## Afterword

Thank you very much for purchasing girl sex family 2!

I know it's sudden but, **I'm sorry!!**

Originally this book was planned to be released at latst years winter comiket (C89), but it kept being postponed. In the end it was released during last years summer comiket. I want to say that I'm really sorry to all those who have been looking forward to it...

I ought to give an explanation.

I have been suffering from a depression for a year, until this year I couldn't even draw a short page for a manga.

I just recently got my emotions in order, after such a long time I think drawing this manga has helped me rediscover the joy of drawing.

After a bit to long of a rest, this manga was ressurected, if everything goes well I will work hard and I think I will even make a commercial manuscript, I have started to enjoy my work again, and I will soon be able to be happy again.

One more thing, I would also like to apologize that the costumes on the cover didn't make it in to the manga.

I wanted to put the change of clothes in but I simply couldn't manage it in time and with the number of pages.

I think I will draw it as omake, in which case I will upload it to Pixiv.

This time the main theme is mother-daughter stuff, I haven't focused much on drawing adult women in my dōjins, next time I want to go straight to drawing a big breasted loli.

Well then, I would like to put an end to this afterword that turned out a lot more stiff than usual With regards Setsubo Shiromuzi and Shousan Bouzu!!

Well then, see you again.
