○Afterword○

- Hello, it's Nagi Ichi from YNSGBT.
- This time we have a book featuring what has become one of the poster boys for this circle, Lala-kun. Just being a blond elf makes him a winner. Nothing else needed.
- I planned on making Lala-kun wear a long dress like you'd often find on a hostess, but in the end for some reason, it ended up as a mini china dress. I like them, so I couldn't help it!
- Anyway, thank you very much for reading.

Comments: It's the purest and most lovable of Nagi Ichi's elf boys, Lala. Cute, reserved girls (♂) going on the attack is fantastic. Looking back, it's been almost 4.5 years since I first translated anything by Nagi Ichi, which is really surprising. I may be getting older, but at least the elf boys aren't.
