Melt's Sperms

The infinite sperm cells that make up Melt's semen. Can eat ("melt") anything but prefer human flesh. As they obey Melt, they do not eat things against her will. Get bigger as they eat.

Believes herself to be a superheroine called "Pretty Melt". She seeks out evil-looking people then murders them in the name of justice.

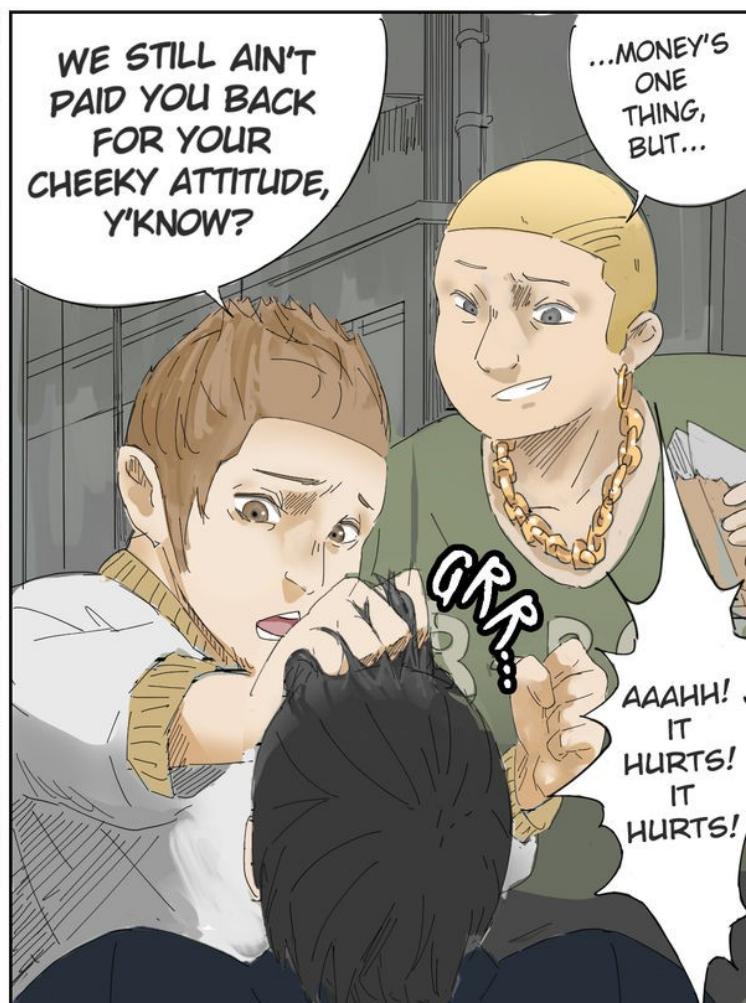

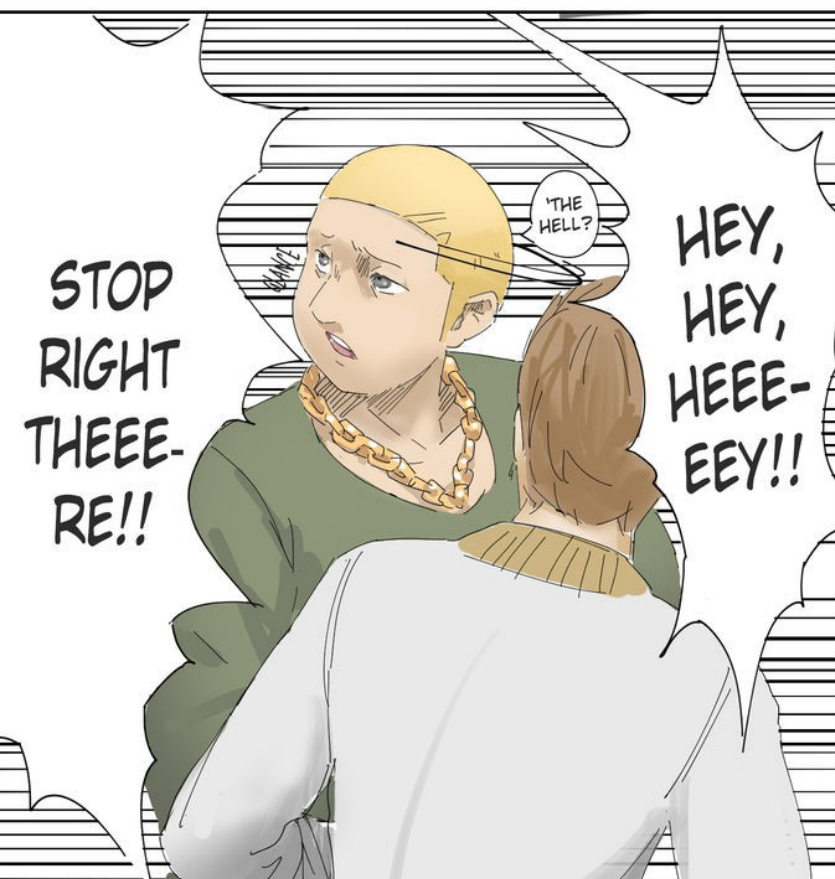

All her bodily fluids are melting solutions and she melts down her targets so as to "not leave a trace of evil".

She can also grow a penis and often "melts down" (makes her sperms devour) her targets (cuz it feels good).

She also kills people she doesn't consider evil "as sacrifices in the name of justice" to satisfy her appetite and sexual urges.

She has no background info, and I didn't think too deeply about her exact abilities.
