Report 024
Yamabuki

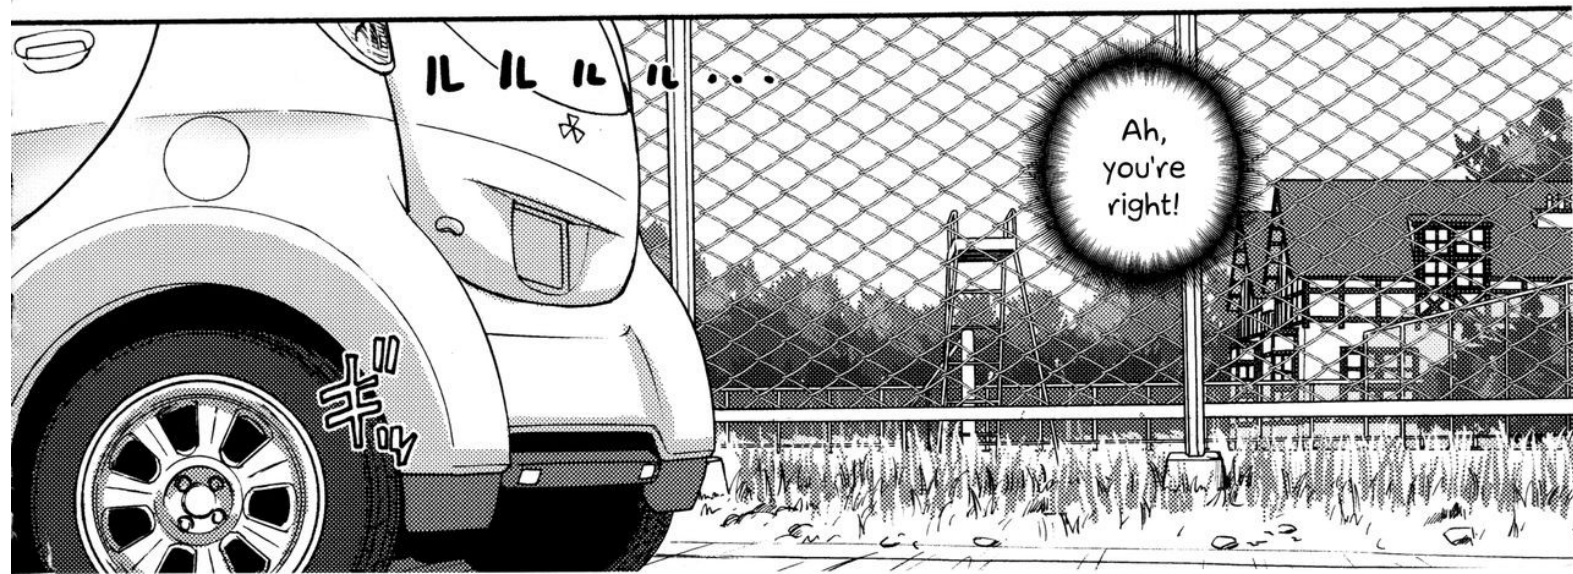

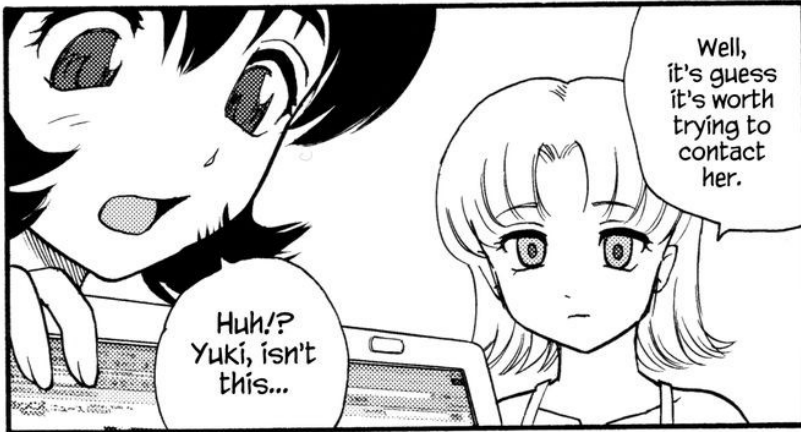

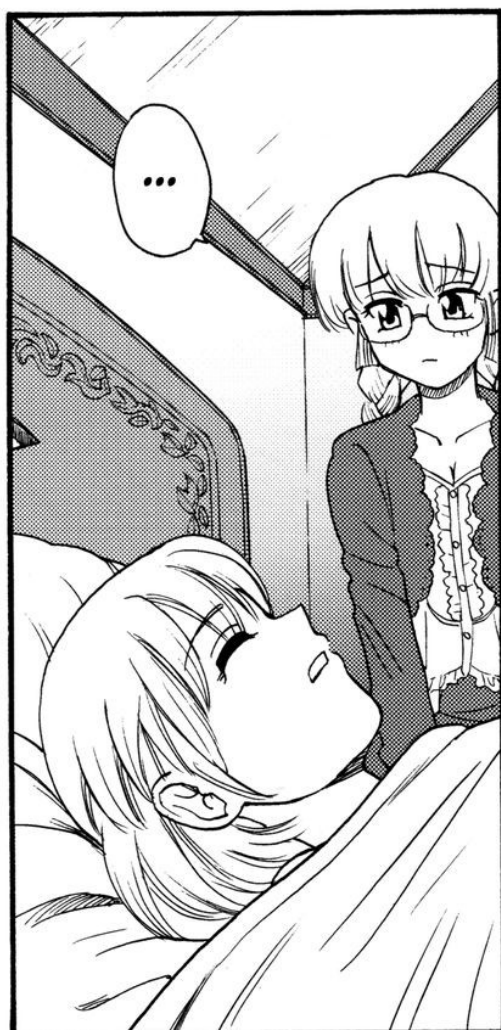

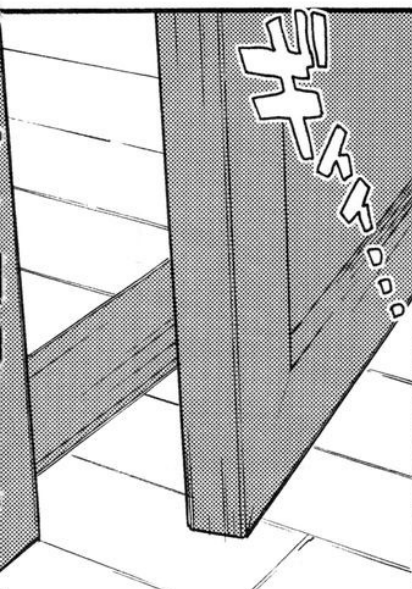

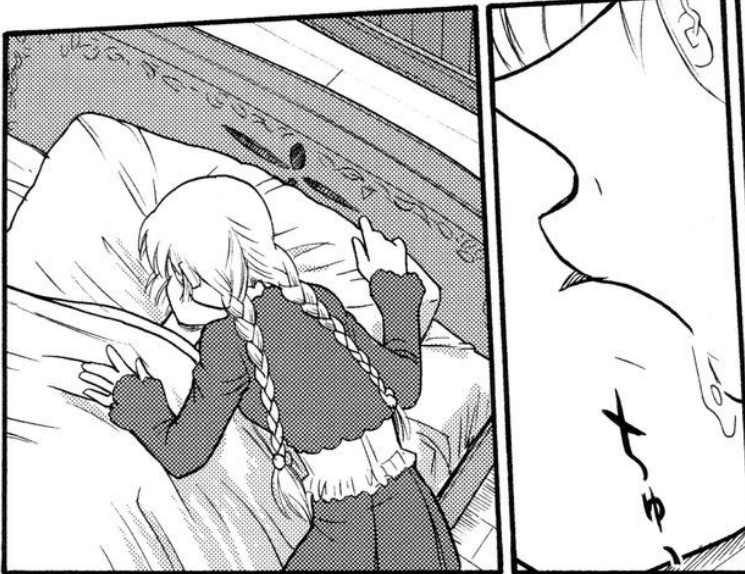

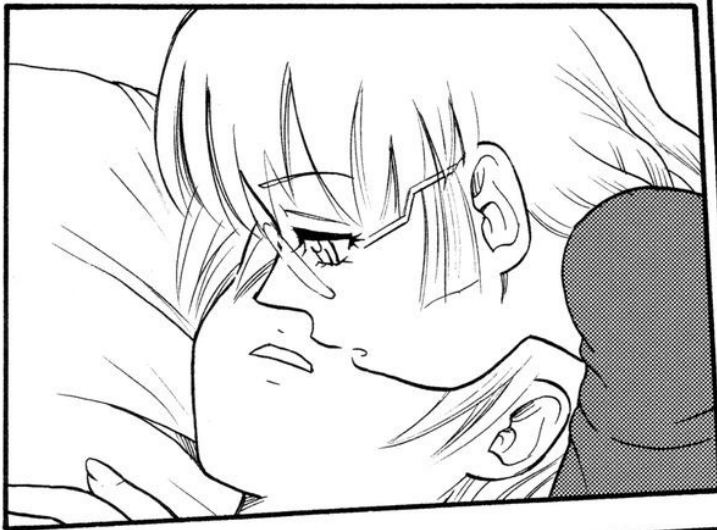

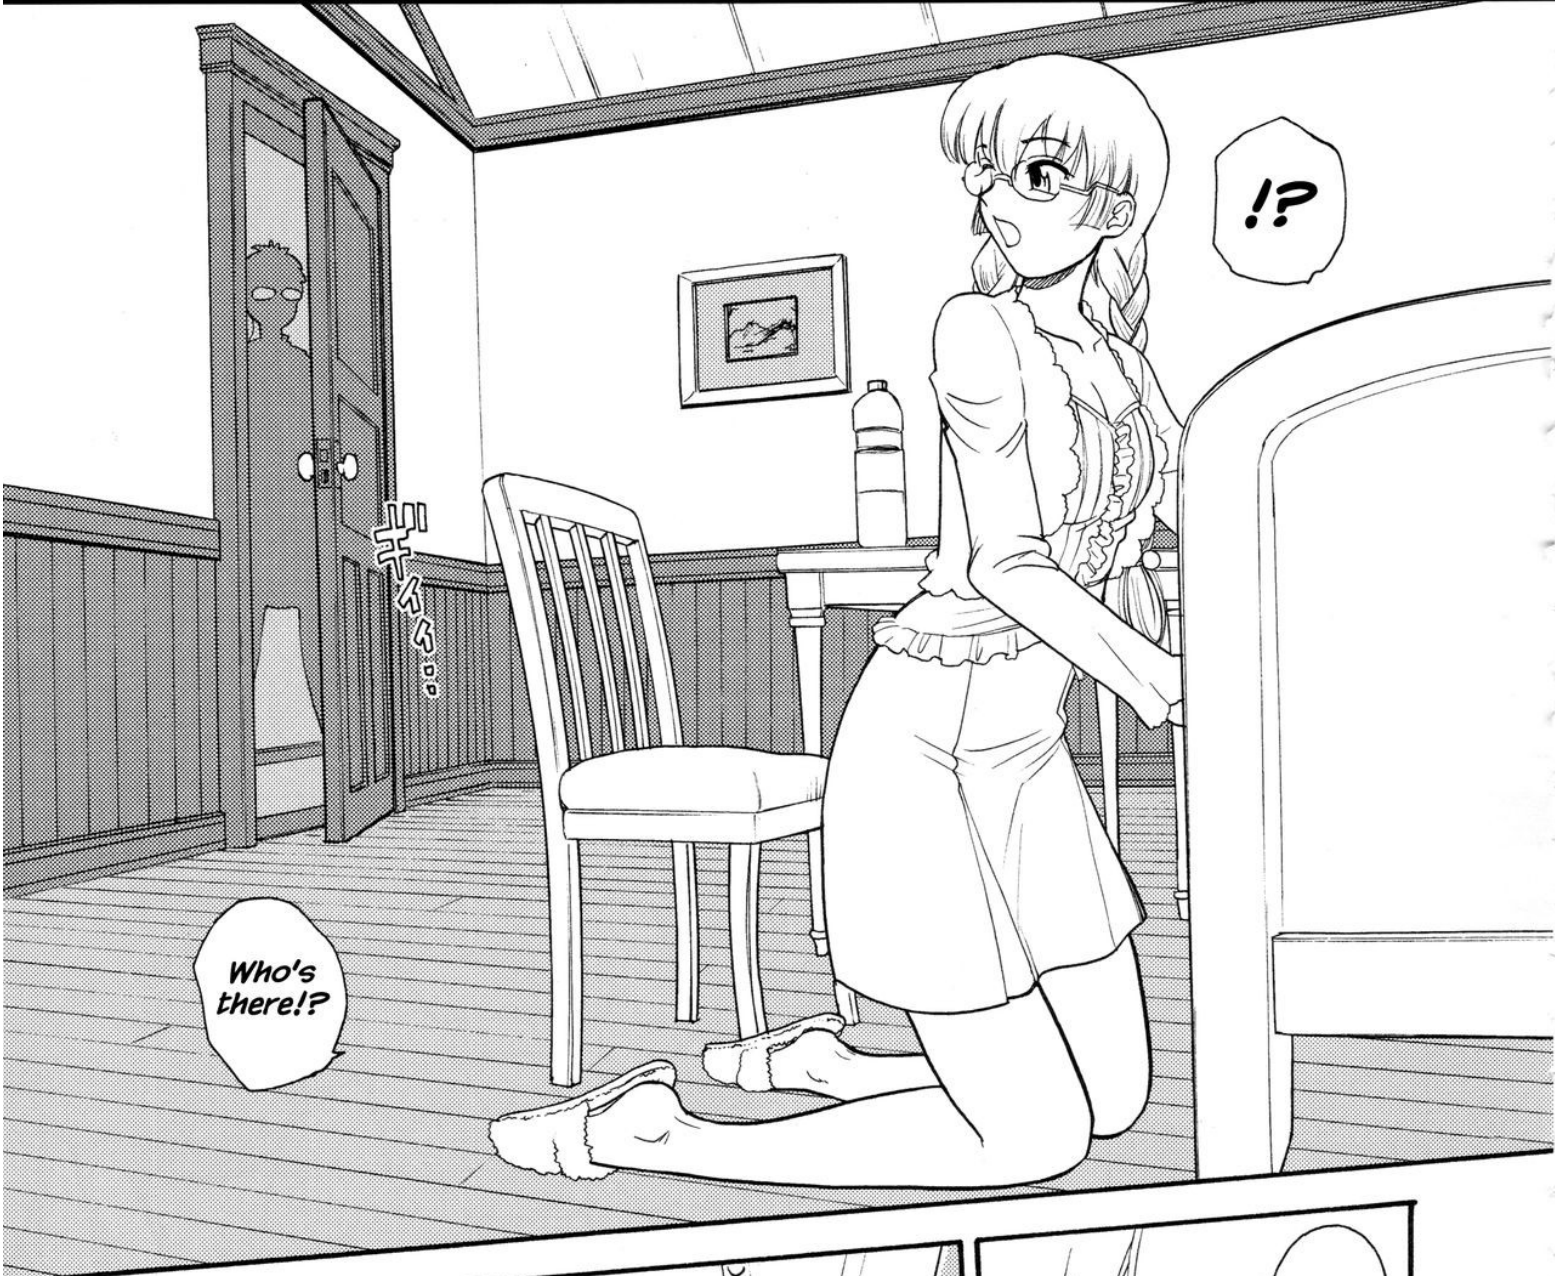

In the end,
all we
managed
to find

Who's there!?

!?

ククク...

