

【エピローグ】

I heard rumors about Sister Henrietta

What happened to the Auger Kingdom afterwards?

Who was supposed to have become a Saint

I do not know

Directly servicing the people at the Church

And Queen Celestine being used as if she was a cow

And what about me, Eleanor?

Plowing the land, so to speak

And for orcs... A "wife" seems to be shared property

Nnn~

Hii~

Fuu~

Soon enough I was bathed in semen by all the orcs

Aaan~

Nnn~

But my husband does not seem to really care either way

Your tummy sure is getting big

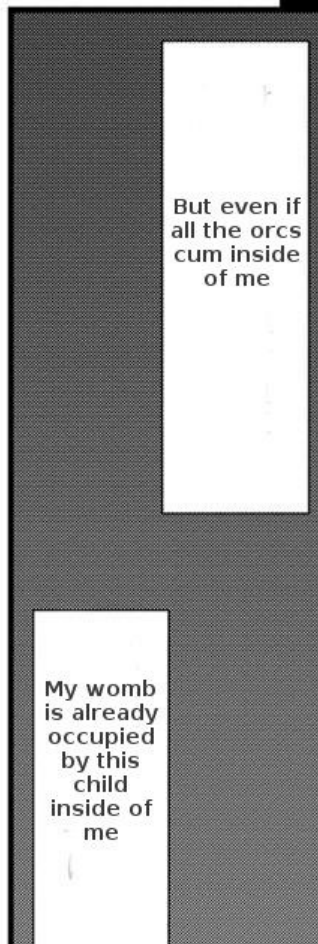

Living like that, I soon became pregnant

By now, the time to give birth is already approaching

Whose child is this? I don't know...

Because so many different men and orc poured their semen inside of me

But even if all the orcs cum inside of me

My womb is already occupied by this child inside of me

Hey!

Shake that ass faster, Eleanor!

I'm about to give you the semen that you love so much

Ahh

Dear husband

You've become a fine cum-addict sow

So that
Eleanor's sow-
slut pussy is
full of your cum

Ahn~

Husband's
sperm

It must be
my
husband's
child

Shoot it
deep inside!

That's because
the first semen
that was
poured inside
my womb

I'm...

Cumming!

Was the semen
of my dear
husband,
Boguzu!
