Almost didn't make it in time...

...Pheh...

That was close...

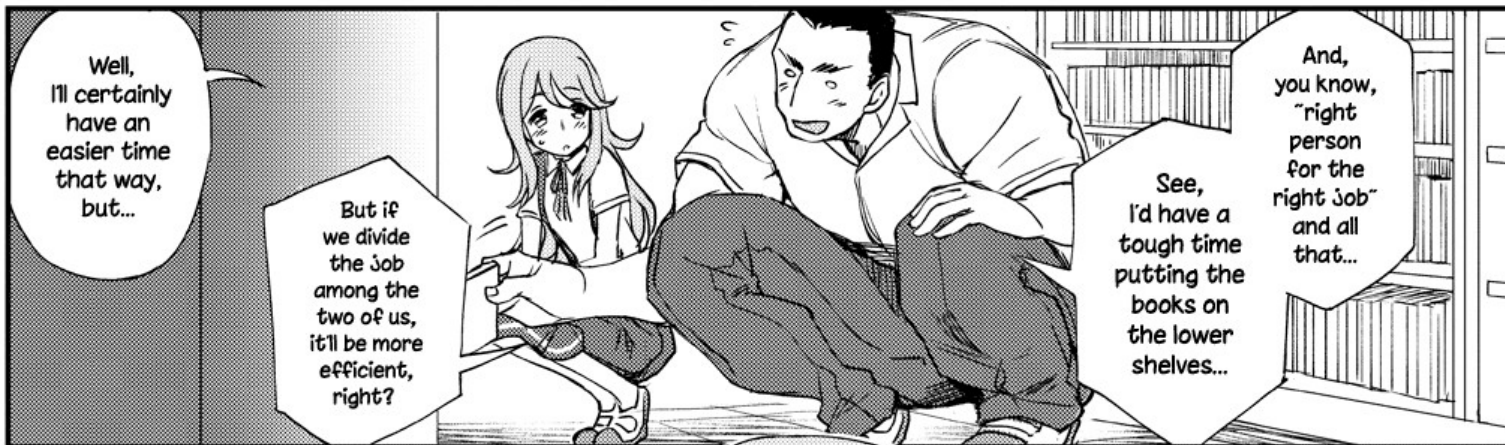

No no, I was just thinking that I had nothing else to do!

And you wouldn't want to take another spill and hurt yourself, right?

Um... You really don't have to do this for me...

This should be my job as a library committee member...

Well, I'll certainly have an easier time that way, but...

But if we divide the job among the two of us, it'll be more efficient, right?

See, I'd have a tough time putting the books on the lower shelves...

And, you know, "right person for the right job" and all that...

...Aha-haha...

Oh, that's not true...

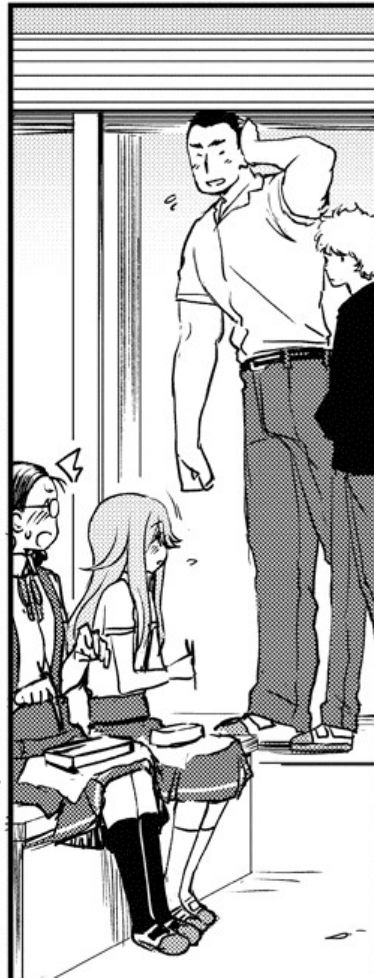

You sure are kind, Takechi-san.

Fufu...

I was just talking about how I'm too big for my own good, okay?!

Ah! No, I just-

Oh, I'm sure you would have!

Honestly, I don't think I would have read a romance novel like that if it wasn't for you!

Shimura-san, remember that book you recommended to me a while back?

Well, I read it and it was great!

Really?

Fufu~ That's wonderful.

Wow~ Did you see that?

Come on, they'll hear you~

Wait, or a giant and a dwarf?

Are they like a parent and child or what?