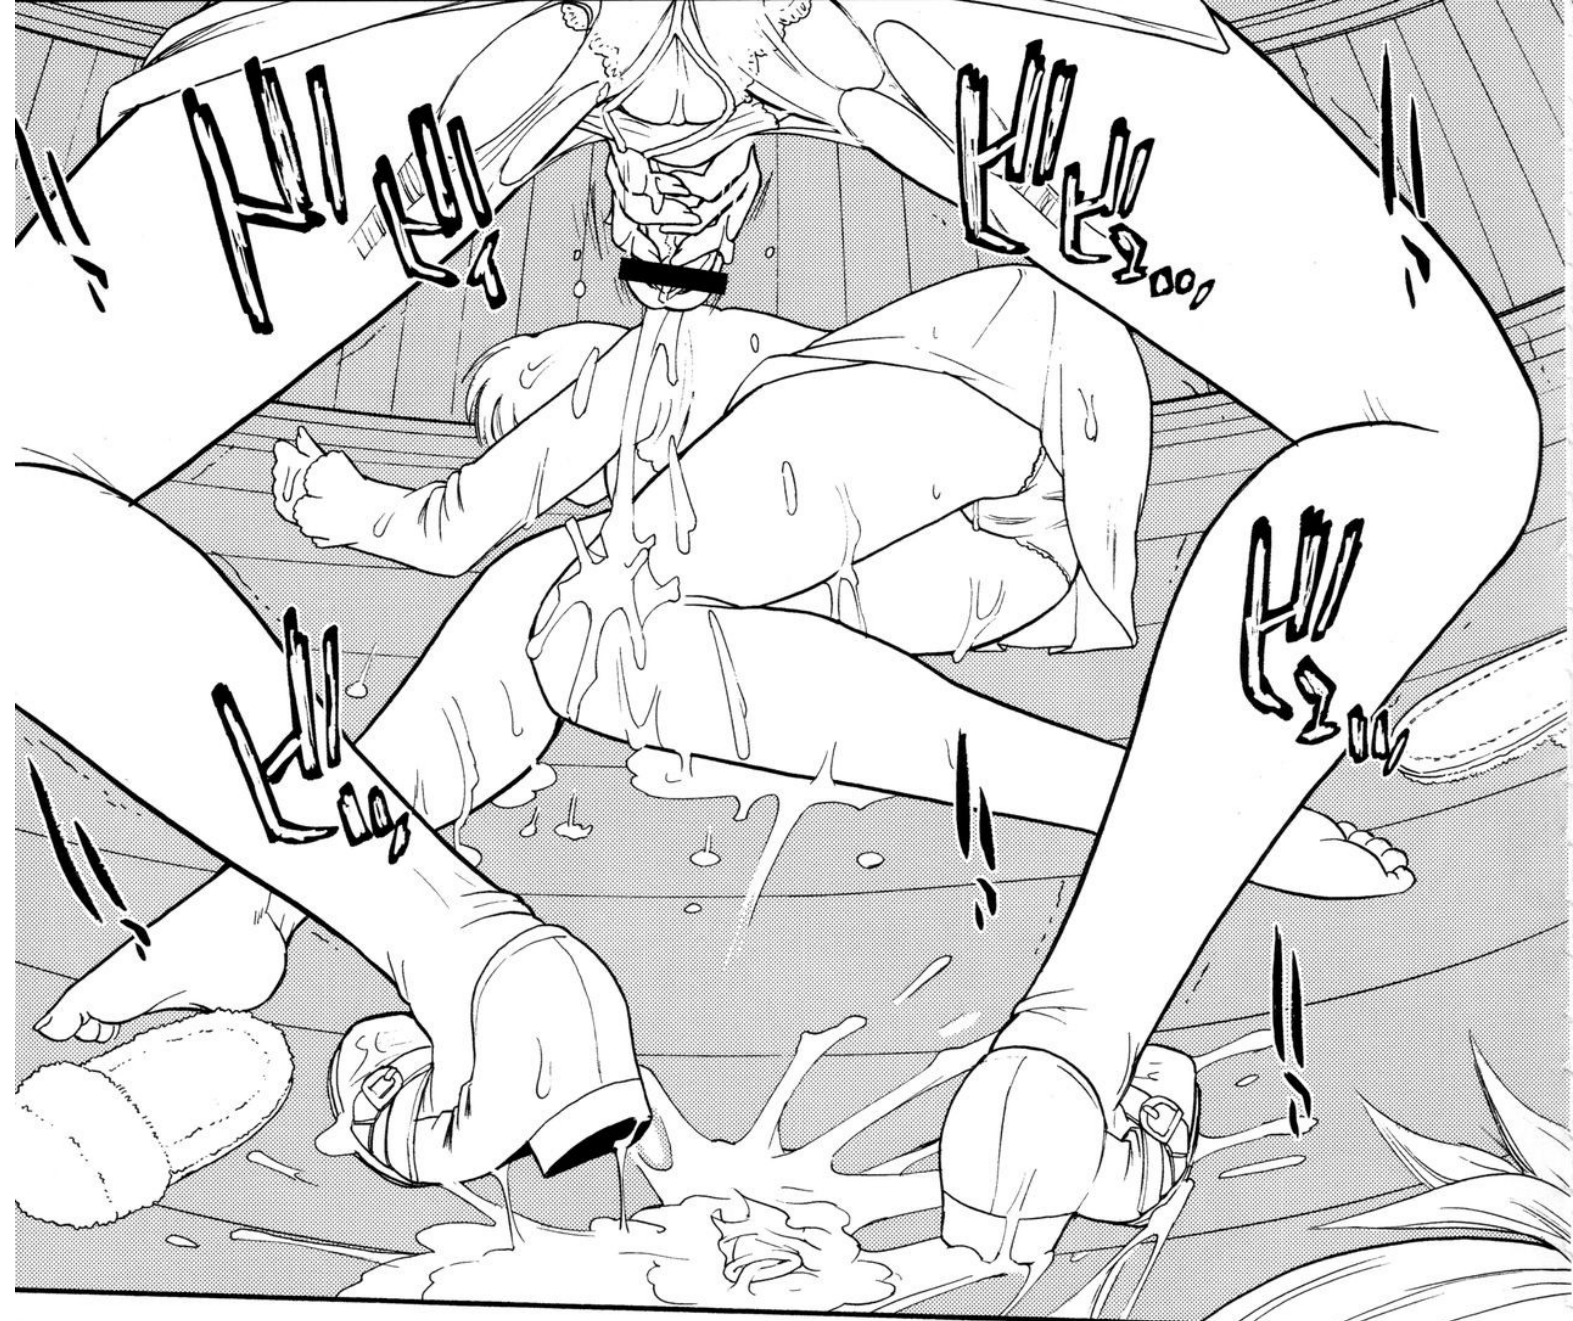

y-

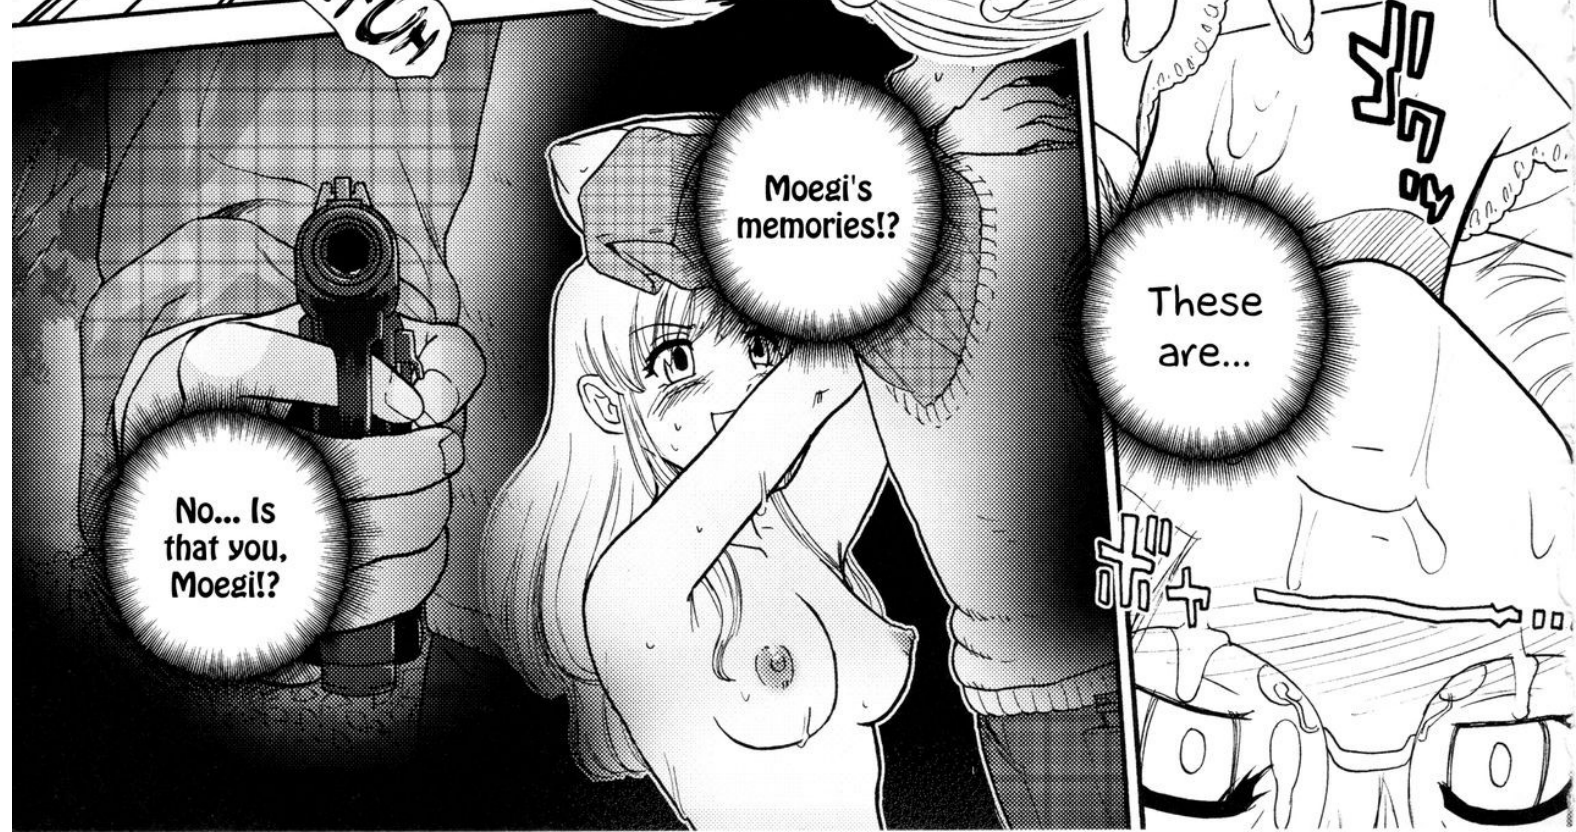

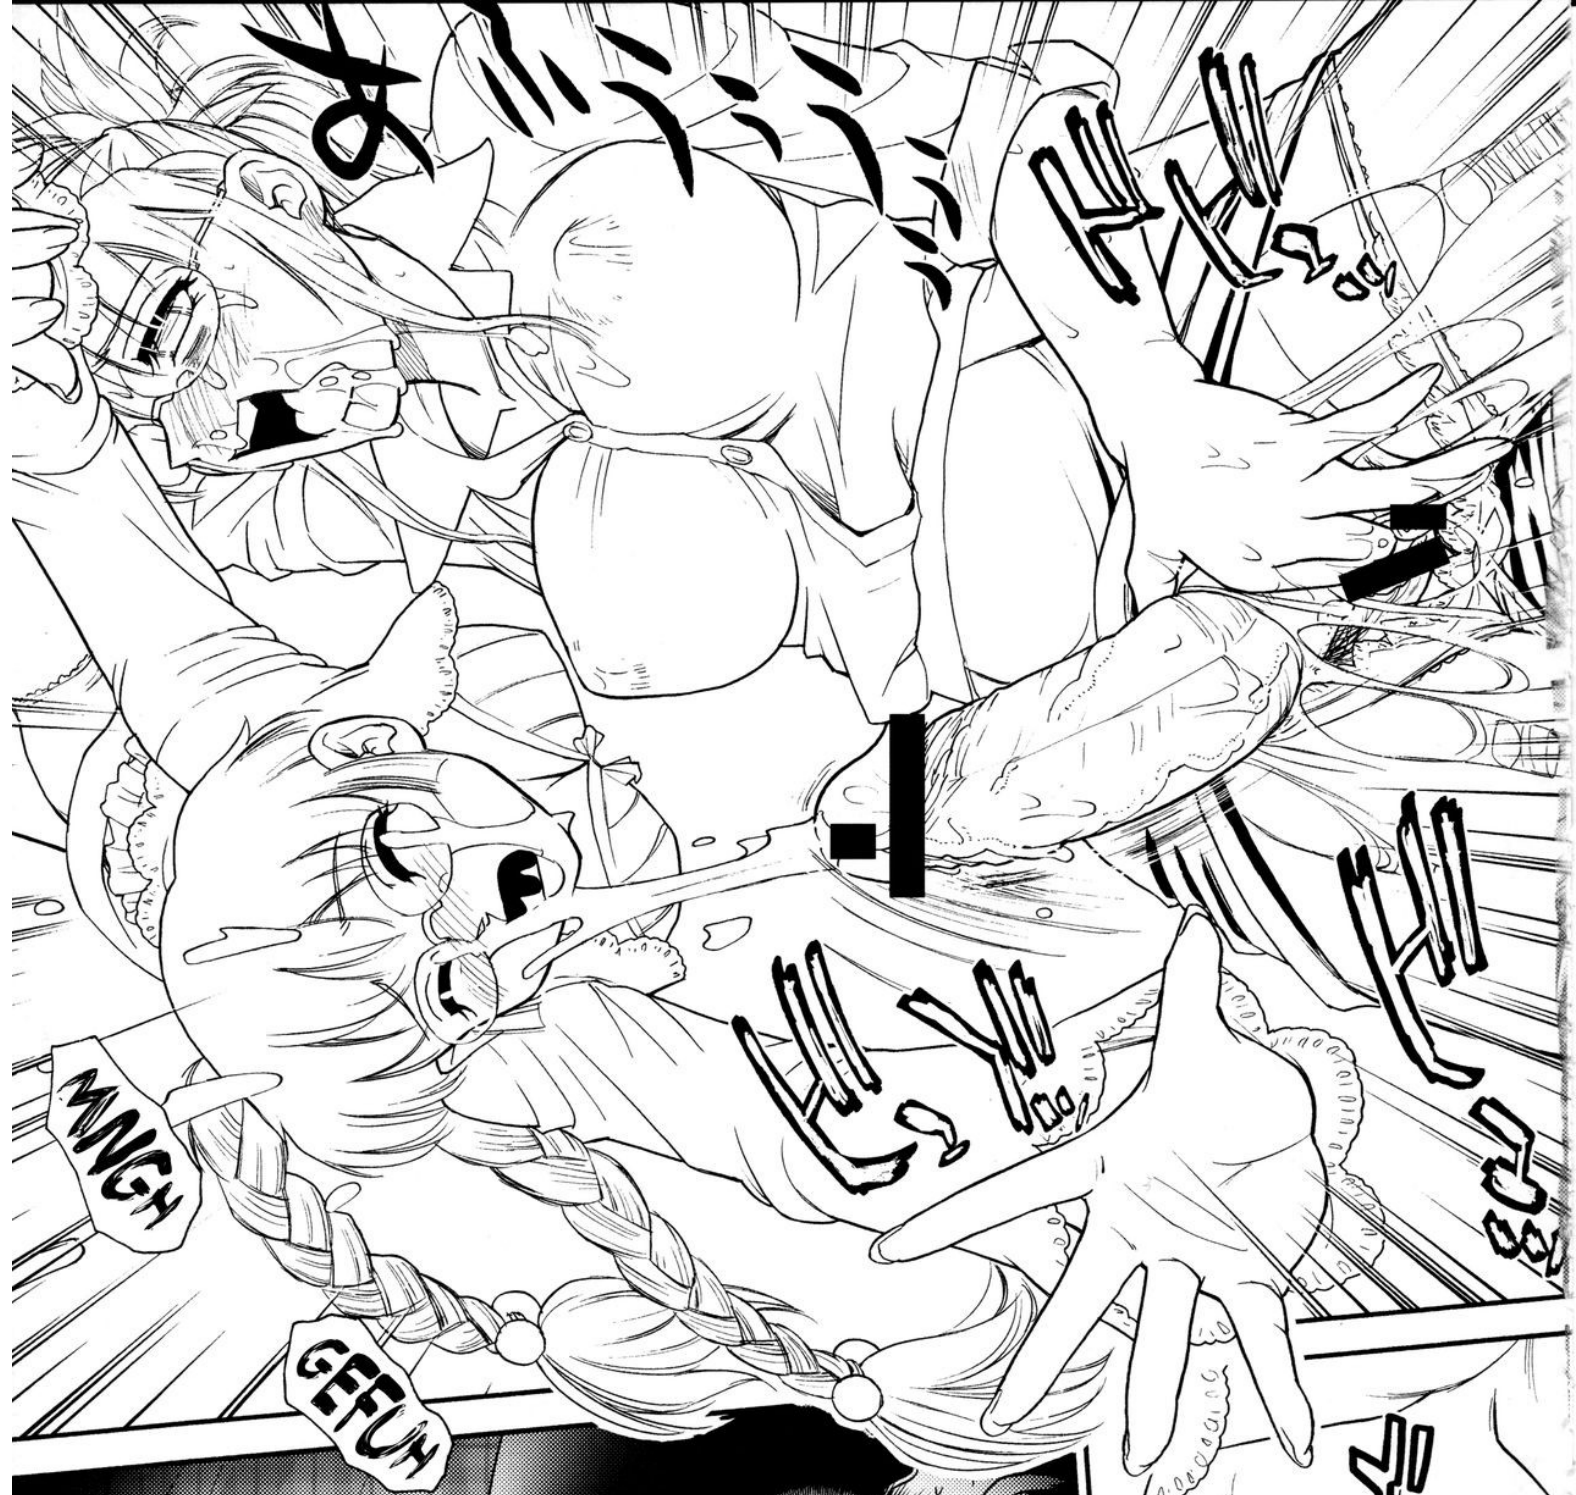

You're the one from back then...

!?

パッパッ
パッパッ

Moegi's memories!?

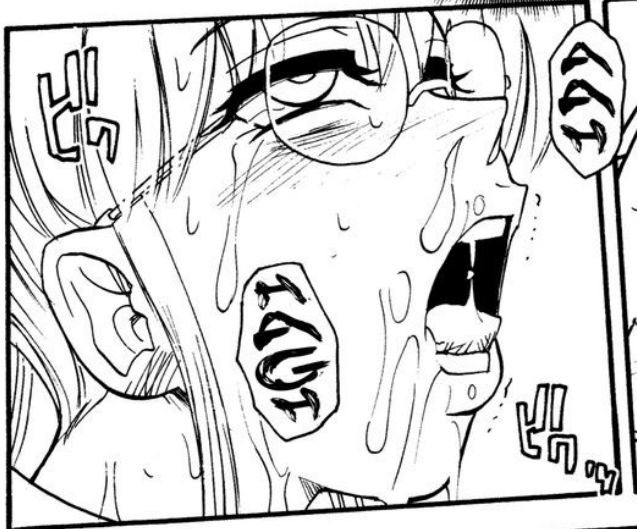

These are...

No... Is that you, Moegi!?

Poor Moegi.

I see, so that's what happened...

It must have been hard for you, Moegi.

so please...
Give it all
to me...
Pout it all
inside me.

Moegi...
I'll accept
all your
pain and
suffering,

!!

!!

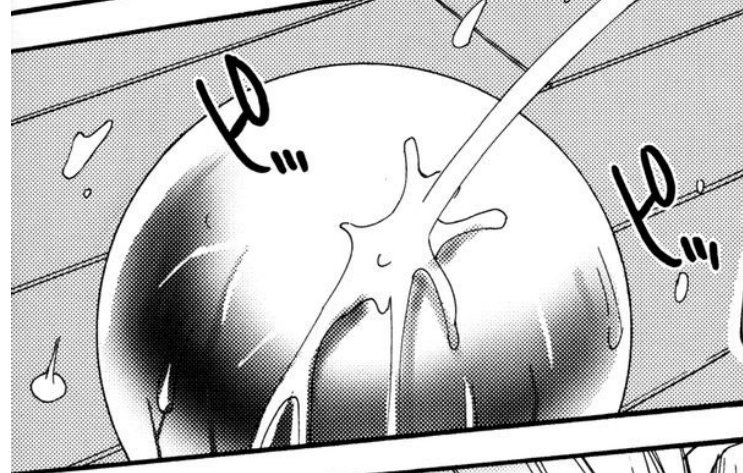

!!

!!

!!

!!

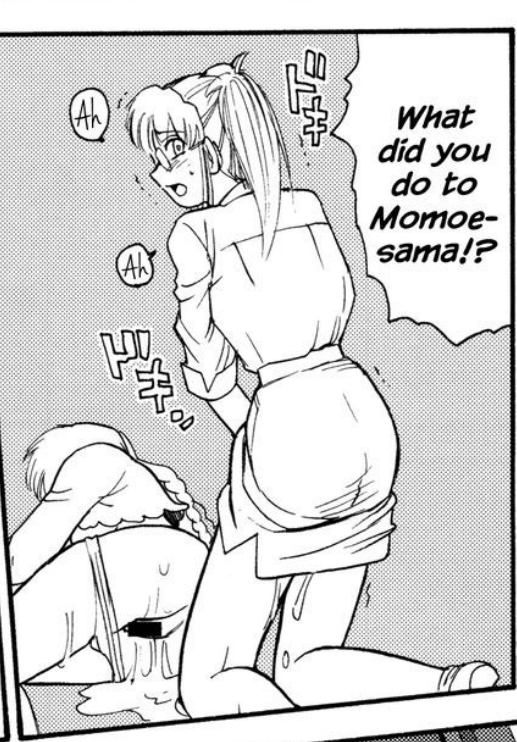

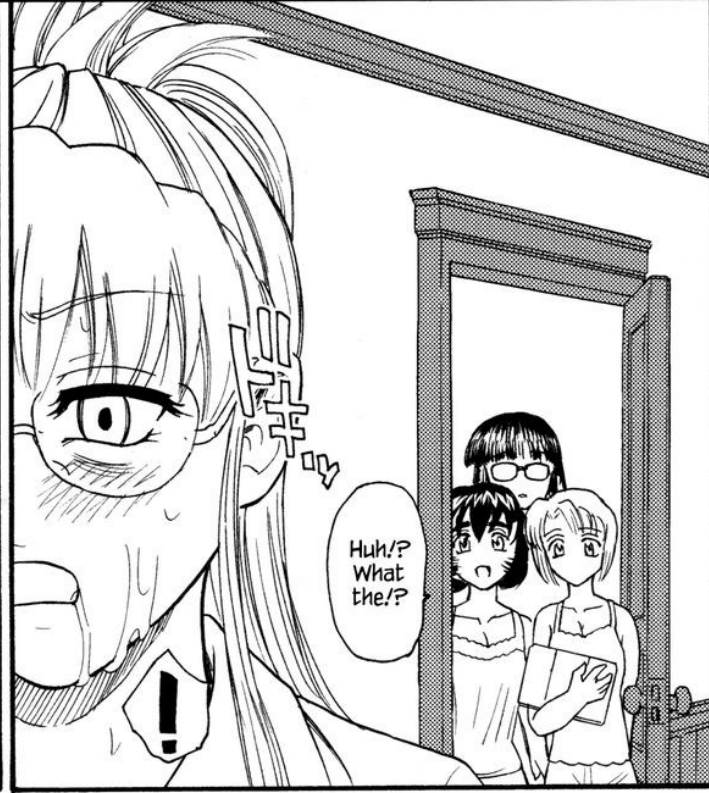

What have I done...?
How could I just rape this girl!?

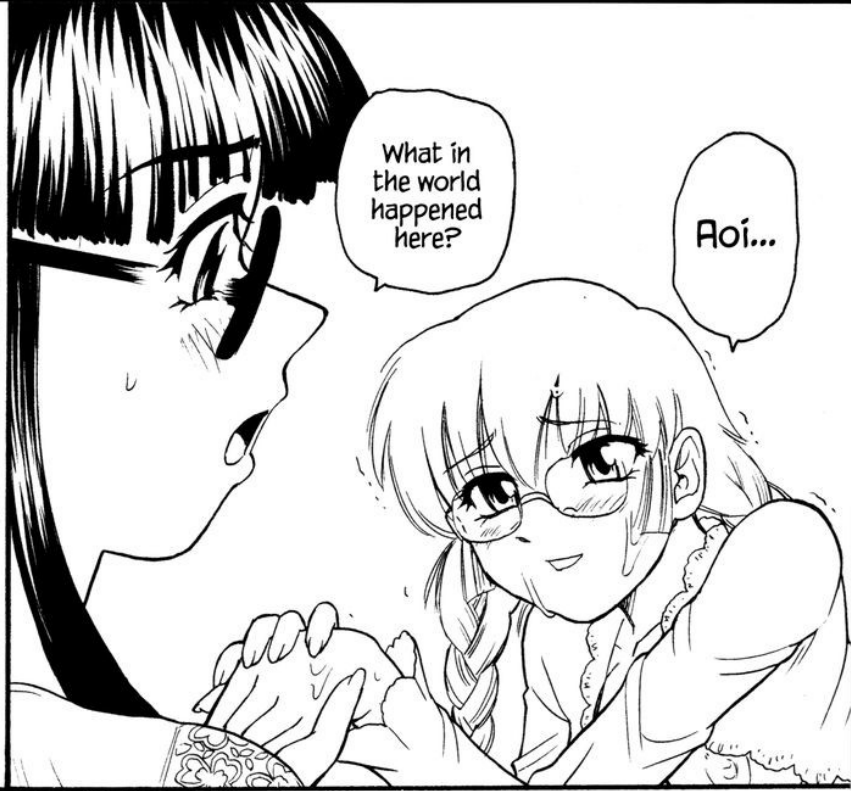

And what was that vision I've been seeing from time to time?

