Thanks for reading, and thanks for the support.

I hadn't planned on making a new BOOK, But then the year passed, and I figured it wouldn't be good to release nothing for the 2nd Comiket, so I made this. I know it's not very long, But it was pretty rushed.

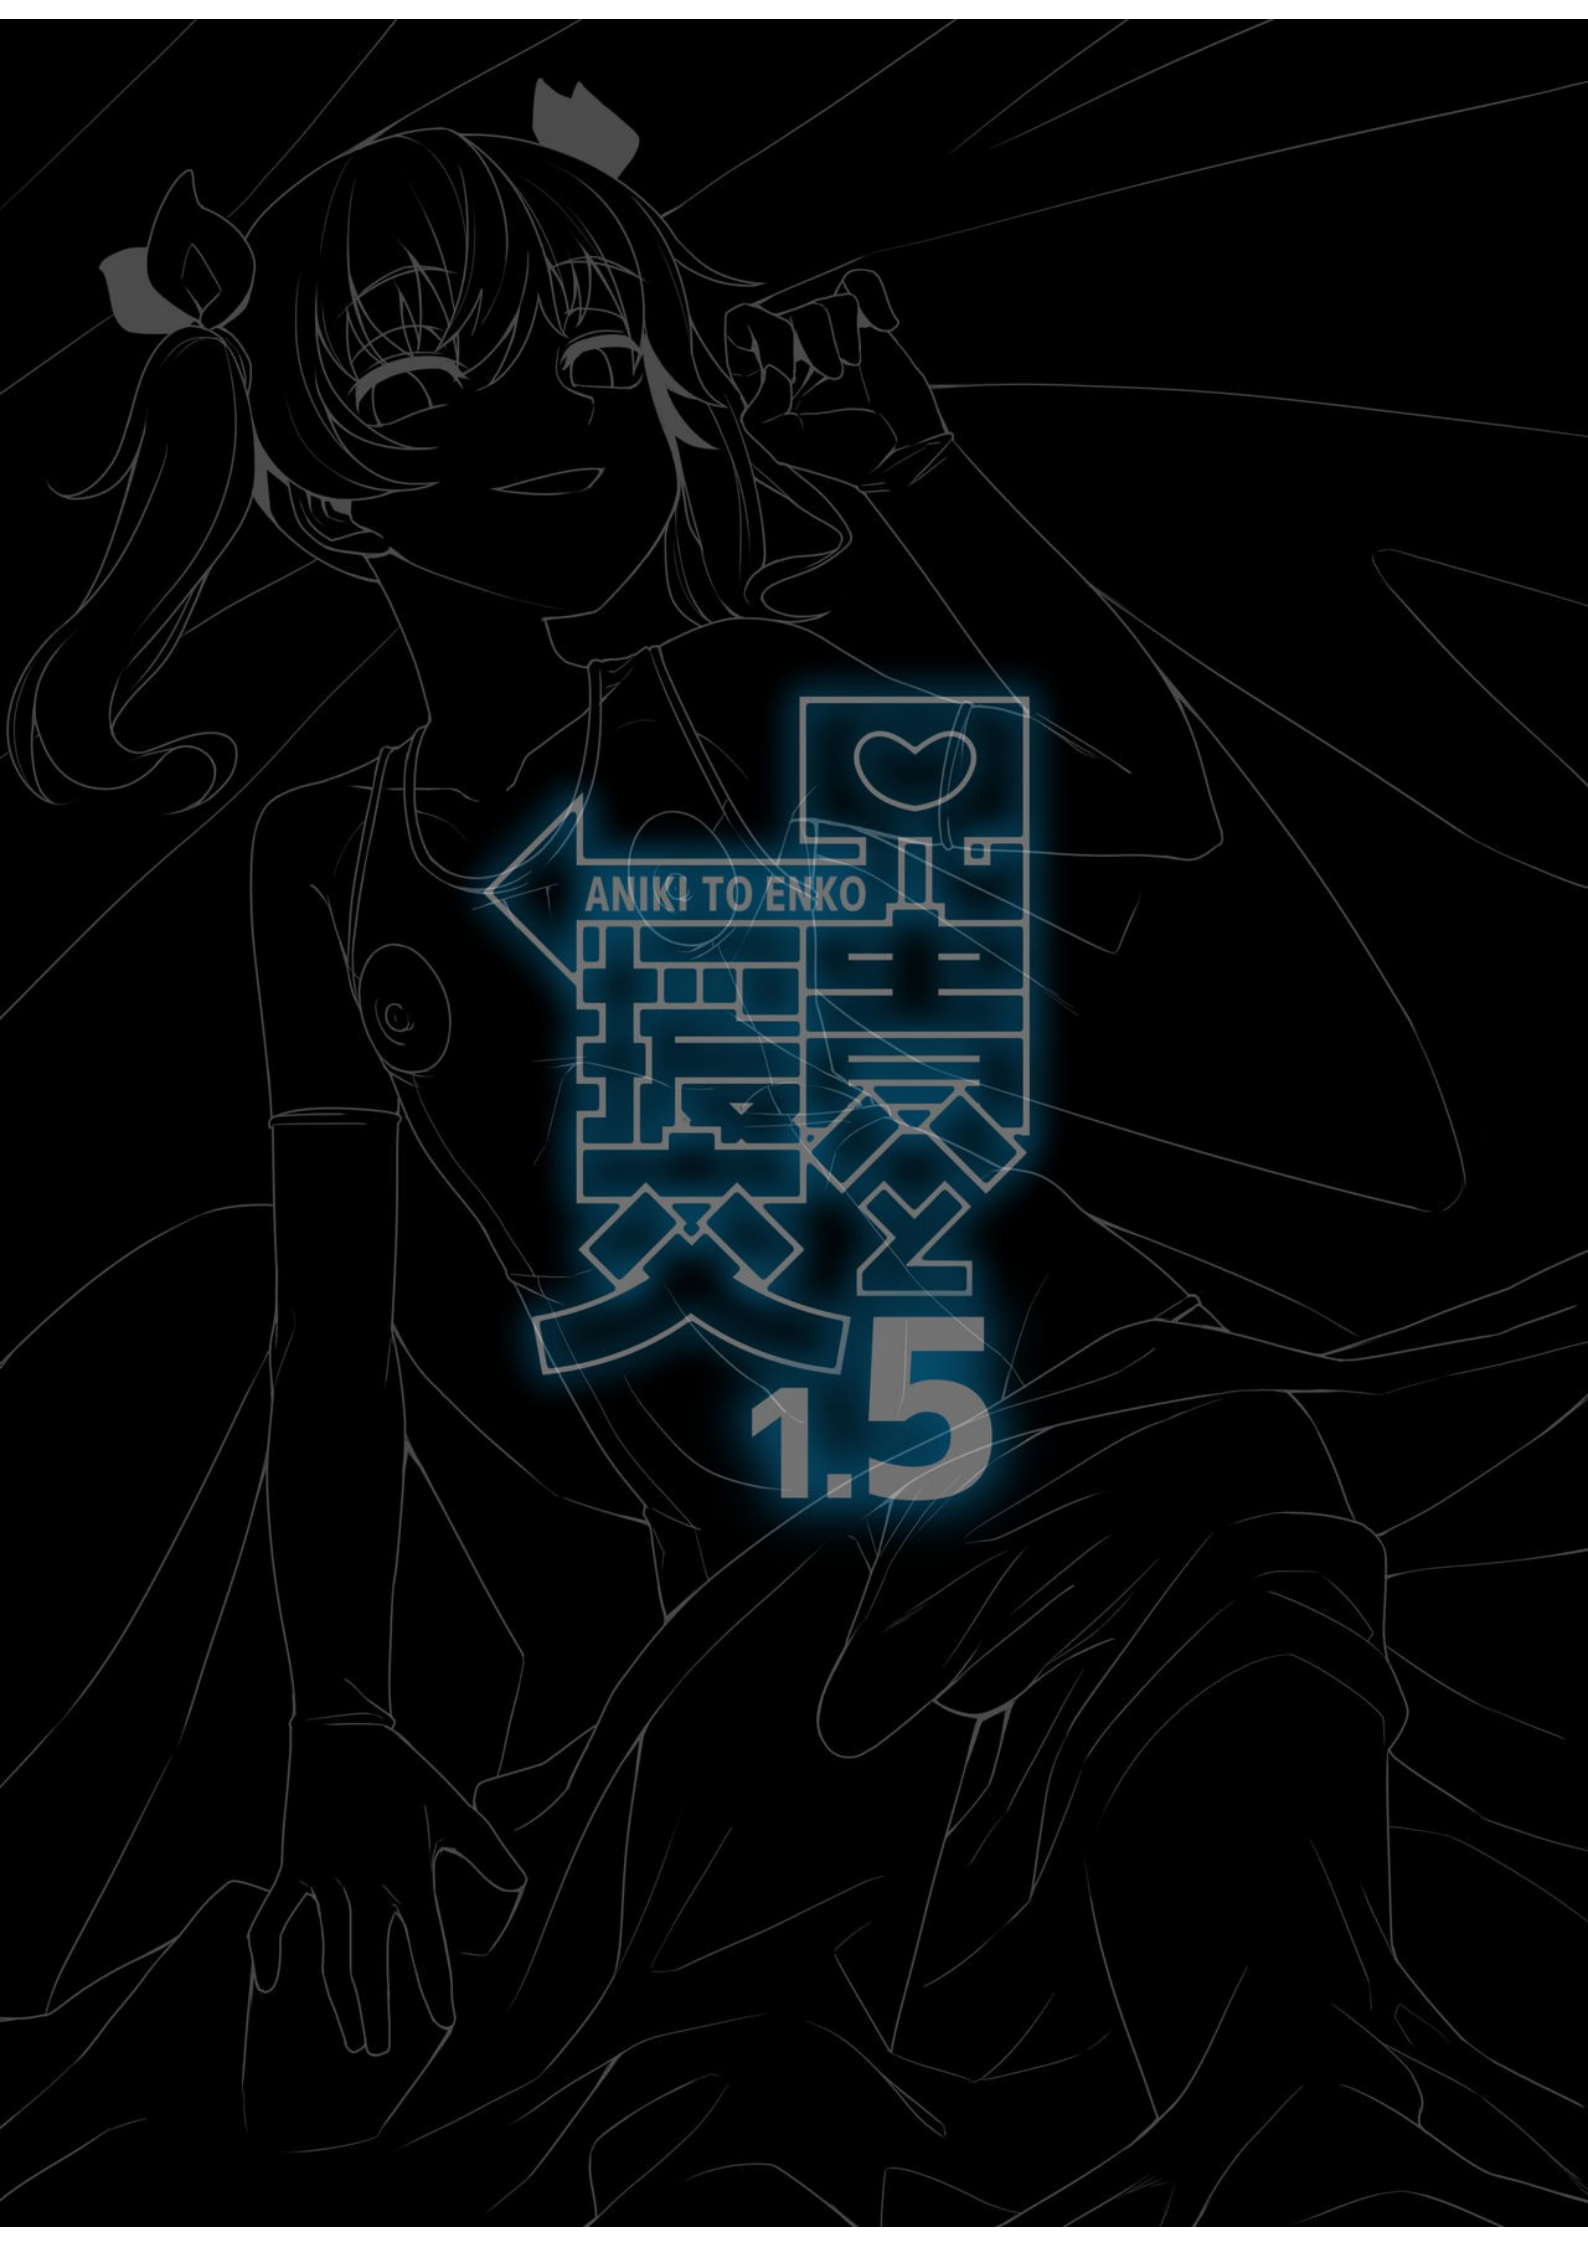

I did my best this time, But I'll do even better next time..

Comments: Work a part time job so you can pay your aniki for sex, then have your aniki use that money to pay for your daily needs. Sounds like a good deal to me. One note is that I didn't translate the first page with text because it was just a summary of the previous chapter, which I've already translated, yet the editing would have been a huge pain if I chose to do it. As in, 45 minutes+ for a single page. I didn't think it was worth it. If for some reason you can't find the previous chapter, the title is the same as this but without the "1.5" in there. Search that and you'll find it.