That's soooo gross~

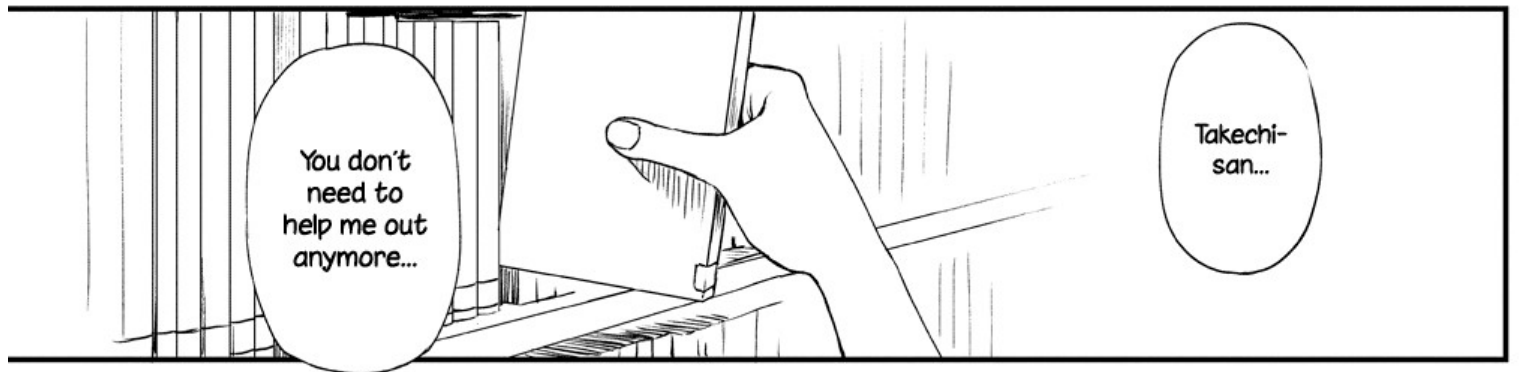

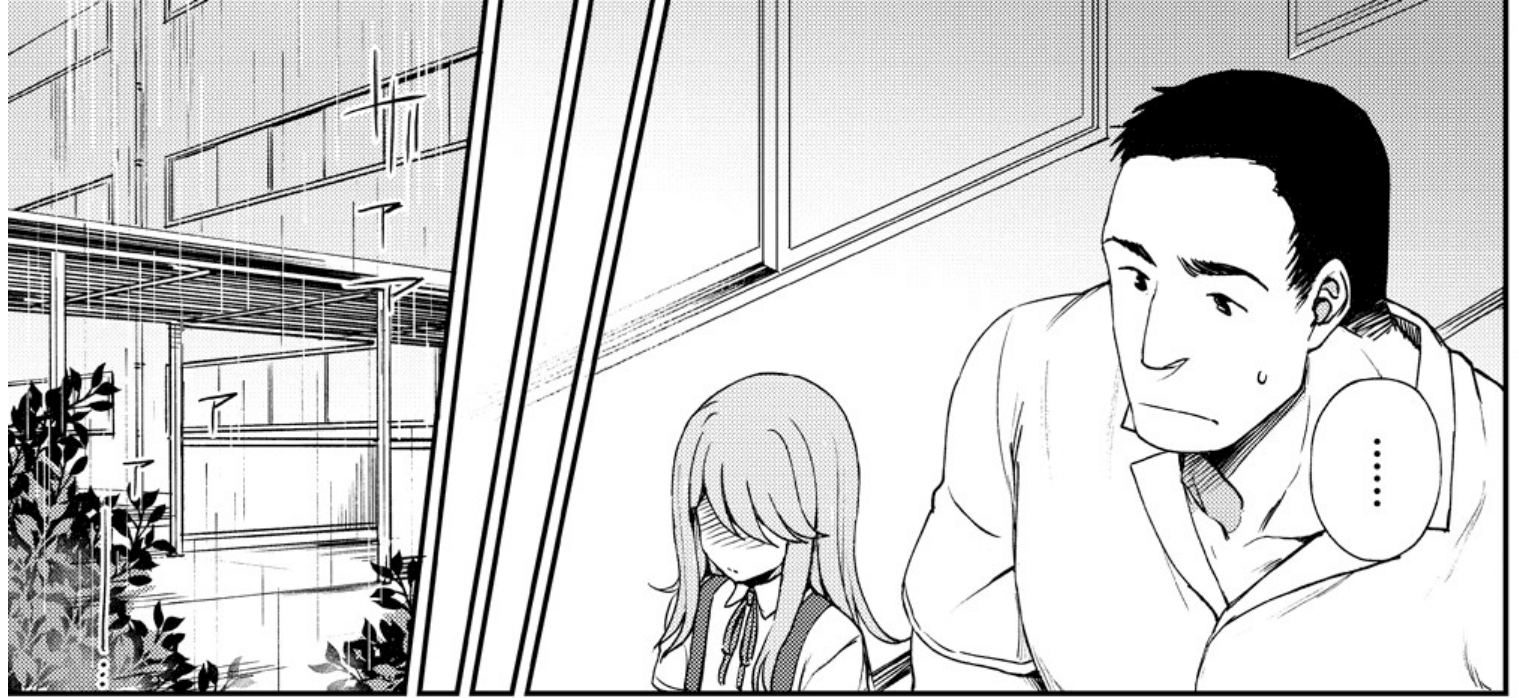

Still, that size difference, though~  
Awwww

Wait, they're both, right?

You can't even tell, which one's bigger and which one's smaller~

That's... why you've looked after me for this long, too, isn't it...?

But mostly... my small frame only makes people treat me like a child.

Some of my friends seem to think it makes me cuter...

It's not all bad things, of course.

...I too have had people talk about my height.

As a... child...

Just don't want you to think of me...

No matter what...

I...

Far from it. In fact...

I think your earnest, responsible side...

Makes you seem like a... I-lovely young lady.

Ever since we first met...

I've... never thought of you as a child.