Moegi came back to see me... and I know what happened to her and Ri-chan.

W-What's that supposed to mean!/?

What in the world happened here?

Roí...

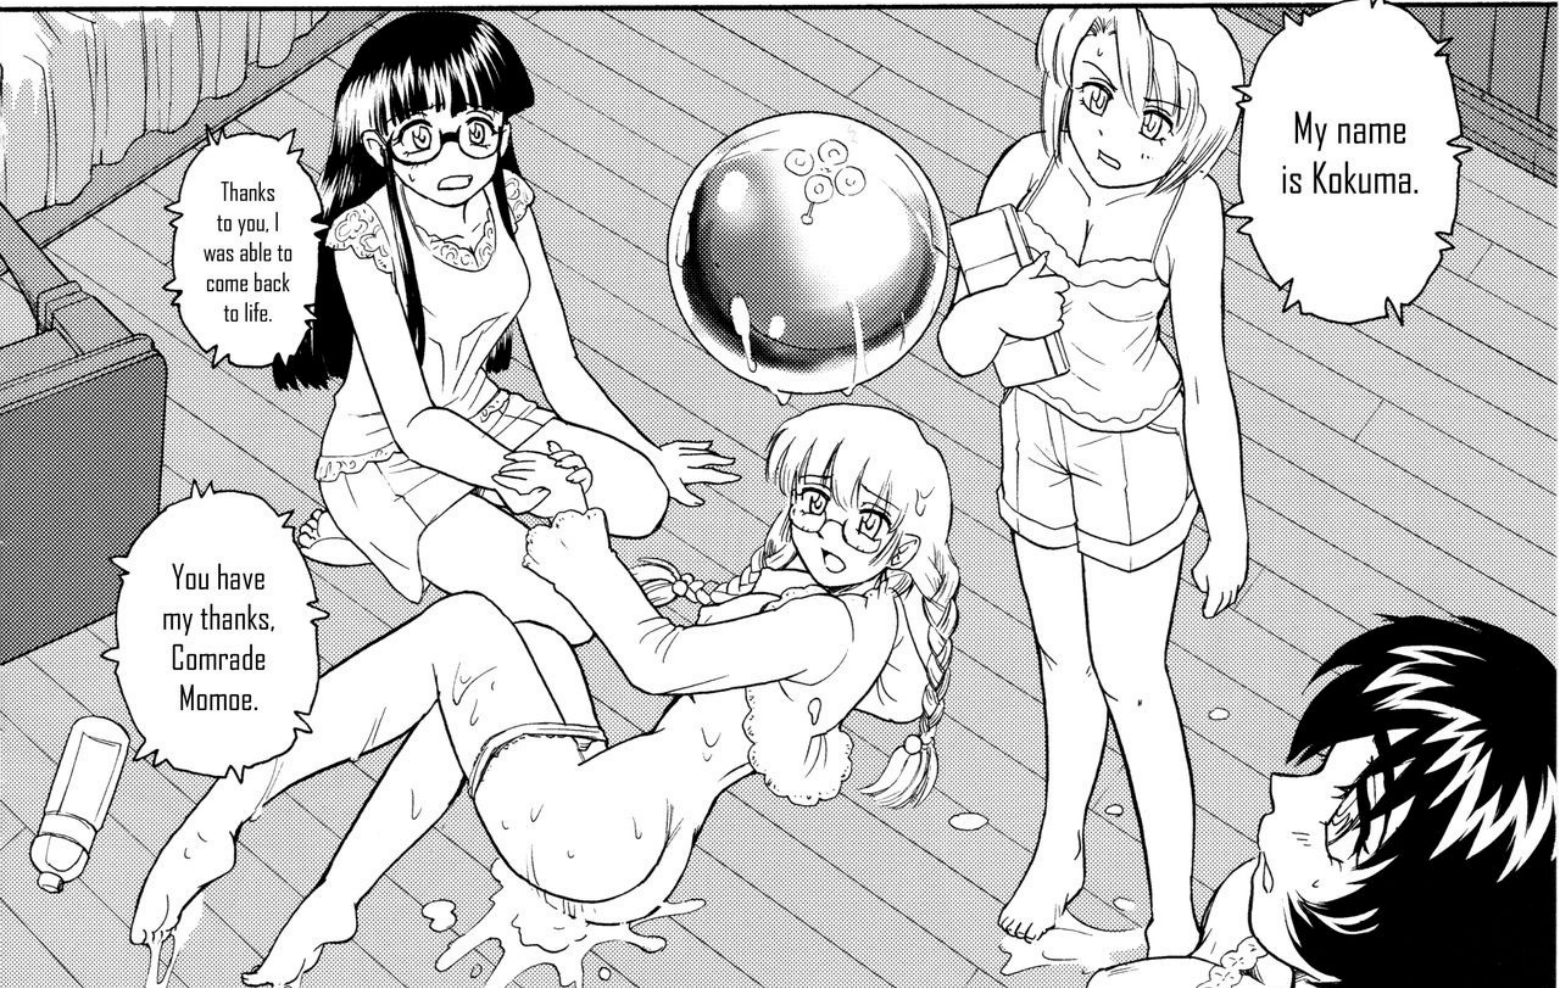

Whoa... Could this be?

T-That voice!

and send them off to the Zodiac headquarters in England.

The first phase of their plan should have been to kidnap those two

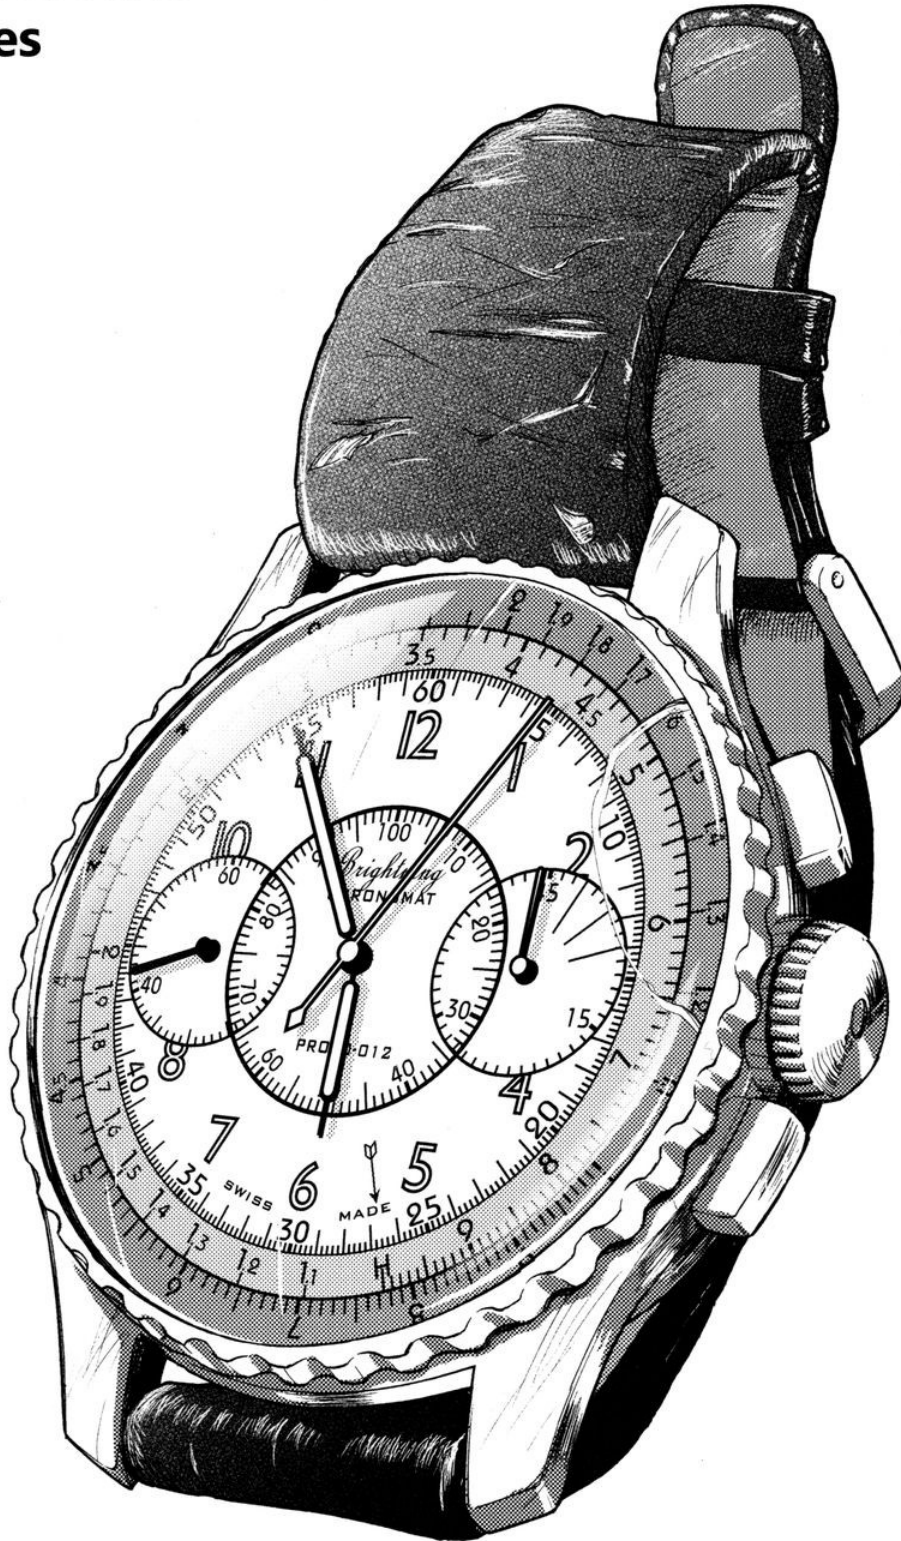

Thanks to you. I was able to come back to life.

You have my thanks, Comrade Momoe.

My name is Kokuma.

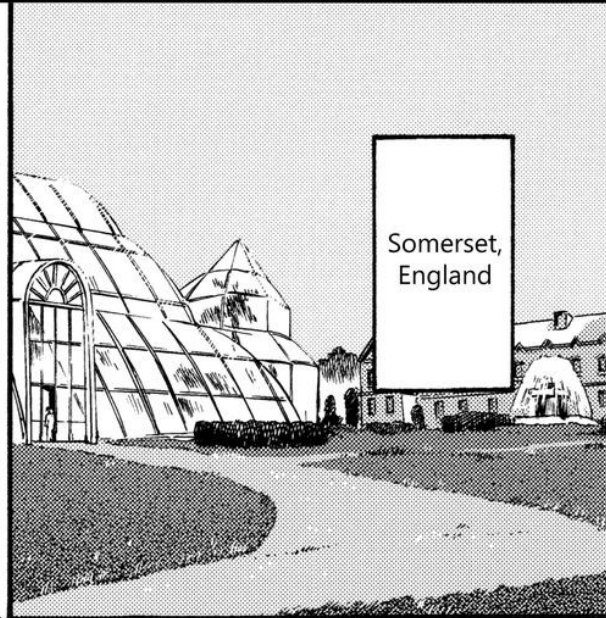

Report 025
Aries

Comrade Aquarius,

have we received any contact from Dulce?

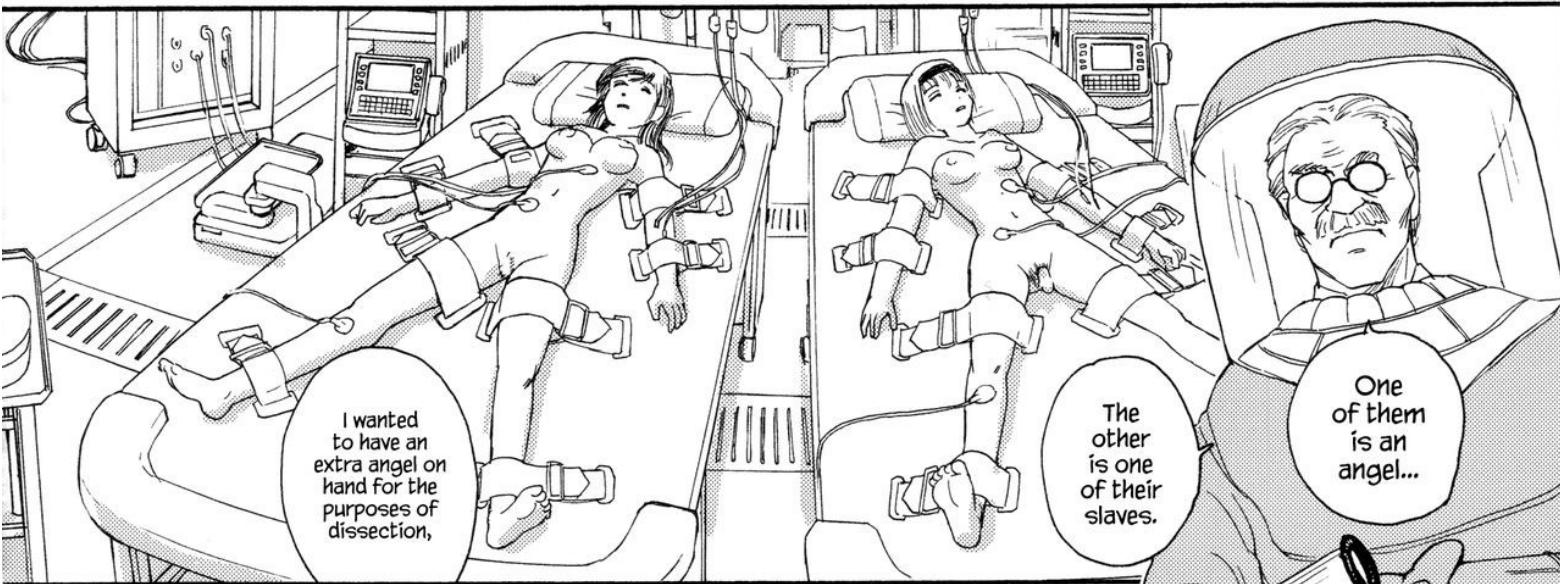

Somerset, England

Sadly, things don't always go according to plan.

Comrade Aries.

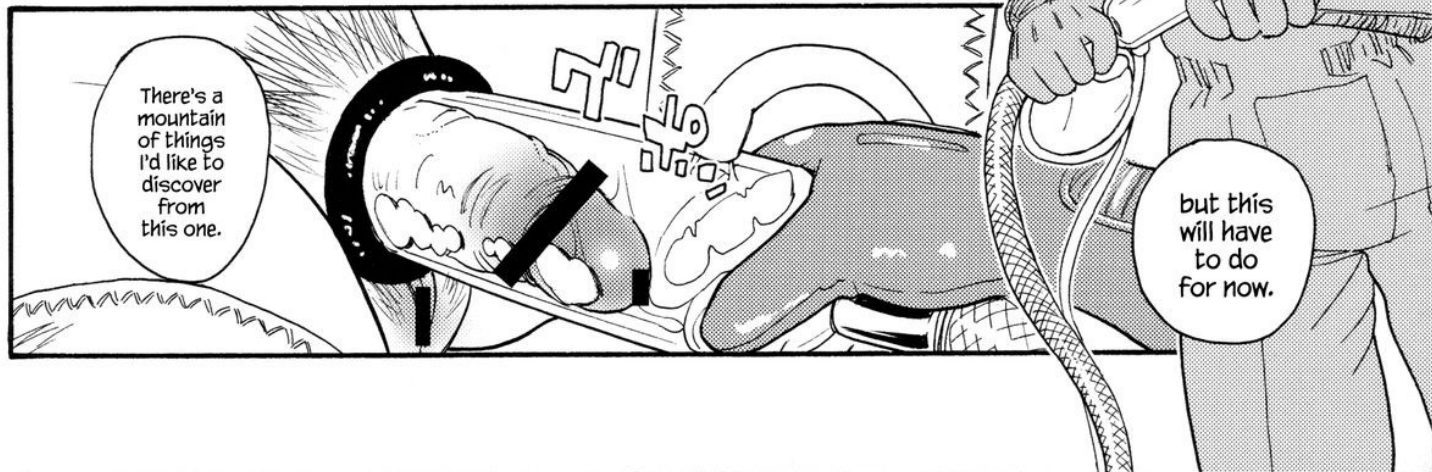

We were supposed to receive two angels...

I wanted to have an extra angel on hand for the purposes of dissection,

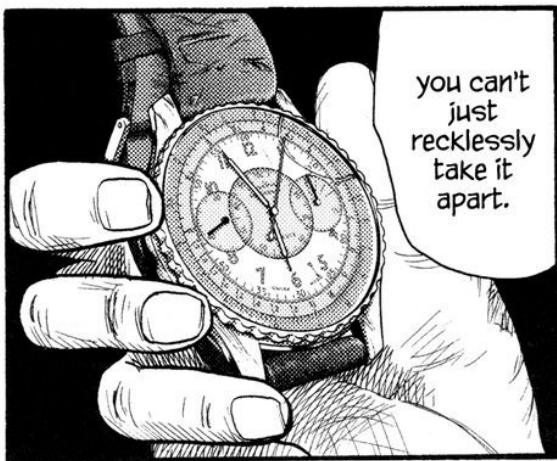

The other is one of their slaves.

One of them is an angel...

There's a mountain of things I'd like to discover from this one.

but this will have to do for now.

you can't
just
recklessly
take it
apart.

We aren't
a bunch
of children
here...

Aww...
You're not
going to
dissect
that one?

Even when
trying to
understand
a watch's
mechanism,

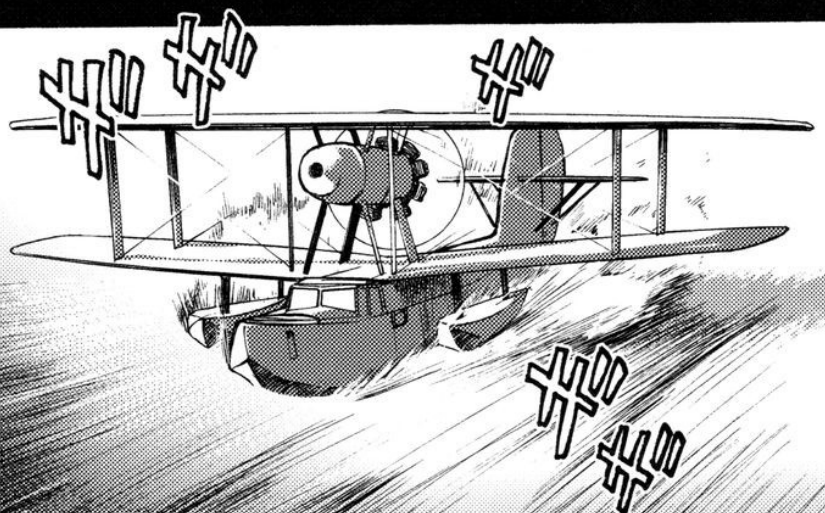

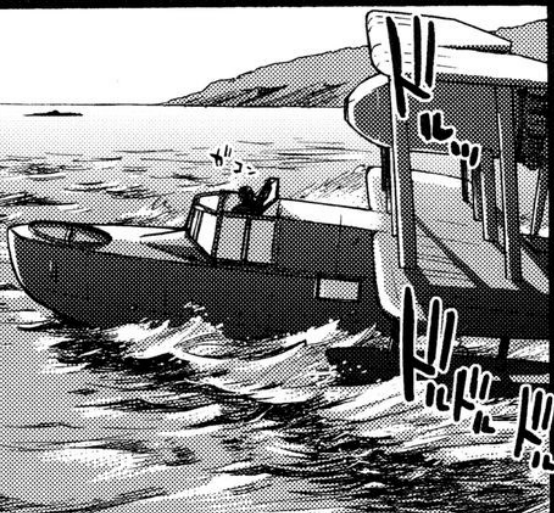

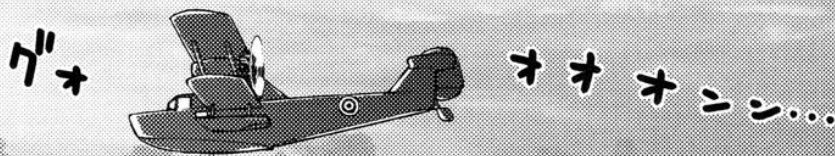

Pay it
no mind,
this watch
is fine.

