Who drew this, weren't you, Yuzuhara?

You... were the one...

I thought it might have been the work of someone else, but I was shocked! There's no mistaking your handwriting, Yuzuhara.

Aah, I confiscated it, but it was you wasn't it?

I found it on your desk yesterday after school had ended...

I really was surprised. Who could've known that such a shy girl could've drawn something like this! I, for one, had no idea that someone as diligent as you could've had an interest in this!

But, you know, this school is a place that respects tradition...

This is all for the sake of improving your manga.
