Harro! obsoletezero here,

28th release... and a part of an ongoing commissioned work... *(Aww yiss, more commissioned work)*

This came from a tankoubon of sugarBt... *(Which is one of the current commissioned work assigned to me...)* And was planned to be release after **ALL** of the chapters are done...

But apparently I really wanted to show this particular chapter to all of you guys... **CAUSE WHY NOT? And here it is!**

This is the first time I've released an uncensored work and I believe it looks kinda looks **"decent"** enough *(Unlike those last two upload I made which caused a little ruckus for me translating a "decent" work)*

*Sigh...*

*I really have no time to argue with these kind of questions... Please provide me a link to a better scan so that I can upload a "better" work...*

**I'LL EVEN CREDIT YOU FOR IT**

*I JUST WANTED TO BE APPRECIATED:  
A SIMPLE "THANK YOU" WOULD BE ENOUGH!  
CAN'T YOU GUYS GET IT!?*

**OH WELL... I REALLY DO HOPE YOU GUYS ENJOYED THIS ONE (AS MUCH AS I DID) :D**

*More release coming soon~!  
(And I'll be releasing the full tank of this soon~!)*