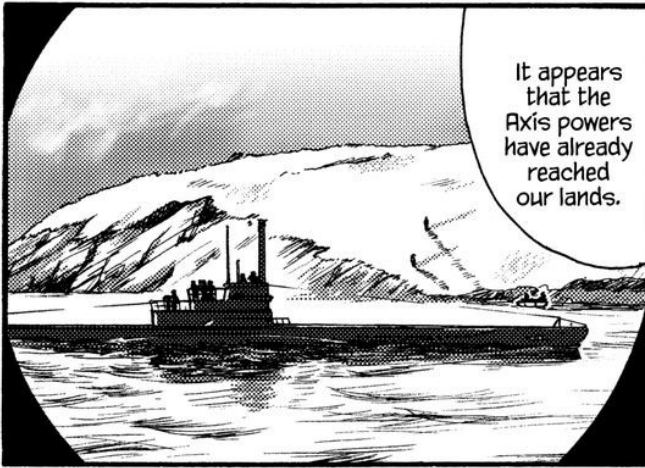

Let's
see,
right
now it's
about...

Oh? That
watch...
The time
seems to
be a little
off.

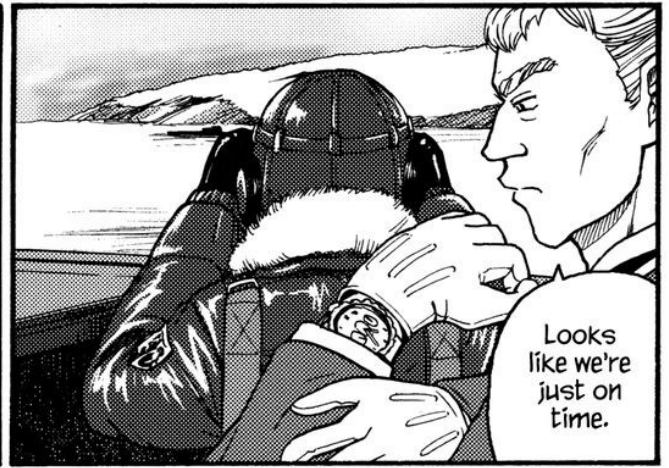

this watch
has stopped
ticking.

Ever since
the day we
first met
"Them",

It appears that the Axis powers have already reached our lands.

Looks like we're just on time.

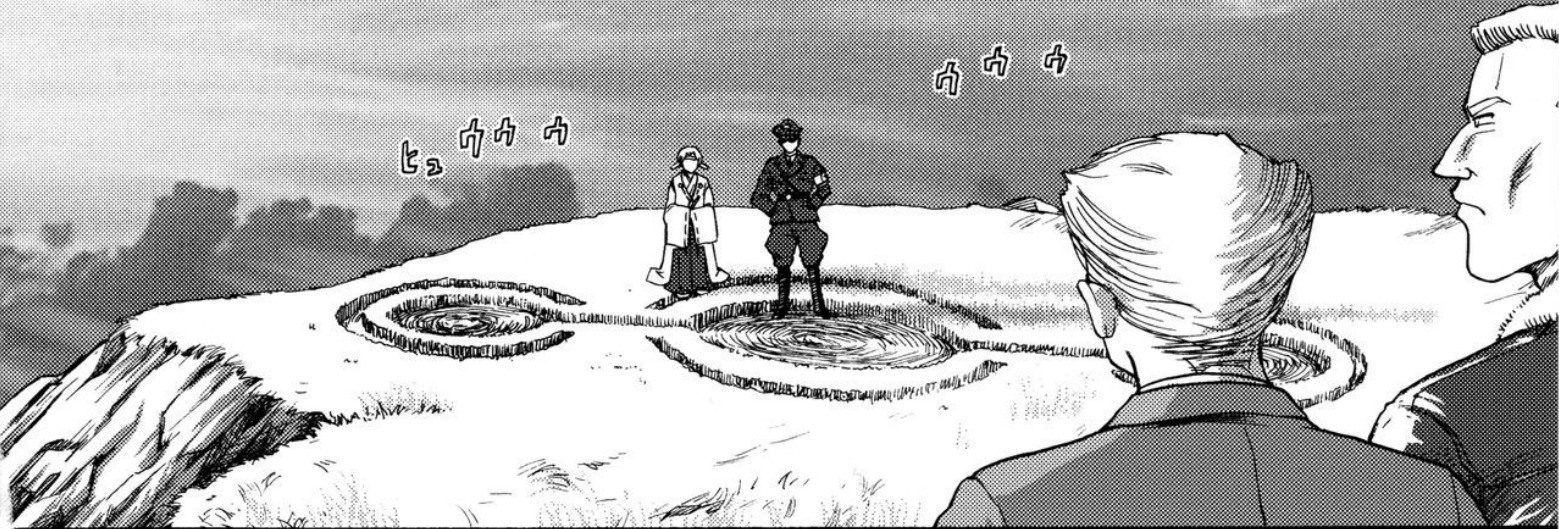

That's right, we acted beyond the control of our own leaders.

They rushed to dispatch special envoys to the Isle of Man.

The countries that were finally able to decipher the complicated occult symbols left behind had very little to feel excited about.

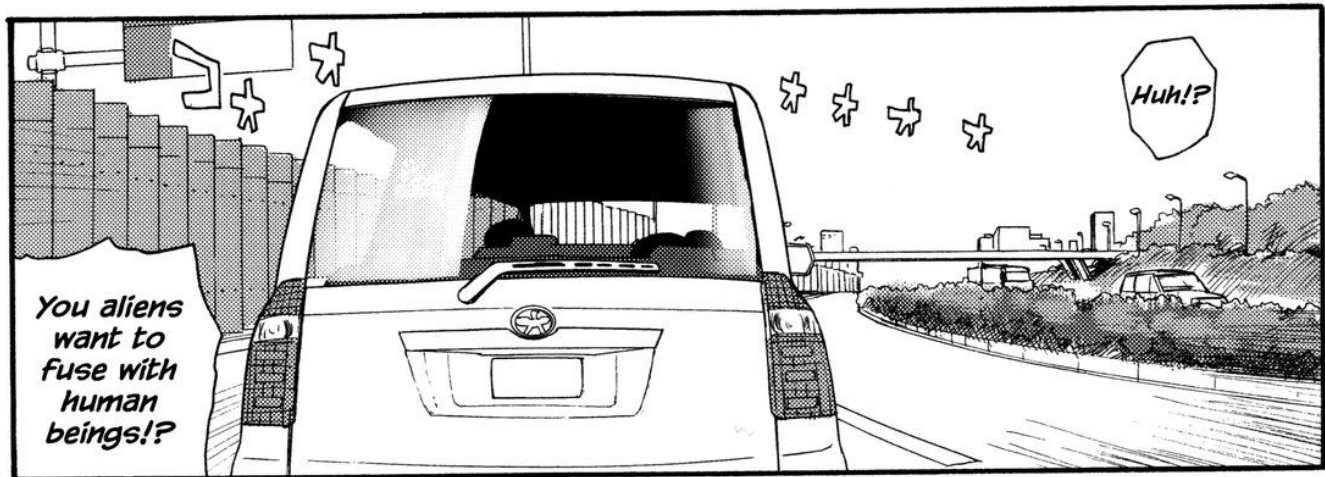

we were tracking a craft from an unknown nation, which would appear quite frequently and leave a message of crop circles on nearby fields.

It was the year 1941... On the eve of the Second World War,

and when
we took them
up on their
proposition,
which was...

That was where
we caught a
glimpse of their
extraordinary
power

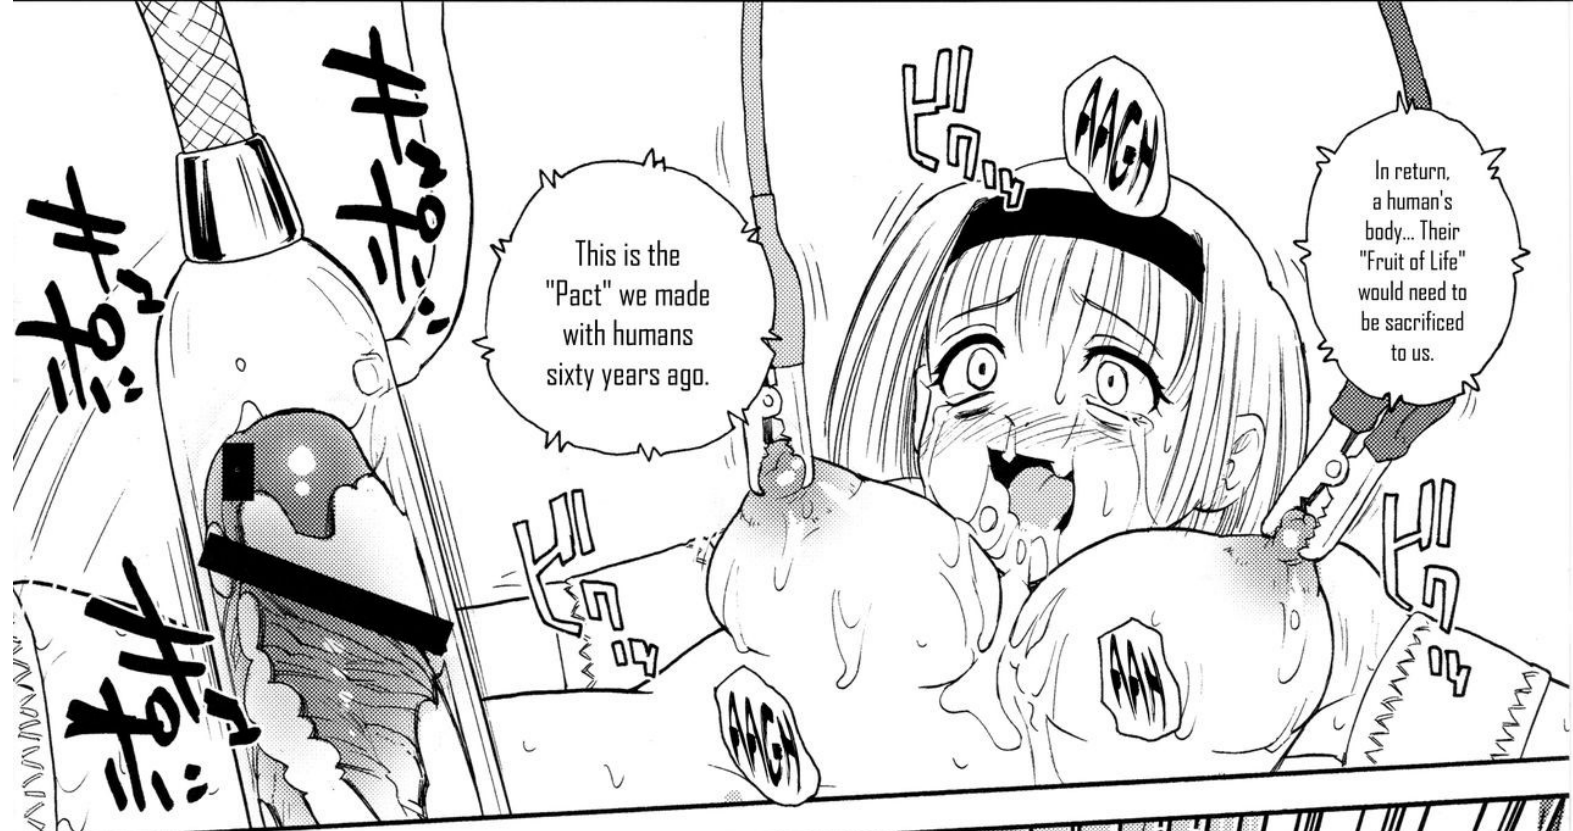

and what we
offer them
in return
is absolute
"wisdom".

That is why
we select
a specific
representative
to suit our
needs.

When that
happens,
you will
become like
gods among
humans.

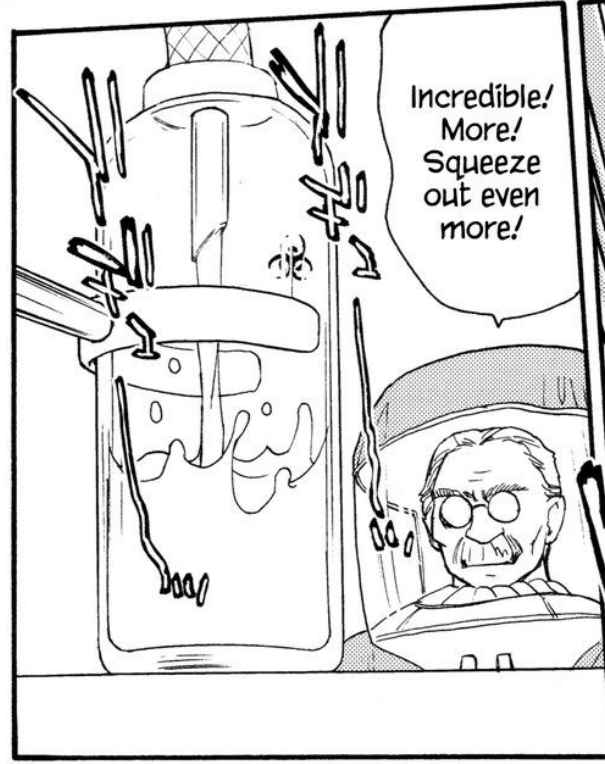

It's not so
much that we
want to fuse
with humanity,
but we wish
to gain their
lifespan.

How
can you
expect
us to
believe
that!?

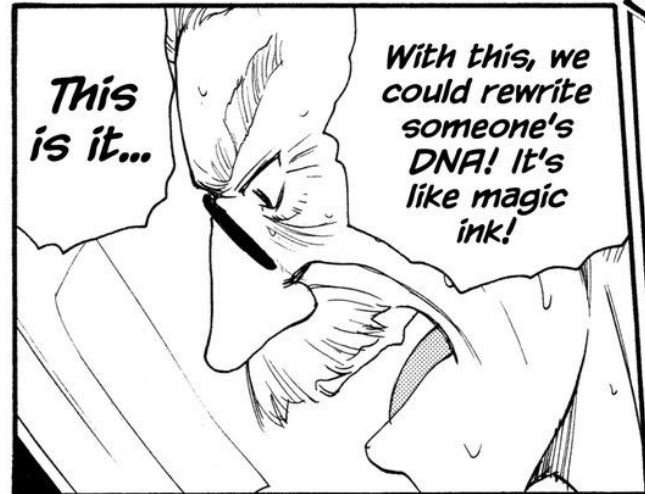

This is the "Pact" we made with humans sixty years ago.

In return, a human's body... Their "Fruit of Life" would need to be sacrificed to us.

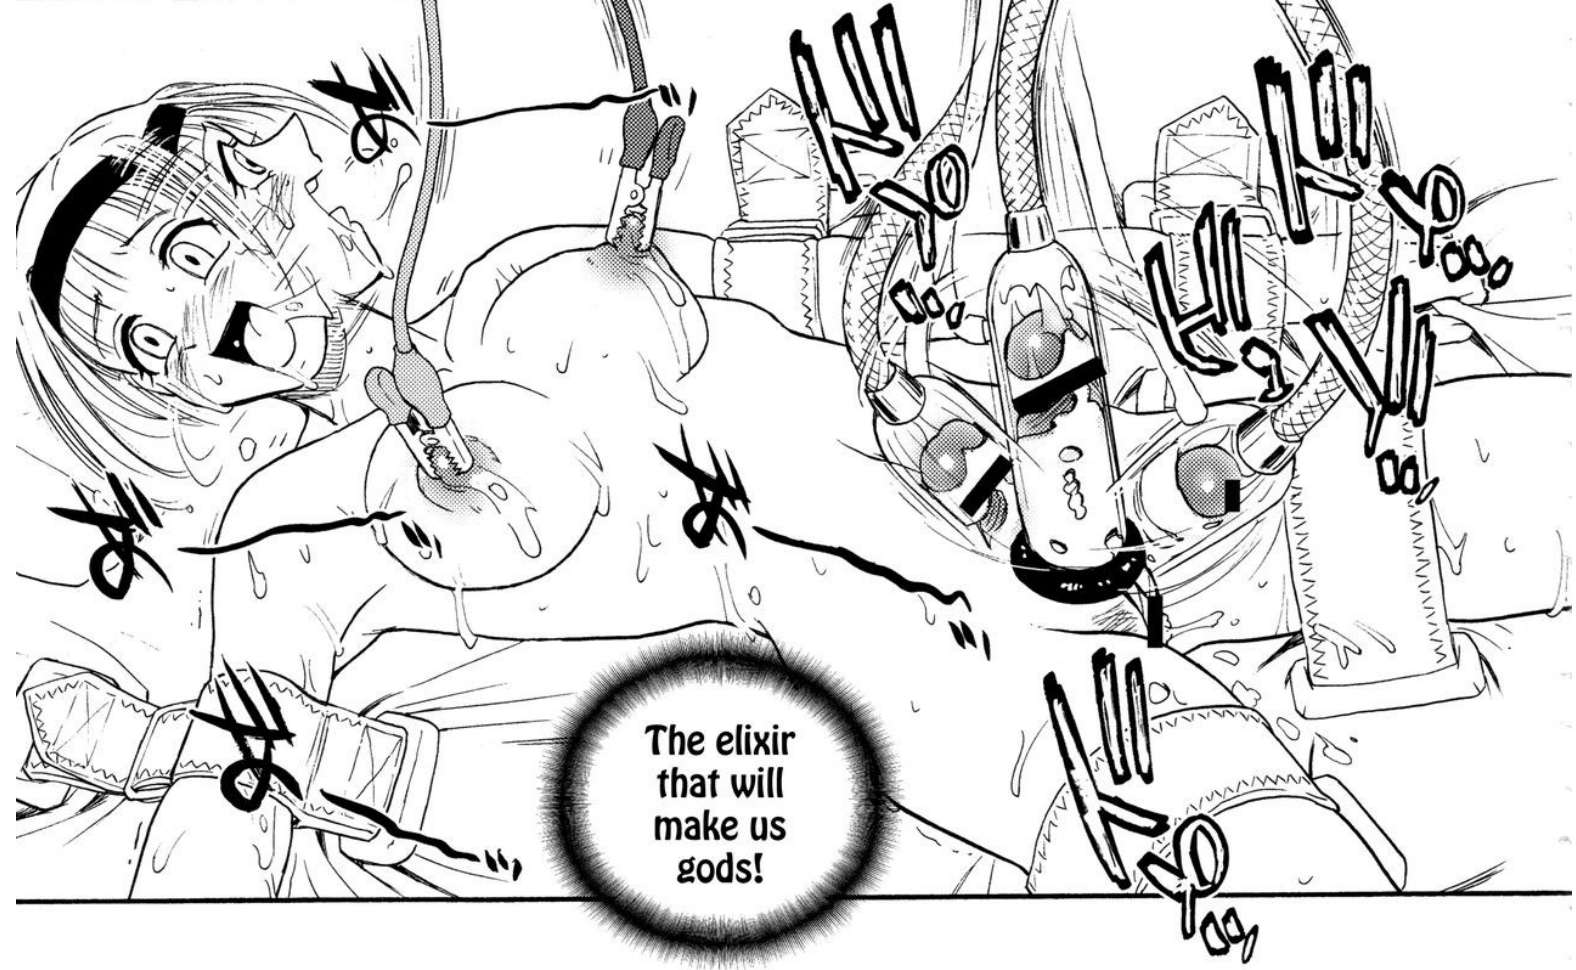

Incredible! More! Squeeze out even more!

