Ok,
let's see
here...

After taking
the egg out of
the box, let it
stay still for
10 minutes so
it can adapt
to the enviro-
ment...

Heh...

It's
really an
egg...

Finally,
have my
butt near
the egg
for a
while...

Then pour
the lotion
inside the
box onto
it...

Like...

LATER

WHAT