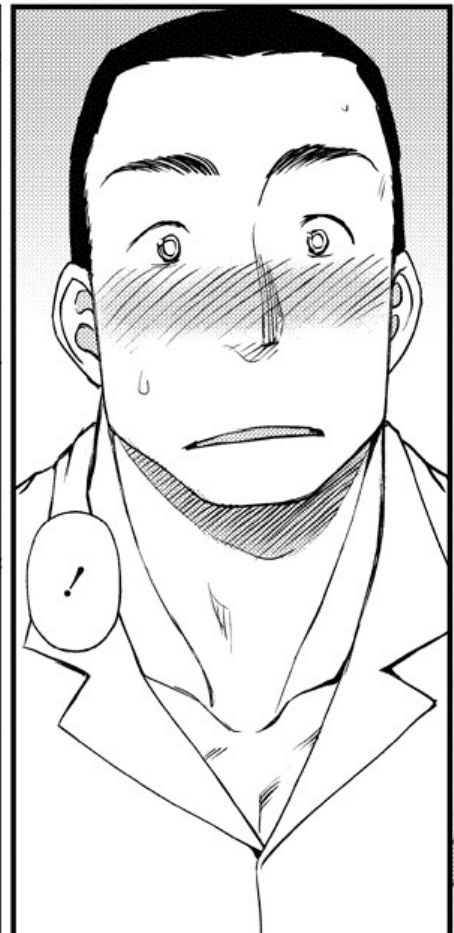

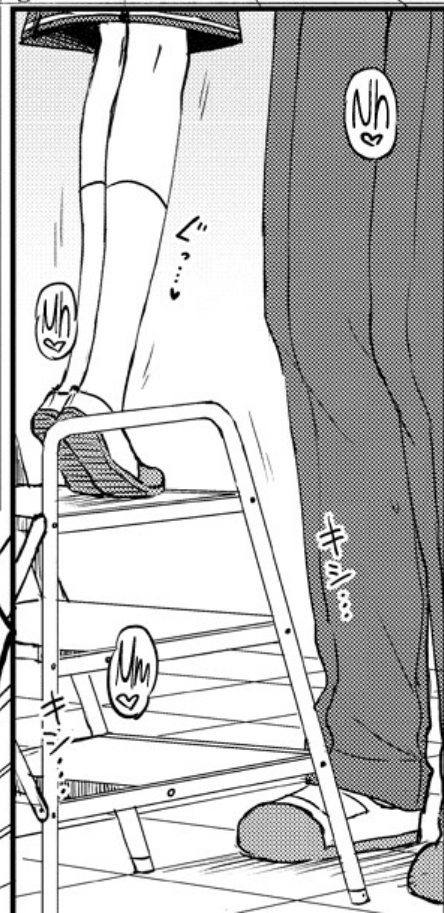

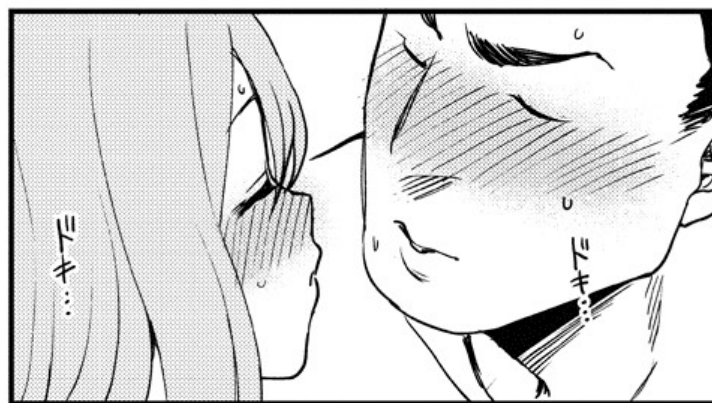

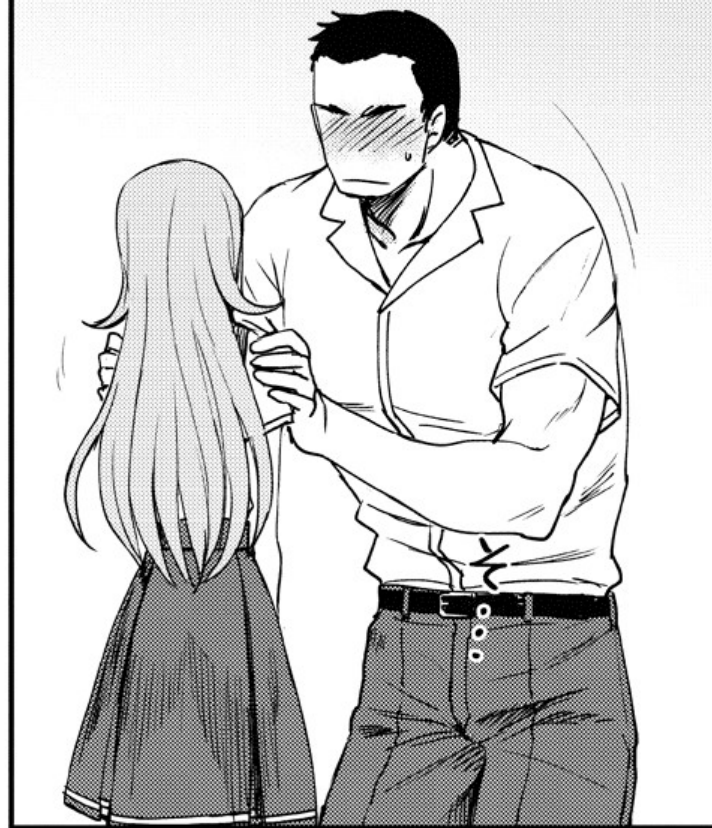

.....