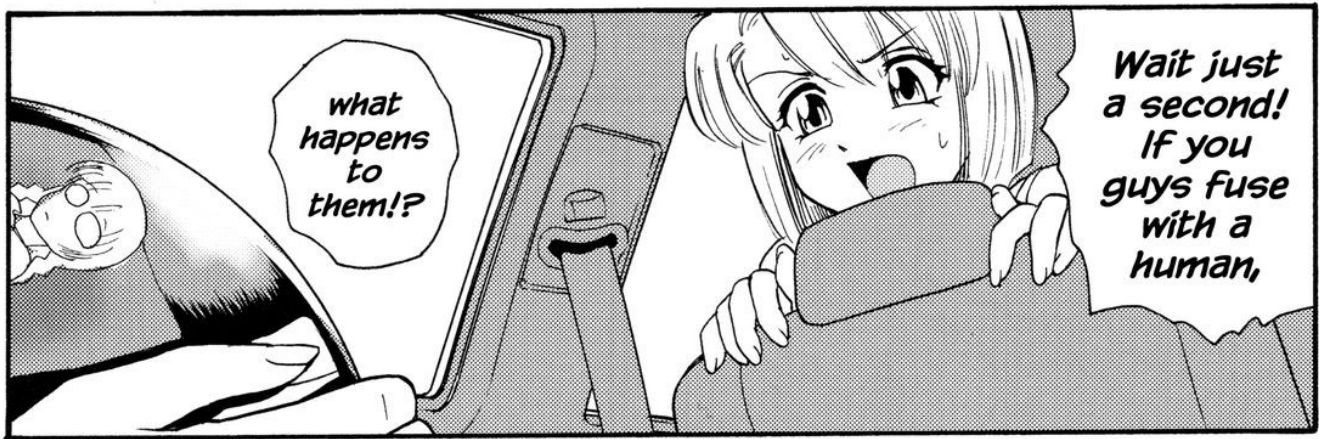

This is it...

With this, we could rewrite someone's DNA! It's like magic ink!

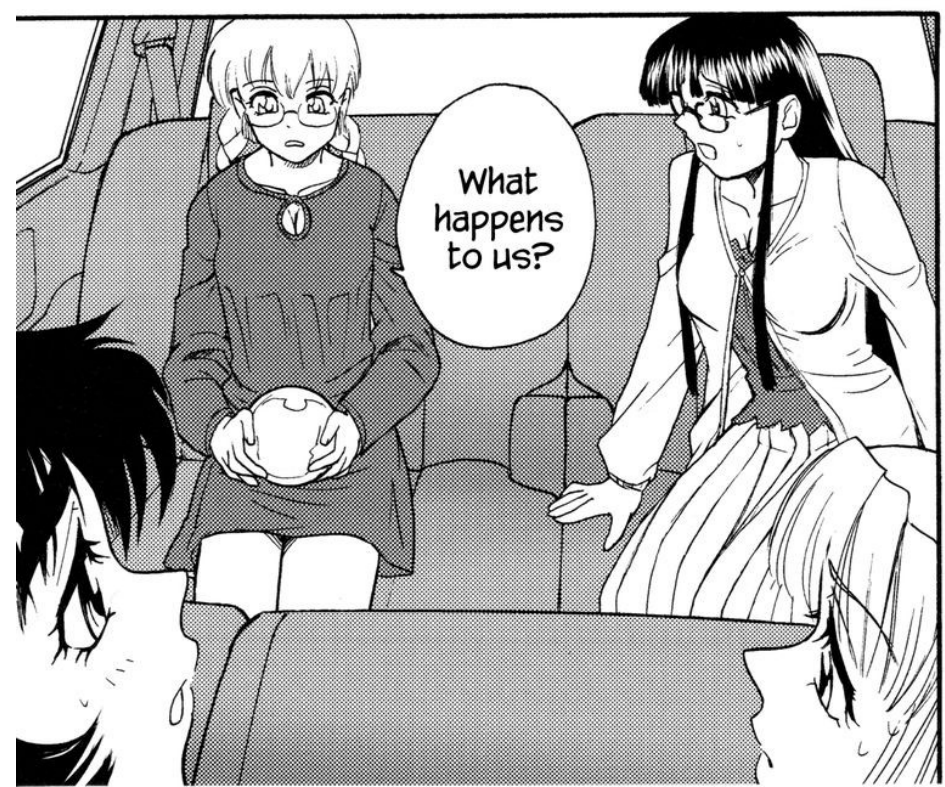

The elixir
that will
make us
gods!

what
happens
to
them!?

Wait just
a second!
If you
guys fuse
with a
human,

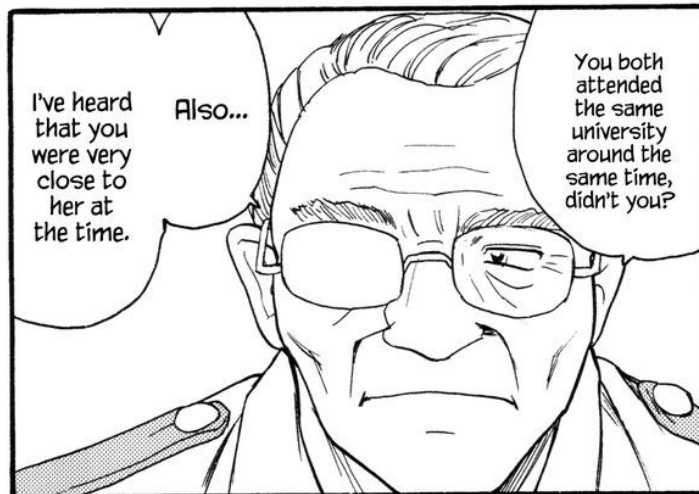

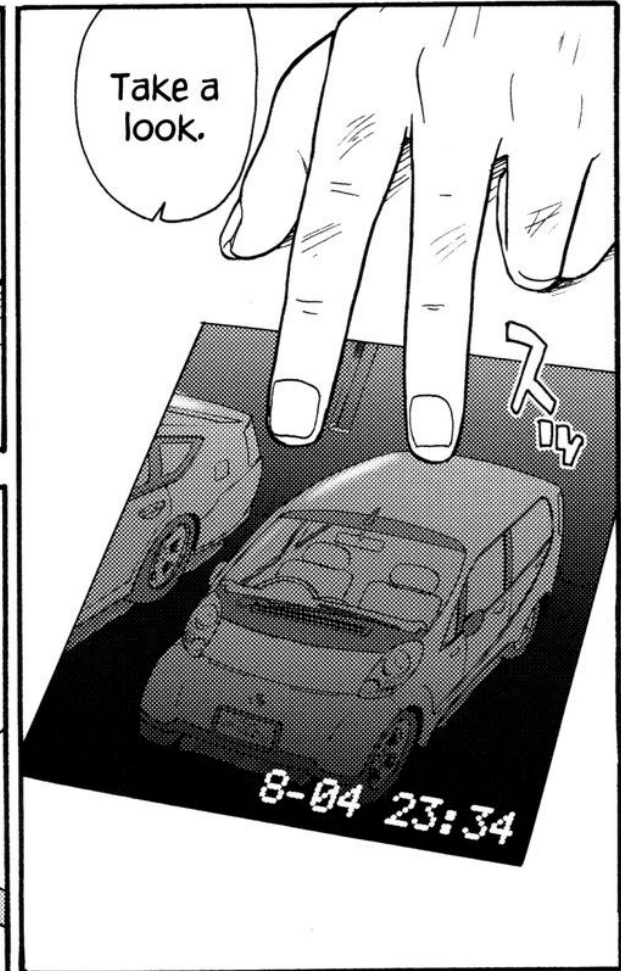

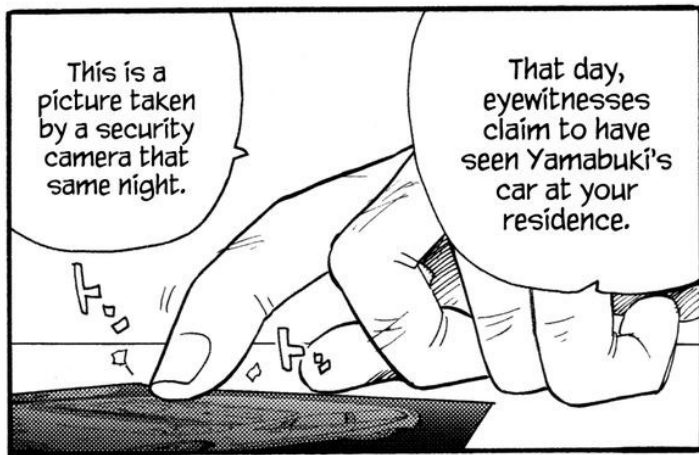

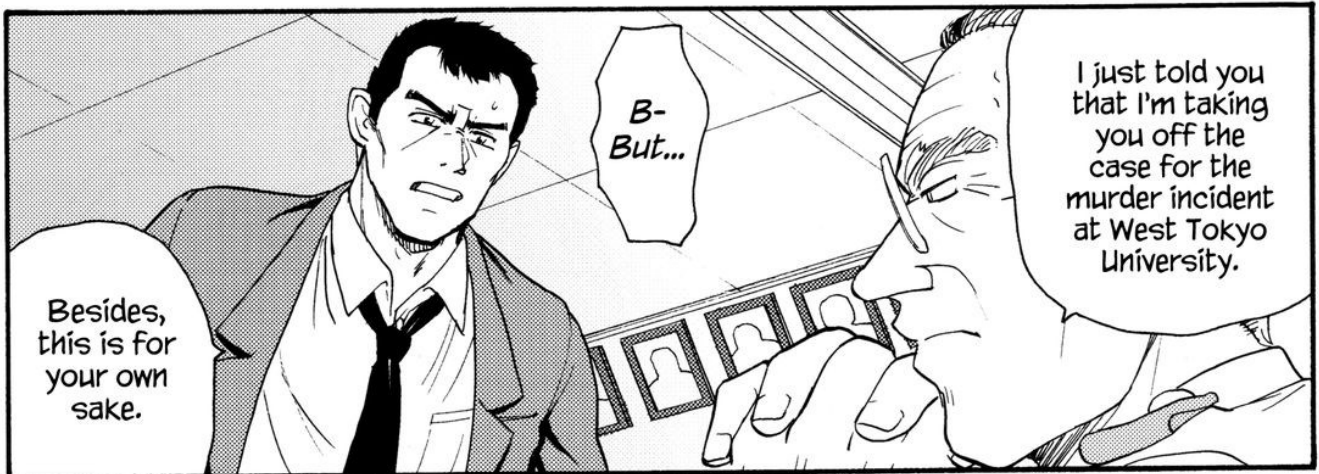

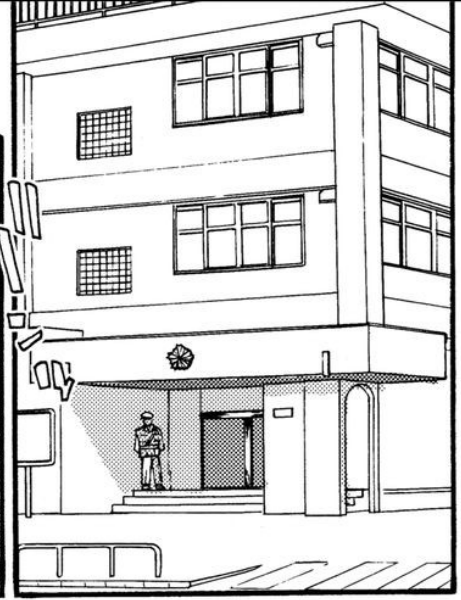

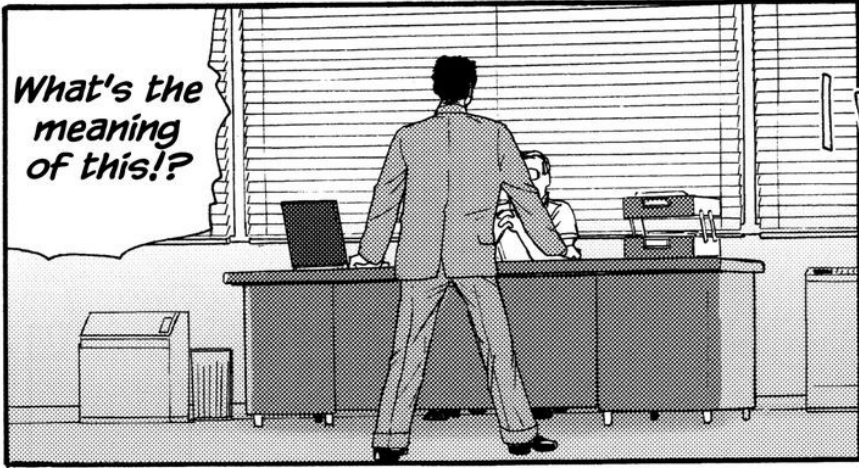

What
happens
to us?

Don't
tell me
that
we...

Ah!

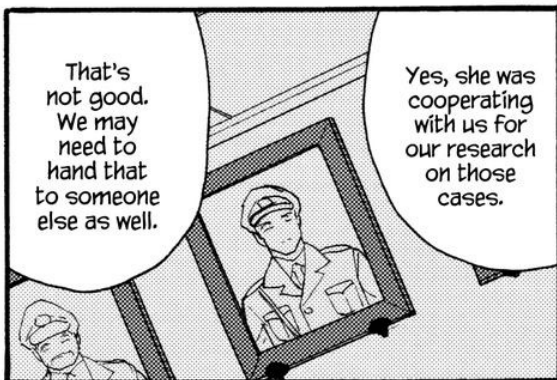

If you say any more, it might hurt your career.

Stop right there, Assistant Inspector Akagi.

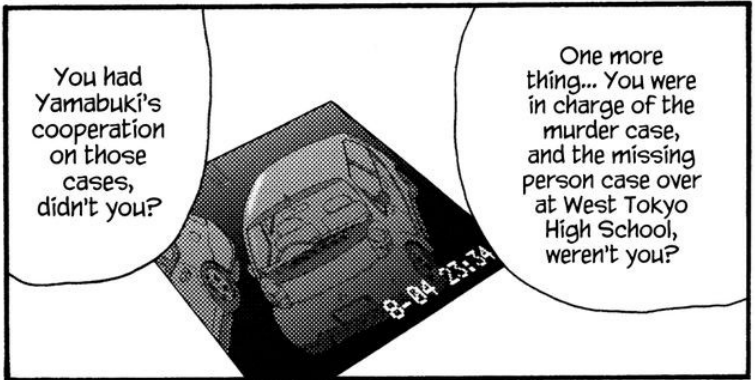

I intend to keep my work and my personal life separate!

Besides, she has no motive for what happened that day...!

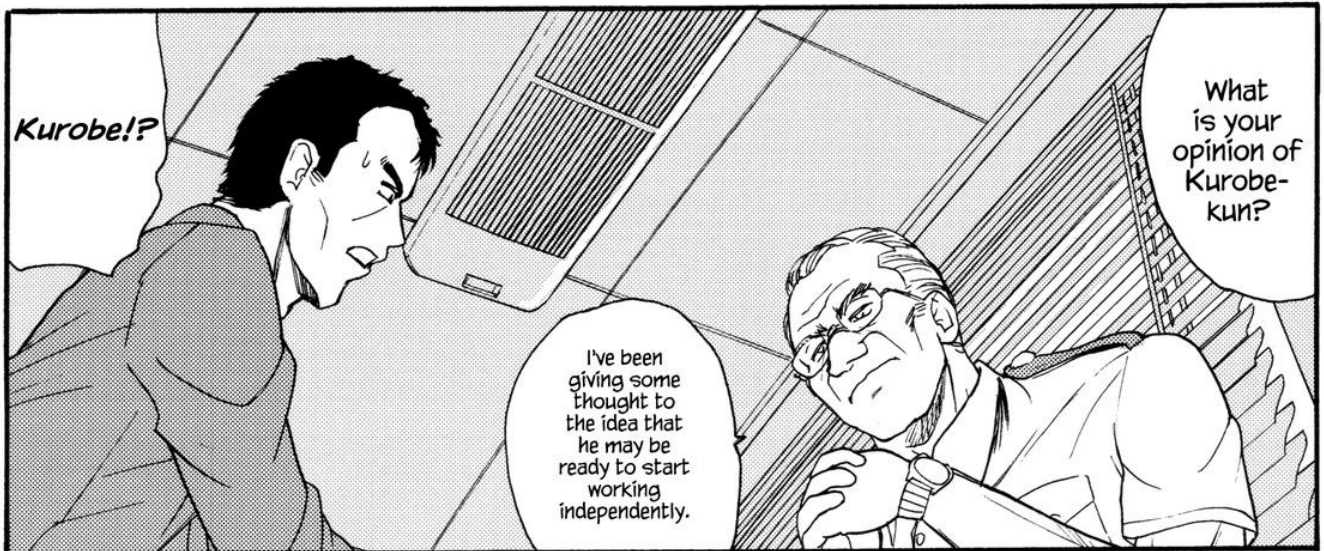

That's not good. We may need to hand that to someone else as well.

Yes, she was cooperating with us for our research on those cases.

You had Yamabuki's cooperation on those cases, didn't you?

One more thing... You were in charge of the murder case, and the missing person case over at West Tokyo High School, weren't you?

Kurobe!?

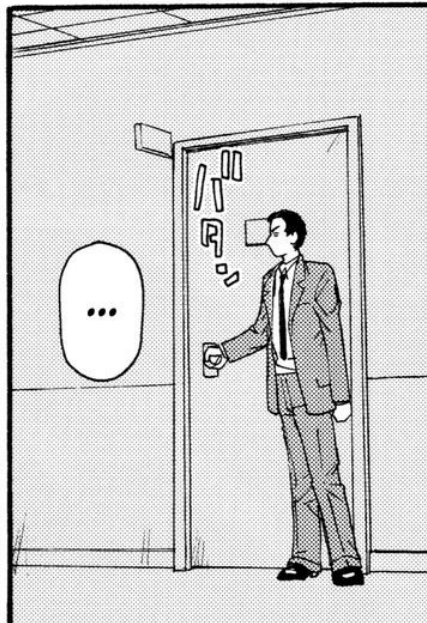

What is your opinion of Kurobe-kun?

I've been giving some thought to the idea that he may be ready to start working independently.

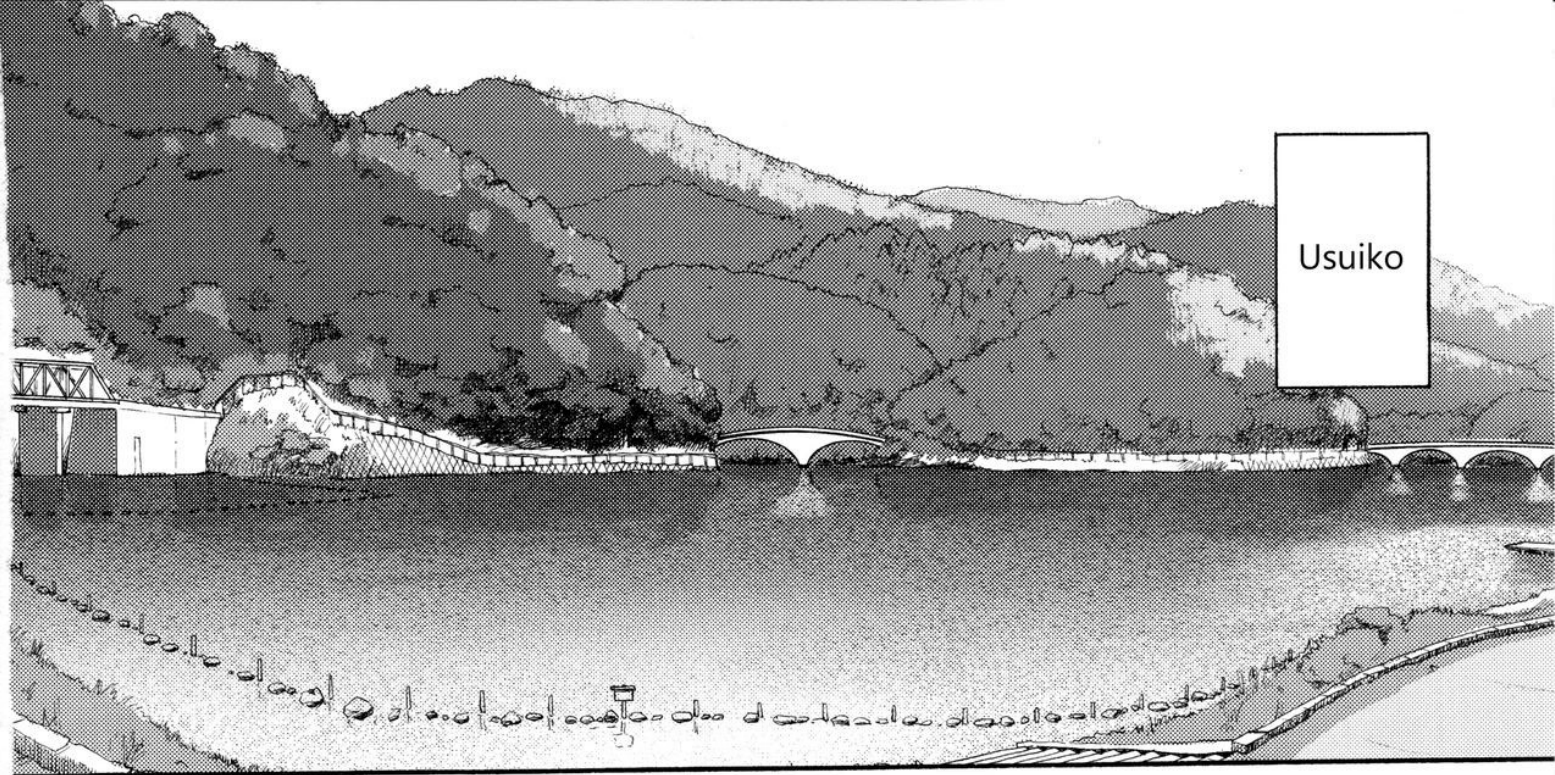

Yama-buki?!

