2016.1 AssaultMachinegun presents

Personal Responsibility Doujinshi!

※or so I call this, but this is rated R18.

Absolutely please do not let the under-aged read this.

※For the under-aged, not only is it of course against the law, **but also strange sex habits may be implanted and cause them not to be able to get married, thus ruining their lives.**

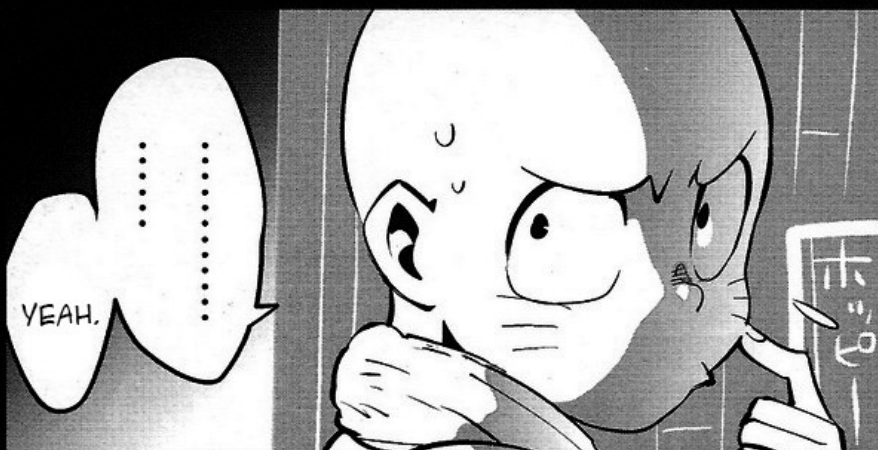

I don't want to do that to strangers, so please wait until legal maturation age.

※To those in connection to the official release:
Honestly, I won't say to not look at this, but please use personal responsibility.

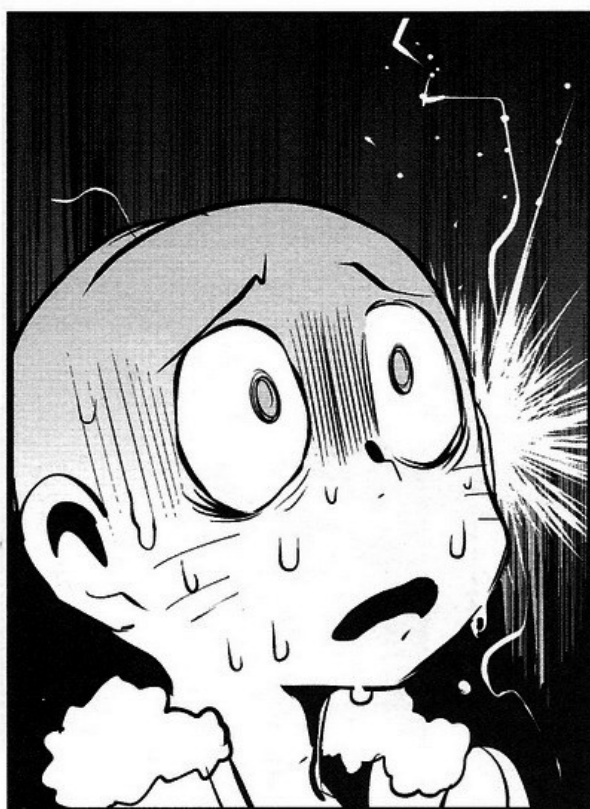

PLEASE FORGIVE ME

※Fans should absolutely not send this to them. NO! TERRORISM!

I did this to myself. I apologize if it's not professional.

I am translating this to Spanish. This edition is the first step for that, and I assumed that you would like this.

Sorry, but English is not my native language. I could not do any quality check, nor spelling or grammar corrections.

A huge thanks to Monimonika! This person did an excellent job!

Monimonika · 3 months ago

This English translation is based off the Japanese version, so it would be best to read along with that rather than the Korean. Also, I am not used to translating various sex groans and sounds, so forgive any inconsistency or errors.
