We found some un-ordinary 'special play' and binged on it lately

Usually we played either video or board games but...

We always had fun with cousins living there.

Every summer and fall, my sister and I visit uncle's

Me ↘

Over here~!

Of course we hid that from parents.

I'm so glad!
Me too~!

Akira's sister, Mika

You can say we have similar tastes.

And this one here is Akira Nikaido, my biggest rival, friend and cousin.

We've always liked to bet since we were kids

My name is Yuuto Nikaido

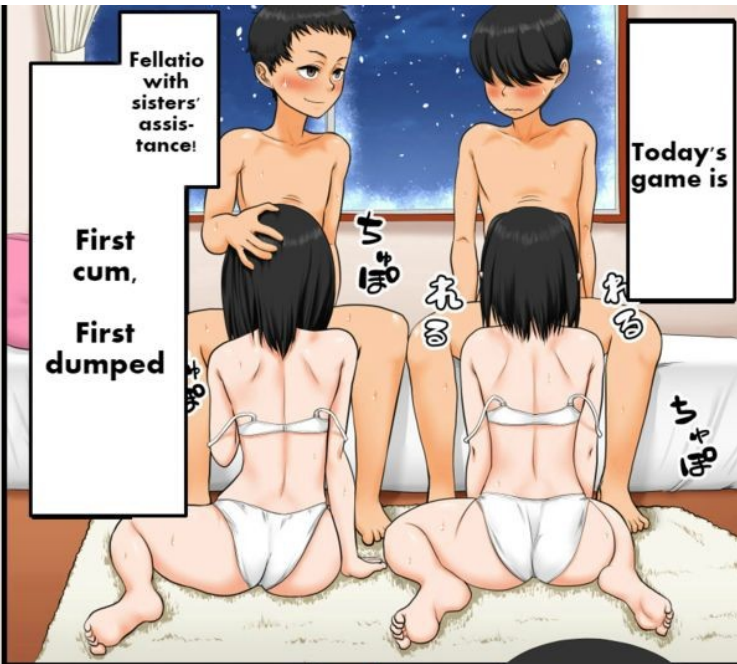

I asked my sis expose her tits

Scheming for easy victory

It's winter vacation, and uncle's family are absence because of business trip. So there's no one but us

So I must win no matter what it takes

Fellatio with sisters' assistance!
First cum,
First dumped

Today's game is

will take both girls

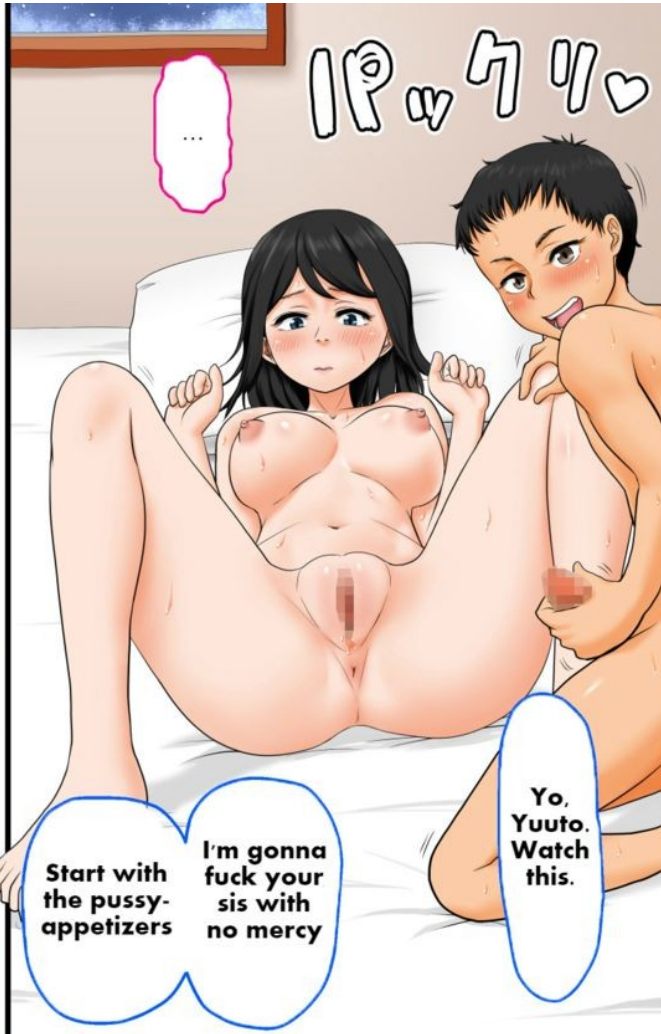

Winner

I felt regret as soon as my eyes met Shiori's.