What in the world happened to you,

Usuiko

At the time, he is said to have been working with Associate Professor Yamabuki, whose whereabouts are still unknown.

Police are reporting that Endou-san had his throat slit with a knife...

Why...?

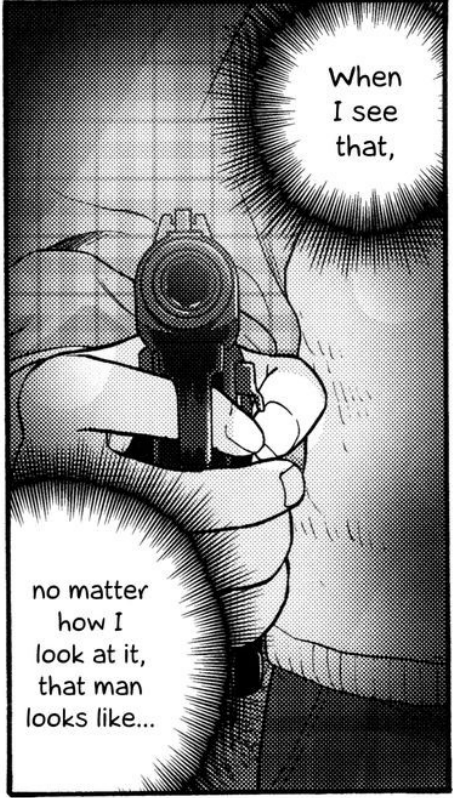

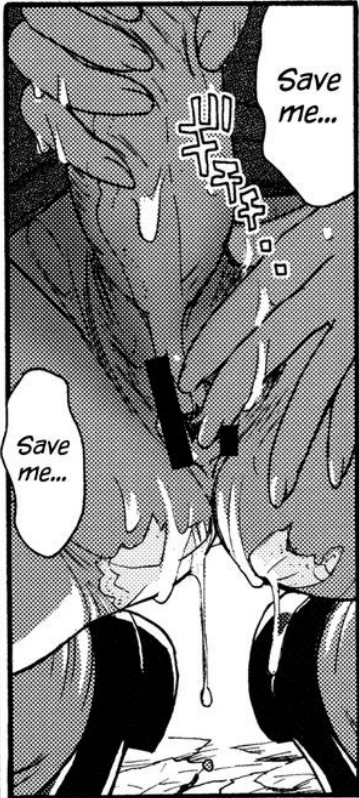

A car is driving on a road that curves through a valley. In the background, a bridge with multiple arches spans across a river. The scene is shown from a high angle.

Why did this happen?

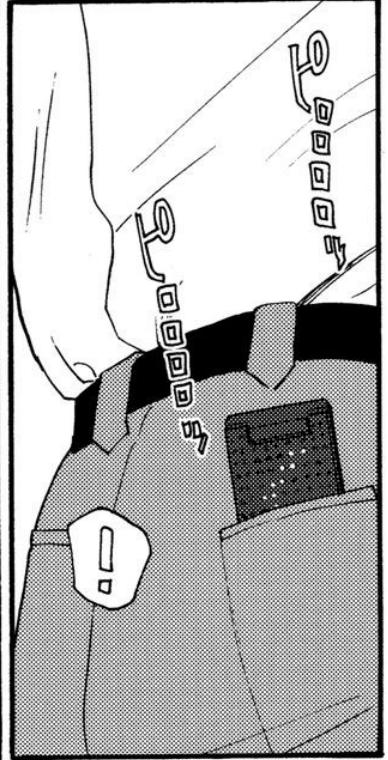

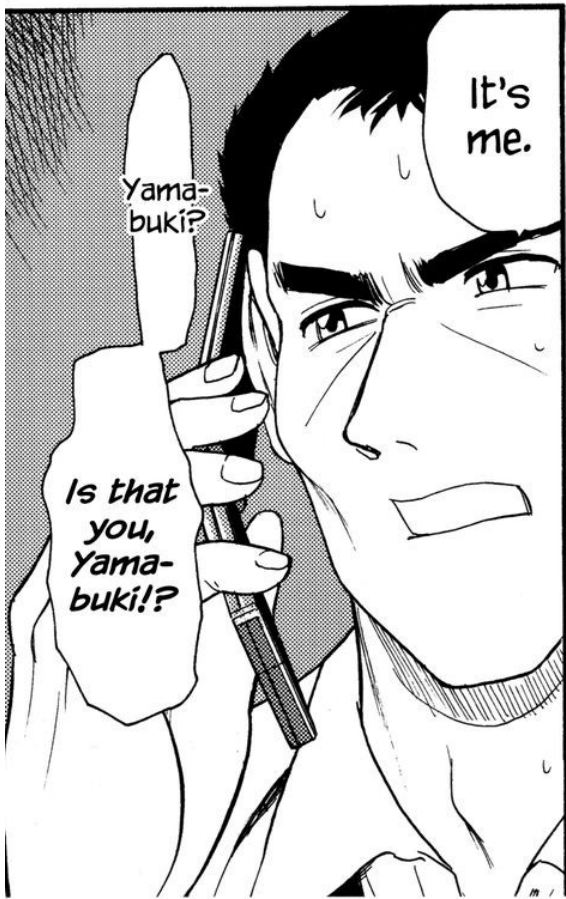

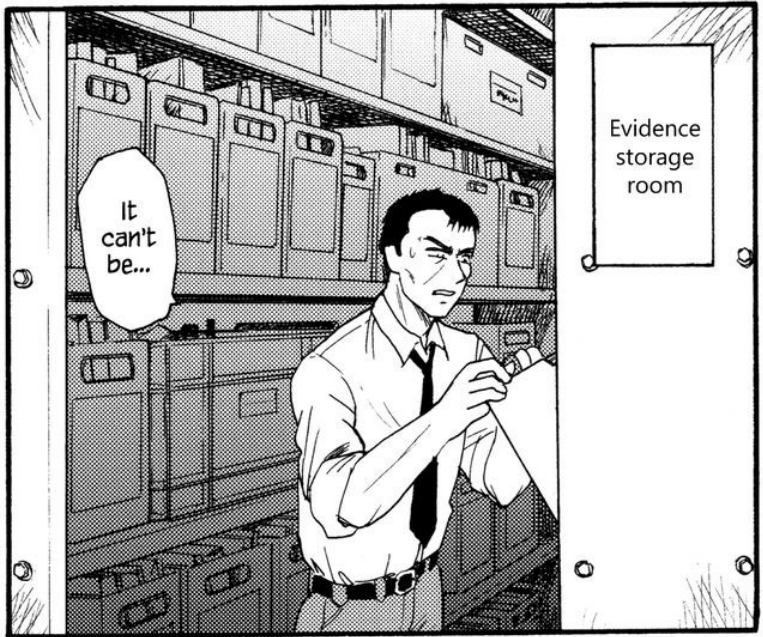

A close-up of a person's face, showing a state of shock or distress. The person's mouth is open, and there are large, stylized sound effects or motion lines around their head. A hand is visible near their face.

And then there's that scene I keep seeing in my head...

Where are you right now!?

What's the matter, Yamabuki!?

Y-Yamabuki...

No, I need to calm down. In cases like this...

I...

didn't do it...

Do I hear birds? Is she in the mountains?

At least let me hear your voice for now.

Kurobe-kun!?

Guh!

I'm the one who delivered that specimen to you, after all.

Oh, you don't need to go to the trouble of trying to hide it.

N- Noo!!

but in the end, you wound up becoming a living angel all on your own... You've saved me a lot of hard work.

I had planned to frame you for your assistant's murder so that I could ensure your cooperation, Yamabuki-sensei,

And with that said, there's a little someone I'd like to introduce you to.

You seem to be doing quite well.

I've been searching for you.

Hogah

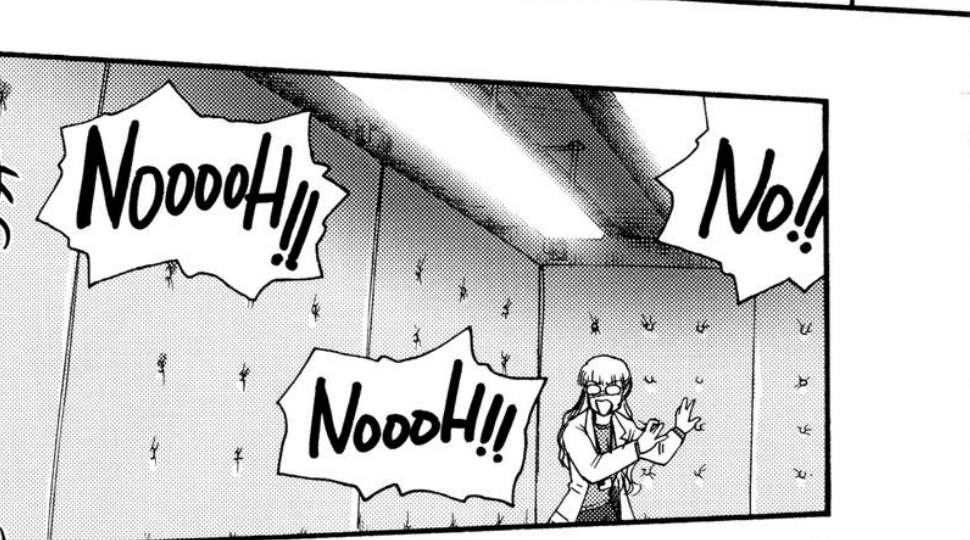

Hagh

Fughh

You want it, don't you?

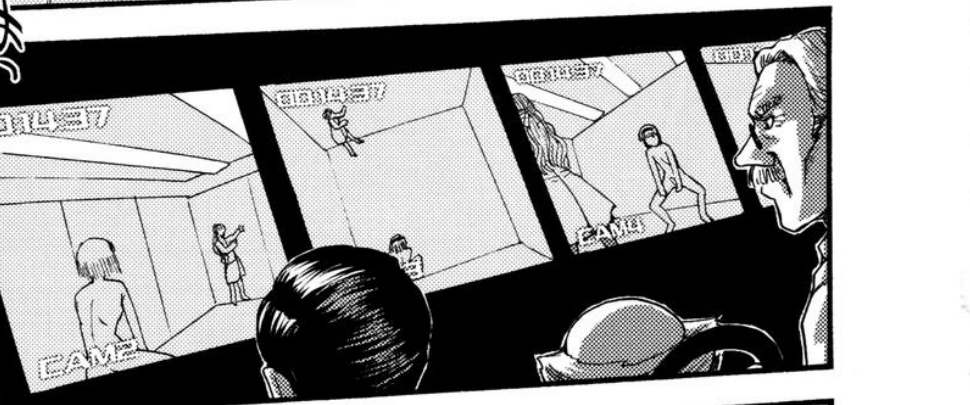

Here, how do you like this?

NoooooH!!

No!!

Noooh!!

No!!

No!!

ooH!!!

Nooo

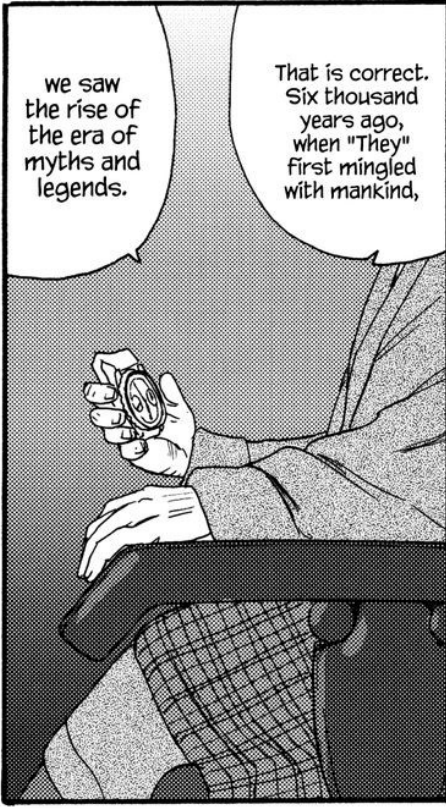

...

Aren't they closer to what legends would describe as a "devil" or a "sex beast"?

Oh my... For so-called "angels", they sure seem to have some awful hobbies, don't they?

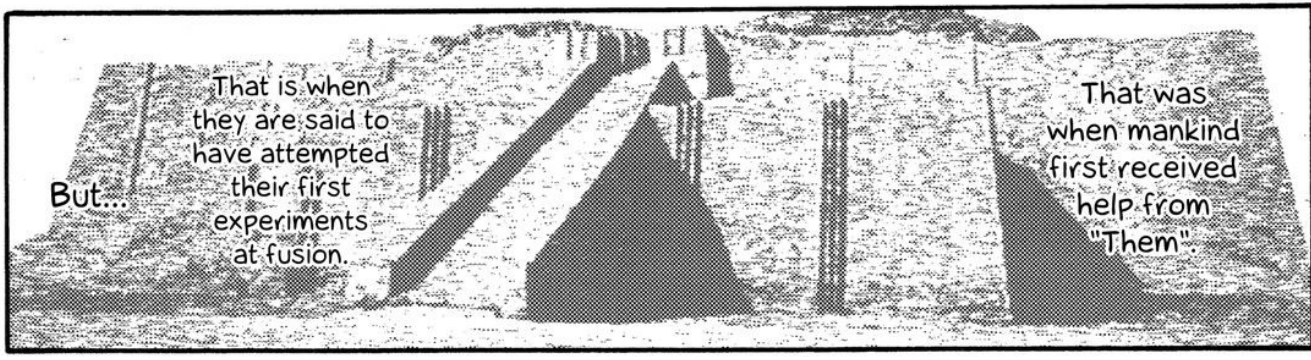

Six thousand years ago, huh?

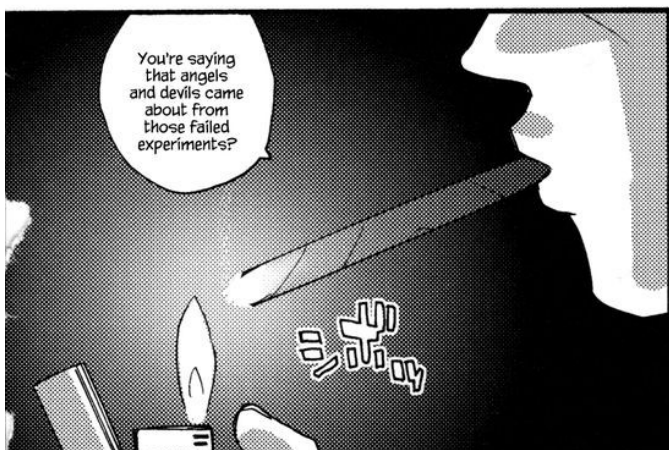

we saw the rise of the era of myths and legends.

That is correct. Six thousand years ago, when "They" first mingled with mankind,

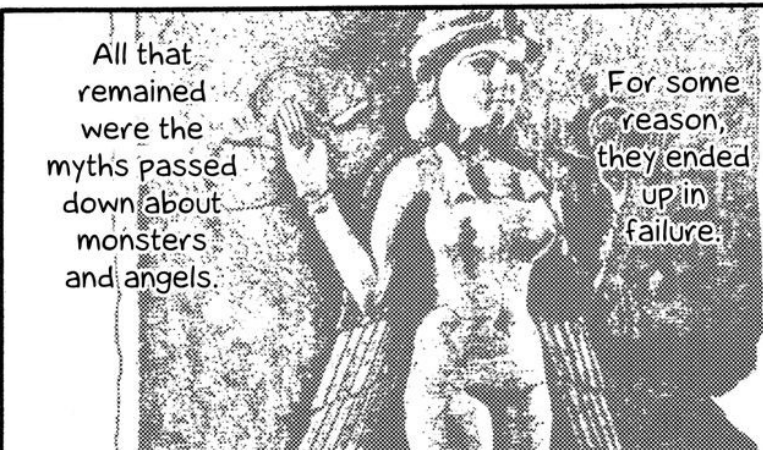

But... That is when they are said to have attempted their first experiments at fusion.

That was when mankind first received help from "Them".

