Git gud at head and dat ass will be yours. It's so easy even a kid can do it. **RIGHT, MOM?!**

~Ish eat tha pussy...♡

So you're telling me that thick, gorgeous woman down there

Yess! Right there~!! Stick your tongue in it!! ♡

It's quite simple, actually. There's an ancient but powerful art not many guys know about. All you have to do...

Is your new mom and she 'lets' you fuck her? No rape, no drugs or even a lil blackmail required? How?!

Keep this up and I'll give you something really nice later!!

Good boy~! ♡

One of his super powers..!

Y-Yea.. I get it now..

A boy pulling a grown ass woman this hot because he eats her pussy.

You mean to say that if a kid were to be some sort of junior sex god, then cunnilingus would have to be...

That's why most porn is just blowjobs and fucking. You almost never see anything like say..

But the sad truth is most guys are too dumb to truly appreciate a woman's body.

Well, that 'might' be true for girls, but women are more refined.

lol, man GTFO're! Girls don't want oral, they want 'the dick!' Everybody knows that.

It's kinda like.. they've had plenty of dick in their life and they just wanna settle down with a really good mouth, y'know?
