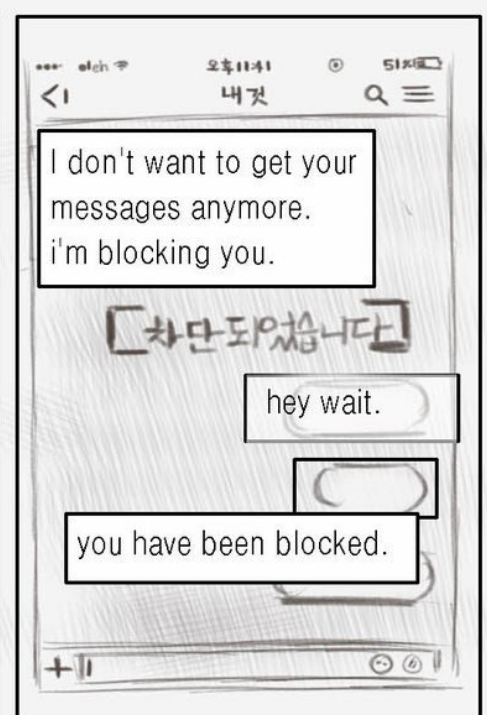

wait a second.
it isn't there it's...