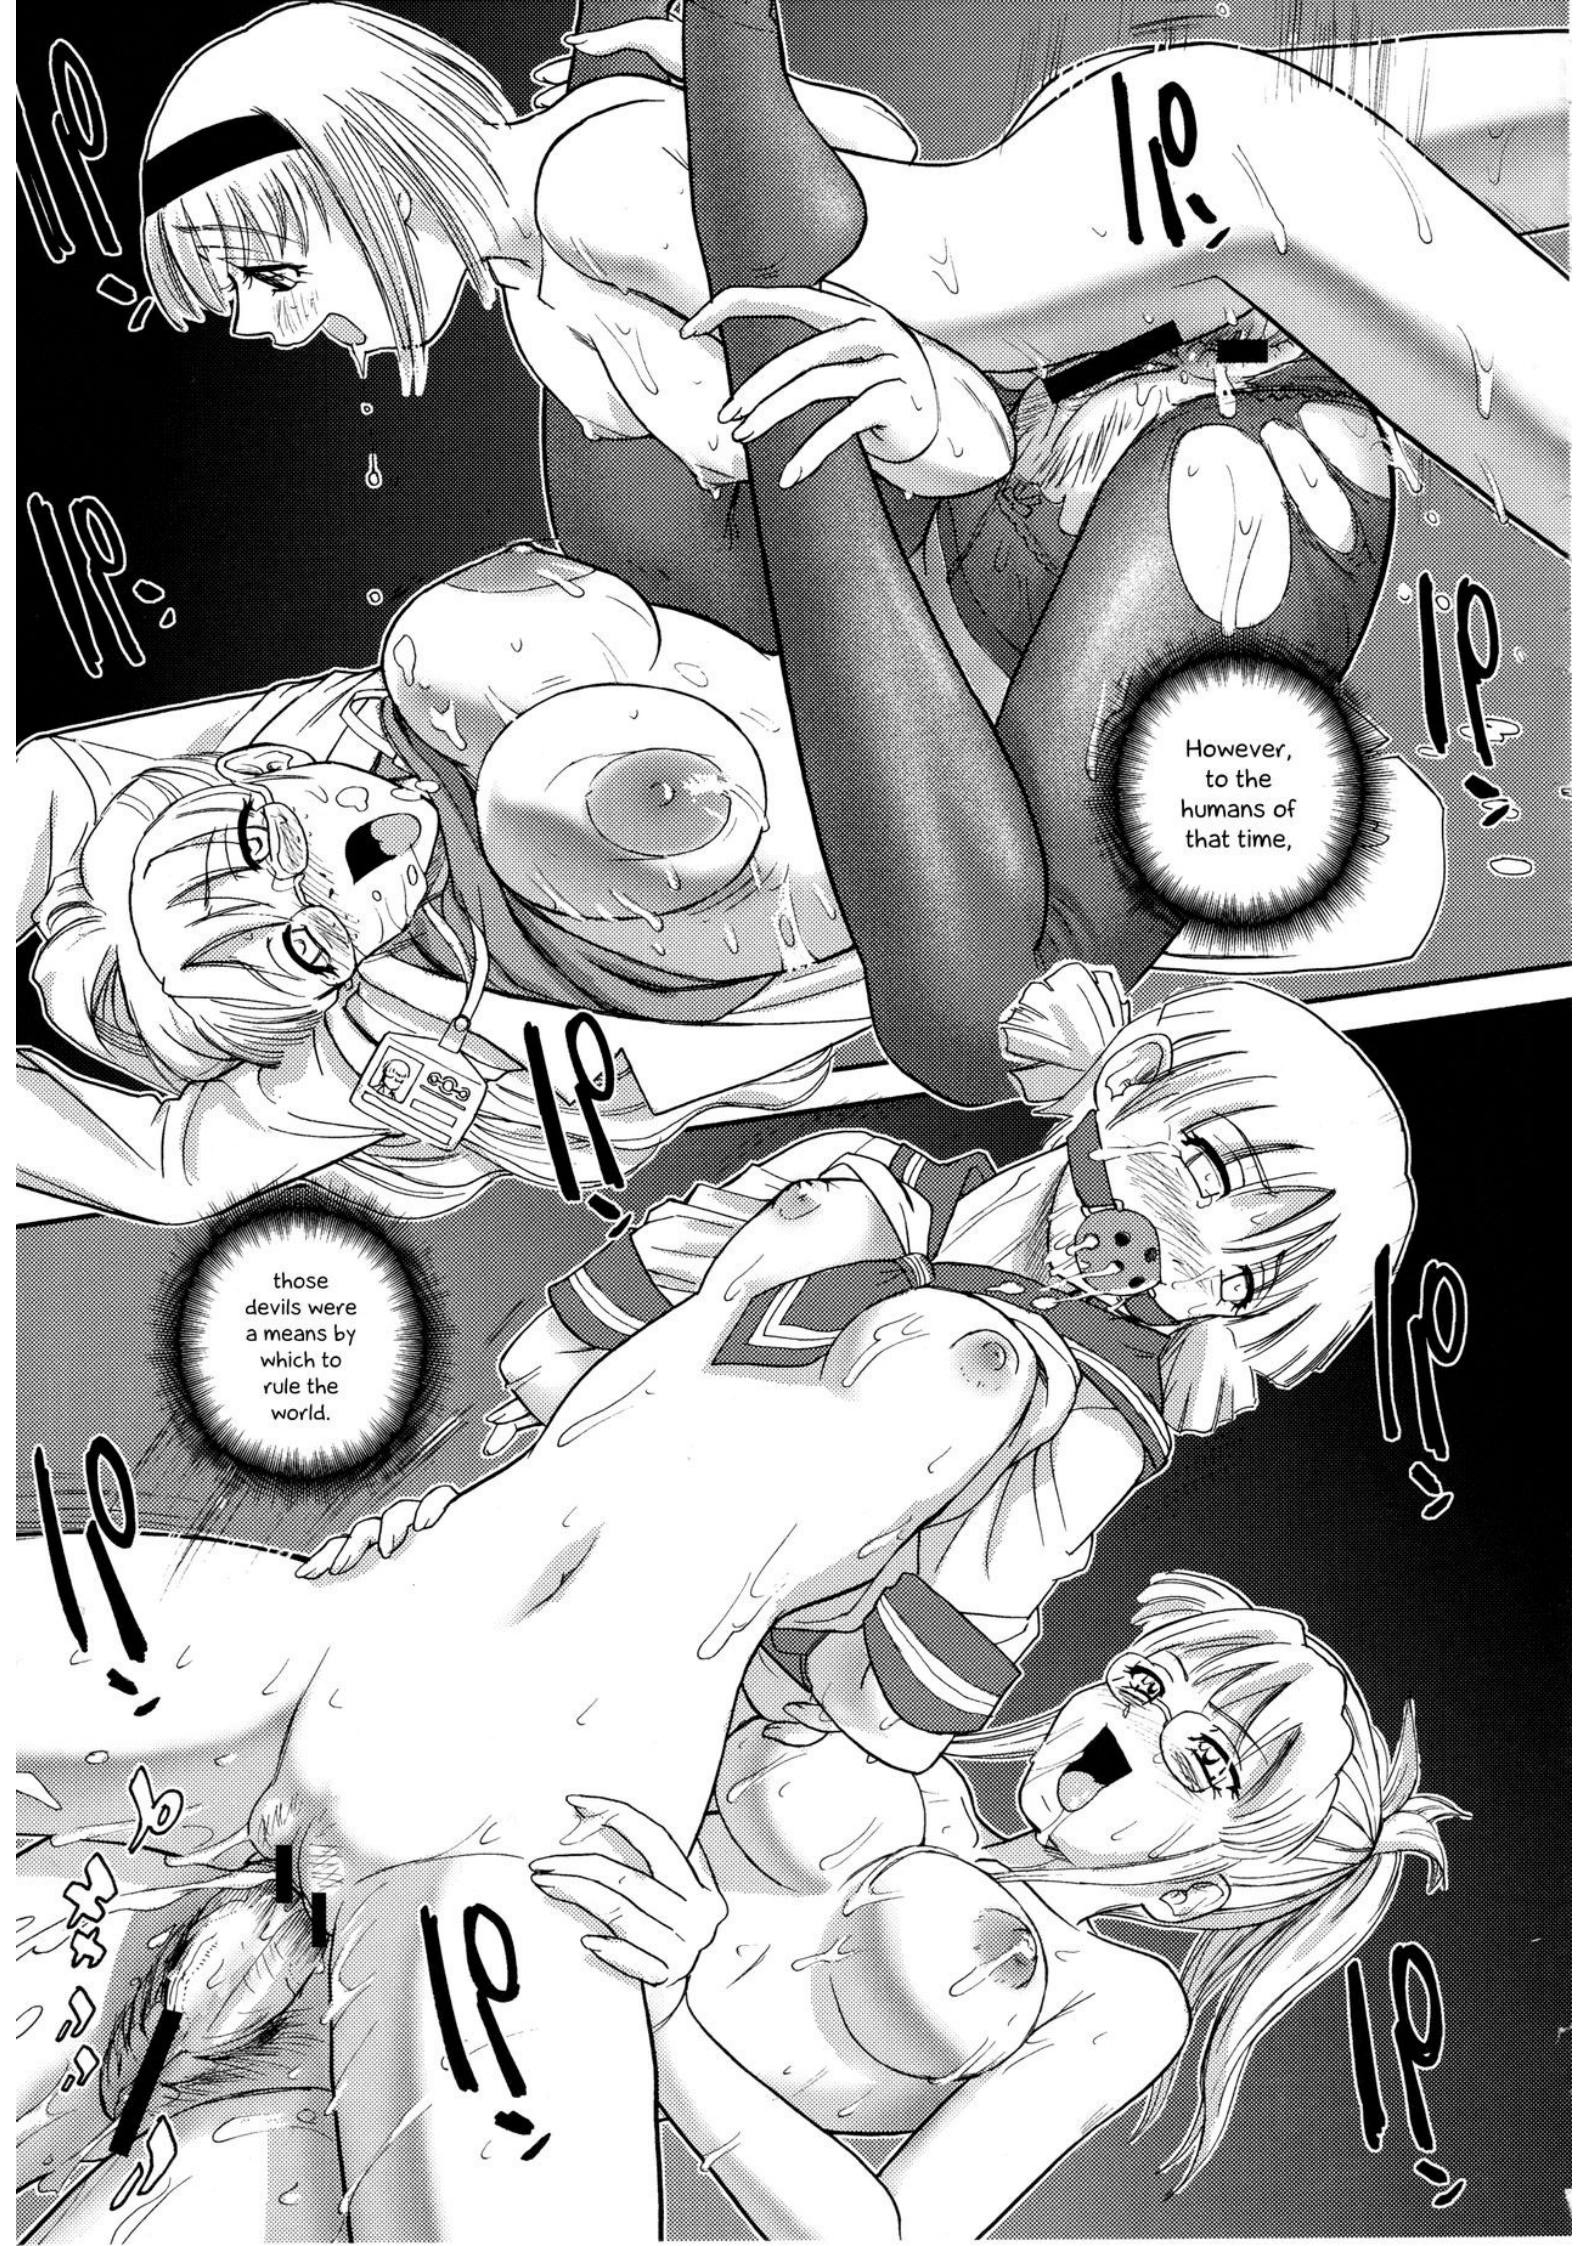

You're saying that angels and devils came about from those failed experiments?

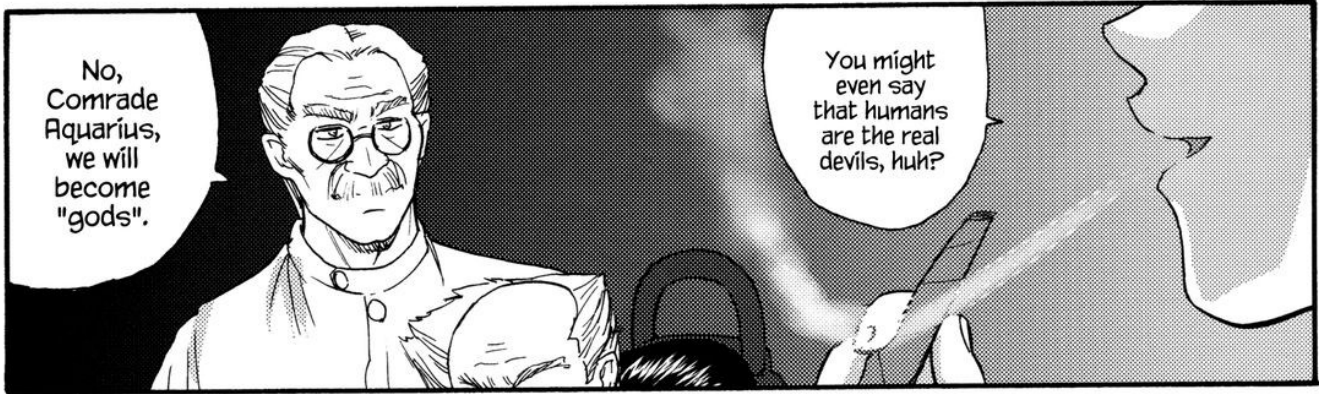

All that remained were the myths passed down about monsters and angels.

For some reason, they ended up in failure.

However,
to the
humans of
that time,

those
devils were
a means by
which to
rule the
world.

No, Comrade Aquarius, we will become "gods".

You might even say that humans are the real devils, huh?

The watch that stopped all those years ago

has finally begun ticking again, huh?

!?

And we will do so with the blessing of these "angels".

And the same could be said

for my fondest wish.

Report 026
Nectar

Must be because we're keeping this delicious milk all to ourselves.

Momoe-chan...

Aoi seems kind of reserved, don't you think?

Your breasts taste so sweet, Momoe-sama.

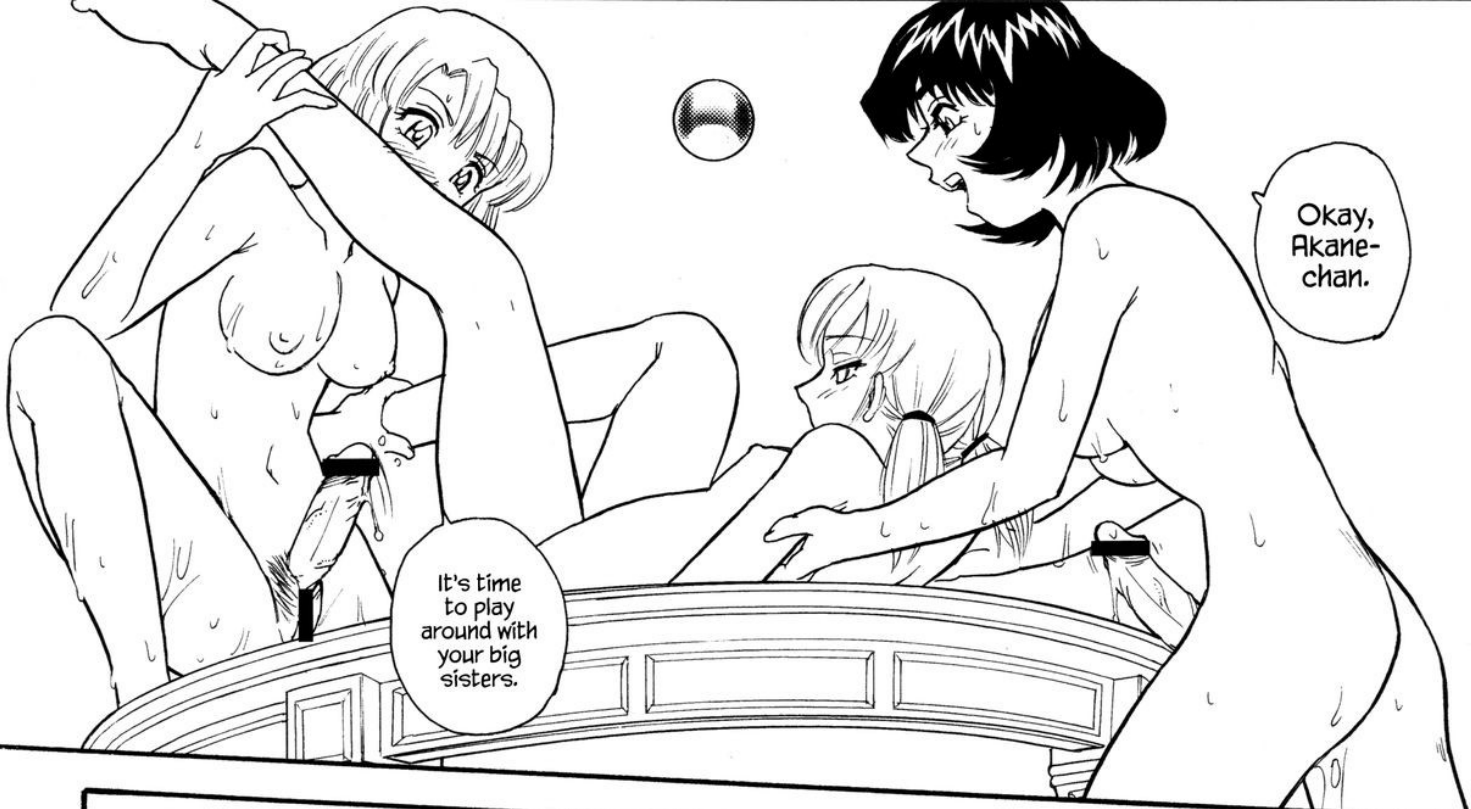

My pre-cum won't stop leaking out!

Okay, Yuki, Midori, use those dicks of yours

to fuck Akane.

This is incredible! My dick's so stiff!

Okay, Akane-chan.

It's time to play around with your big sisters.

Ahaa

Mmm

If this experiment goes according to plan,

I think you'll be more inclined to trust my words.

///

should have gained the ability to increase your numbers.

Like this, even those two

it's because of Momoe-chan's boobs?

Then,

has the power to fully awaken all of you.

Momoe's breast milk

Me too!

Aah! I've never felt like this before!

to share your memories with each other.

And then, every one of you should possess the ability

I can feel my pussy throbbing so much!

MNHAH! I'M GONNA CUM! I'M GONNA CUM!!

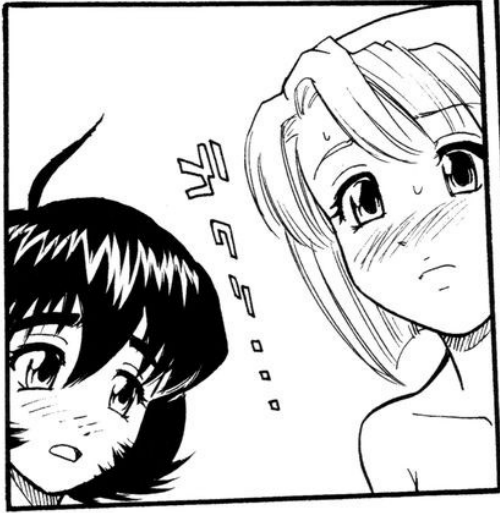

That way, you will be capable of restoring Akane's memories.

Th-

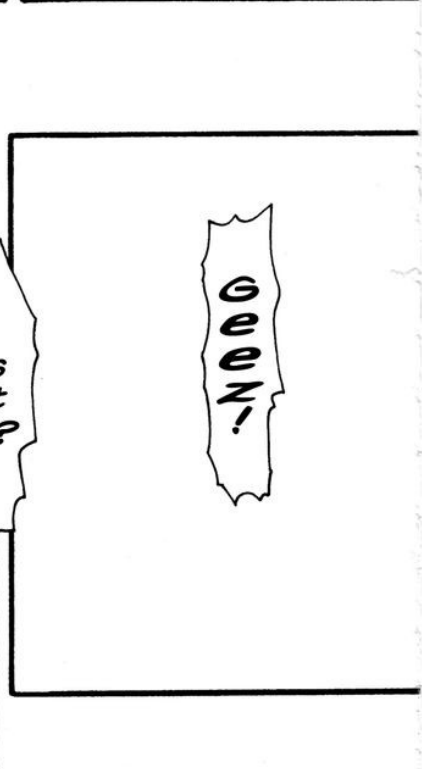

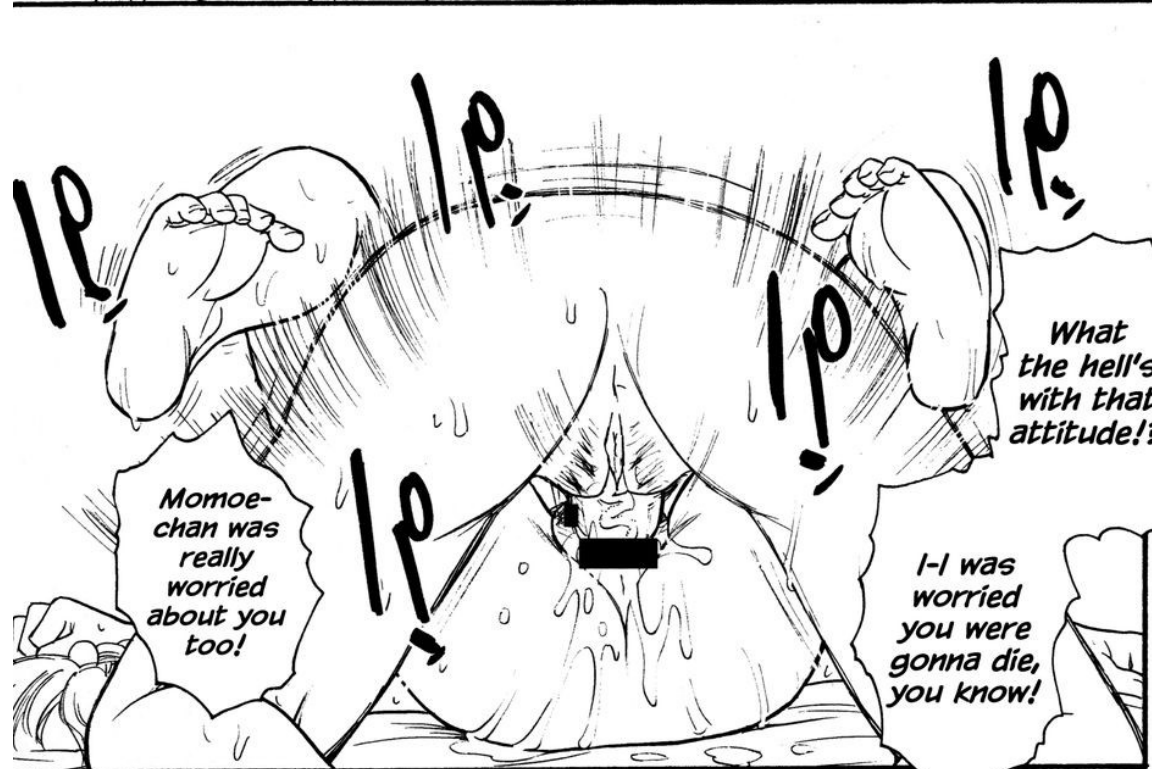

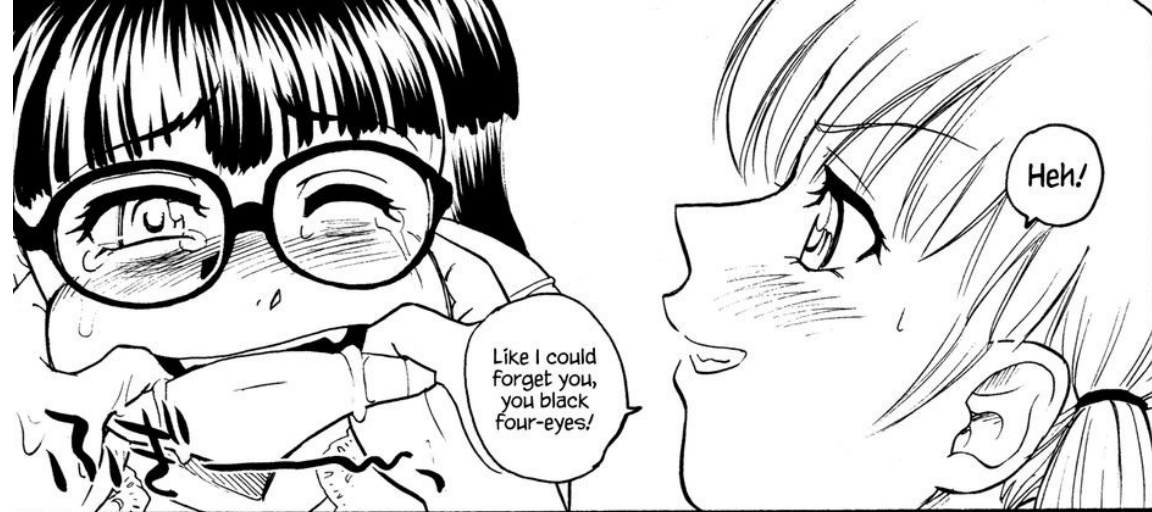

That's amazing.