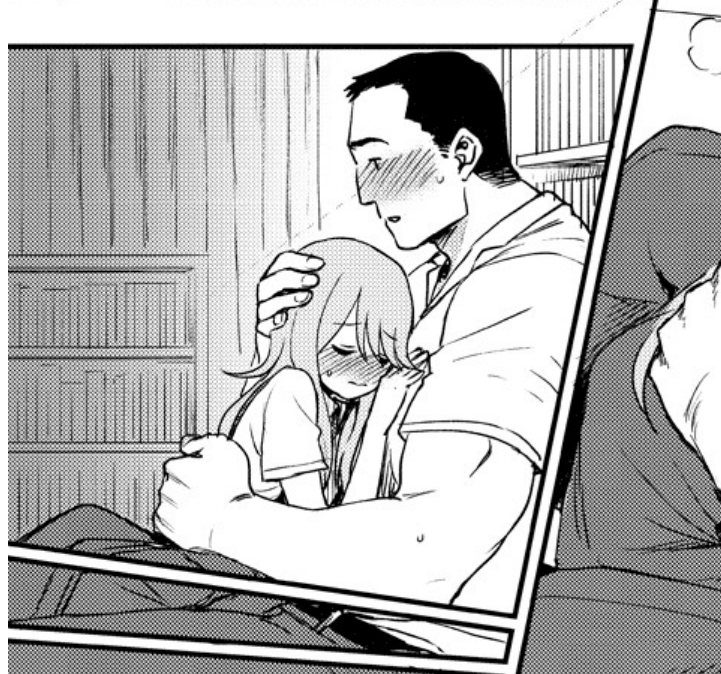

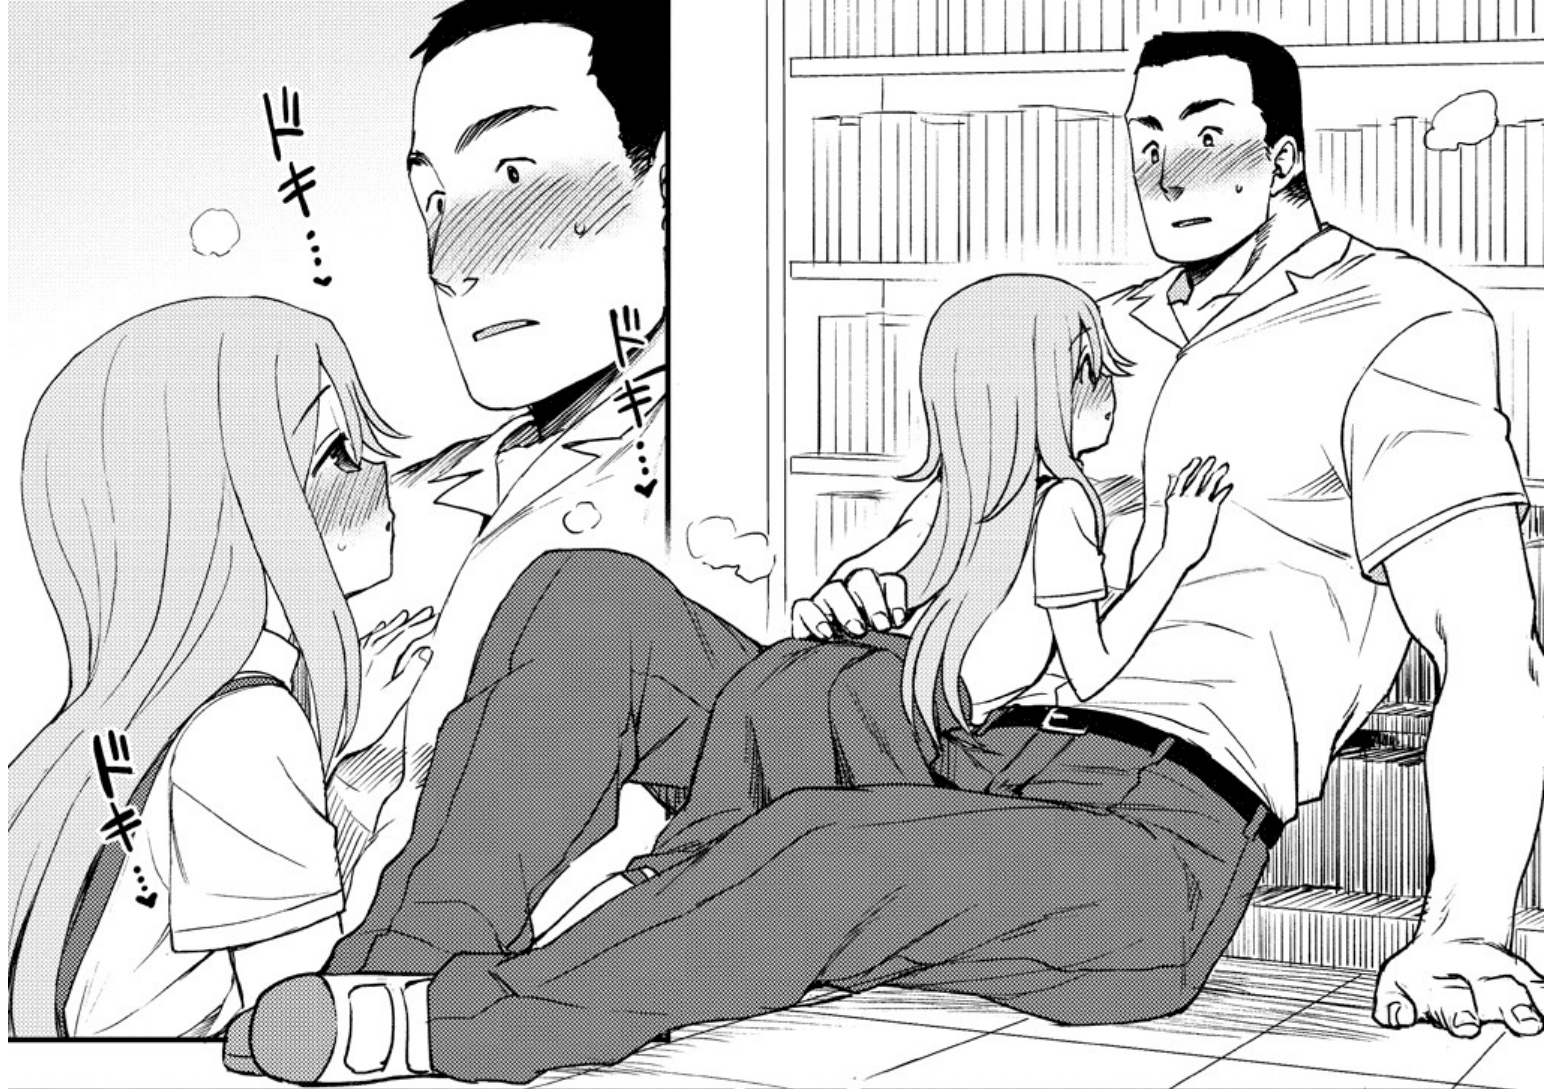

Shi-mura-san.

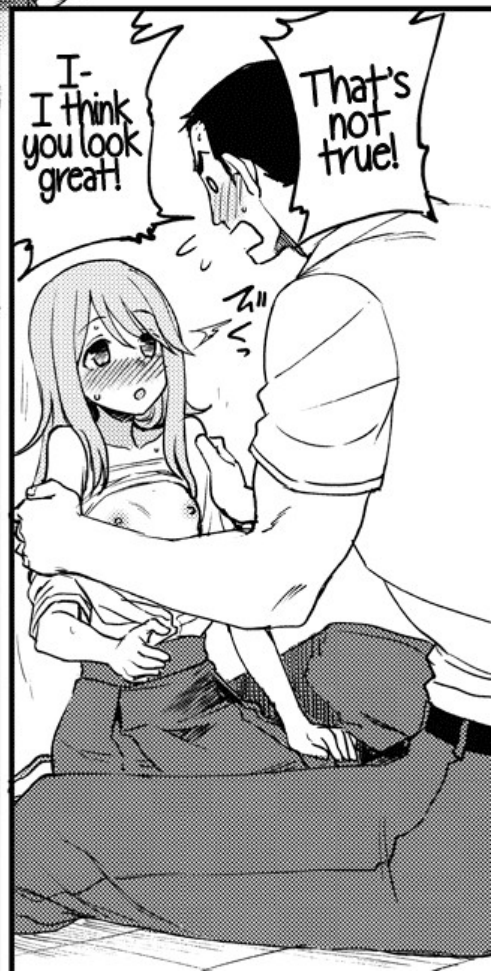

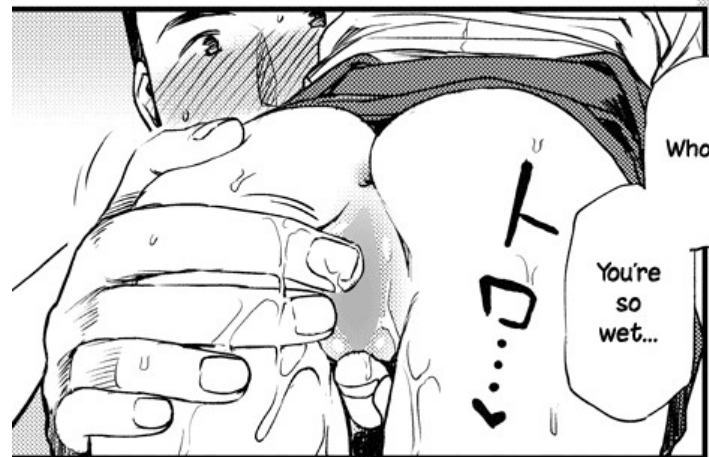

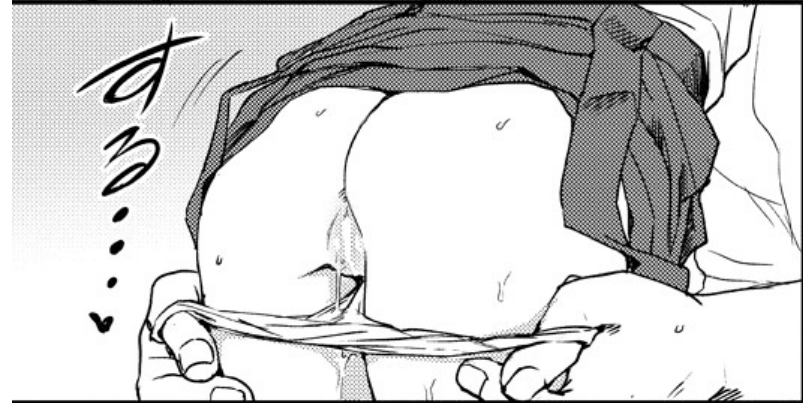

.....

