

Introduction

A bar/brothel where futanari adventurers gather... There, demi-humans of several different races were working hard and eagerly to make ends meet after being sold as prostitutes by a slave trader. Even now, in order to please the adventurers, two prostitutes haven risen up to the ring...

Heroine #1. Born and raised in the countryside farms. Her family was poor but she was surrounded by a mother and sisters, in a happy household. After suffering severe losses from a catastrophic water shortage, her mother decided to sell her as a prostitute because she was worth the most money. She manages to get through her predicament by convincing herself that she was just working away from home, and saves up her money bit by bit to send it to her family.

Heroine #2. From the serfs. She's mixed-race between dark elf and human, so she has tan skin but doesn't possess any special powers. Her family consists of herself, her older sister, and her mother, but after her mother's death from severe work being forced onto her by the landlord, she took her little sister and ran... Somehow they made it into the city... Afterward, she willingly worked at the bar/brothel in order to raise her little sister.

So no one else wants to place their bet!?

I'll keep attacking her like this...

Alright.. first off!..

I won't let you have your way...!
