Post Script

Hello, I'm Sanom from the circle "hlz".
Thank you very much for picking up "No Good Sister".

Up until now I have only been drawing younger sisters so it was very refreshing to draw an older sister character. I had lots of fun with the idea of a messy old sis turning into a cute little girl in front of her brother. But it turned out he must remain subordinate to her at all times otherwise she would stop her advances...

I hope I'll be able to create a spin-off with this alternative idea of mine some time in the future.

Good morning everyone! Endlessly working all day and night, this is Uraha.

From time to time we do works which include an older sister character, but this time we decided to focus the story around it. "Messy girl x Sexy body" was a personal goal of mine, so making this character as alluring as possible was the inspiration that kept me going.

It will make me happy if you end up enjoying it!