I didn't expect it to be this big...

Th-That scared me...

W-Will it really fit inside, I wonder...

Excuse me, coming in...!

W-Well then...

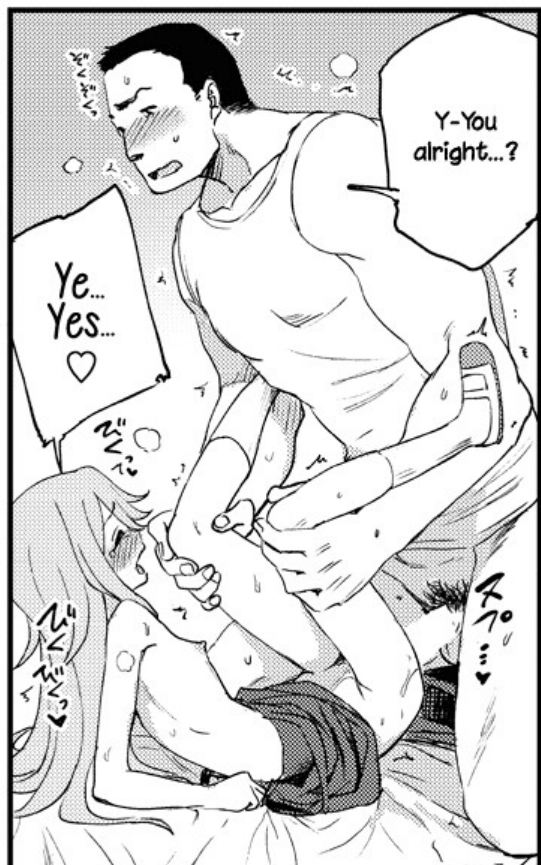

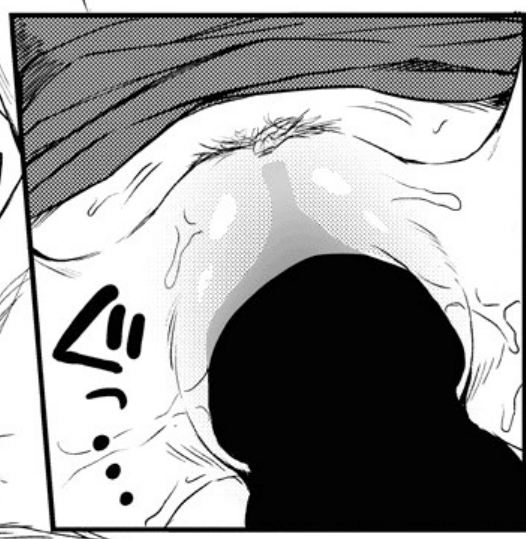

I'm fine... really...

