I thought that it's some kind of prank, but I got curious and decided to check it out ...

One day, I received a strange disc with that weird title.

"Is it true that there's a social network's a social network that lets you meet and fuck sexually frustrated widows?"

Mom !?

I closed the video right away.

What's your name?

My name is... Okudera Mio. My husband passed away 2 years ago and I live with my son.

Ooh! A beautiful widow like you needs a man, right?

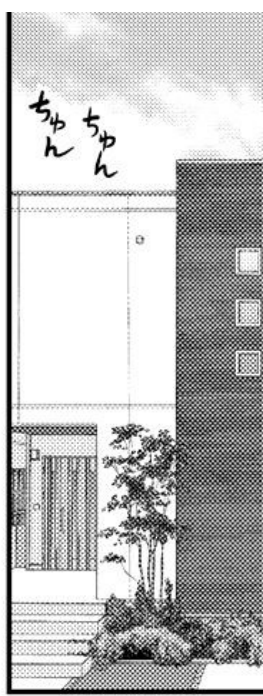

Even though I went to bed and stayed there all night long, I couldn't sleep.

Good morning, Yuuto.

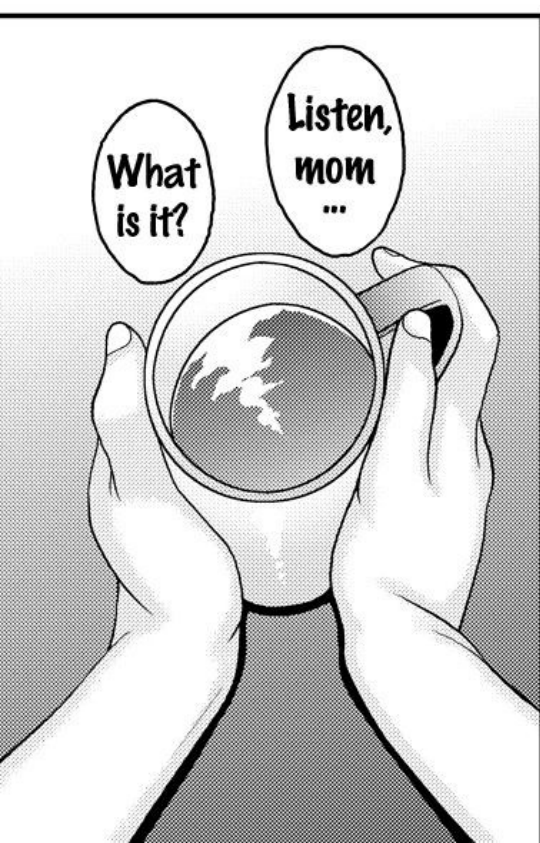

I couldn't get any sleep ...
