

Takeru!  
This pastry  
is only 100  
shillings!

I can buy  
it, right!?

10 Shillings  
— 5000

Soon after  
I ended  
up here  
I met and  
somehow  
ended up  
marrying  
an Elf girl.

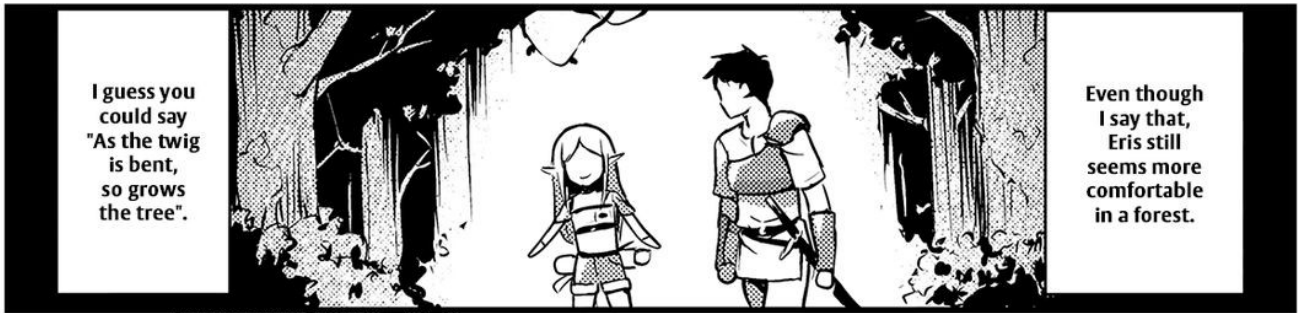

Eris  
(Fifth Grade).

At first,  
she was  
bewildered  
by human  
society, but  
now she's  
used to it.

I guess it's  
been about  
100 days since  
I was thrown  
into this world  
filled with  
monsters  
and spirits.

でしたか???

I guess you  
could say  
"As the twig  
is bent,  
so grows  
the tree".

Even though  
I say that,  
Eris still  
seems more  
comfortable  
in a forest.

Look,  
Takeru!

It's a  
Cenja  
truffle!

意外な反響にお応えしてまさかのロリエル7続編!

異世界をロリエル  
助けたらこうなった Ep.100

Their scent is 100 times that of a Cajua and the taste is 100 times that of a Hloi Mushroom.

100 out of 100 people agree it's the highest-grade mushroom!

Cenja truffles are called "The king of kings" amongst mushrooms!

You don't know about it, Takeru?

Cenja truffle...?

Humans are such...

I ran into it only 100 days after coming to this world, though.

This mushroom is so rare you could live 100 years and never get to eat it.

...You don't understand at all, do you?

Hmmmm...

Mmmmm~

It's delishus~

I think you mean tasting is believing!

Well, I guess seeing is believing.

Ah, raw...

Mh...

Is it okay to eat it like that?

Shut up.

You can be a real pain, Takeru...

You're 100 years from being able to appreciate this taste, Takeru.

You're the younger one...  
You're still !!

It truly is the king of mushrooms!

Oh, oh, oh ish gonna spill.

It's easily a perfect 100 points!

Hic!

No...

Are you okay?

Hic!

Just a little...

...What's happening?

I feel pretty strange...

Hic!

Hic!

Hiccup!

Wh-  
What is it...

Ah.

Hic!

Hmm...  
It doesn't seem to have any strange properties...

Cenja truffle,  
Cenja truffle...

Wait a second, I'll look it up.

Takeruuu...

Hic!

How do we neutralise the poison?!

Good grief, you're such a handful..!

...I'm in an eroge, I'm 100% sure!

"Reducing lust by sexual contact will naturally neutralise the effects of the poison".

It's a total eroge development!

However "Be cautious of the Erostma, a poisonous mushroom of similar appearance that increases lust and pleasure by 100 times".

So it says.

Hic!

Ta... Takeruuu...

Something's strangeee...

Fidget

Ah- The so-called "Noble Elf" is already like a bitch in heat!

Take-ruuu... ♡

Do something, Takeru...

It's okay, right?

Boom

There's no way I'll ever say 'cock'!

...And just look at the state of Eris, who said that (I think)...

I can put your cock in, right, Takeru?

It's for the sake of saving me, after all. ♡

Mushrooms from the other world are terrifying...!

I'm always running into situations like this when I'm with you, Takeru!