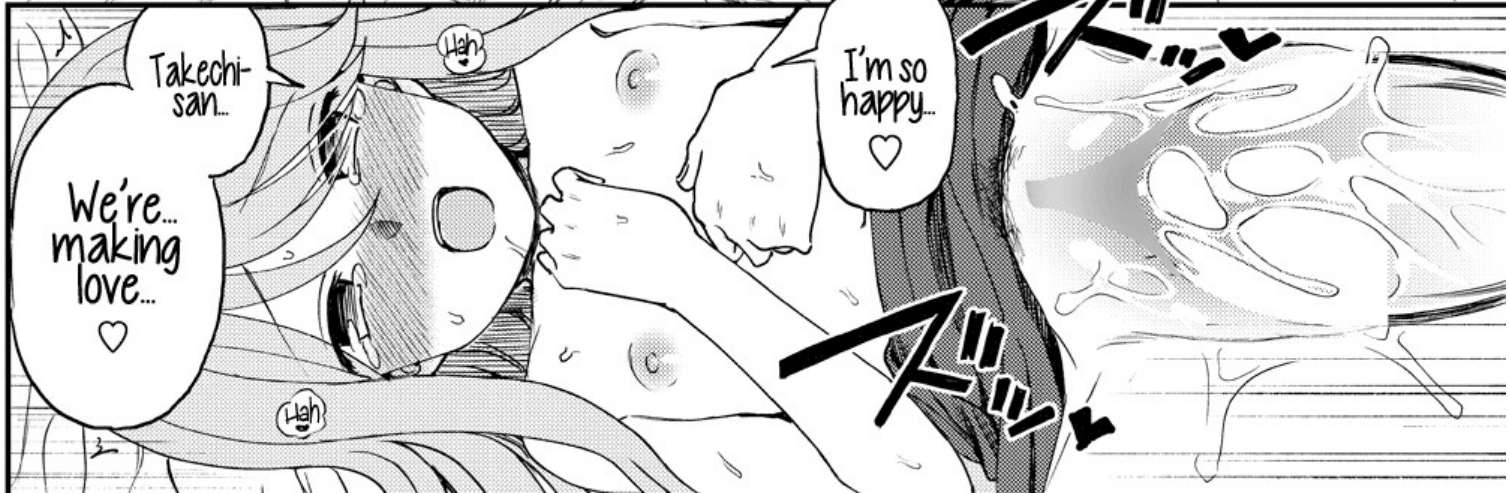

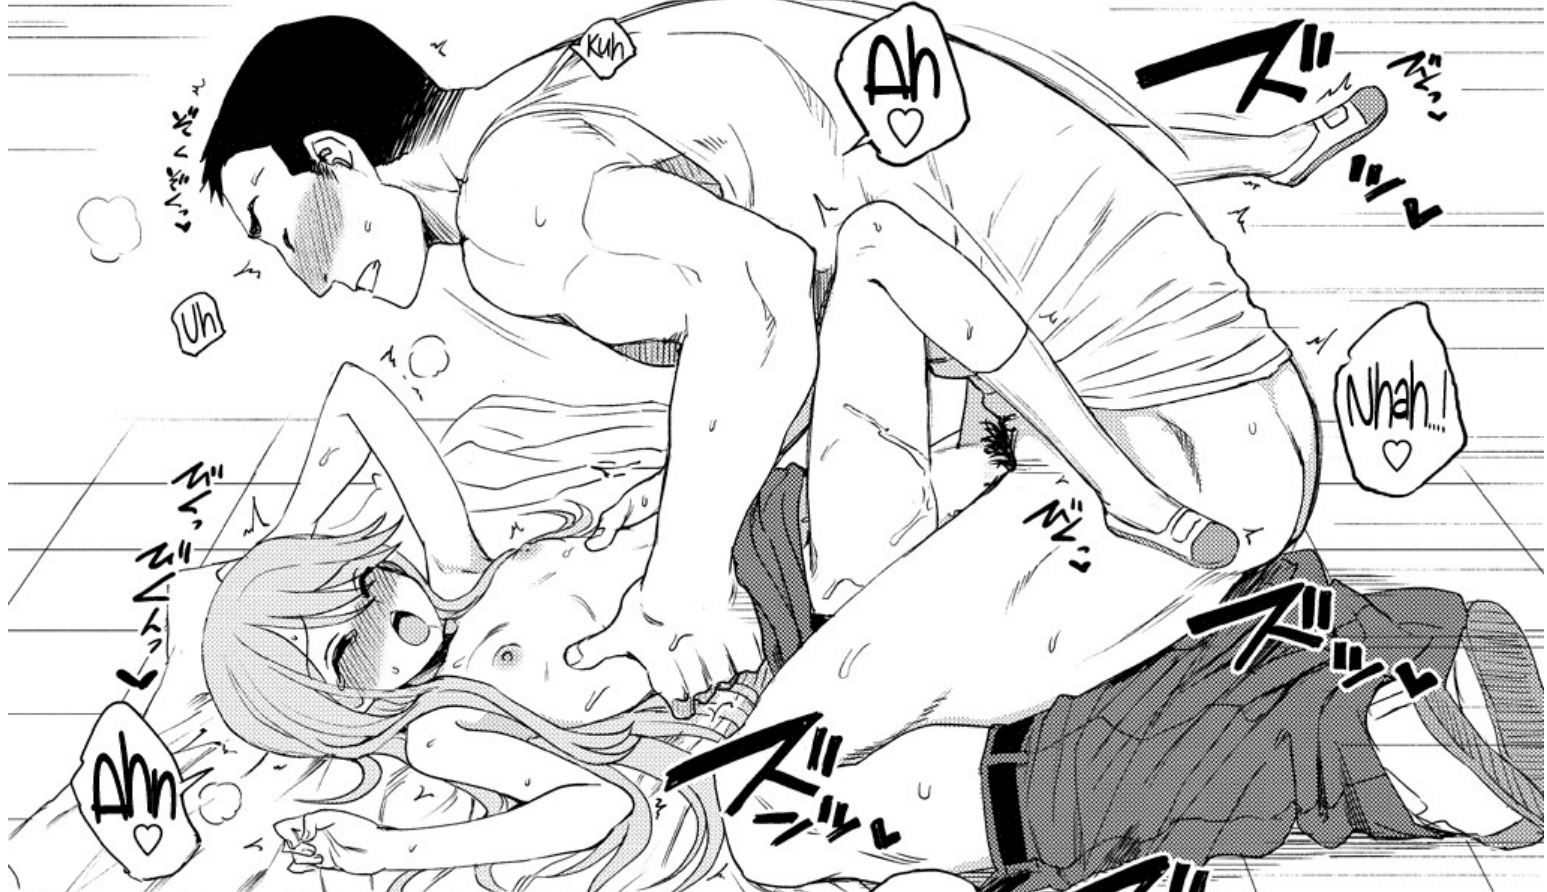

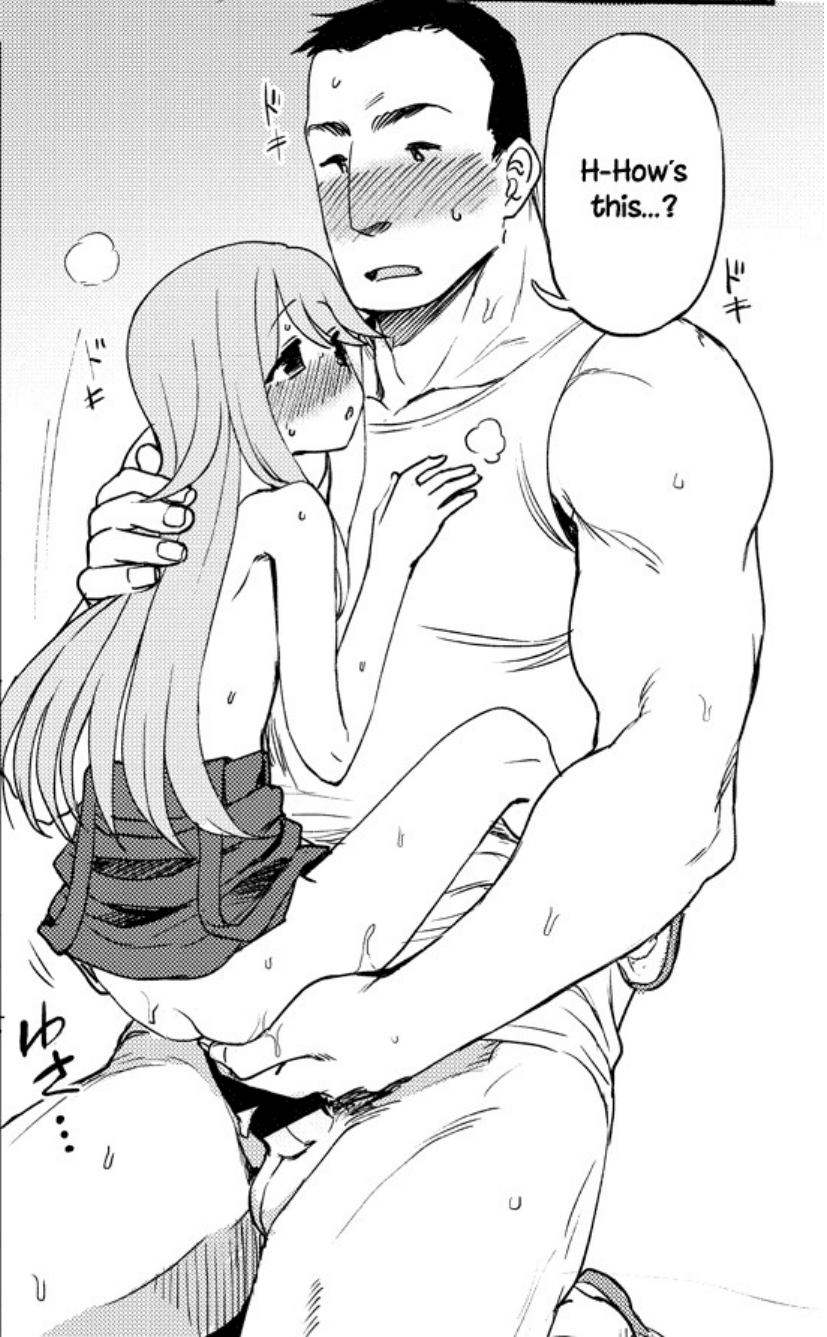

