I heard that women also participate in that festival until they are 20, do you participate too?

Hey! Yoshikawa. Is it true that your hometown has a naked dancing festival?

No..!
I won't participate!!
And they do wear loincloths, not nudity!

Oh!
That festival is really happening!
Let's all go together on the next date of the event!

!!

Let me see...
It's a totally uninteresting festival and you guys shouldn't come!
It's a village in the mountains and it's hard to get to..!

You're so desperate!
The truth is, you're part of the festival, aren't you?

I didn't want everyone to know, so I went out of my way to choose a high school in the next county over...

Tanaka's relative in the next class lives in your hometown and he knew you.

Huh..?

Who told you that..?

I told
them so much
not to
come here...!!!

...

Yay...

Everyone
else is
here,
so keep up
the
good work!

Yes!
I found
Yoshikawa!
I thought
she was lying
about not
attending!

She's
really
only
wearing
a
loincloth!

She's
got
really
nice
tits!