I'm not really sure I follow you...

Uh...

What do you think of this?

Um... In that case, how about we change the mood a little?

So, I figured I'd make plenty of love to you while wearing this uniform, Momoe-chan.

Well, it's just that we haven't been able to do it like this since we came to this villa.

Hey!! Momose-kun!!

But why in our school uniforms?

What's with these tits of yours, huh!?

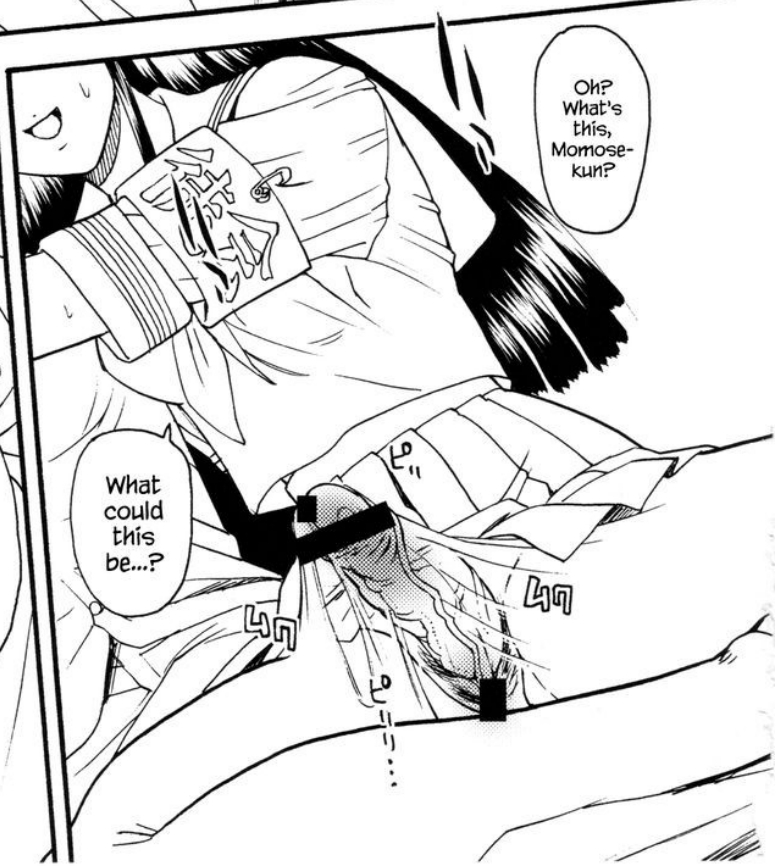

Huh!? What the!?

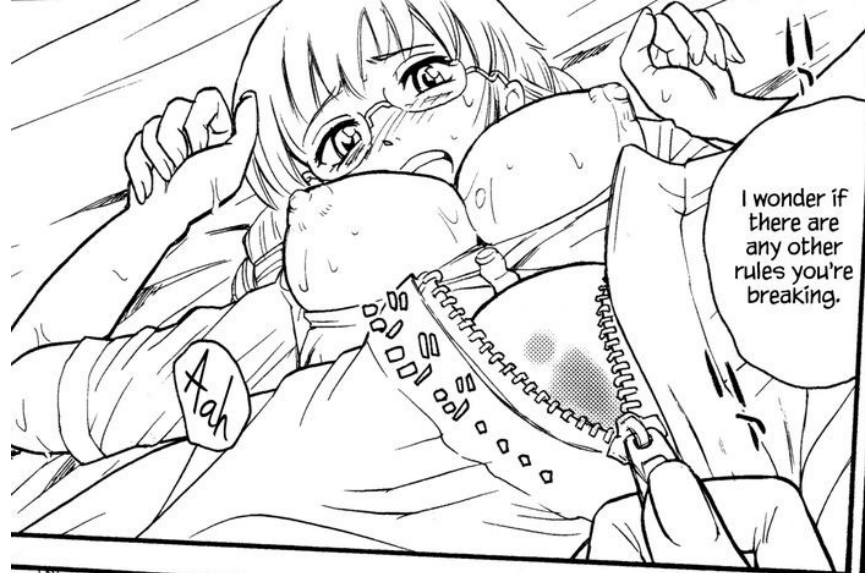

わい

わい

わい

王徒

I wonder if there are any other rules you're breaking.

Mwah

Even though you're a boy, you've got such huge breasts.

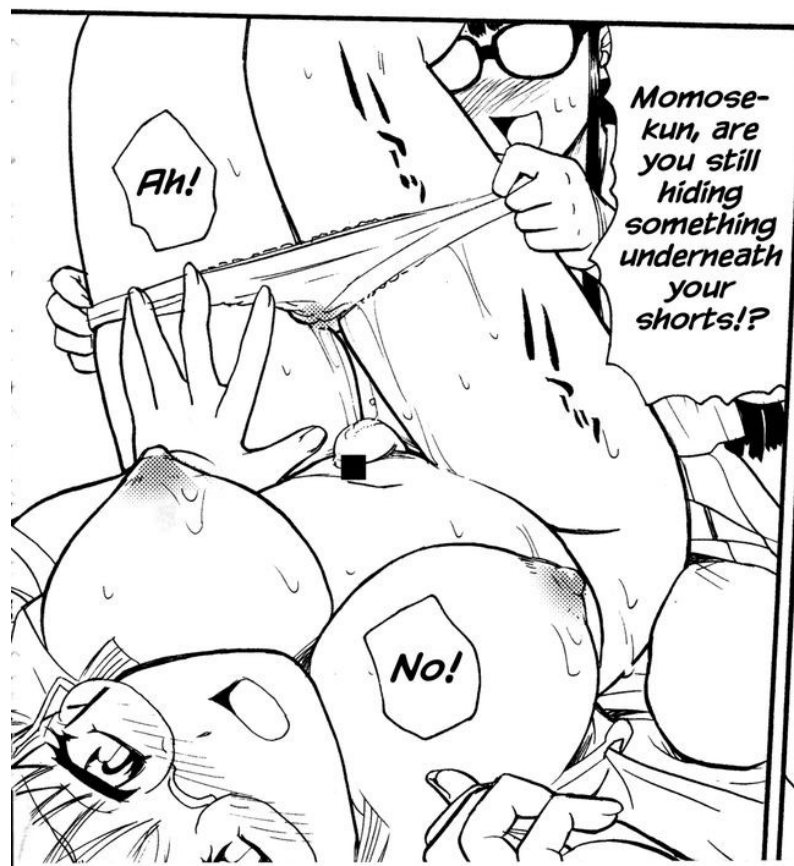

These are clearly in violation of school policy!

But, Roi-san, you're the one who...

You're a real pervert, aren't you, Momose-kun!?

Oh my! What are those panties for!?

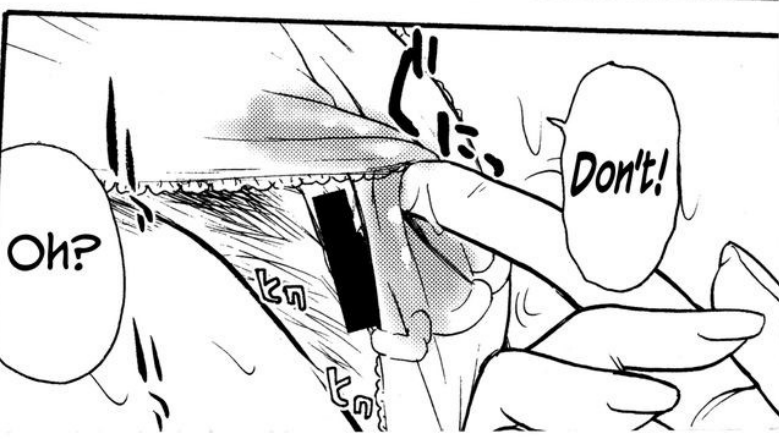

Ah!

Momose-kun, are you still hiding something underneath your shorts!?

I'm the one who "what"?

Oh?

Don't!

A-Aoi-san, you've got a dick too, you know...

It's so naughty.

Your face looks so cute...

So you have a pussy too, huh?

Oh my! Momose-kun...

In that case, I'm just going to inspect the inside too!

A-Aoi-san!

Seeing as you've got something like this,

I bet you're hiding something even naughtier deep inside, aren't you?

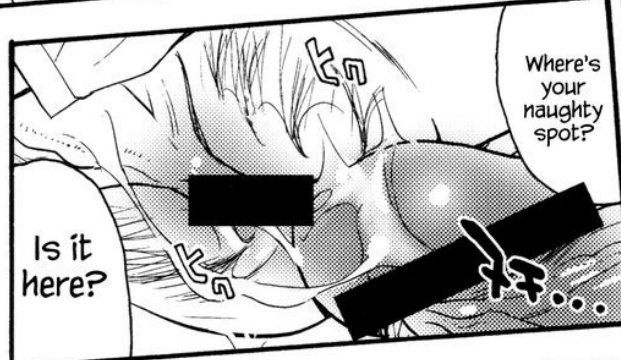

very thoroughly, Momose-kun.

I'm gonna take my time inspecting the inside of your belly

Now, shall we see what we can find?

Roisan...

Is it here?

Where's your naughty spot?

where is it?

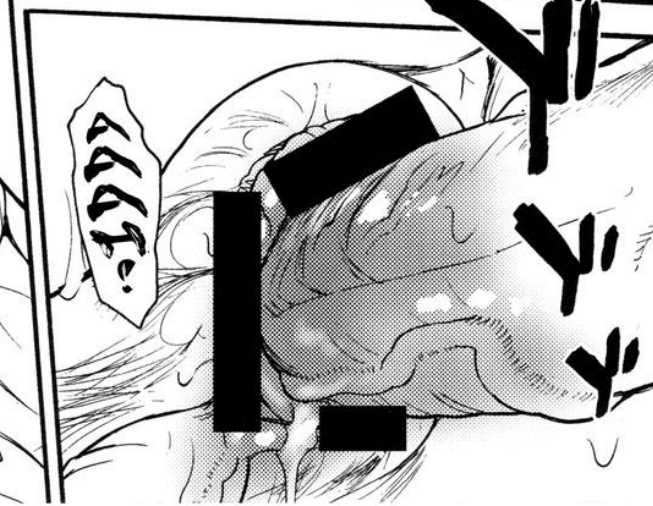

Now, tell me, Momose-kun,

Ah

Ahah

Ah

Ahah

It's here, isn't it?

It's so slippery, and it's wrapping around me.

It's so deep, and soft...

Such an incredibly naughty pussy!

It's completely making me lose control.

Just look at the way it's affecting your Student Council President.

This pussy is in direct violation of school policy.

Oh... Oh no!

You're stirring up my pussy...

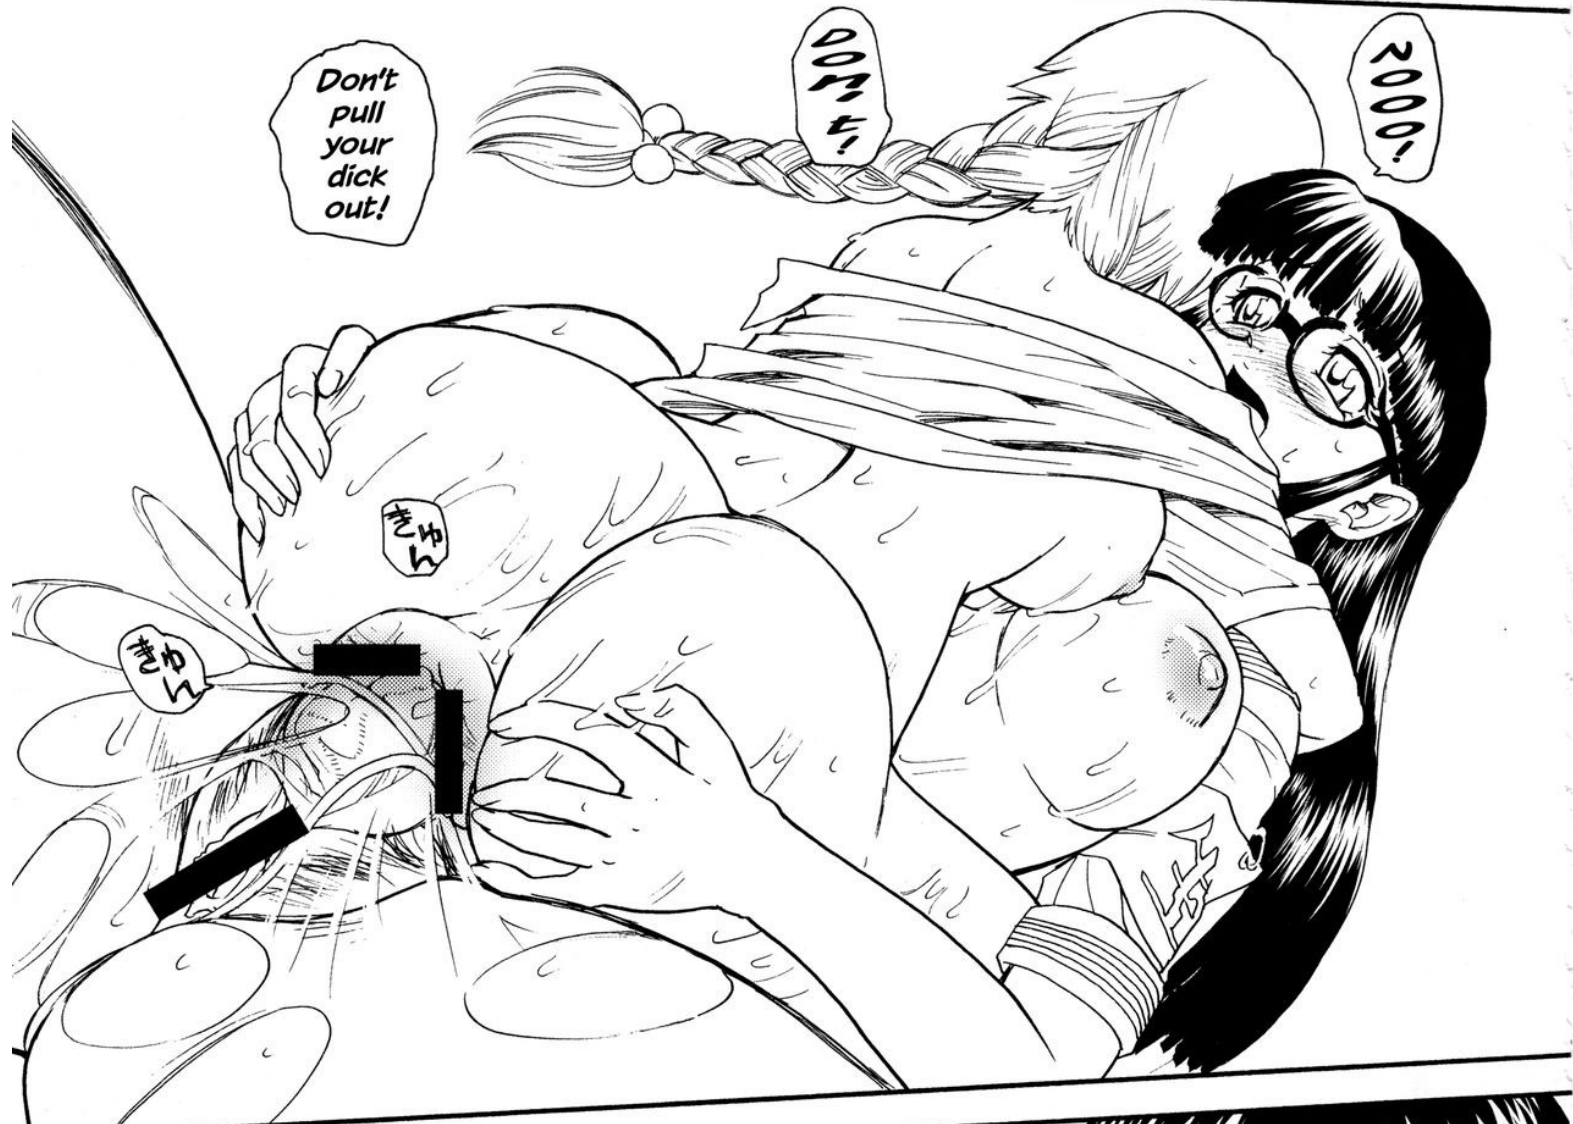

Then,
if I were
to cum
inside
you right
now...

Hah!

Don't
pull
your
dick
out!

DOH!

2000!

I want
your
baby,
Roi!

I
want
it!

あはは

It's
fine!

But,
Momoe-
chan,
at this
rate...

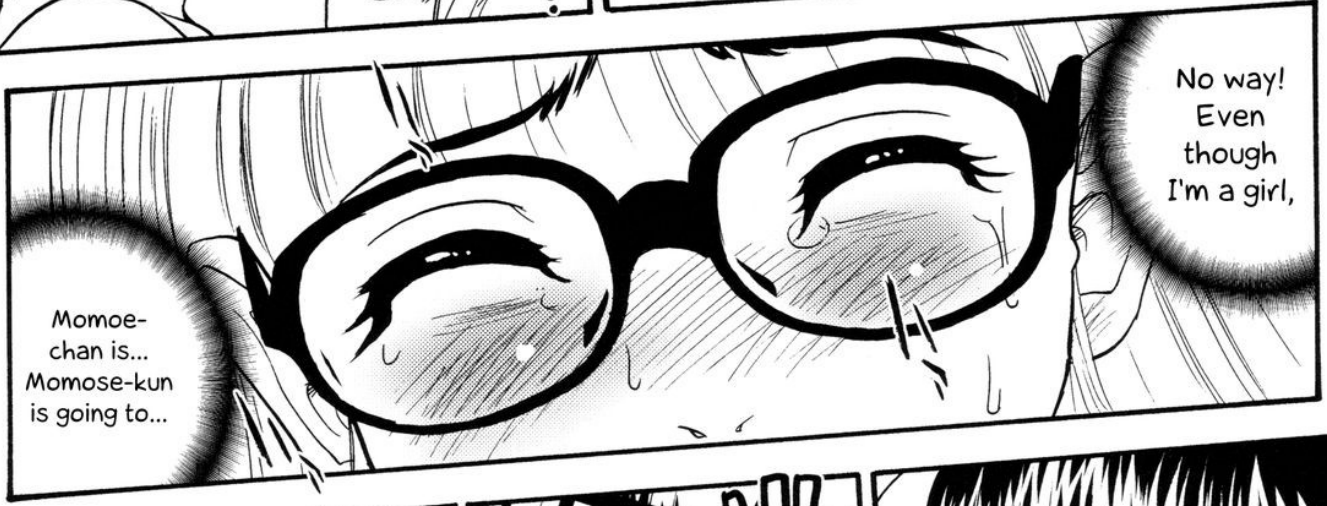

It's okay, do it.

Let's make a baby together, Roi.

If... if you squeeze your pussy that tight, I won't be able to hold on.

I'll end up letting it loose inside your womb, Momose-kun.

Momoe-chan is... Momose-kun is going to...

No way! Even though I'm a girl,

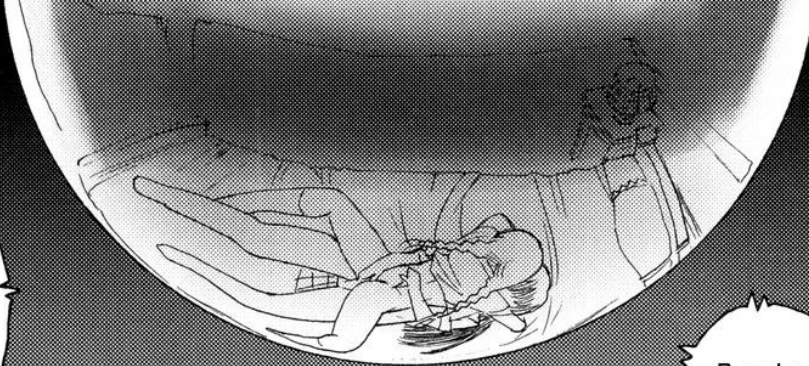

Momoe-chan!

Please, Papa...

the "flower"
we've raised
will finally
bear fruit,

The wait
was long...
It was truly
long.

But this
time,

Comrade
Momoe...