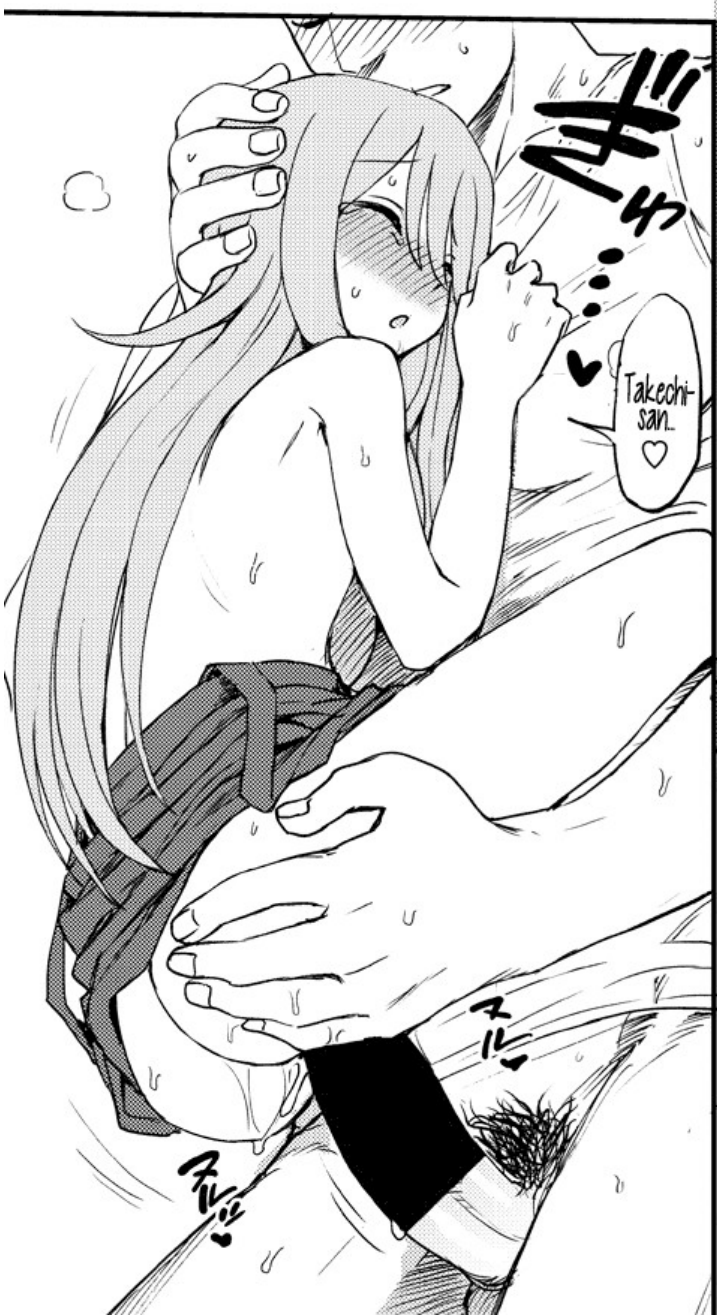

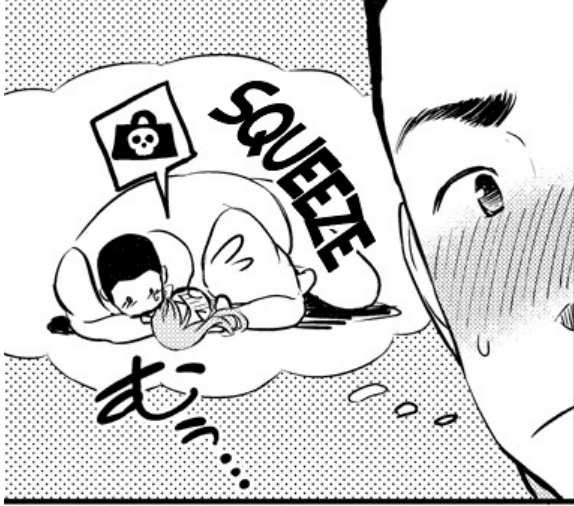

N-No!

