Happy Merry Christmas

Yup. I had planned to publish it before Christmas, but now the year has passed and it's already almost February. I'm so sorry that it's out of season.

Originally this had be planned to be a straight-up gang rape of Karamatsu by his brothers without any fluff, but somehow it turned out lovey-dovey in the end.

I wanted more scenes where multiple brothers who become entangled, but since I wasn't able to fit it in I'll be sure to do so in the next one.

By the way.  
Regardless of which gift Karamatsu ended up getting, it as already decided that it'd be a "win."

Thank you for taking care of me!  
The next pages onward are a little bonus.