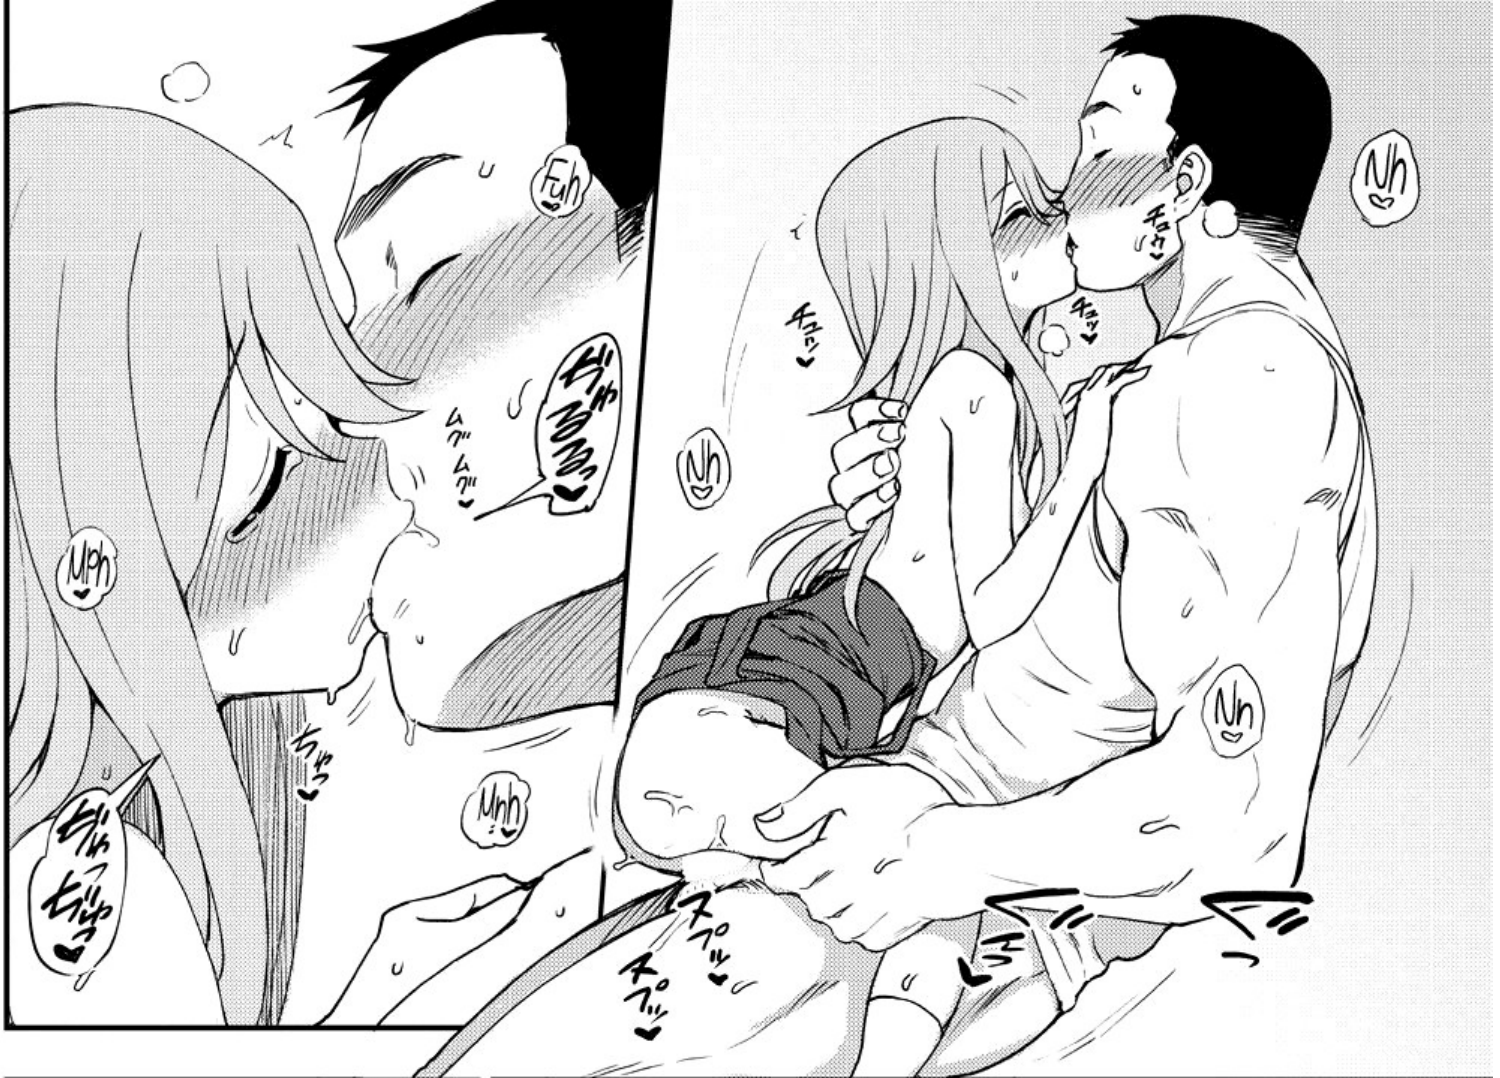

I'm fine!

If you're worried, we can leave it for another time...

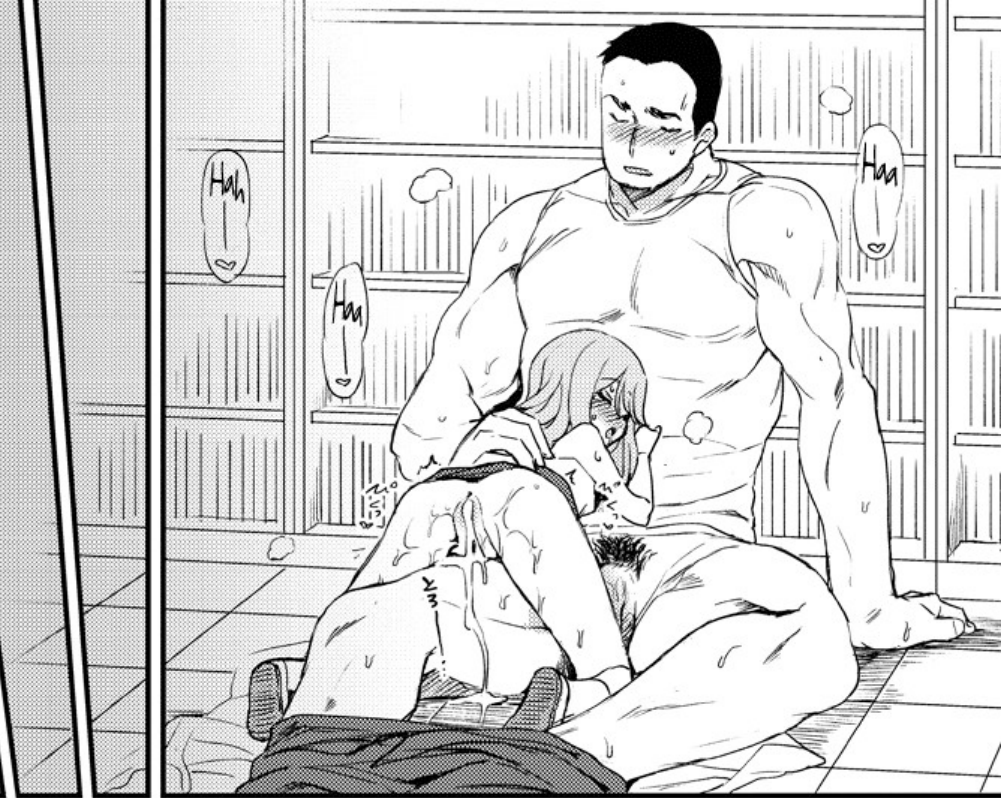

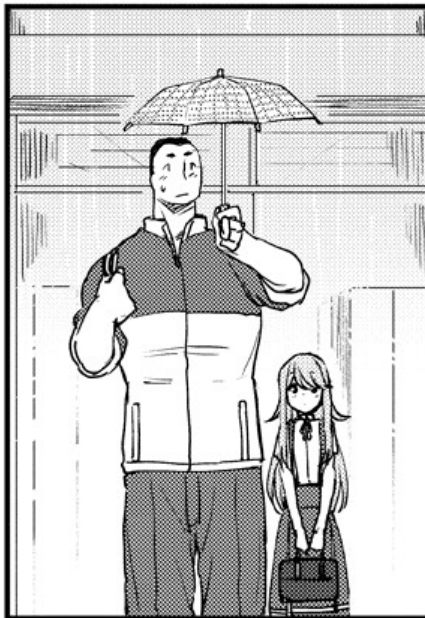

...The rain's still drizzling down, isn't it.

Shimura-san... I'm pretty sure even you'll get wet this way, though.

We can share mine.

Aw, man... And I didn't bring my umbrella with me today...

**End**

A little rain won't hurt, now will it?

Oh, I don't mind.
